Whereas, the price at which said parcel of land is offered is in accordance with the appraised value thereof, be it

Resolved, That the offer of Carl G. Larsen to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all incumbrances including taxes for the sum of \$7,000.00, is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point formed by the intersection of the southerly line

of Irving street with the westerly line of Eighteenth avenue, running thence westerly along said southerly line of Irving street 75 feet; thence at a right angle southerly 100 feet; thence at a right angle easterly 75 feet to the westerly line of Eighteenth avenue; thence northerly along said westerly line of Eighteenth avenue 100 feet to the said southerly line of Irving street and point of commencement, being a portion of Outside Land Block No. 690.

The City Attorney is hereby directed to examine the title to said land and if the same is found to be vested in the aforesaid owner, free from all incumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed purchase price as aforesaid.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Pavot, Power, Suhr, Vogelsang, Walsh—18.

#### Extension of Time.

Also, Resolution No. 11161 (New Series), as follows:

Resolved. That the Clinton Fire Proofing Company be and is hereby granted an extension of 30 days' time from and after August 28, 1914, within which to complete its contract for the construction of the Central Fire Alarm Station.

This extension of time is granted for the reason that a considerable quantity of material called for had to be made in the East and was delayed in transportation; also, extras were ordered on the building, causing a delay.

(Communication from Board of Public Works filed August 27, 1914.)

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Pavot, Power, Suhr, Vogelsang, Walsh—18.

#### Action Deferred.

The following bill was presented and on motion laid over until September 21, 1914:

Amendment to Building Laws, Pergolas, Wind Shelters.

Bill No. —, Ordinance No. — (New Series), entitled, "Amending Section No. 233 of the Building Law, relating to the construction of pergolas and wind shelters."

#### Passed for Printing.

The following matter was passed for printing:

#### Oil Permit.

On motion of Supervisor McLeran: Resolution No. — (New Series), as follows:

Resolved, That the following revocable permit is hereby granted:

#### Oil Storage Tank.

A. H. Curtaz, on north side of Bush street, 90 feet west of Leavenworth street, 1500 gallons capacity.

#### Adopted.

The following resolution was adopted:

Denying Automobile Supply Station Permit.

On motion of Supervisor McLeran: J. R. No. 1408.

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors permission is hereby denied the Omen Oil Company to maintain automobile supply stations at the following locations:

Southwest corner of Ninth avenue and Lake street.

Southeast corner of Tenth avenue and Lincoln way.

Northeast corner of Stanyan and Beulah streets.

Southeast corner of Second avenue and Geary street.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Pavot, Power, Suhr, Vogelsang, Walsh—18.

#### Automobile Supply Stations Permits.

The following resolution was presented by Supervisor McLeran:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted to the Omen Oil Company to maintain automobile supply stations at the hereinafter described locations; also, to store 900 gallons of gasoline at each of said stations in tanks of 300 gallons capacity each, in strict compliance with Ordinance No. 2659 (New Series):

Northwest gore corner of Fifteenth and Market streets.

Southwest corner of Ninth avenue and Geary street.

On east line of Steuart street, 75 feet south of Market street.

Northwest corner of Beale and Mission streets.

#### Privilege of the Floor.

S. W. Mulkenburg, President of the Park-Richmond Improvement Club, was granted the privilege of the floor. He opposed the issuance of any permit to the Omen Oil Company at Ninth avenue and Geary street on the

ground that the maintenance of an automobile supply station would be a nuisance to the neighborhood, would tend to depreciate property values and increase insurance rates and be a menace to the lives of children attending nearby school.

S. Gleenson, property owner, also addressed the Board. He said the station would afford no convenience to automobile owners in the district as gasoline could be obtained at garage in the neighborhood.

Passed for Printing.

Whereupon the foregoing resolution was passed for printing by the following vote:

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Vogelsang, Walsh—15.

Noes—Supervisors Hayden, Hilmer, Suhr—3.

**Extensions of Time.**

On motion of Supervisor McCarthy: Resolution No. 11162 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of sixty days' time from and after August 26, 1914, within which to complete contract for the curbing and paving of States street, between Castro and Levant streets, under public contract.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that contractors were delayed in the work on account of the scarcity of material.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Also, Resolution No. 11163 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of sixty days' time from and after September 2, 1914, within which to complete contract for the improvement of Russia avenue, between Moscow and Public streets, under public contract.

This extension of time is granted upon the recommendation of the

Board of Public Works for the reason that contractors were delayed in obtaining the necessary materials for this work.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Also, Resolution No. 11164 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of thirty days' time from and after September 13, 1914, within which to complete contract for the grading of Plymouth avenue, from the northerly line of Grafton avenue to the southerly line of Minerva avenue, under public contract.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that owing to the existence of rock in several places contractor was forced to get a blasting permit which delayed the progress of the work.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Also, Resolution No. 11165 (New Series), as follows:

Resolved, That G. W. McGinn & Co. is hereby granted an extension of sixty days' time from and after September 13, 1914, within which to complete contract for the improvement of Harper street, between Thirtieth and Randall streets, including the intersection of Harper and Thirtieth streets, where not already improved, under public contract.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that contractors were delayed in obtaining the necessary curbing, which delayed the work.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Also, Resolution No. 11166 (New Series), as follows:

Resolved, That G. W. McGinn & Co. is hereby granted an extension of sixty days' time from and after September 13, 1914, within which to complete contract for the curbing and paving of the roadway of Fair avenue, between Mission and Coleridge streets, under public contract.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that contractors were delayed in procuring the necessary curbing.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Also, Resolution No. 11167 (New Series), as follows:

Resolved, That Davis-Rogers Company is hereby granted an extension of thirty days' time from and after September 28, 1914, within which to complete contract for the sewage pumping station at Forty-eighth avenue and Fulton street, under public contract.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that contractor had great difficulty in excavating in water-bearing sand, which delayed the work.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Passed for Printing.

The following Resolution was passed for printing:

#### Blasting Permit.

Also, Resolution No. — (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted permission, revocable at will of the Board of Supervisors, for a period not exceeding ninety days from the date of the approval of this resolution, to explode blasts on Upper Terrace, between the first bend 200 feet west from Clifford street and Mount Olympus statue, for the purpose of removing rock during the course of the contract for grading Upper Terrace, provided permittee shall execute and file a good and sufficient bond in the sum of ten thousand dollars (\$10,000) as fixed by the Board of Public Works, and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said Flinn & Treacy, then the privileges and all rights accruing thereunder shall immediately become null and void.

#### ROLL CALL FOR PETITIONS FROM MEMBERS.

The following matter was presented and read by the Clerk:

City Engineer's Report on George Plan, Church Street Extension Municipal Railway.

September 10, 1914.

To the Honorable Board of Supervisors, San Francisco.

Gentlemen:

The following estimate has been prepared in response to your request of July 20th that the City Engineer report on a plan proposed by Mr. George of the Church Street Railroad Non-Assessment League, for constructing the Church Street Railroad, between Eighteenth and Twenty-second streets.

Mr. George proposes that the problem of operating cars on Church street, between Eighteenth and Twenty-second streets, be solved by installing a cable under the street through which street cars may be hauled over the street by means of grip cars, to which they are attached, in much the same manner as cars were hauled over the Sutter street line of the United Railroads previous to the earthquake of 1906.

This estimate is based upon the use of 106 pound girder groove rails and 62 pound slot rails, supported at intervals of 5 feet by 430 pound cast iron yokes, with a concrete cable conduit between the tracks. The cable is to be 1 1/4 inches in diameter and the winding machinery for the cable is to be installed in a reinforced concrete power house having an average width of 35 feet by a depth of 160 feet, located on the southeast corner of Dorland and Church streets. The winding machinery is to be driven by two 300 horse power, 600 volt, direct current motors, operating through Wurz cut steel gears and pinions. In order to minimize the danger of accidents, the street cars for use on this road are each to be equipped with magnetic traction brakes and safety couplings.

Your attention is directed to the fact that while a cable road as proposed can be operated, considerable experimenting will probably be necessary in order to determine the best types of

grip and safety appliances, and that even after these have been installed the operation can never be expected to be as safe or as satisfactory as with the operation of a standard electric road over reasonable grades.

It is proposed to operate the cable at a speed of  $7\frac{1}{2}$  miles per hour, and since the length of the cable tracks will be one-half a mile, 4 minutes will be occupied in traversing the track in one direction without stops. We assume that stops will be made at Nineteenth, Twentieth and Twenty-first streets, requiring 15 seconds each, and that approximately  $1\frac{1}{2}$  minutes will be required at each end to couple and uncouple the street cars from the grip cars. This will make the total time consumed between the arrival of street cars at Dorland street and their departure from Twenty-second street  $7\frac{3}{4}$  minutes, or say 8 minutes, as against 3 minutes which will be consumed by a street car traveling over a standard electric railroad at an average rate of 10 miles per hour, which is a little less than is maintained on the present Geary Street Municipal Railway. Thirty street cars will be required to maintain a headway of 3 minutes from Thirtieth and Church streets to the Exposition grounds.

Excess of cost of cable construction over standard con- struction .....	\$186,400

The above estimate of cost is considerably higher than that submitted by the Church Street Railroad Non-Assessment League, as shown by the following comparison:

#### Comparison of Estimate of City Engineer and Church Street Railroad Non-Assessable League.

City Engineer's estimate of cost of Church street road as submitted March 24, 1914:

Market to Dorland streets .....	\$155,500
Dorland to Twenty- second streets ....	68,600
Twenty-second to Thirtieth streets...	101,400

Car barn and cars...	172,500
<hr/>	
	\$456,590

\$227,810

or \$227,810 less than the City Engineer's estimate.

In explanation of this I will state that the City Engineer's estimate is based upon the same type of construction as has been used in the Geary street, Potrero avenue and Van Ness avenue railroads and is being used in the Stockton street and Columbus avenue railroad, and the prices assumed by the City Engineer are average prices as determined from the prices which the city paid for the construction of these roads. I have no hesitation in stating that this type of construction cannot be installed for anything like the figure quoted by the Church Street Railroad Non-Assessment League.

The additional cost of operation of this cable railroad over and above the cost of operating a standard electric railroad is estimated as follows, to which should be added the cost of damages for which the city will be liable on account of accidents which will inevitably occur:

*Labor.*

1 engineer at \$5 per day..\$ 5  
 2 engineers at \$4 per day.. 8  
 1 repair man at \$4 per day 4  
 8 gripmen at \$3 per day.. 24

Total labor .....\$41

*Power.*

2400 K. W. H. at 1c.....\$24  
 Additional platform wages  
 on account of time lost  
 in traversing road, 56  
 hours at 37½c per hour. 21

Total .. .....\$86

\$86 per day for 365 days.. \$31,390

Interest and depreciation  
 on \$186,400 ..... 18,640

Total increased cost of  
 operation per annum due  
 to substitution of cable  
 road for standard road.. \$50,030

In order to place the various plans which have been proposed for the construction of this Church street railroad clearly before you it may be well to briefly review the history of the various plans submitted to date:

On April 5, 1913, in reporting on extensions of the Municipal Railways to provide transportation for the Panama-Pacific Exposition, the City Engineer called attention to the fact that in order to construct the Church street road it will be necessary to devise some means for overcoming the steep grades on Church street, between Eighteenth and Twenty-second streets, and stated that studies of this problem were then under way.

Thirteen different studies were completed about the first of October, 1913, and on October 27, 1913, all of these various studies were submitted to a meeting of the interested parties called by the Mission Promotion Association, at which meeting the plan recommended by the City Engineer was unanimously approved upon motion of Father Crowley, seconded by Mr. McSheedy of the Church Street Railroad Non-Assessment League. This plan contemplated the opening of a new street east of Church street. This street was designed not only to provide a right of way for street cars, but was to be sufficiently wide to furnish an ample roadway for the accommodation of vehicular traffic and so provide easy means of access to the Noe Valley District. Between Eighteenth and Twentieth streets the new street was to be constructed through the Mission Park with a 40-foot roadway and 10-foot sidewalk on the east side, and between Twentieth and Twenty-second streets through private property to be acquired by the city, with a 40-foot

roadway and 7½-foot sidewalks on either side. The cost was estimated at approximately \$330,000.

On January 12, 1914, plans for the new street and for a district to be assessed to pay the cost of opening it were completed and transmitted to the Board of Public Works, through whom they were transmitted to your Board.

On April 14, after a protracted discussion as to the advisability of assessing the property owners to defray the cost of this street, the Board of Supervisors rejected the plan of the City Engineer and requested the Board of Public Works to submit other plans by which the cost of the work might be materially reduced.

In accordance with the request of the Board of Supervisors three additional plans were prepared and submitted to your Board on June 18, 1914:

Plan No. 1 contemplated the construction of a reinforced concrete viaduct from Dorland street to Nineteenth street, the raising of the grade on one-half of Church street from Cumberland street to Liberty street, and the lowering of the grade of one-half of Church street from Liberty street to Twenty-second street, at an estimated cost of.....\$210,000

Plan No. 2 contemplated the construction of a reinforced concrete viaduct on the westerly edge of Mission Park from Dorland street to Nineteenth street, and an open cut and tunnel between Twentieth and Twenty-second streets. Its cost was estimated at.....\$230,000

Plan No. 3 contemplated an open cut through the westerly side of the Mission Park between Eighteenth and Twentieth streets and an open cut and tunnel on Church street between Twentieth and Twenty-second streets. Its cost was estimated at .....\$230,000

Plan No. 4 was the same as that originally submitted to and approved by the meeting in the rooms of the Mission Promotion Association on October 27, 1913.

It appeared at the meeting of your Board on the evening of June 18 that none of these plans met with the unanimous approval of the property owners in the vicinity of Church street and on June 29 a fifth plan, which was a modification of Plan No. 4, but provided for a 25-foot right-of-way for street cars only, and

contained no provision for vehicular traffic, was submitted to your Board. The cost of this plan was estimated at \$200,000.

At the meeting of June 29, Mr. George proposed that the problem be solved by regrading Church street between Dorland street and 45 feet south of Twenty-first street, and the Board of Supervisors requested the City Engineer to make an estimate of the cost of improving Church street in this manner. This estimate was prepared and submitted to the Board of Supervisors on July 20. The cost of the proposed improvement, exclusive of damages to property owners, was estimated at \$200,099.

Mr. George's plan did not seem to meet the desires of the interested property owners any better than any of the previous plans, and the Church Street Railroad Non-Assessment League came forward with a new plan proposed by Mr. George for solving the problem by means of a cable railroad. This plan is the one of which the cost is estimated above.

To sum up: As the result of some 19 different studies of the best way of solving the problem of constructing the Church street railroad, you have now before you the following seven plans:

Plan No. 1, to cost.....	\$210,000
Plan No. 2, to cost.....	230,000
Plan No. 3, to cost.....	230,000
Plan No. 4, to cost.....	330,000
Plan No. 5, to cost.....	200,000
Mr. George's Plan No. 1, to cost . . . . .	200,099
Mr. George's Plan No. 2, to cost . . . . .	186,400

It is evident from the foregoing that this problem of finding a satisfactory means of overcoming the grades on Church street between Eighteenth and Twenty-second streets, has been given the most careful consideration and thorough study by this office during the past 18 months. As a result of that consideration and study I am firmly convinced that, of the plans before you the only one which offers a permanent and satisfactory solution of the problem is Plan No. 4.

The construction of this Church street railroad is not a local matter of interest merely to residents in the vicinity of Church street, between Eighteenth and Twenty-second streets, but is a part of a plan for providing adequate transportation facilities, vehicular as well as street railway, between the center of the city and the outlying districts. Your Board has already taken preliminary steps which will permit of opening Circular avenue, between Randall and Bosworth

streets, and when this Church street matter shall have been finally settled and the street railroad constructed as far as Thirtieth street, the next step will be the opening to traffic of the Bernal Cut and the extension of the street railroad into the Sunnyside District and eventually to the County line, with branches to various now undeveloped districts.

In other words, this Church street railroad is intended as the main trunk line of a system of municipally owned street railroads which will connect the center of the city with the districts south of Twenty-second street and west of Mission street, and so open up for residence purposes a vast amount of unoccupied territory. All other streets west of Mission street which are suitable for the location of a street railroad of such importance as this are already occupied by the tracks of the United Railroads Company. This makes it imperative that the grades of Church street be corrected, or that the plan of providing street railway transportation for the development of the districts mentioned be abandoned.

It is generally recognized by street railroad experts that the grades on main line street railroads should be kept as low as possible and that grades in excess of 8 per cent are not conducive to rapid or safe operation.

Referring now to the various plans before your Board, Plans Nos. 1, 2, and 3 meet our requirements as to grade fairly well, the maximum grade being 9 per cent, or 1 per cent in excess of the desirable maximum, but are open to the objection that property fronting on Church street, between Eighteenth and Twenty-second streets, will be greatly damaged and further that this type of construction will render practically impossible any future provision for vehicular traffic on this street.

Mr. George's Plan No. 1 calls for 12 per cent grades, which will be dangerous to operate over, and further, will damage property on Church street to as great an extent as Plans Nos. 1, 2 or 3.

Mr. George's Plan No. 2 might be suitable in connection with a short road intended for light cars to accommodate local needs only, but with heavy cars on a main trunk line will be dangerous, will involve an unnecessary delay of five minutes on each car, and will increase the expense of operating the road by \$50,000 per year, which is interest on \$1,000,000.

Plan No. 4 provides for a maximum grade of 8 per cent. It furnishes a 40-foot roadway for vehicular traffic, which, notwithstanding the statements

of the residents, will be of great benefit to the district, and the damages to property will be confined to the property which it will be necessary for the city to purchase in order to construct the road.

Plan No. 5 has all of the advantages of Plan No. 4, except that it does not include a roadway for vehicles. As a temporary expedient to reduce the first cost, its adoption is excusable. Your attention is called to the fact that when the desirability of a roadway is more generally recognized so that it becomes necessary to provide the 40-foot roadway proposed in Plan No. 4, the additional cost of widening the right-of-way contemplated in Plan No. 5 will be in the neighborhood of \$250,000, which, added to the first cost of Plan No. 5 will make the total cost of the improvement \$450,000 if constructed piecemeal, as against \$330,000 if undertaken as one piece of work.

Respectfully submitted,  
M. M. O'SHAUGHNESSY,  
City Engineer.

#### REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Health Committee, by Supervisor Walsh, Chairman.

Police Committee, by Supervisor Hocks, Chairman.

Lands and Tunnels Committee, by Supervisor Deasy, Chairman.

Abolishment of Water Rates Committee.

Consideration of Supervisor Gallagher's resolution providing for abolishment of Water Rates and Service Committee, and the taking over of its functions by the Public Utilities Committee, laid over until this day, was, on motion, again laid over until September 21, 1914.

#### UNFINISHED BUSINESS.

##### Action Deferred.

The following resolution, heretofore passed for printing, was taken up and, on motion of Supervisor Hayden, laid over one week by the following vote:

Granting Permit for Gasoline Supply Station.

Resolution No. — (New Series). Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted to the Omen Oil Company to maintain an automobile supply station at the northeast corner of Post and Powell streets, also to store 900 gallons of gasoline in 3 tanks of 300 gallons capacity each; said tanks to be installed under the direction and supervision of the Fire

Marshal and with the distinct understanding that plans will be submitted to and approved by the Board of Supervisors.

#### PRESENTATION OF BILLS AND ACCOUNTS.

Demands on the Treasury amounting to \$10,248.85, numbered consecutively 4531 to 4639, inclusive, were presented, read and ordered referred to the Finance Committee.

#### REPORT OF FINANCE COMMITTEE.

The Finance Committee, by Supervisor Jennings, Chairman, reported in favor of allowing the demands heretofore read and referred, said committee having duly examined and approved the same, and on his motion said demands were so allowed and ordered paid by the following vote:

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

##### Passed for Printing.

The following matters were passed for printing:

##### Tax Rate.

On motion of Supervisor Jennings: Bill No. 3206, Ordinance No. — (New Series), as follows:

Levying taxes and providing revenue for state purposes, for municipal and for county purposes in and for the City and County of San Francisco for the fiscal year ending June 30, 1915.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Under and pursuant to and in conformity with the laws of the State of California a tax is hereby levied for the fiscal year ending June 30, 1915, on all property real and personal in the City and County of San Francisco, California, except such property as may be exempt therefrom or any portion thereof, the sum of two and two hundred and eighty-nine one-thousandths dollars (\$2.289) upon each one hundred dollars' valuation of said taxable property as the same appears upon the assessment roll of said City and County for said fiscal year, which said sum of two and two hundred eighty-nine thousandths dollars (\$2.289) tax on each one hundred dollars valuation as aforesaid is hereby apportioned to the funds

and for the purposes herein designated as follows:

- (a) For State purposes as fixed by the State Board of Equalization .. . . . . \$0.039
- (b) For Municipal purposes for the general fund of the City and County as authorized by the Charter .... 1.00
- (c) For Municipal purposes for the Park Fund of the City and County as authorized by the Charter ..... .07
- (d) For Municipal purposes for the respective funds as set forth more fully in Ordinance 2809 to redeem and pay the interest on bonds sold prior to November 8, 1910..... .213
- (e) For Municipal purposes for the respective funds as set forth more fully in Ordinance 2809 to redeem and pay the interest on bonds sold since November 8, 1910 ..... .303
- (f) For the High School Fund of the High School District of the City and County of San Francisco ..... .04
- (g) For the County School Fund of the City and County of San Francisco..... .18
- (h) For the General Fund of the City and County of San Francisco for county purposes as provided in Sections 4041 and 4041a of the Political Code of the State of California and for the purpose of defraying all costs and charges for which the City and County of San Francisco is or may be liable as a political subdivision of the State of California, and not as a municipality, which costs and charges are hereby estimated as amounting to \$2,400,000 during said fiscal year and will include among other charges those for the pay of county officers, their deputies and employees, the cost of maintaining county offices, of officers, deputies and employees performing county duties proportionate with the duties so performed, the salaries of all judicial officers constituting the State's judicial system and expense of maintaining the courts and incident thereto, for the maintenance of minors, orphans, half-orphans or dependent or delinquent children, for the enforcement of State laws, for the maintenance of such hospitals and other institutions, and for the construction and repair of highways

as may be a proper charge upon said county, and to defray any and all costs, charges or liabilities against the City and County chargeable against it as a county, constituting a political subdivision of the State and imposed or authorized by the Constitution and acts of the Legislature of the State of California .. . . . . 442

\$2.289

Section 2. The purpose and intent of the foregoing tax levy is to provide:

- (a) For the levy of State taxes.
  - (b) To reaffirm the tax levied for City and County purposes by Ordinance No. 2809 (New Series), approved June 29, 1914, and to specifically declare that a tax of one dollar on each one hundred dollars' valuation of property assessed was levied for municipal purposes and includes the following items contained in said ordinance, viz.:
    - For the General Fund.....\$0.742
    - For the Firemen's Relief and Pension Fund ..... .018
    - For the Library Fund..... .018
    - For a portion of the emergency tax levied as authorized by Bill No. 3092, Ordinance No. 2808 (New Series)..... .222
- Total .. . . . . 1.00

(c) To reaffirm the levy made by Ordinance No. 2809 (New Series) for the Park Fund and for the redemption and payment of interest on the bonded debt as specifically set forth therein.

(d) To more specifically provide by the levies f and g for the High School Fund and the County School Fund for the support of the public schools as provided by sections 1757 and 1818 of the Political Code, the same to be in lieu of the tax of \$0.222 levied by said Ordinance 2809 (New Series) for the common school fund. The intention thereof is to insure a levy of \$0.222 for school purposes. If the levies herein for high school and county school funds or either of them are for any reason invalid, the levy heretofore made by Ordinance No. 2809 for the common school fund shall remain and be in force and effect.

(e) To provide a tax for county purposes of \$0.442 which shall equal the remainder of the emergency tax provided and not included in the \$1.00 tax levied for municipal purposes.

This ordinance shall not be construed as increasing the tax levy of

\$2.25 fixed by Ordinance No. 2809 (New Series) except for State purposes.

Section 3. The tax levy herein made is intended to be separable so that if any portion or levy for any purpose or for any fund as hereinabove mentioned is illegal or invalid or be declared illegal or invalid, the remaining portions, items or levies shall be valid and in full force and effect.

Section 4. This ordinance shall take effect immediately.

Section 2. For the purposes of this ordinance, dances, as herein defined, shall be classified in divisions as follows:

Division "A" shall include all dances

of bona fide social character, to which admission is limited strictly on invitation of the person, organization, society, or corporation, acting as host and for which no fee, either by way of admission, or in any other manner, is charged.

Division "B" shall include all dances given by any bona fide fraternal, charitable, religious or benevolent organization having a regular membership associated primarily for mutual, social, mental and civic welfare, to which admission is limited to members and guests for which no fee is charged, the revenue accruing therefrom to be used exclusively for the benevolent purposes of said organizations.

Division "C" shall include all dancing academies and dancing classes in which instruction in dancing is given for hire.

Division "D" shall include all dances for which admission is or is not charged, and to which the public is promiscuously invited, and all other dances within the scope of this ordinance not classified in Divisions "A", "B" and "C".

Section 3. Every person, firm, corporation, association or club that owns, leases, maintains, conducts or keeps a dance hall as in Section 1 described shall pay a license fee as follows, to-wit:

Dances included in Divisions "A", "B" and "C", as above defined, no license fee.

Dances included in Division "D", as above defined, shall pay a license of \$7.50 per quarter.

Such license shall be paid in addition to any liquor or other license required by law.

Section 4. The Tax Collector shall not issue any license, or a renewal thereof, for dances included in Division "D" unless the person, firm, corporation, association or club applying therefor has first obtained a permit to conduct said dance from the Board of Police Commissioners.

Section 5. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not exceeding Five Hundred (\$500) Dollars or by imprisonment in the County Jail not exceeding six (6) months, or by both such fine and imprisonment.

Section 6. Ordinance No. 754 is hereby repealed.

Section 7. This ordinance shall take effect immediately.

Refused Passage.

The following resolution was pre-

sented and *refused passage* by the following vote:

**Outdoor Park Permit.**

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at the will of the Board of Supervisors, is hereby granted to the owners or lessees of the property bounded by Van Ness avenue, Grove, Franklin and Hayes streets, in the City and County of San Francisco, to conduct an outdoor park upon the said premises, upon the payment of license fee required by Ordinance No. 1764.

Before the construction of any building or structure on said premises a permit for doing the same shall be obtained from the Board of Public Works and the plans and specifications of the same shall be approved by the Board of Public Works.

Ayes—Supervisors Deasy, Gallagher, McCarthy, Nelson, Nolan, Power, Suhr, Walsh—8.

Noes—Supervisors Bancroft, Hayden, Hilmer, Jennings, Kortick, Murdock, Payot, Vogelsang—8.

Absent—Supervisors Hocks, McLeran—2.

**Notice of Reconsideration.**

Thereupon, *Supervisor Gallagher* changed his vote from *Aye* to *No* and gave notice of reconsideration.

**Reconsideration.**

Subsequently, during the meeting the foregoing action was *reconsidered* and the following proceedings had:

**Privilege of the Floor.**

*Geo. A. Connolly*, representing the Jesuit Fathers, was granted the privilege of the floor. He urged the passage of the resolution. Although the permission of the Board was not required, his clients, he said, would feel safer if they had the approval of the Board of Supervisors. This property, he said, was a great burden to the fathers, and this permit would enable them to get a small remuneration toward the payment of the here taxes which it carried.

*Frank Hennessy*, attorney, also addressed the Board. He did not believe a permit was necessary, but his client did not feel satisfied to spend any large amount of money unless he felt he had the approval of the Board.

**Adopted.**

Thereupon, the foregoing resolution was *adopted* as Resolution No. 11171 (New Series) by the following vote:

Ayes—Supervisors Deasy, Gallagher, Jennings, Kortick, McCarthy,

McLeran, Murdock, Nelson, Nolan, Power, Suhr, Walsh—12.

Noes—Supervisors Bancroft, Hayden, Hilmer, Hocks, Payot, Vogelsang—6.

**Recommended.**

The following resolution was presented and, on motion, *recommended to the Police Committee*:

**Boxing Permit.**

J. R. No. —.

Resolved, That the Tuxedo Athletic Club is hereby granted permission to hold a Class "A" boxing exhibition during the month of October, 1914, provided the sum of four hundred dollars be paid to James Griffin as part of license fee advanced by him for Humboldt Athletic Club.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

**Action Deferred.**

The following resolution, laid over from last meeting, was taken up and again *laid over one week*:

Providing for Service at Central Switch Board of Department of Electricity for Underwriters Fire Patrol.

J. R. No. —.

That the Pacific Telephone & Telegraph Company be and is hereby instructed to install at the central switch board in the Department of Electricity such service as asked for by the Underwriters' Fire Patrol, provided said service, when rendered, shall be paid for by said Underwriters' Fire Patrol.

**Food Ordinance.**

**Indefinite Postponement.**

The following bill was taken up and indefinitely postponed by the following vote:

Bill No. —, Ordinance No. — (New Series), Regulating the manufacture, handling, care and sale of food stuffs within the City and County of San Francisco.

**Passed for Printing.**

Whereupon, the following bill, amending the foregoing by the insertion of the italicized words, was presented by Supervisor Walsh and *passed for printing*:

Bill No. 3209, Ordinance No. — (New Series), Regulating the manufacture, handling, care and sale of food stuffs within the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. On and after the passage of this ordinance it shall be unlawful for any person, firm or corporation to

engage in the handling, manufacture or sale of food stuffs intended for human consumption, or after six months from the date of passage of this ordinance to continue in said business, or businesses, except in compliance with the conditions hereinafter specified.

Section 2. It shall be unlawful for any person, firm, corporation or their servants or employes, to maintain or operate within any building, room, apartment, dwelling, basement, or cellar, a bakery, confectionery, cannery, packing house, candy factory, ice cream factory, restaurant, hotel, coffee and chop house, grocery, meat market, sausage factory, delicatessen store, or other place in which food is prepared for sale, produced, manufactured, packed, stored, or otherwise disposed of, or to vend or peddle from any wagon or other vehicle, or from any basket, hand steamer, street stand, any food product whether simple or compound, or a mixture, which is sold, or otherwise disposed of for human consumption within the City and County of San Francisco, without having first obtained a certificate, issued by the Board of Health and signed by the Health Officer, of said City and County, that first, the premises are in a sanitary condition, and that all proper arrangements for carrying on the business without injury to the public health have been complied with, and second, that the provisions of all ordinances, or regulations made in accordance with ordinances, for the conduct of such establishments have been complied with. Said certificate when issued shall be kept displayed in a prominent place on the premises of the establishment, stand, vehicle, wagon or peddler for which or whom it is issued and is not transferable without the consent of the Board of Health.

Section 3. For the purposes of this ordinance the term "Food" shall include all articles used for food, drink, confectionery or condiment, whether simple or compound and all substances and ingredients used in the preparation thereof.

Section 4. It shall be the duty of the Board of Health upon application from any person, firm or corporation desiring to open, conduct or continue any place of business connected with the manufacture, handling, vending or peddling or sale of food stuffs, within the limits of the City and County of San Francisco, before issuing the certificate specified in Section 2, to cause the premises on which it is proposed to carry on such business, or in which said business is being carried on, to be inspected with

a view of ascertaining whether said premises are in a proper sanitary and rat proof condition for the conduct of such business, also whether the provisions of all ordinances or regulations made in accordance with ordinances relating thereto have been complied with.

Section 5. The certificate provided for in Section 2 of this ordinance, shall be valid for one year from date of issue. After said period of one year has elapsed a new certificate shall be applied for and issued in the same manner and under the same conditions as the original certificate.

A certificate may at any time be revoked for cause after a hearing by the Board of Health.

No charge whatsoever shall be made or compensation or fee collected or accepted for the performance of any of the services required by this ordinance in the inspection of premises or the issuance of certificates.

Section 6. No person, firm or corporation engaged in the manufacture, handling, or sale of food stuffs shall require, permit or allow any person suffering from any communicable disease to work, lodge, sleep or remain within or upon the premises.

*It shall be unlawful for any person to bring into, or for any person, firm or corporation to allow, any dog or dogs to enter any place of business designated in this ordinance unless said dog or dogs are held in leash.*

*It shall be unlawful for any person, firm or corporation to display on the street, or in the open air, food products liable to be injured, infected or polluted, without adequate protection from dirt, flies, animals or insects.*

Section 7. The floors, sidewalks, ceilings, furniture, receptacles, utensils, implements and machinery of every establishment or place where food is manufactured, packed, stored, sold or distributed shall at all times be kept in a clean, healthful and sanitary condition; and for the purposes of this ordinance, unclean, unhealthful and insanitary conditions shall be deemed to exist if food in the process of manufacture, preparation, packing, storing, sale or distribution is not securely protected from dust, dirt, rats, flies and other vermin, and, so far as may be possible, protected by any reasonable means from all other foreign or injurious contamination; and all refuse, dirt, and waste products subject to putrefaction and fermentation incident to the manufacture, preparation, packing, storing, selling and distribution of food, shall be removed once in each day; and all trucks, trays, boxes, baskets and buckets, and other receptacles, chutes,

platforms, racks, tables, shelves and all knives, saws, cleavers and other implements and machinery used in the moving, handling, cutting, chopping, mixing, canning and all other processes used in the preparation of food, shall be thoroughly cleaned at least once in each day, and all operatives, employees, clerks and other persons therein employed or engaged shall maintain their persons and clothing in a clean and sanitary condition at all times and shall not store or keep unclean or soiled clothing or articles for personal use in or about said premises.

Section 8. Every building, room, basement, or cellar, occupied or used as a place for the preparation, manufacture, packing, canning, sale or distribution of food stuffs shall have adequate toilet facilities in a room separate and apart from the room or rooms where the process of production, manufacture, packing, canning, selling or distributing is conducted. The floors of such toilets shall be of cement, tile or other non-absorbent material and shall be washed and scoured daily. Such toilets shall comply with the plumbing laws of the City and County of San Francisco regarding their installation and ventilation and shall be maintained in a clean condition. Lavatories and wash rooms shall be adjacent to toilet rooms and shall be supplied with soap, running water and towels for the cleaning of hands and shall be maintained in a clean and sanitary manner. Operatives, employes, clerks, and all persons who handle the food stuffs, either raw or prepared, before beginning work, and immediately after visiting a toilet shall wash their hands and arms thoroughly in clean water and dry them on a clean towel not previously used by any other person. The provision of soap and towels for common use is prohibited.

Section 9. Cuspidors for the use of operatives, employes, clerks and other persons shall be provided, and each cuspidor shall be emptied and washed out daily with an efficient disinfecting solution approved by the Board of Health and not less than five ounces of said solution shall be kept in each cuspidor while in use. No operative, employe, clerk or other person shall expectorate or discharge any substance from his nose or mouth, nor shall he commit any other nuisance on the floor or interior sidewalls of any building, room, basement, or cellar where the manufacture, production, packing, storing, preparation or sale of any food or food product is conducted.

Section 10. The carrying on of any

occupation in the place or room set apart for the preparation, storage or sale of food stuffs, whether cooked or raw, or any allied operations that will generate or cause to arise a dust, smoke or offensive odor, is prohibited.

The plucking of chickens and other fowl, and the skinning and cleaning of animals shall be carried on in a separate room, and all dust, smoke or offensive odors arising therefrom must be disposed of by air shafts, fans, forced air, or such other means as may be approved by the Board of Health.

Section 11. No person shall be allowed to, nor shall he reside or sleep in any room of a bake shop, public dining room, hotel, restaurant, kitchen, confectionery, or other place where food or food stuffs are prepared, produced, manufactured, served or sold.

Section 12. It shall be the duty of every occupant, whether owner or lessee, of any bakery, candy factory, delicatessen, restaurant or other place where food stuffs are manufactured, prepared, stored, or served to provide full protection for his cooked food and other wares from dust, dirt, flies and vermin by the use of suitable glass cases, wire screens or other methods approved by the Board of Health, and shall cause the abatement and destruction of vermin and flies wherever found.

Section 13. The Board of Health shall from time to time adopt such rules and regulations as it may deem necessary and proper to give effect to this ordinance and in accordance therewith.

Section 14. Any person, company or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished for the first offense by a fine not less than \$10.00 (ten dollars), for the second offense by a fine not less than \$25.00 (twenty-five dollars), and thereafter by a fine not to exceed \$100.00 (one hundred dollars) or 100 days in the County Jail, or both.

Section 15. This ordinance shall take effect immediately.

Adopted.

The following resolutions were adopted:

Board of Works to Prepare Plans and Estimates of Cost for Construction of Shelter Station at Seventh Avenue and Lincoln Way.

On motion of Supervisor Walsh:

J. R. No. 1409.

Resolved, That the Board of Public Works be requested within ten days from date to prepare plans and an

estimate of the cost of construction of a shelter station at Seventh avenue and Lincoln Way for the use of inmates of the Relief Home.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Auditor and Treasurer to Transfer Unexpended Hall of Justice Bond Fund to Bond Interest and Redemption Fund.

On motion of Supervisor Jennings:

J. R. No. 1410.

Whereas, There remains unexpended \$2,044.13 Hall of Justice Bonds, Issue 1908, and

Whereas, The bond ordinance provides that unexpended balances shall be used for bond interest and redemption; therefore, be it

Resolved, That the Auditor and Treasurer are hereby directed to transfer said \$2,044.13 unexpended Hall of Justice Bond Fund to the Bond Interest and Redemption Fund.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

#### SPECIAL ORDER—3 P. M.

Church Street Extension Municipal Railway.

The hearing in the matter of agreeing upon a plan for the proposed Church Street Extension of the Municipal Railway, made a Special Order of Business for 3 p. m. this day, was proceeded with.

#### Motion.

*Supervisor Bancroft* moved that the Board sit until 6 p. m. if necessary, then take a recess until 8 p. m., and continue the hearing until a decision was reached.

Motion carried.

#### Privilege of the Floor.

*A. E. Roberts*, Civil Engineer, representing the Church Street Municipal Railway (non-assessment) League, was granted the privilege of the floor. He read a report prepared for the League favoring the combination electric-cable plan which, he estimated, could be built within the amount provided in the bond issue. Upon his request this plan was designated Plan No. 7.

*J. McSheehy*, President of the Church Street Municipal Railway (non-assessment) League, also addressed the Board. He urged the adoption of Plan No. 7, which, he said, was favored by the entire membership of the League. He presented a petition of 2700 property owners in favor of said plan, and presented

the following resolution for the approval of the Board:

Resolved, That the Board of Public Works be directed to prepare plans and specifications for the construction of the Church Street Railroad, as per plans and specifications proposed by the Church Street Railroad Non-Assessment League, known as Plan No. 7, which was presented on July 13, 1914.

*G. J. Ungerman*, property owner, also addressed the Board. He stated that the petition contained names of residents as well as property owners, and were obtained by intimidation. He favored Plan No. 4.

*J. B. Zimdar* and *Mrs. McClernon* also spoke in favor of Plan No. 4.

*Mrs. F. J. Walsh*, *Kenneth McLeod*, *Dorsan Nichols* and *A. B. Shoaf*, also addressed the Board favoring Plan No. 7.

*M. G. Fairy* addressed the Board and stated that she was not in favor of the assessment for the reason that car service in her neighborhood was adequate and no additional line was necessary.

#### Recess.

Thereupon, the Board at the hour of 6 p. m. took a recess until 8 p. m.

#### Reassembled.

At the hour of 8 p. m. the Board reassembled, all members being present, and the following proceedings were had:

#### Privilege of the Floor.

*Geo. Long*, property owner, was granted the privilege of the floor. He opposed Plan No. 7 and favored Plan No. 4.

*J. M. Renault* and *T. L. Morrison* also addressed the Board favoring Plan No. 4.

*C. Solomonson*, *Wm. Hasselbrock* and *J. T. Miller* spoke in favor of Plan No. 7.

*City Engineer M. M. O'Shaughnessy* and *Assistant City Engineer T. E. Ransom* explained the advantages of Plan No. 4 and urged its adoption.

#### Motion.

*Supervisor McLeran* moved the adoption of the resolution presented by Mr. McSheehy.

#### Amendement.

*Supervisor Hayden* moved to amend resolution by substituting Plan No. 5 for Plan No. 7.

*Amendment lost* by the following vote:

Ayes—Supervisors Bancroft, Hayden—2.

Noes—Supervisors Deasy, Gallagher, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock,

Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—16.

Adopted.

Whereupon, the question being taken, the foregoing resolution, in words and figures following, was adopted by the following vote:

Board of Public Works to Prepare Plans and Specifications for Construction of Church Street Municipal Railroad in Accordance With Plan No. 7.

On motion of Supervisor McLeran: J. R. No. 1411.

Resolved, That the Board of Public Works be directed to prepare plans and specifications for the construction of the Church Street Railroad, as per plans and specifications proposed by the Church Street Railroad Non-Assessment League, known as Plan No. 7, which was presented on July 13, 1914.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, McCarthy, McLeran, Nelson, Nolan, Power, Suhr, Walsh—13.

Noes—Supervisors Bancroft, Jennings, Murdock, Payot, Vogelsang—5.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following resolution was introduced under suspension of the rules by Supervisor Bancroft and adopted:

Accepting Offer of Jessie Smith to Sell Certain Land Required for Library Purposes.

Resolution No. 11170 (New Series), as follows:

Whereas, An offer has been received from Jessie Smith to convey to the City and County of San Francisco certain land and improvements, being a portion of Mission Block No. 170, the said land being required for Branch Library purposes, and

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof, be it

Resolved, That the offer of Jessie Smith to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all incumbrances including taxes:

For the purchase of said land and improvements \$12,000 is hereby accepted, the said land being described as follows, to-wit:

Commencing at the intersection of the southerly line of Twenty-fourth street with the westerly line of Bartlett street, running thence southerly along said westerly line of Bartlett

street 65 feet; thence at a right angle westerly 117 feet 6 inches to the easterly line of Orange alley; thence northerly along said easterly line of Orange alley 65 feet to the southerly line of Twenty-fourth street; thence easterly along the said southerly line of Twenty-fourth street 117 feet 6 inches to the westerly line of Bartlett street and point of beginning, being a portion of Mission Block No. 170.

The City Attorney is hereby directed to examine the title to said land and improvements and if the same is found to be vested in the aforesaid owner, free from all incumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed purchase price as aforesaid.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Passed for Printing.

Thereupon, the following resolution was introduced under suspension of the rules and passed for printing:

Authorizing Payment of \$12,000 to Jessie Smith for Certain Land Required for Library Purposes.

On motion of Supervisor Bancroft: Resolution No. — (New Series), as follows:

Resolved, That an expenditure of \$12,000 be and the same is hereby authorized to be made out of the budget appropriation item No. 56, fiscal year 1914-15, "Library site," Mission District, in payment to Jessie Smith as purchase price of a lot of land and improvements, situate at the intersection of the southerly line of Twenty-fourth street with the westerly line of Bartlett street, of dimensions 65 feet frontage on Bartlett street, by a uniform depth of 117 feet 6 inches through to Orange alley, in Mission Block No. 170, required for branch library purposes.

Adopted.

The following resolutions were introduced under suspension of the rules and adopted:

Accepting Offer of Henry Peters to Sell for \$2500 Certain Land Required for Twin Peaks Tunnel Purposes.

On motion of Supervisor Deasy: Resolution No. 11172 (New Series), as follows:

Whereas, Henry Peters has conveyed to the City and County of San Francisco the lot at the corner of Seventeenth and Castro streets on which the Eureka Apartments are now situated;

And Whereas, said Henry Peters has offered to remove said premises from said lot and pay in addition thereto to the City and County of San Francisco the sum of \$2500 for such privilege;

And Whereas, said sum of \$2500 is in accordance with the appraised value of said building, and it now appears that it will be advantageous in the construction of the Twin Peaks Ridge Tunnel to have said building forthwith removed,

Resolved, That the said offer of Henry Peters to remove said building and pay to the City for such privilege the sum of \$2500 is hereby accepted and the Board of Public Works is authorized to issue the necessary permit for such removal upon presentation of Treasurer's receipt for such amount.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Awarding Damages to Mrs. Mary McCullough in Matter of Construction of Twin Peaks Tunnel.

On motion of Supervisor Deasy:

Resolution No. 11173 (New Series), as follows:

Whereas, in the matter of the acquisition of lands and rights of way necessary in the construction of the Twin Peaks Ridge tunnel, it appears that Mrs. Mary McCullough, tenant of the premises No. 2022 Collingwood street, will suffer damages resulting from the termination of her tenancy of the premises to be taken at that location for the tunnel right of way,

And Whereas, it appears after investigation by the Lands and Tunnel Committee and the City Attorney's office that said damages may be fairly estimated at the sum of \$250.00.

And Whereas, in order that litigation over the matter of said damages may be avoided it appears advisable that said amount should be allowed, now therefore, be it

Resolved, That the sum of \$250.00 be hereby awarded to said Mary McCullough in full satisfaction of all damages sustained or to be sustained by her in the construction of said Twin Peaks Ridge tunnel.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, Mc-

Leran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Purchase of Spring Valley Water Company's Properties.

Supervisor Gallagher moved that 4 p. m., next Monday, be fixed for the consideration of the report of the Advisory Water Committee on the purchase of the properties of the Spring Valley Water Company.

*So ordered.*

Larkin Street Electroliers.

Supervisor Hayden presented:

Be it Resolved, By the Board of Supervisors of the City and County of San Francisco, that the Pacific Gas and Electric Company be, and is hereby, directed to light and maintain forty-two (42) Eagle type electroliers on Larkin street, between Golden Gate avenue and Sutter street, at the contract price, and that no other charge or charges shall be made by the Pacific Gas and Electric Company for the underground wiring, conduits or connections, and be it further,

Resolved, That the Pacific Gas and Electric Company be directed to begin work at once and complete same at as early a date as possible.

*Referred to Lighting and Rates Committee.*

Stockton Street Tunnel Supplies to Be Set Aside for Improvement of City Property at Bush and Stockton Streets.

Supervisor Power presented:

J. R. No. —.

Whereas, the City and County of San Francisco has appropriated about \$48,000.00 to pay the assessment on city property in connection with the construction of the Stockton street tunnel, and

Whereas, one piece of city property, viz.: the southeast corner of Bush and Stockton streets, has been left in rather an unsightly condition as a result of the construction work; therefore be it

Resolved, That whatever surplus remains in the construction fund for the Stockton street tunnel be appropriated for the improvement of said piece of city property by the construction of proper bulkheads, retaining walls and grading.

*Referred to Lands and Tunnels Committee.*

Adopted.

The following resolution was introduced under suspension of the rules and adopted:

Report of City Engineer on Proposed Extensions of Municipal Railway.

The following report, by the City Engineer, on extensions of Municipal Railways was transmitted by the Board of Works and ordered printed in the Journal and Municipal Record:

September 21, 1914.

To the Honorable Board of Public Works of the City and County of San Francisco.

Gentlemen: By Journal Resolution No. 1402 the Board of Public Works is requested to furnish to the Board of Supervisors at its earliest convenience a list of all applications on file in its office asking for extensions of the Municipal Railway Sys-

tem into the various outlying districts of the city, together with a general estimate of the cost of construction and equipment. The following report has been compiled in accordance with that request.

The extensions of the Municipal Railway System requested are as follows. The lengths given are lengths of single track:

1. Tenth avenue and Fulton street, across Golden Gate Park and thence to the Ocean Beach and south to the Sloat Boulevard. The most practical route for this line is from Tenth avenue and Fulton street across the Park to Fourteenth avenue and Lincoln Way, thence south on Fourteenth avenue to Kirkham street, thence west on Kirkham street to Forty-fifth avenue, thence south on Forty-fifth avenue to Sloat Boulevard. The length of single track railroad necessary is as follows:

Tenth avenue and Fulton street to Fourteenth avenue and Kirkham street, 1.985 miles; Fourteenth avenue and Kirkham street, thence on Kirkham street to Forty-fifth avenue, 3.644 miles; Forty-fifth avenue, from Kirkham street to Sloat Boulevard, 3.215 miles; total, 8.844 miles.

2. Connection to the Geary street line from Fifth avenue and Geary street to Fifth avenue and Fulton street, total length of single track, 1.004 miles.

3. Connection to the Geary street road at La Playa, across the Park on the tracks of the United Railroads to Lincoln Way, thence to Forty-fifth avenue, thence to Kirkham street, 2.505 miles.

4. Connection to the tracks of the Geary street road at Masonic avenue and Turk street, thence across the Park and into the Sunset District. The most practical route for this line is as follows:

From Masonic avenue and Turk street, along Turk street to Fell street, thence diagonally across the Park Panhandle to Oak and Clayton streets, thence south on Clayton street to Waller street, west on Waller street to Cole street, south on Cole street to Carl street, west on Carl street to Arguello Boulevard, south on Arguello Boulevard to Irving street, west on Irving street to Sixth avenue, south on Sixth avenue to Kirkham street, thence west on Kirkham street to Fourteenth avenue to connect with the Tenth and Fourteenth avenue extension across the Park.

Branches to this line on Cole street to Seventeenth street, thence on Seventeenth street to Stanyan street, and on Sixth avenue south along the

Almshouse road and Dewey Boulevard to the Forest Hill entrance to the Twin Peaks Tunnel have also been suggested, and from the Twin Peaks Tunnel the road might be extended from the Dewey Boulevard to the Sloat Boulevard.

The length of the various sections of this line are as follows:

Turk street and Masonic avenue to Cole and Carl streets, 2.216 miles; Cole and Carl streets to Dewey Boulevard, 5.587 miles; Dewey Boulevard to Sloat Boulevard, thence to Forty-fifth avenue, 3.580 miles; Kirkham street, Sixth avenue to Fourteenth avenue, 0.939 miles; Cole and Carl streets to Seventeenth and Stanyan streets, 0.909 miles.

5. Seventeenth street from Church street to Potrero avenue, 2.386 miles.

6. Seventeenth street and Potrero avenue to Twenty-third and Wisconsin streets, 2.159 miles.

7. Twenty-third and Wisconsin streets to Army street, .909 miles.

8. Army street from Church street to Kentucky street, 4.375 miles.

9. Potrero avenue and Twenty-fifth street, along San Bruno road to Jerrold street, thence along Jerrold street to Mendell street, from which point branches are requested along Hudson and Dock streets, to the water front and to Riviere street, near Griffith street, length as follows:

Potrero avenue to Mendell and Jerrold streets, 2.538 miles; Mendell and Jerrold streets to Hudson and Dock streets, 3.731 miles; Mendell and Jerrold streets to Riviere, near Griffith, 2.254 miles; total, 8.523 miles.

10. Extension to the Stockton street line from Columbus avenue to Embarcadero, 1.25 miles.

11. Bay street from Columbus avenue to Embarcadero, 1.269 miles.

12. California street from Kearny street to Market street, 0.947 miles.

13. Mason street, Geary street to Market street, .549 miles.

14. Market street, Geary street to Van Ness avenue, 2.462 miles.

15. Market street, Church to Castro streets, .985 miles.

16. Through Twin Peaks Tunnel, 4.545 miles.

17. From west portal Twin Peaks Tunnel to Sloat Boulevard, 1.136 miles.

18. Thirty-third avenue and California street to loop at Clement street and Thirty-fourth avenue, .284 miles.

19. From Geary street and Thirty-third avenue, along Geary street to Cliff House, and from California street and Thirty-third avenue,

around scenic route of United Railroads to Cliff House, 6.477 miles.

20. Thirtieth and Church streets to Bernal Cut to Sunnyside avenue, thence on Sunnyside avenue to Hamburg street, 4.167 miles.

21. From Hamburg street and Sunnyside avenue, around new road being constructed by Residential Development Co. to Sloat Boulevard, 2.386 miles.

22. From Eleventh and Division streets, along Division street to Fifteenth street, thence to Castro street, 2.879 miles.

23. From Potrero and Division street along Division and Townsend streets to Fourth street, 1.818 miles.

24. From Fourth and Market streets, over Fourth street to Townsend street, thence to Third street, 2.045 miles.

25. From Third and Townsend streets, along Townsend street to Embarcadero, thence to Market street, 2.689 miles.

26. Connecting with Union street tracks at Embarcadero and Washington street, thence along The Embarcadero to Taylor street, 2.936 miles.

27. Duboce and Market streets, to Alpine street, thence by circuitous route by new streets to be opened and old streets to be widened, to Seventeenth and Clayton streets, 3.011 miles.

28. Oak street, from Market to Clayton street, 3.277 miles.

29. Jerrold and San Bruno, to Oakdale, thence to Mendell, 2.689.

30. Twenty-second and Church, to Potrero, 2.382.

Total, 94.123 miles.

The location of these various routes is marked on the accompanying map, on which are also marked the location of the present Geary street line and the roads finished and under construction under the Bond Issue of August, 1913. Doubtless, when it becomes known that the Board of Supervisors is considering extensions to the Municipal Railways, urgent appeals for other extensions will be presented to you. As this report was considered preliminary, no detailed investigation as to the practicability of constructing street railroads on the various routes suggested above has been made, and before the construction of any of these street railroads is undertaken a more thorough study of the conditions should be made.

The cost of constructing and equipping the roads being constructed under the Bond Issue of 1913 will be approximately \$100,000 per mile of single track, exclusive of costs of rights of way or street improvements which your Board may order, and

for purposes of estimate it will be safe to assume that these proposed roads can be built for approximately the same amount. In other words, their total cost will be in the neighborhood of \$9,500,000. This cost of \$100,000 per mile is to be considered, however, as an average cost and not applicable to any particular track as the cost of street railroads varies greatly, owing to the difference in the amount of track special work and paving which it is necessary to install.

If the Board of Supervisors desires a more accurate estimate of the cost of any of these lines or an investigation made into the possibility of constructing them and the cost of street work and rights of way, it is suggested that an appropriation of say \$2500 be made with which to defray the cost of the necessary engineering.

Respectfully,  
M. M. O'SHAUGHNESSY,  
City Engineer.

#### Motion.

*Supervisor Power* moved that City Engineer make a supplemental report on proposed extension from Twenty-second street and Potrero avenue to Twenty-second and Church streets.

*Motion carried.*

#### REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor McLeran, Chairman.

Public Buildings Committee, by Supervisor Bancroft, chairman.

Health Committee, by Supervisor Walsh, Chairman.

Streets Committee, by Supervisor McCarthy, Chairman.

Lands and Tunnels Committee, by Supervisor Deasy, Chairman.

Supplies Committee, by Supervisor Hilmer, Chairman.

Public Welfare Committee, by Supervisor Pavot, Chairman.

Public Utilities Committee, by Supervisor Vogelsang, Chairman.

Purchase of Spring Valley Water Company.

Owing to the unavoidable absence of Hon. Matt. I. Sullivan, Chairman of the Advisory Water Committee the consideration of the report of the said committee on the purchase of the properties of the Spring Valley Water Company was laid over and on motion of Supervisor Vogelsang made a Special Order of Business for 4 p. m. Monday, September 28, 1914.

**Abolishment of Water Rates Committee.**

Consideration of resolution providing for abolishment of Water Rates and Service Committee, and the taking over of its functions by the Public Utilities Committee was, on motion of Supervisor Gallagher, *laid over one week.*

**Rerouting of Cars Nos. 4, 17 and 20.**

Supervisor Vogelsang moved that consideration of matter of rerouting cars Nos. 4, 17 and 20 be made a special order of business for 3 p. m., Monday, September 28, 1914.

*So ordered.*

**SPECIAL ORDER.****Reduction of Street Railway Fares.**

Supervisor Gallagher moved that the consideration of the majority and minority reports of the Public Utilities Committee on the question of reduction of street railway fares be now (2:45 p. m.) taken up.

*Motion carried.*

**Privilege of the Floor.**

Thereupon, Theodore Johnson was granted the privilege of the floor and addressed the Board. He questioned the figures published in the newspapers as to the receipts of the Municipal road and declared that from his calculations there was a sufficient margin to permit a reduction of fares without material loss to the city. The loss, if any, he said, would be made up by increased business that has always followed such reductions in other cities where such legislation has been put in effect.

Helen Moore also addressed the Board. She alleged that the tramways in New Zealand were far in advance of those in the United States in the matter of reduced fares to school children. She urged the passage of the reduced fare ordinance.

Dr. Salfeld, representing the Public Ownership League, and O. A. Ellis, representing the Coso Avenue Improvement Club, also addressed the Board. They did not think the reduced fare would injure the Municipal Railway, and were in favor of the proposed legislation.

Mrs. Bierwirth also favored the proposed reduction in street railway fares. She said that the saving to poor parents with school children would pay for their food.

E. P. E. Troy, representing the San Francisco Labor Council, urged the passage of the reduced fare ordinance. A similar ordinance, he said, is in force in over 360 other cities in the United States, whose income in ratio to its capital investment is considerably less than the income of the United Railroads. He said that the receipts of the company last year

amounted to \$8,600,000; the operating expense amounting to 53 per cent leaves a profit of \$4,042,000, or 26½ per cent on the present actual value of the physical property of the company.

Chas. N. Black, representing the United Railroads, also addressed the Board. He denied the accuracy of the figures of Mr. Troy and said that operating charges and labor were higher in San Francisco than any other city in the United States except Oakland. He denied also that his employes worked 15 hours a day, as alleged by Mr. Troy.

**Minority Report Defeated.**

Thereupon, the question being taken, the minority report was *refused adoption* by the following vote:

Ayes—Supervisors Deasy, Gallagher, Nelson, Nolan, Power, Walsh—6.

Noes—Supervisors Bancroft, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Suhr, Vogelsang—12.

**UNFINISHED BUSINESS.****Final Passage.**

The following matters heretofore passed for printing, were taken up, *finally passed* by the following vote:

Patent Chimney Contractors License Ordinance.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

No—Supervisor Jennings—1.

Authorizing Payment of \$12,000 to Jessie Smith for Certain Land Required for Library Purposes.

Resolution No. 11174 (New Series), as follows:

Resolved, That an expenditure of \$12,000 be and the same is hereby authorized to be made out of the budget appropriation item No. 56, fiscal year 1914-15, "Library site," Mission District, in payment to Jessie Smith as purchase price of a lot of land and improvements, situate at the intersection of the southerly line of Twenty-fourth street with the westerly line of Bartlett street, of dimensions 65 feet frontage on Bartlett street, by a uniform depth of 117 feet 6 inches through to Orange alley, in Mission Block No. 170, required for branch library purposes.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

**Tax Rate.**

Bill No. 3206, Ordinance No. 2915 (New Series), as follows:

Levying taxes and providing revenue for state purposes, for municipal and for county purposes in and for the City and County of San Francisco for the fiscal year ending June 30, 1915.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Under and pursuant to and in conformity with the laws of the State of California a tax is hereby levied for the fiscal year ending June 30, 1915, on all property real and personal in the City and County of San Francisco, California, except such property as may be exempt therefrom or any portion thereof, the sum of two and two hundred and eighty-nine one-thousandths dollars (\$2.289) upon each one hundred dollars' valuation of said taxable property as the same appears upon the assessment roll of said City and County for said fiscal year, which said sum of two and two hundred eighty-nine thousandths dollars (\$2.289) tax on each one hundred dollars valuation as aforesaid is hereby apportioned to the funds and for the purposes herein designated as follows:

- (a) For State purposes as fixed by the State Board of Equalization .. . . . . \$0.039
- (b) For Municipal purposes for the general fund of the City and County as authorized by the Charter .... 1.00
- (c) For Municipal purposes for the Park Fund of the City and County as authorized by the Charter ..... .07
- (d) For Municipal purposes for the respective funds as set forth more fully in Ordinance 2809 to redeem and pay the

- interest on bonds sold prior to November 8, 1910..... .213
- (e) For Municipal purposes for the respective funds as set forth more fully in Ordinance 2809 to redeem and pay the interest on bonds sold since November 8, 1910 ..... .303
- (f) For the High School Fund of the High School District of the City and County of San Francisco .... .04
- (g) For the County School Fund of the City and County of San Francisco..... .18
- (h) For the General Fund of the City and County of San Francisco for county purposes as provided in Sections 4041 and 4041a of the Political Code of the State of California and for the purpose of defraying all costs and charges for which the City and County of San Francisco is or may be liable as a political subdivision of the State of California, and not as a municipality, which costs and charges are hereby estimated as amounting to \$2,400,000 during said fiscal year and will include among other charges those for the pay of county officers, their deputies and employees, the cost of maintaining county offices, of officers, deputies and employees performing county duties proportionate with the duties so performed, the salaries of all judicial officers constituting the State's judicial system and expense of maintaining the courts and incident thereto, for the maintenance of minors, orphans, half-orphans or dependent or delinquent children, for the enforcement of State laws, for the maintenance of such hospitals and other institutions, and for the construction and repair of highways as may be a proper charge upon said county, and to defray any and all costs, charges or liabilities against the City and County chargeable against it as a county, constituting a political subdivision of the State and imposed or authorized by the Legislature and acts of the Legislature of the State of California .. . . . . 442

\$2.289

Section 2. The purpose and intent of the foregoing tax levy is to provide:

- (a) For the levy of State taxes.

(b) To reaffirm the tax levied for City and County purposes by Ordinance No. 2809 (New Series), approved June 29, 1914, and to specifically declare that a tax of one dollar on each one hundred dollars' valuation of property assessed was levied for municipal purposes and includes the following items contained in said ordinance, viz.:

For the General Fund.....	\$0.742
For the Firemen's Relief and Pension Fund .....	.018
For the Library Fund.....	.018
For a portion of the emergency tax levied as authorized by Bill No. 3092, Ordinance No. 2808 (New Series).....	.222
Total .. .....	1.00

(c) To reaffirm the levy made by Ordinance No. 2809 (New Series) for the Park Fund and for the redemption and payment of interest on the bonded debt as specifically set forth therein.

(d) To more specifically provide by the levies f and g for the High School Fund and the County School Fund for the support of the public schools as provided by sections 1757 and 1818 of the Political Code, the same to be in lieu of the tax of \$0.222 levied by said Ordinance 2809 (New Series) for the common school fund. The intention thereof is to insure a levy of \$0.222 for school purposes. If the levies herein for high school and county school funds or either of them are for any reason invalid, the levy heretofore made by Ordinance No. 2809 for the common school fund shall remain and be in force and effect.

(e) To provide a tax for county purposes of \$0.442 which shall equal the remainder of the emergency tax provided and not included in the \$1.00 tax levied for municipal purposes.

This ordinance shall not be construed as increasing the tax levy of \$2.25 fixed by Ordinance No. 2809 (New Series) except for State purposes.

Section 3. The tax levy herein made is intended to be separable so that if any portion or levy for any purpose or for any fund as hereinabove mentioned is illegal or invalid or be declared illegal or invalid, the remaining portions, items or levies shall be valid and in full force and effect.

Section 4. This ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, Mc-

Leran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

#### Food Ordinance.

Bill No. 3209, Ordinance No. 2917 (New Series), Regulating the manufacture, handling, care and sale of food stuffs within the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. On and after the passage of this ordinance it shall be unlawful for any person, firm or corporation to engage in the handling, manufacture or sale of food stuffs intended for human consumption, or after six months from the date of passage of this ordinance to continue in said business, or businesses, except in compliance with the conditions hereinafter specified.

Section 2. It shall be unlawful for any person, firm, corporation or their servants or employes, to maintain or operate within any building, room,

apartment, dwelling, basement, or cellar, a bakery, confectionery, cannery, packing house, candy factory, ice cream factory, restaurant, hotel, coffee and chop house, grocery, meat market, sausage factory, delicatessen store, or other place in which food is prepared for sale, produced, manufactured, packed, stored, or otherwise disposed of, or to vend or peddle from any wagon or other vehicle, or from any basket, hand steamer, street stand, any food product whether simple or compound, or a mixture, which is sold, or otherwise disposed of for human consumption within the City and County of San Francisco, without having first obtained a certificate, issued by the Board of Health and signed by the Health Officer, of said City and County, that first, the premises are in a sanitary condition, and that all proper arrangements for carrying on the business without injury to the public health have been complied with, and second, that the provisions of all ordinances, or regulations made in accordance with ordinances, for the conduct of such establishments have been complied with. Said certificate when issued shall be kept displayed in a prominent place on the premises of the establishment, stand, vehicle, wagon or peddler for which or whom it is issued and is not transferable without the consent of the Board of Health.

Section 3. For the purposes of this ordinance the term "Food" shall include all articles used for food, drink, confectionery or condiment, whether simple or compound and all substances and ingredients used in the preparation thereof.

Section 4. It shall be the duty of the Board of Health upon application from any person, firm or corporation desiring to open, conduct or continue any place of business connected with the manufacture, handling, vending or peddling or sale of food stuffs, within the limits of the City and County of San Francisco, before issuing the certificate specified in Section 2, to cause the premises on which it is proposed to carry on such business, or in which said business is being carried on, to be inspected with a view of ascertaining whether said premises are in a proper sanitary and *rat proof* condition for the conduct of such business, also whether the provisions of all ordinances or regulations made in accordance with ordinances relating thereto have been complied with.

Section 5. The certificate provided for in Section 2 of this ordinance, shall be valid for one year from date of issue. After said period of one year has elapsed a new certificate

shall be applied for and issued in the same manner and under the same conditions as the original certificate.

A certificate may at any time be revoked for cause after a hearing by the Board of Health.

No charge whatsoever shall be made or compensation or fee collected or accepted for the performance of any of the services required by this ordinance in the inspection of premises or the issuance of certificates.

Section 6. No person, firm or corporation engaged in the manufacture, handling, or sale of food stuffs shall require, permit or allow any person suffering from any communicable disease to work, lodge, sleep or remain within or upon the premises.

*It shall be unlawful for any person to bring into, or for any person, firm or corporation to allow, any dog or dogs to enter any place of business designated in this ordinance unless said dog or dogs are held in leash.*

*It shall be unlawful for any person, firm or corporation to display on the street, or in the open air, food products liable to be injured, infected or polluted, without adequate protection from dirt, flies, animals or insects.*

Section 7. The floors, sidewalks, ceilings, furniture, receptacles, utensils, implements and machinery of every establishment or place where food is manufactured, packed, stored, sold or distributed shall at all times be kept in a clean, healthful and sanitary condition; and for the purposes of this ordinance, unclean, unhealthful and insanitary conditions shall be deemed to exist if food in the process of manufacture, preparation, packing, storing, sale or distribution is not securely protected from dust, dirt, rats, flies and other vermin, and, so far as may be possible, protected by any reasonable means from all other foreign or injurious contamination; and all refuse, dirt, and waste products subject to putrefaction and fermentation incident to the manufacture, preparation, packing, storing, selling and distribution of food, shall be removed once in each day; and all trucks, trays, boxes, baskets and buckets, and other receptacles, chutes, platforms, racks, tables, shelves and all knives, saws, cleavers and other implements and machinery used in the moving, handling, cutting, chopping, mixing, canning and all other processes used in the preparation of food, shall be thoroughly cleaned at least once in each day, and all operatives, employees, clerks and other persons therein employed or engaged shall maintain their persons and clothing in a clean and sanitary condition at all times and shall not store or keep unclean or soiled clothing or

articles for personal use in or about said premises.

Section 8. Every building, room, basement, or cellar, occupied or used as a place for the preparation, manufacture, packing, canning, sale or distribution of food stuffs shall have adequate toilet facilities in a room separate and apart from the room or rooms where the process of production, manufacture, packing, canning, selling or distributing is conducted. The floors of such toilets shall be of cement, tile or other non-absorbent material and shall be washed and scoured daily. Such toilets shall comply with the plumbing laws of the City and County of San Francisco regarding their installation and ventilation and shall be maintained in a clean condition. Lavatories and wash rooms shall be adjacent to toilet rooms and shall be supplied with soap, running water and towels for the cleaning of hands and shall be maintained in a clean and sanitary manner. Operatives, employes, clerks, and all persons who handle the food stuffs, either raw or prepared, before beginning work, and immediately after visiting a toilet shall wash their hands and arms thoroughly in clean water and dry them on a clean towel not previously used by any other person. The provision of soap and towels for common use is prohibited.

Section 9. Cuspidors for the use of operatives, employes, clerks and other persons shall be provided, and each cuspidor shall be emptied and washed out daily with an efficient disinfecting solution approved by the Board of Health and not less than five ounces of said solution shall be kept in each cuspidor while in use. No operative, employe, clerk or other person shall expectorate or discharge any substance from his nose or mouth, nor shall he commit any other nuisance on the floor or interior sidewalls of any building, room, basement, or cellar where the manufacture, production, packing, storing, preparation or sale of any food or food product is conducted.

Section 10. The carrying on of any occupation in the place or room set apart for the preparation, storage or sale of food stuffs, whether cooked or raw, or any allied operations that will generate or cause to arise a dust, smoke or offensive odor, is prohibited.

The plucking of chickens and other fowl, and the skinning and cleaning of animals shall be carried on in a separate room, and all dust, smoke or offensive odors arising therefrom must be disposed of by air shafts, fans, forced air, or such other means as may be approved by the Board of Health.

Section 11. No person shall be allowed to, nor shall he reside or sleep in any room of a bake shop, public dining room, hotel, restaurant, kitchen, confectionery, or other place where food or food stuffs are prepared, produced, manufactured, served or sold.

Section 12. It shall be the duty of every occupant, whether owner or lessee, of any bakery, candy factory, delicatessen, restaurant or other place where food stuffs are manufactured, prepared, stored, or served to provide full protection for his cooked food and other wares from dust, dirt, flies and vermin by the use of suitable glass cases, wire screens or other methods approved by the Board of Health, and shall cause the abatement and destruction of vermin and flies wherever found.

Section 13. The Board of Health shall from time to time adopt such rules and regulations as it may deem necessary and proper to give effect to this ordinance and in accordance therewith.

Section 14. Any person, company or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished for the first offense by a fine not less than \$10.00 (ten dollars), for the second offense by a fine not less than \$25.00 (twenty-five dollars), and thereafter by a fine not to exceed \$100.00 (one hundred dollars) or 100 days in the County Jail, or both.

Section 15. This ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

#### Licensing Dance Halls.

Bill No. 3208, Ordinance No. — (New Series), imposing a license on owners, lessees, keepers or conductors of public halls and ball rooms, and regulating the conducting thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. *Definitions.* The term "dance", for the purpose of this ordinance shall include:

Every dance not held in a private home or residence.

Any class in which instruction in dancing is given for hire.

The term "dance hall" shall mean any hall, room, pavilion or place in

which a dance, as above defined, is to be held.

Section 2. For the purposes of this ordinance, dances, as herein defined, shall be classified in divisions as follows:

Division "A" shall include all dances of bona fide social character, to which admission is limited strictly on invitation of the person, organization, society, or corporation, acting as host and for which no fee, either by way of admission, or in any other manner, is charged.

Division "B" shall include all dances given by any bona fide fraternal, charitable, religious or benevolent organization having a regular membership associated primarily for mutual, social, mental and civic welfare, to which admission is limited to members and guests for which no fee is charged, the revenue accruing therefrom to be used exclusively for the benevolent purposes of said organizations.

Division "C" shall include all dancing academies and dancing classes in which instruction in dancing is given for hire.

Division "D" shall include all dances for which admission is or is not charged, and to which the public is promiscuously invited, and all other dances within the scope of this ordinance not classified in Divisions "A", "B" and "C".

Section 3. Every person, firm, corporation, association or club that owns, leases, maintains, conducts or keeps a dance hall as in Section 1 described shall pay a license fee as follows, to-wit:

Dances included in Divisions "A", "B" and "C", as above defined, no license fee.

Dances included in Division "D", as above defined, shall pay a license of \$7.50 per quarter.

Such license shall be paid in addition to any liquor or other license required by law.

Section 4. The Tax Collector shall not issue any license, or a renewal thereof, for dances included in Division "D" unless the person, firm, corporation, association or club applying therefor has first obtained a permit to conduct said dance from the Board of Police Commissioners.

Section 5. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not exceeding Five Hundred (\$500) Dollars or by imprisonment in the County Jail not exceeding six (6) months, or by both such fine and imprisonment.

Section 6. Ordinance No. 754 is hereby repealed.

Section 7. This ordinance shall take effect immediately.

Relative to Extensions of Time of Twin Peaks Tunnel Contract.

On motion of Supervisor Deasy:

Resolution No. 11182 (New Series), as follows:

Whereas, The specifications for the construction of the Twin Peaks Ridge Tunnel provide that "the contractor will be required to commence the work herein required under (the) contract within fifteen (15) calendar days after the date of signing the contract therefor, and to prosecute it diligently from day to day thereafter at such a rate as will enable him to complete the various parts and the whole of the required work within six hundred (600) calendar days after the signing of the contract"; and

Whereas, Prospective bidders declare that owing to the magnitude of the work the method provided for payment of the contract price and the difficulties of financing the work, the aforesaid time for completing the work is too short; and

Whereas, By reason of the aforesaid it is probable that no bids will be received by the Board of Public Works unless the Board declare its policy as to extensions of time made pursuant to the provisions of the Charter for the doing of said work;

Now therefore, be it Resolved, That the Board does hereby declare its policy with reference to such extensions of time as follows: This Board, upon recommendation of the Board of Public Works, made pursuant to the provisions of Section 21, Chapter I, Article XI of the Charter of the City and County of San Francisco, will grant extensions of time for the doing of said work not exceeding in all, however, four hundred calendar days.

Section 3. This Ordinance shall take effect and be in force from and after its passage.

**Blasting Permit.**

Also, Resolution No. — (New Series), as follows:

Resolved, That A. T. Jansson is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts for a period of ninety days for the purpose of removing rock during the process of grading Castro street between Twentieth and Valley streets, provided that said permittee shall execute and

file a good and sufficient bond in the sum of five thousand (\$5000.00) dollars, as fixed by the Board of Public Works, and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided also that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this resolution are violated by the said A. T. Jansson, then the privilege and all rights accruing thereunder shall immediately become null and void.

**Adopted.**

The following Resolutions were adopted:

**Extensions of Time.**

On motion of Supervisor McCarthy. Resolution No. 11183 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted the following extensions of time to complete street work:

Sixty days' time from and after September 21, 1914, within which to complete contract for work on the roadway of Ney street between Mission and Craut streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that considerable work has been done on this block, and extra time is required by the contractors to complete their contract.

Sixty days' time from and after September 30, 1914, within which to complete the contract for street work on the roadway of Russia avenue between Mission and Moscow streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractors have done considerable work on this street.

Sixty days' time from and after September 21, 1914, within which to complete the contract for street work on the roadway of Folsom street between Cortland avenue and Eugenia avenue.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that work is now well under way.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

**Extension of Time.**

Also, Resolution No. 11184 (New Series), as follows:

Resolved, That State Improvement

Company is hereby granted an extension of thirty days' time from and after September 24, 1914, within which to complete contract for the sewerage of old Ocean and Junipero Serra Boulevard.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the parties to whom excavation work has been sublet failed to undertake the work.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Relative to Removal of Cable Tracks on Fifth Avenue by Geary Street, Park and Ocean Railway Company.

Also, Resolution No. 11186 (New Series), as follows:

Whereas, By Resolution No. 10986 (New Series), the Geary street, Park and Ocean Railway Company was ordered to remove the cable tracks from Fifth avenue between Geary and Fulton streets on the grounds that the same constituted a public nuisance.

And Whereas, Said Geary Street, Park and Ocean Railway Company has consented to comply with the requirements of said resolution respecting the cable tracks on Fifth avenue at its own expense, provided that the City and County of San Francisco enter into an agreement releasing it from any further liability for the maintenance of street railroad equipment in this City and County,

And Whereas, the City Attorney and the City Engineer report that there is no further equipment owned or maintained by said company which they can be legally compelled to remove.

Now Therefore, be it Resolved, That the Mayor of the City and County of San Francisco be and he is hereby authorized and directed to enter into an agreement with said Geary Street, Park and Ocean Rail-

way Company on behalf of the City and County of San Francisco wherein it shall be provided that if said removal of tracks is made by said company in accordance with and subject to the specifications of the City Engineer and at its own expense then no further demands will be made upon said company for the removal of any other equipment, or if for any reason it shall be found necessary that any other equipment must be removed, such removal shall be made without expense to the Geary Street, Park and Ocean Railway Company.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

City Agrees to Pave Twenty-Foot Strip Along Corbett Avenue from Stanford Heights to Sloat Boulevard.

On motion of Supervisor McCarthy.  
 Resolution No. 11187 (New Series)

Accepting and agreeing to perform the terms and conditions to be performed by the City and County of San Francisco contained in the communication accompanying the deed dated May 5, 1914, from C. A. Hawkins, Alfred L. Meyerstein, John H. Spring, Residential Development Company of San Francisco, a corporation, and Westgate Park Company, a corporation, of all their right, title and interest in and to a certain portion of Corbett avenue.

Whereas, C. A. Hawkins, Alfred L. Meyerstein, John H. Spring, Residential Development Company of San Francisco, a corporation, and Westgate Park Company, a corporation, have made, executed and delivered to the City and County of San Francisco a deed, dated May 5, 1914, conveying all their right, title and interest in and

to a certain seventy-foot strip running along the course of said Corbett avenue from the westerly line of Stanford Heights to the westerly line of the San Miguel Rancho and accompanying said deed with the following communication:

"San Francisco, May 5, 1914.

"To the Honorable, the Board of Supervisors of the City and County of San Francisco.

"Gentlemen: The undersigned owners of all the property fronting on Corbett avenue from the westerly line of the tract of land known as Stanford Heights to the tracks of the United Railroads at Sloat Boulevard, with a view of bringing about the immediate construction of a smooth and noiseless boulevard with a better alignment and on a more feasible grade than at present, hereby tender to your Honorable Board for the City and County of San Francisco, the accompanying duly executed deed of even date, conveying all our right, title and interest to a seventy (70) foot strip running along the course of said Corbett avenue from the said westerly line of Stanford Heights to the westerly line of San Miguel Rancho, for your acceptance on the following terms and conditions, to-wit:

"First—That Corbett avenue as it now exists be closed; that we, the undersigned make certain minor improvements in alignment, and add sufficient land thereto to increase it to a width of seventy (70) feet; that such seventy (70) foot strip be opened as a street and that the nine (9) small pieces of land formed by the realignment be deeded to the abutting property owners, in accordance with the provisions of Chapter 690 of the Statutes of 1911.

"Second—That we, the undersigned, grade at our own expense the said seventy (70) foot strip to a grade satisfactory to the Honorable, the Board of Public Works, and to the City Engineer.

"Third—That we, the undersigned, where concrete curbs are not already constructed, curb at our own expense with concrete curbs conforming to city specifications, both sides of a forty (40) foot roadway along the center of said seventy (70) foot strip.

"Fourth—That the City and County of San Francisco pave, in accordance with specifications furnished by the City Engineer and required by your Honorable Board, a twenty (20) foot strip along said roadway from the said westerly line of Stanford Heights, and to the said tracks of the United Railroads; and that the sum of thirty thousand (\$30,000.00) dollars be appropriated by your Honorable Board to pay the cost of such paving; and that

a contract therefor be let to the lowest responsible bidder, in consideration of which we, the undersigned, will enter into a contract for paving at the same time, in like manner, and at our own expense, the balance of said roadway, thus completing said thoroughfare between said points. Respectfully submitted,

"RESIDENTIAL DEVELOPMENT COMPANY OF SAN FRANCISCO.

"By EDWIN FOWLER.

"WESTGATE PARK COMPANY.

"By C. C. YOUNG, Secretary.

"C. W. HAWKINS.

"ALFRED L. MEYERSTEIN."

Resolved, That the City and County of San Francisco hereby agrees to pave, in accordance with the specifications furnished by the City Engineer and approved by this Board, a twenty-foot strip along said roadway from the said westerly line of Stanford Heights to the tracks of the United Railroads at Sloat Boulevard and to expend therefor the sum of thirty thousand (\$30,000.00) dollars or so much thereof as may be necessary for that purpose.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hocks, Jennings, Kortick, McCarthv, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

Increasing Award to Sallie Clot and Louise Kaechele in Matter of Acquisition of Land for Twin Peaks Tunnel Purposes.

Resolution No. 11189 (New Series).

Whereas, In the matter of the acquisition of lands and rights of way necessary in the construction of the Twin Peaks Ridge Tunnel an award was made to Sallie Clot for property belonging to her in the amount of \$6,920.00, and to Louise Kaechele in the amount of \$2,450.00; and

Whereas, Said Sallie Clot and Louise Kaechele have contested the award made to them; and

Whereas, In order that said property may be acquired without condemnation proceedings, it appears advisable that said awards be raised; now therefore be it

Resolved, That said award to Sallie Clot be raised to the sum of \$7,237, said Sallie Clot being further permitted to remove and retain the house situated on the property; and that said award to Louise Kaechele be raised to the sum of \$2,500.00; and the City Attorney is hereby authorized and directed to purchase said property for the respective amounts so awarded.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hocks, Jennings, Kortick, McCarthv, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

**City Attorney to Condemn Land for Twin Peaks Tunnel Purposes.**

Resolution No. 11190 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco that the immediate acquisition of the lands hereinafter described is an imperative necessity for the purpose of constructing a tunnel known and designated as the "Twin Peaks Ridge Tunnel" the construction of which has been ordered by the Board of Supervisors of the City and County of San Francisco pursuant to proceedings had and taken in pursuance of the Tunnel Procedure Ordinance. Said lands to be acquired for the public use are situated in the City and County of San Francisco and bounded and described as follows, to-wit:

Beginning at a point distant northerly two hundred forty-seven (247) feet six (6) inches from the northerly line of Eighteenth street, measured at right angles thereto and distant easterly seventy and eight hundred ninety-seven thousandths (70.897) feet from the easterly line of Douglass street, measured at right angles thereto; running thence westerly and parallel with the northerly line of Eighteenth street seventy and eight hundred ninety-seven thousandths (70.897) feet to the easterly line of Douglass street; thence northerly along the easterly line of Douglass street twenty-five (25) feet; thence at right angles easterly one hundred twenty-five (125) feet; thence at right angles southerly nine and three hundred seventy-four thousandths (9.374) feet to a point in a curve convex to the north of a radius of eleven hundred thirty-four (1134) feet; thence to the right and curving to the left along said curve fifty-six and three hundred nineteen thousandths (56.319) feet to the point of beginning. Being a portion of Horner's Addition Block No. 205.

That the City Attorney of the City and County of San Francisco is hereby authorized and directed to forthwith institute in the Superior Court of the State of California in and for the City and County of San Francisco proceedings in eminent domain for the condemnation of such lands against the owners of and all persons having or claiming to have an interest in the lands hereinabove described, or any part or portion thereof, for the purpose of acquiring the title and fee of the said above described lands for the City and County of San Francisco, a municipal corporation, for the public use and purposes herein set forth.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock,

Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

Absent—Supervisor Hilmer—1.

Also, Resolution No. 11191 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco that the immediate acquisition of lands hereinafter described is an imperative necessity for the purpose of constructing a tunnel known and designated as the "Twin Peaks Ridge Tunnel," the construction of which has been ordered by the Board of Supervisors of the City and County of San Francisco pursuant to proceedings had and taken in pursuance of the Tunnel Procedure Ordinance. Said lands to be acquired for the public use are situated in the City and County of San Francisco and bounded and described as follows, to-wit:

Beginning at the southwest corner of Castro and Seventeenth streets; thence southerly along the westerly line of Castro street fifty-two (52) feet three and three-quarters ( $3\frac{3}{4}$ ) inches; thence northwesterly on a curve to the left of twenty (20) feet radius (said curve being tangent to the westerly line of Castro street) forty-one (41) feet one and three-eighths ( $1\frac{3}{8}$ ) inches; thence, a reverse curve to the right of twelve hundred (1200) feet radius and along said curve twenty-eight (28) feet ten and one-half ( $10\frac{1}{2}$ ) inches to a point which is fifty-five (55) feet measured at right angles westerly from Castro street; thence northerly forty-seven (47) feet nine and one-eighth ( $9\frac{1}{8}$ ) inches to the southerly line of Seventeenth street; thence easterly along the southerly line of Seventeenth street fifty-five (55) feet to the point of beginning.

Being a part of Horner's Addition, Block No. 197.

That the City Attorney of the City and County of San Francisco is hereby authorized and directed to forthwith institute in the Superior Court of the State of California in and for the City and County of San Francisco proceedings in eminent domain for the condemnation of such lands against the owners of and all persons having or claiming to have an interest in the lands hereinabove described, or any part or portion thereof, for the purpose of acquiring the title and fee of the said above described lands for the City and County of San Francisco, a municipal corporation, for the public uses and purposes herein set forth.

#### Extension of Time.

On motion of Supervisor McCarthy. Resolution No. 11192 (New Series), as follows:

Resolved, That the Raisch Improvement Company is hereby granted an extension of thirty days' time from and after September 28, 1914, within which to complete contract for improving Seventh avenue, between Kirkham and Lawton streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that an unusual amount of grading is necessary and time allowed is inadequate.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

#### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

##### Adopted.

The following Resolutions were introduced under suspension of the rules and *adopted*:

##### Lighting of Third Street.

On motion of Supervisor Gallagher: J. R. No. 1425.

Whereas, Suggestions have been made from time to time regarding the proper lighting of Third street, and the matter having been in the hands of the Lighting Committee at different intervals; therefore be it

Resolved, That the Lighting Committee be and is hereby directed to report at the next meeting of the Board its recommendations and suggestions regarding the proper and adequate lighting of Third street.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—16.

##### Improvements of Facilities of Municipal Railway.

On motion of Supervisor Gallagher: J. R. No. 1426.

Resolved, That the following suggestion for increased patronage and efficiency of the Municipal Railways be put into effect:

1. That all cars which go to Exposition grounds have a special sign to that effect.

2. That the Exposition directors be requested to establish a main gate at the terminus of the Municipal Railways.

3. The Publicity Committee of the Board take steps to acquaint citizens with the routes and particularly the transfer arrangements obtained on our railroads.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—16.

##### Relative to Payment of Claim for Runabouts for Fire Department.

Supervisor Kortick presented:

J. R. No. 1427.

Whereas, The Board of Fire Commissioners, in the exercise of the discretion vested in it by the Charter of the City and County of San Francisco, has purchased three Paige-Detroit roadsters from the Reliance Automobile Company for \$3750.00 and three Overland runabout automobiles from J. W. Leavitt & Company for \$3708.75, and

Whereas, the Finance Committee disagrees with the action of the Board of Fire Commissioners in purchasing said automobiles, and

Whereas, the demands of the Reliance Automobile Company and J. W. Leavitt & Company, approved by the Fire Commissioners, were submitted to the Finance Committee about two months ago for its approval, and

Whereas, the Finance Committee withholds its approval of said demands and has not presented them to this Board for action by said Board; therefore, be it

Resolved, That the Board of Supervisors hereby respectfully requests the Finance Committee to submit these demands directly to the Board for such action thereon as the Board may deem proper and necessary.

##### Privilege of the Floor.

*Lewis F. Byington*, attorney, representing claimant, was granted the privilege of the floor, and urged the adoption of the Resolution. He said he had taken the matter up with the Finance Committee, but had been unsuccessful. He believed that the power lay in the Board of Supervisors to order the claim paid.

##### Adopted.

Thereupon, the foregoing Resolution was *adopted*, as J. R. No. 1427, by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Kortick, McLeran, Murdock, Nelson, Nolan, Power, Suhr, Vogelsang, Walsh—13.

Read and ordered *filed*.

Report of Supervisor John O. Walsh, Delegate to Inland Waterways Convention.

The following report was presented, read by the Clerk and ordered spread at length in the Journal:

San Francisco, September 28, 1914.

To the Honorable Mayor and Board of Supervisors, San Francisco, Cal.

Gentlemen: I herewith submit my report as your delegate to the Inland Waterways Convention, held at the City of Stockton, Cal., September 24, 25 and 26, 1914.

In the absence of the president, George C. Pardee, Vice-President Chester H. Rowell called the convention to order at 10 a. m. There were about 100 delegates present from all parts of the State.

Mayor Rubenstein delivered an address of welcome and he laid special stress on the control of the flood waters of the San Joaquin and the Sacramento rivers, and outlined what

could be accomplished for navigation, irrigation and reclamation if an intelligent plan of flood control could be carried out by storing the flood waters in reservoirs in the mountains, thus lessening the danger of flood to reclaimed lands and increasing the available supply of water for irrigation purposes. The chairman replied, and he referred to the many seemingly conflicting interests—those of navigation, irrigation, reclamation and water power development—which must be taken into account in dealing with water problems on a broad, comprehensive scale. He stated the thing of first importance is to make the San Joaquin River navigable as far as Fresno, and declared that production without cheap transportation would be useless.

Mr. Dennett of Modesto spoke on "What Benefit Can Our Inland Waterways Association be in Matters Pertaining to the Problems of Irrigation?" The subject caused lengthy discussion.

Mr. Cowell of San Francisco spoke on the National Drainage Convention to be held in San Francisco in 1915. He said it was planned to bring experts here from all parts of the world and to use the Sacramento and San Joaquin valleys as great laboratories in working out water problems.

Mr. Sidney Van Wyck spoke on the benefits the people would derive from impounding flood waters if the State would build the reservoirs and control and distribute the water. He declared that individual or local ownership was detrimental to the State at large.

Mr. Dittmar of Redding read a paper on the work of the Inland Waterways Association with reference to reclamation. He advocated the reservoir system.

Mr. McClatchy of Sacramento, chairman of the State Reclamation Board, replied to Mr. Dittmar. He said engineers differed in opinion as to whether the reservoir system would be adequate, and stated that the State was going forward with the construction of the by-pass in the Sacramento River.

Joseph R. Knowland, Francis J. Heney and James D. Phelan addressed the convention on the relationship that should exist between the State and Federal governments on irrigation, navigation and reclamation problems.

Mr. McM. Ross of Stockton read a very interesting paper on "Water Problems of the San Joaquin Valley. How can the Inland Waterways Association serve in their solution?" "The problem involves," he said, "the con-

trol of the flood waters of eleven rivers, all discharging into the San Joaquin Valley from the western slope of the Sierra Nevada Mountains. I would make the whole State of California one reclamation district under the control of a board of engineers. The management of the work I would turn over to the State Engineering Department, the State Engineer to be chairman of the Board."

Mr. Pridham, chairman of Los Angeles County Board of Supervisors, spoke of the magnificent waterway. "I don't believe," said he, "that the people of Stockton fully appreciate the value of their harbor. If we had a waterway like that we would deepen the channel and have ocean going vessels visiting our harbor regularly."

Mr. Hawgood, chairman of the Los Angeles Flood Control Board, read an interesting paper: "Water Problems of the South of Tehachapi Section. How can the Inland Waterways Association serve in their solution?" He stated that the flood losses of Southern California last year were \$10,000,000; also, that the Board of Supervisors had appointed a board of Flood Control Engineers, and that the board has a force of seventy men in the field gathering information and working on a plan of flood control. He declared that the problem is too big for them to handle alone, and that the aid of the State government and the National government must be secured; he made a strong plea for the aid and co-operation of the Inland Waterways Association of California in the solution of the problem of the South.

Mr. Maxwell of Detroit read a very interesting paper on "National Aspect of the Newlands-Broussard Bill," and explained it at length.

Mrs. Green of Stanford University read an excellent paper on the "Interest of the Women of California in the Newlands-Broussard Bill." She endorsed the bill. The convention ordered the paper printed and given wide circulation.

Ex-Governor Pardee of Oakland was not present. His paper on "Work of the Conservation Commission as Related to the Newlands-Broussard Bill," was read by Mr. Jones, attorney for the Conservation Commission, who explained the bill at some length.

The entire plan of organization of the Waterways Association was changed by making the executive committee 25 instead of 15—ten members will be from the southern counties. The method of obtaining revenue was also outlined.

The following resolutions were adopted:

Endorsing the movement to secure

a large attendance at the International Drainage and Flood Congress in San Francisco during the first week in February, 1915.

The Newlands-Broussard Bill.

The movement for a comprehensive policy of controlling the Colorado River flood problems.

The movement for the control of the Los Angeles and Southern California flood problems.

The Sacramento by-pass project, Constitutional Amendments 42 and 84.

Resolutions were also adopted instructing the legislative committee of the Inland Waterways Association to initiate measures, State and Federal, committing the governments to a policy of acquiring reservoir sites for storage and power development purposes and establishing a policy of compensating landowners for lands taken for reservoir sites.

On Friday morning I was called on and spoke on the relations that should exist between the district initiating any project dealing with water problems and the State government. The district and State government should co-operate to secure the aid of the National government. By co-operation, improvements of inestimable value to the State at large could be secured at a minimum cost to the people. Respectfully submitted,

JOHN O. WALSH.

#### MAYOR'S VETO.

##### Outdoor Park Permit.

The following communication was presented, read, ordered printed at length in the Journal and *laid over one week* and made a Special Order of Business for 3 p. m.:

September 24, 1914.

To the Honorable Board of Supervisors of the City and County of San Francisco, San Francisco, Cal.

Gentlemen: I hereby return to you, without my approval, Resolution No. 11171 (New Series), granting permission to "the owners or lessees of the property bounded by Van Ness avenue, Grove, Franklin and Hayes streets, in the City and County of San Francisco, to conduct an outdoor park upon said premises, etc."

This resolution does not, on its face, purport to extend to any known individual by name, any privilege, but attempts to confer on a lot or specific piece of land, the privileges of certain forms of amusement.

To me this appears particularly objectionable.

But there is a more important objection:

Unless there are good reasons shown why an exception should be made in this particular case—and no such

reasons have been shown—this resolution appears to be in direct conflict with the spirit of Resolution No. 11147 (New Series), adopted by your Honorable Board September 10, 1914, and approved by me September 19, 1914. This resolution reads as follows:

"Resolution No. 11147 (New Series).

"Whereas, the approaching opening of the Panama-Pacific Exposition with attendant influx of visitors is causing numerous persons to seek the privilege of giving various kinds of entertainments and sale of numerous novelties on the streets and in the different localities of San Francisco;

"Whereas, it is the desire of the city to co-operate fully in making the Panama-Pacific Exposition and the entertainments therein an unmeasured success in every respect; therefore, be it

"Resolved, That under existing laws and ordinances the Board of Supervisors declares its intention of restricting, so far as consonant with public welfare, the number of entertainments, shows and concessions which are to be conducted outside the Fair grounds, and also to prohibit the opening of amusement concessions in the immediate vicinity of the Exposition; and all applications for privileges and licenses will be carefully scrutinized and all applications for privileges, the conduct of which may be objectionable, in any sense, will be denied.

"And that all requests for permits to conduct exhibitions shall be referred to the Exposition and Police Committees of this Board for such recommendations as it deems advisable."

While I feel now, as at the time Resolution No. 11147 was adopted, that the Panama-Pacific International Exposition and its concessions are not entitled to a monopoly of the entertainment and amusement features of San Francisco, nevertheless, we are all cognizant of the fact that San Francisco has, by a public bond issue, invested \$5,000,000 in this enterprise; the State of California has invested \$5,000,000; the citizens of San Francisco have subscribed many millions. Every reasonable effort should be made to protect this enterprise for the benefit of the community.

San Francisco owes this as a duty to the State of California, to our citizens at large who voted the bonds and to the citizens who generously contributed, for patriotic reasons, to make the Exposition possible at San Francisco.

It behooves the government of San Francisco, as holding a trust for the Nation and State, as well as for her

## REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Lighting and Rates Committee, by Supervisor Nolan, Chairman.

Public Buildings Committee, by Supervisor Bancroft, chairman.

Health Committee, by Supervisor Walsh, Chairman.

Streets Committee, by Supervisor McCarthy, Chairman.

Abolishment of Water Rates Committee.

Consideration of resolution providing for abolishment of Water Rates and Service Committee, and the taking over of its functions by the Public Utilities Committee was, on motion of Supervisor Gallagher, *laid over one week.*

## UNFINISHED BUSINESS.

## Final Passage.

The following matters heretofore passed for printing, were taken up, *finally passed* by the following vote:

Amending Building Law, Pergolas and Wind Shelters.

Bill No. 3210, Ordinance No. 2925 (New Series), as follows:

Amending Section 233 of the Building Law relating to the construction of pergolas and wind shelters.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 233 of Ordinance No. 1008 (New Series), known as the Building Law, is hereby amended so as to read as follows:

Section 233. Appendages of FRAME buildings used as "Pergolas" or "Wind Shelters" which exceed the allowed limit of height of said FRAME buildings shall have such construction, if not wholly of FIRE-PROOF MATERIAL, enclosed with FIREPROOF MATERIAL; however, such construction on roofs shall not exceed thirty-three and one-third (33 1/3%) per cent of the area of said roof, and the limit shall not exceed eight (8) feet from roof covering; and, further, no roof or covering shall be permitted upon said "Pergola" or "Shelter," and the same, if enclosed above the height of three (3) feet, shall be of glass only.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, McCarthy, McLeran, Nelson, Nolan, Power, Suhr, Vogelsang, Walsh—14.

Noes—Supervisors Bancroft, Jennings, Murdock, Payot—4.

own citizens, to do nothing that could possibly be construed as a violation of her trust, or cause an injury or hindrance to its success.

The amusement concessions are among the largest contributors to the maintenance and insurance of this great institution.

The city cannot afford, by granting privileges in opposition to her tax-supported Exposition, to harass or interfere with the success of this vast undertaking.

San Francisco's good name and repute are bound up with its success. It is a matter of honor on the part of the city that she shall do nothing to retard and that she shall do everything to advance the Exposition.

The world, the Nation and the State and our own citizens look to our government to carry out this trust in letter and spirit.

I, therefore, feel that, unless strong reasons are furnished that could justify an exception being made in the licensing of this particular opposition to the Exposition, we, as a government, have no right to make such exception.

Therefore, I return you this Resolution No. 11171 (New Series), without my approval. Respectfully,

JAMES ROLPH, JR.,

Mayor, City and County of San Francisco.

## HEARING OF APPEALS—STREET IMPROVEMENTS.

Crossing of Edna Street and Sunnyside Avenue.

Hearing of appeal of Mary Linn against assessment issued by the Board of Public Works for the improvement of the crossing of Edna street and Sunnyside avenue.

## Motion.

Supervisor McCarthy moved that the subject-matter of the foregoing appeal be referred to the City Attorney.

Motion carried.

Rhode Island Street, Between Nineteenth and Twentieth Streets.

Hearing of appeal of property owners against action of Board of Public Works in overruling protest against assessment for the improvement of Rhode Island street, between Nineteenth street and Twentieth street.

## Privilege of the Floor.

P. A. Bergerot, attorney, representing property owners, was granted the privilege of the floor and asked for a continuance of the hearing.

## Action Deferred.

Whereupon, on motion of Supervisor McCarthy, the foregoing matter was *laid over one week.*

Denying Application to Light and Maintain Electrolliers on Larkin Street from Golden Gate Avenue to Sutter Street.

Supervisor Nolan presented:

J. R. No. —.

Resolved, That the application of property owners for the lighting and maintenance by the city of 42 Eagle type electrolliers on Larkin street, between Golden Gate avenue and Sutter street, is hereby denied.

#### *Privilege of the Floor.*

*W. S. Maxim*, representing the Polk Street Improvement Association, was granted the privilege of the floor and stated that he wished the property owners on Polk street to be heard, as the matter was of vital interest to them. He introduced Mr. Leslie R. Couples.

*Leslie R. Couples*, representing the Hind Estate Co., stated that business on Larkin street is being held up by unattractive lighting facilities. He urged the adoption of the resolution. In answer to the question, he said he was not a member of the Polk Street Improvement Association.

*J. B. Rothchild* stated that he was the proprietor of a nickelodeon on said street and that business was injured by inadequate lighting. He declared that people remained at home unless attracted by brightly lighted streets.

*J. Durnim*, property owner, declared that he was unable to rent his store, but that if lighting facilities were improved that business conditions would also show rapid improvement. He stated that he was not a member of the Polk Street Improvement Association.

*Moses Stern* stated that he was a member of the Polk Street Improvement Association and favored the proposed resolution. He believed that the property owners on the street were entitled to this improved lighting service inasmuch as they had agreed to pay for the electrolliers and present them to the city.

**Substitute.**

*Supervisor Hayden* offered the following substitute:

Be it Resolved by the Board of Supervisors of the City and County of San Francisco, That the Pacific Gas and Electric Company be, and is hereby directed to light and maintain forty-two Eagle type electroliers on Larkin street, between Golden Gate avenue and Sutter street, at the contract price, and that no other charge or charges shall be made by the Pacific Gas and Electric Company for the underground wiring, conduits, or connections, and be it further

Resolved, That the Pacific Gas and Electric Company be directed to begin the work at once and complete the same as soon as possible.

All the above forty-two electroliers to be lighted until midnight, then one-half to be turned off.

**Action Deferred.**

Whereupon, on motion of Supervisor Nolan, the entire matter was *laid over one week.*

**Adopted.**

The following resolutions were *adopted*:

The following Resolutions were *adopted*:

Board of Harbor Commissioners to Sea Wall Along Channel Street.

On motion of Supervisor McCarthy:

J. R. No. 1435.

Whereas, The Board of Public Works in communication filed September 17, 1914, requested this Board to petition the State Board of Harbor Commissioners to appropriate the sum of one hundred and fifty thousand (\$150,000) dollars to construct nine hundred lineal feet of permanent type sea wall in Berry street, between Second and Third streets, along the line of Channel street, by filling a dredged trench with rock and capping the same with a concrete wall on a foundation of piles; therefore,

Resolved, That the Board of Harbor Commissioners be and is hereby requested to construct nine hundred lineal feet of permanent type sea wall in Berry street, between Second and Third streets, along the line of Channel street, by filling a dredged trench with rock and capping the same with concrete wall on a foundation of piles.

Mayor to Sell Automobile Parts in Possession of Department of Electricity.

On motion of Supervisor Hilmer:

J. R. No. 1436.

Resolved, That the Mayor be and is hereby authorized and requested to sell to A. D. McLellan, 423 Market street, for the sum of seventeen (\$17) dollars, the following described Brush automobile parts now in possession of the Department of Electricity, being personal property unfit and unnecessary for the use of the city and county, viz:

1 transmission housing; 4 transmis-

sion studs; 1 universal drive shaft; 5 pairs connecting rod bearings; 2 transmission bearings; 2 transmission clips; 2 transmission take-ups; 1 pinion; 2 jack shaft bearing bushings; 2 jack shaft sprockets 16-tooth  $\frac{1}{2}$ -inch; 1 tension spring; 2 wheel sprockets, 50-tooth  $\frac{3}{8}$ -inch face; 1 radius rod tension member, complete.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Releasing Globe Indemnity Company From Liability on Brown & Power Contract for Books.

On motion of Supervisor Hilmer:

J. R. No. 1437.

Resolved, That the Globe Indemnity Company of New York, surety on the bond of Brown & Power Stationery Company, who held a contract for furnishing certain books during the fiscal year 1913-14 to the City and County, is hereby released from future liability upon said bond, it appearing that said contract expired by express terms on June 30, 1914, and further the said Globe Indemnity Company of New York has reimbursed the City and County in the sum of ninety-two and 94-100 (\$92.94) dollars in satisfaction of loss sustained by said City and County by the default of above named contractor upon said contract for books.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

**Action Deferred.**

The following resolution, laid over from last week, was taken up and again *laid over one week*:

Lease of School Lot, Stockton and Bush Streets.

J. R. No. —.

Whereas, The certain school lot situate at the southeast corner of Stockton and Bush streets appears to be a suitable location for lease, occasioned by the reason of the construction of the Stockton street tunnel; and

Whereas, It appears that the said lot is not required for school purposes and might bring a revenue to the City; therefore be it

Resolved, That the attention of the Board of Education is respectfully called to the advisability of offering the said land for lease for a term of years in accordance with the provisions of the Charter; and be it further

Resolved, That Journal Resolution 1351 be and is hereby repealed.

Adopted.

The following resolution was adopted:

Release of Penalty, Twin Peaks Tunnel Assessment.

#### CONFIRMING THE SALE OF LANDS TO F. E. KNOWLES.

Consideration of matter of confirming sale to F. E. Knowles for \$36,000 of certain land required for the straightening of right of way of the Municipal Railway from Eleventh street into Potrero avenue, fixed for 3 p. m. this day, was proceeded with.

#### Announcement.

His Honor Mayor Rolph announced that pursuant to Resolution No. 11013 (New Series), he had sold at private sale to F. E. Knowles for \$36,000 certain city land in Mission Block No. 42½, which sale together with exchanges of other land was required to perfect the right of way for the Potrero branch of the Municipal Railway, and that such sale, in accordance with the Charter requirements, was now up for confirmation, unless bid is increased at least 10 per cent.

Thereupon, his Honor the Mayor asked if there was anyone in the chambers who desired to increase the bid of \$36,000 made by F. E. Knowles.

*No response.*

#### Passed for Printing.

Whereupon, the following bill was passed for printing:

Bill No. 3231, Ordinance No. — (New Series), confirming the sale of lands to F. E. Knowles:

Whereas, By Resolution No. 11,013, duly approved on the 6th day of July, 1914, the Mayor of the City and County of San Francisco was duly authorized to sell at private sale the following described land owned and held by the City and County of San Francisco sit-

uated within the district between Ninth and Eighteenth streets, lying in what was formerly Mission Creek, and being more particularly described as follows, to-wit:

Beginning at a point on the southwesterly line of Tenth street, distant thereon thirty-five and three hundred eighty-one thousandths (35.381) feet northwesterly from the point of intersection of the southwesterly line of Tenth street with the northerly line of Division street, and running thence northwesterly along the southwesterly line of Tenth street one hundred forty-six and nine hundred twenty-three thousandths (146.923) feet; thence deflecting 49° 28' 07" to the left and running one hundred eighty-four and three hundred seventy-seven thousandths (184.377) feet; thence deflecting 90° 00' 23" to the left and running one hundred seventeen and two hundred twenty-three thousandths (117.223) feet; thence deflecting 91° 07' 50" to the left and running two hundred seventy-nine and eight hundred ninety-nine thousandths (279.899) feet to the point of beginning; being a portion of Mission Block No. 42½; and

Whereas, After due notice said sale was held by the Mayor and the whole of said described land sold to F. E. Knowles for the sum of \$36,000, said sum being the highest sum bid at said sale; and

Whereas, The Mayor of the City and County of San Francisco thereafter reported to the Board of Supervisors in writing the fact of such sale and the sum bid for such land, together with the name of the bidder and requested that this Board confirm the same; and

Whereas, By resolution duly adopted on the 31st day of August, 1914, the Clerk of the Board of Supervisors was ordered to give notice by publication in the official newspaper and one other daily newspaper published in the City and County of San Francisco that at a meeting of the Board of Supervisors to be held on September 28th, 1914, the matter of said sale would come up for confirmation by the Board of Supervisors; and

Whereas, It now appears that the sum of \$36,000 bid for said property, as aforesaid, is not disproportionate to the value of the property sold, but is in excess of the appraised value of the same as found by the Mayor, the Assessor and the Chairman of the Finance Committee in an appraisal made in conformity with the requirements of the charter, and that a greater sum cannot be obtained therefor; now

Therefore, Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. That the sale of the above described property made on the 15th day of August, 1914, by the Mayor

of the City and County of San Francisco to F. E. Knowles for the sum of \$36,000 is hereby ratified, approved and confirmed.

Sec. 2. The Mayor of the City and County of San Francisco is hereby directed to execute a deed conveying all the right, title and interest of the City and County of San Francisco in and to said property to said F. E. Knowles in consideration of said sum of \$36,000, and to deliver the said deed to him upon payment to the City and County of San Francisco of the above-named sum.

Sec. 3. This ordinance shall take effect immediately.

Noes—Supervisors Jennings, McCarthy—2.

Re-routing United Railways Cars Nos. 4, 17 and 20.

The hearing in the matter of the petition of certain property owners in the Sunset District for the re-routing of United Railroads cars Nos. 4, 17 and 20 so as to afford them transportation to and from the Ferry, fixed for 3 p. m. this day, was taken up.

#### Privilege of the Floor.

Clarence W. Riffie, representing property owners in Sunset District, was granted the privilege of the floor and addressed the Board. He declared that at present there was no communication between the Sunset District and the Ferry. The present line connecting Sunset and the Downtown District crosses itself four times. It can be shortened by four blocks. He believed that relief would be afforded by the proposed re-routing and that no injury would be done to those living in the Richmond District.

A. C. Campbell was also granted the privilege of the floor. He declared that it was proposed to serve no self-interest or to injure the property owners or business men of Richmond District. He thought that if it were possible to run a line down Hayes street it would serve the needs of Sunset very well.

Olin Berry, representing Parkside, also addressed the Board. He urged the passage of the proposed ordinance as an urgent need for the growing requirements of Oceanside, Sunset and Parkside districts.

D. S. O'Brien declared that Sunset, Parkside and Oceanside districts, on account of their growing importance, were entitled to better car service to the Ferry. He said he was not committed to this particular plan and did

not want anything done that would be to the detriment of other districts. He urged, however, that something be done to relieve the condition.

F. W. Sawyer, representing the Golden Gate Park Federation of Improvement Clubs, also addressed the Board, urging the adoption of the proposed plan and the re-routing of cars Nos. 4, 17 and 20.

Mrs. Benson, representing the Sunset Women's Club, Geo. Gerhart, representing the Haight and Ashbury Improvement Club, and Dr. C. D. Salfield also addressed the Board favoring the proposed litigation.

Chester Williamson, representing the Divisadero Street Improvement Club, also addressed the Board. He opposed the proposed ordinance on the ground that it would work to the detriment of the business men on Divisadero street. He spoke of the importance of Divisadero street as one of the two important cross-town streets in the Western Addition and urged that nothing be done in the way of re-routing cars that would impair its prosperity.

Rev. Father McGinty said he represented his congregation and was opposed to the proposed re-routing of cars. In the winter, he said, his parishioners would have to walk three blocks in the rain, where now they can get off at the church door. He did not believe this convenience should be taken from his parishioners who have had it so long. He declared that a similar proposition had been made to re-route these cars seven or eight years ago, that it had been tried and had failed and that the railway company returned to the present schedule.

Mr. Daly and D. Drew also opposed the proposed change of schedule.

#### Motion.

Supervisor Vogelsang moved that the subject-matter be recommitted to the Public Utilities Committee.

#### Adopted.

Supervisor McCarthy presented, as an amendment, the following resolution, which was adopted:

Denying Petition for Re-routing United Railroad Cars Nos. 4, 17 and 20.

On motion of Supervisor McCarthy:  
J. R. No. 1438.

Resolved, That the Board of Supervisors hereby denies the request for the re-routing of cars Nos. 4, 17 and 20 of the United Railroads, but that the Public Utilities Committee be instructed to immediately report to this board such plans for re-routing cars as will give the people of the Sunset District direct transportation from the beach to the ferry.

Consideration of Report of Advisory Water Commission on Purchase of Properties of Spring Valley Water Co.

In the Chambers of the Board of Supervisors, City Hall, 1231 Market street, San Francisco, California, Monday, September 28, 1914, 5 o'clock p. m.

Supervisors present: The full Board of Supervisors was present, viz: Supervisors Paul Bancroft, Con Deasy, A. J. Gallagher, J. Emmet Hayden, Fred L. Hilmer, Oscar Hocks, Thomas Jennings, J. C. Kortick, William H. McCarthy, Ralph McLeran, Charles A. Murdock, Charles Nelson, Edward L. Nolan, Henry Payot, James E. Power, Fred Suhr, Alexander Vogelsang and J. O. Walsh.

His Honor Mayor James Rolph Jr., in the chair. The Board of Supervisors, in regular session. The consideration of the report of the Advisory Water Committee and action of the Board upon the proposition of the Spring Valley Water Company to the City and County of San Francisco to purchase certain properties of the Spring Valley Water Company was set as special order for 4 o'clock p. m. Consideration of a prior special order occupied the attention of the Board until 5 o'clock p. m.

*The Mayor*—Members of the Board: Four o'clock was set apart this afternoon by the Board for the consideration of the report of the Advisory Water Committee upon the proposition of the Spring Valley Water Company to the City and County of San Francisco to purchase the properties of the Spring Valley Water Company. Are there any objections or any reasons why this matter should not be taken up now?

*Supervisor Power*—Mr. Chairman, I would offer a motion at this time, that the Clerk of this Board now read to the Board the offer that was voted upon some two and a half years ago, the \$35,000,000 offer, and also a copy of the offer made some year and a half ago of \$37,000,000 by the city, be read, before proceeding with other matters, in order that the Board may have the entire subject-matter in mind as the report of the Committee is given.

*The Mayor*—Do you want this done before the Committee makes any report at all?

*Supervisor Power*—I understood that the Committee had already made a report and that the report is on file before this Board for the consideration of the Board,

*The Mayor*—It was moved that a day be set apart and a special hour thereof, at which time the Board asked the Advisory Water Committee to be present, to give their views before the Board and present a report.

*Supervisor Power*—No. I understood that the report was made, and that the consideration of the Advisory Water Committee's report was made a special order for this hour.

*The Mayor*—If the Board does not desire to hear from the Advisory Water Committee, let it be so understood.

*Supervisor Power*—I am not taking that stand, and I do not see why you should construe my statement to have that meaning, that we do not want to hear from the Advisory Water Committee. I will state very emphatically that I want to hear from them. But I say, I think, in order to get at this matter intelligently, in view of the fact that we are asked here as a Board of Supervisors to vote to submit or reject the proposition now placed before us, which is greater than either one of those that has been turned down by the people—I think in view of that fact that we ought to have these other offers before us for consideration and comparison with this offer, and I so move.

The motion was seconded.

*Supervisor Gallagher*—Is the motion before the Board now?

*The Mayor*—Yes.

*Supervisor Gallagher*—I suppose every Supervisor has a right to request all the information that he desires in the matter, but I say frankly to you that I am at least nearly familiar enough with the subject, and my recollection serves me nearly correctly enough upon the old offers, so that they do not require any rereading. I am not so much concerned about the old offers or a comparison of them with the present offer, as I am about the merits of the new offer. That is what is concerning me. If the motion goes to a vote, I shall vote against the reading of the old reports for this single reason: We have had this in our hands for weeks, and if there was any Supervisor who desired to read all these old reports he has had ample time to do so, and I do not think the time of the people and the time of the Board needs to be taken up now by any such comparison. I am concerned now, I say, with a consideration of whether I will vote "Yes" or "No" upon the subject-matter of submitting this proposition to the people. The others are in the discard. I submit

that if any Supervisor wants to compare them, he can do so himself.

*Supervisor Murdock*—I see no necessity for reading the rejected offers, Mr. Chairman. We are perfectly willing to concede the facts that Supervisor Power wants to get at. There is no need whatever to take up time in a rereading of the older matters and I hope the motion will be voted down and we will get at the report.

*The Mayor*—It is moved and seconded that the Clerk of the Board be directed now to read the report of the offer that was submitted to the people of this City for the purchase of the property of the Spring Valley Water Company for \$35,000,000, and following that, the offer made by the city to purchase the property at \$37,000,000. Are you ready for the question?

*Supervisor McCarthy* — I have thought considerable over this question, and in the event that any opposition should develop, I was going to ask that those who might be in opposition be permitted, after the report of the Advisory Water Committee, to state their case in the shape of a brief, prepare a brief or a paper to answer the Advisory Water Committee's report, so that each member of the Board can weigh the arguments of the other side, and weigh them far better than he could were he only to listen to them today. This is a most important subject with which we have been confronted, I think, the most important this or any other administration has had to face. The Advisory Water Committee have submitted their report, and have given us time to think it over, giving us reasons for their recommendations. Now, if there be any opposition to that, I don't know whether there will be or not, but I imagine there will, I would say that the reasons of the opposition and the report of their findings and judgment should be incorporated in a pamphlet or brief as an answer to the recommendations of the Advisory Water Committee, and at that time if Supervisor Power wishes, if he intends to oppose this offer, it could be made a part of the report. Whether that will meet with the approval of the Board or not, I propose to make that motion at the close of this hearing, because I don't think arguments ought to be thrown at us haphazard and not give us an opportunity to weigh them as we have given the others consideration.

*The Mayor*—The question is on the motion of Supervisor Power that the Clerk now proceed to read the two offers in question. Are you ready for the question?

*Supervisor Power*—I think those re-

ports should be before the Board, not necessarily to be read at this time, but be on the Clerk's desk for reference. Supervisor Gallagher was on the Board when both of those offers were considered. I was not. I have familiarized myself with the offers since this report has been made, but I think that is a proper request, and I think it is a fair request, and I think that is the only legitimate way to get at this subject-matter, because comparisons will undoubtedly be made with the previous offers. It is for that reason I think they should be before us.

*Supervisor Gallagher*—If all the Supervisor wants is that they be here, that goes without question. But I am objecting to the full and complete rereading of them.

*The Mayor*—If I may be permitted, as the presiding officer of the Board, to try to get us off on an even keel here, before I have even had an opportunity to ask the Advisory Water Committee and the Chief Justice of the State as chairman of the Committee, to take a seat alongside of me, I would like to ask your indulgence for a few moments until you have the opportunity of hearing, as requested by you, the report of the Advisory Water Committee given by the Chief Justice, and by the City Engineer, the City Attorney, the Assistant City Attorney and others who have had this matter in hand and whom you have asked to be present this afternoon to present to you in detail the reasons why they have made these recommendations. Furthermore, I want to say on behalf of the Advisory Water Committee, before the chairman himself reports to you, that the Committee are most anxious, in every possible way, to place you in possession of all the facts that have been before them ever since these investigations have been started, from the time the Spring Valley Water Company first made a proposition to the city, not only the offer to the city of \$35,000,000, but that day long ago when they offered to sell to the city for \$14,000,000, from the days of 1879 down to the present time, and we assume that this investigation on the part of the Board is going to take considerable time, and, so far as the offer of \$35,000,000 is concerned, and so far as the offer of \$37,000,000 is concerned, those are matters of public record, they are printed in your journals, they are in the records of the City and County of San Francisco, they are in the Municipal Record, and all records of the City and County of San Francisco, and let it be understood now that they are in the possession

of this Board at a moment's notice, if called for. May I now ask Chief Justice Sullivan, Chairman of the Committee, Mr. O'Shaughnessy, the City Engineer, Mr. Long, the City Attorney, and Mr. Steinhart, the Assistant City Attorney, to have seats with me here on the platform, so that you gentlemen of the Board may be able to hear what they have to say, and to ask them any and all questions that you may desire during this important discussion? I agree with Mr. McCarthy that there has never been a problem that has come before us as legislators of this city that is of so much interest to the people of San Francisco and of so much concern to us as legislators, at which we should look before we leap and as to which we should know what we are doing, as the matter now under consideration.

*Supervisor Gallagher*—We don't agree with you that this problem is as difficult as it looks. I will say that right at the beginning.

*Supervisor Power*—But, Mr. Chairman, I will ask consideration of the motion I made—that the Clerk have on his desk the two offers or resolutions embodying the offers to which I have referred.

*The Mayor*—If that is the motion as it now stands, if there is no objection, the Clerk is directed to do so, and it is so ordered. Now, Mr. Chief Justice, Mr. O'Shaughnessy, Mr. Long, and Mr. Steinhart, will you please be seated up here? Gentlemen of the Board, I would like to present to you Chief Justice Sullivan, chairman of the Advisory Water Committee, who will make the report on behalf of that Committee.

*Chief Justice Sullivan*—Mr. Mayor and members of the Board of Supervisors: This proposition that you are called upon to consider is certainly one of the most important matters presented to this Board in many years, as well as one of the most important attempted to be presented to the electors of this city at any time.

There is no desire on the part of the Advisory Water Committee to rush matters. There is no desire on the part of that Committee to have this Board act without due reflection and due consideration of all the facts bearing upon the question. I agree with the members of this Board that time should be given to the members to consider the offer, that a time should be set at which the Board may listen to the report and listen to the arguments in favor of the printed report as made, and listen to those who honestly believe that the report should not be adopted, and that the city should not accept the offer pre-

sented by the Spring Valley Water Company without full and thorough consideration of the subject. So far as I am personally concerned, I would be willing to spend my time a whole day here, or several days, if necessary, for the purposes of having the matter discussed by members of the Board, discussed by any citizen of San Francisco, in favor of the proposition or in opposition to it, so that, after the discussion, this Board can arrive at a wise conclusion. And I would suggest, if agreeable to the Board and the Mayor and the other members of the Advisory Water Committee, that a date be set apart, say this week, to consider the offer, to hear the arguments in favor of the report, and to hear the arguments against the adoption of the report. If that is agreeable to the Board, I am perfectly satisfied. If you desire the Committee now to present the report and to present the arguments in favor of its adoption, I am perfectly willing to proceed in that way. Whatever may be the pleasure of the Board.

*Supervisor Gallagher*—I move that we proceed at once to the consideration of the Committee's report.

*Supervisor Hayden*—I second the motion, Mr. Mayor.

*The Mayor*—You have heard the motion, gentlemen, that the Board proceed at once to the consideration of the Advisory Water Committee's report. Are you ready for the question?

(The question was put and carried.)

*The Mayor*—It is unanimous and it is so ordered.

*Chief Justice Sullivan*—Does the Board desire the Chairman of the Committee to read the entire report?

*Supervisor Gallagher*—The one that is before us?

*Chief Justice Sullivan*—The one that is before you.

*Supervisor Gallagher*—I should say not. I should say only an amplification of the argument—that I think would be all that would be desired.

*Chief Justice Sullivan*—What is the sense of the majority of the Board as to the reading of the report?

*The Mayor*—The question is, gentlemen, as I gather from the Chief Justice, do you desire that the Committee's report be now presented to you in the form that it would have been presented to you, had the report never been printed and handed to you on the day it was so given you? In other words, shall the Chief Justice now read you the report, or not?

*Supervisor Gallagher*—I should say we have all read it, and there is no necessity of reading it as an entirety here.

*Chief Justice Sullivan*—I assume very naturally, as Mr. Gallagher says, that each member of the Board has read it. It was presented nearly two months ago, and it may not be necessary to read the entire report. So I will just state generally the substance of the report, and presume that will be sufficient.

The Advisory Water Committee was appointed about two years ago. Mr. Curtis H. Lindley was first appointed chairman of the Committee. He resigned by reason of illness and I was appointed to succeed him. If I remember rightly, I was appointed by the unanimous vote of this Board. Since my appointment, the Committee has met very frequently, and has made investigation as to the value of the properties of the Spring Valley Water Company, relying, of course, to a very considerable extent upon the Engineer's department, and mainly upon Chief Engineer O'Shaughnessy.

After my appointment, upon recommendation of the Advisory Water Committee, a condemnation suit was commenced by the City and County of San Francisco to condemn such properties of the Spring Valley Water Company as may be necessary for the use of the city for a water system. A resolution was passed by this Board directing the commencement of the action, after a resolution had been passed requiring the City Engineer to submit to the Board a list of the properties which, in his judgment, were necessary for the use of the city for the purpose indicated. He filed a report before the condemnation suit was commenced. The complaint in the condemnation suit describes specifically all of the property which, in the judgment of the Chief Engineer, is necessary for the use of the city, and such parts of the property that would constitute an integral part of the Hetch Hetchy system when that is completed.

After the condemnation suit had been commenced, negotiations were opened by the City Attorney's office with the Spring Valley Water Company. During the progress of the rate cases, the City Attorney and his associate counsel had occasion to meet the attorneys for the Spring Valley Water Company, and in the rate cases an important matter to consider, an all-important matter, indeed, was the value of the property of the Spring Valley Water Company. While making preparations to proceed with the rate cases, these negotiations were entered into, and finally resulted in the Spring Valley Water Company suggesting to the City Attorney's office that, if the city would agree to pay \$34,500,000 for all the property which the

Chief Engineer considered necessary for the use of the city and would pay in addition to that amount the capital expenditures made by the Spring Valley Water Company since January 1, 1913, claimed by the company to amount to \$595,000, the Spring Valley Water Company would offer to sell to the city on those terms.

Upon June 15th of this year, a majority of the Board of Supervisors met in the office of the Mayor. The negotiations entered into between the Spring Valley Water Company and the City Attorney's office were stated. The offer of the Spring Valley Water Company was presented to the members of the Board then meeting in the Mayor's office. The offer was then stated as it is stated in this report. The members of the Board of Supervisors, I think there were about fifteen members present at the time, agreed, with two or three objecting, as I recall, that something in writing should be obtained from the Spring Valley Water Company, to the effect that the company would accept \$34,500,000 plus the capital expenditures from January 1, 1913, for its properties, before any other proceedings should take place. Thereupon it was agreed that the Advisory Water Committee should send a communication to the Spring Valley Water Company, and ask the Spring Valley Water Company to state whether or not it would accept the price of \$34,500,000 plus the amount of capital expenditures made by the company since January 1, 1913, as a purchase price for the property, and the Spring Valley Water Company, as appears by this report, sent an answer to the Advisory Water Committee, agreeing to accept an offer of that sort, \$34,500,000 and the capital expenditures since January 1, 1913, not to exceed \$595,000.

Following the receipt of that communication from the Spring Valley Water Company, this report, now under consideration, was prepared by the Advisory Water Committee. In addition to the consideration mentioned, the Spring Valley Water Company agrees to allow a division of the moneys now impounded in the rate cases in the United States courts, which sum impounded amounts to about \$2,000,000. Under the terms of the offer of the Spring Valley Water Company, one-half of that, or about \$1,000,000, is to be returned to the consumers. The money impounded is one of the fruits of the litigation pending between the Spring Valley Water Company and the city over the rates heretofore fixed by ordinances of the Board of Supervisors. For several years past the company has been col-

lecting from consumers rates in excess of those fixed by ordinance. Fifteen per cent of the amounts collected representing this excess is now impounded in court. If the company's offer is accepted about \$1,000,000 of this excess will be returned to the rate payers.

The property to be conveyed to the city, as proposed by the report, include the properties in San Mateo County, the Pilarcitos Reservoir properties, the Crystal Springs, the San Andreas properties, and a large acreage of land in San Mateo County, the exact amount of acreage being set forth in this report and amounting to—

*Supervisor Gallagher*—You will find that on the middle of page 13.

*Chief Justice Sullivan*—Yes—amounting to 24,773 acres. In Alameda County, they amount to 29,220 acres, and in Santa Clara County, they amount to 13,402.88 acres. The total amount of acreage is about 68,000 acres all told, or 28,000 acres more than the amount of acreage that was considered used and useful by the Spring Valley Water Company in the year 1903, the date as of which Judge Farrington determined the amount of property used by the Spring Valley Water Company for rate-fixing purposes, and the date as of which Judge Farrington fixed the value of all the properties so used, and useful.

In this report which we have presented, we set forth specifically all the properties included in the offer, the real estate, water sheds, pipe lines, rights of way, the reservoirs in San Francisco as well as all those in San Mateo County, the water rights in Alameda County, the water rights in Santa Clara County. The description takes up several pages of this report and it is unnecessary to go over them in detail.

The experts employed by the City Attorney's office were engaged for quite a while in examining the books of the Spring Valley Water Company for the purpose of ascertaining the income derived by the company for several years past, and particularly the income derived by the company from all of its properties for the calendar year 1913. The figures are set forth in Exhibit E annexed to the report. Those figures show that for the year 1913, the Spring Valley Water Company derived from the sales of water and from rents and from miscellaneous sources \$3,420,967.48, from which must be deducted, by reason of the fact that there are certain deductions of properties not included in the offer, the sum of \$98,919.38, leaving a gross operating revenue of \$3,322,048.10. This is the gross oper-

ating revenue for the year 1913. If the amount collected is to be that under the ordinance rate of this Board, which is 15 per cent less for certain classes of consumers, a further reduction of \$358,554.17 must be made, leaving a gross revenue of \$2,963,493.93, under the ordinance rate. Deducting the amount that must be deducted if the Spring Valley Water Company were collecting rates under the ordinance only, that would be the gross revenue.

The expenses for the year 1913 were as follows: Operating expenses, \$805,611.40. The taxes of the company amounted to \$445,968.19. Assuming that the plant was operated by the city for the same period, the following deductions from the operating expenses should be made: Deductions for certain corporation expenses not necessary under municipal ownership, \$127,185.28. Also net saving to the city by deducting certain corporation salaries and adding thereto for increased wage schedule, saving rent, etc., \$34,941. The saving in taxes on property not taken over by the city would be \$60,740.85. Also the saving in county and other taxes in counties outside of the City of San Francisco, \$128,175.19. Making a total deduction from operating expenses due to city ownership of \$392,855.25. That leaves the operating expenses under city ownership of the properties to be acquired, \$858,724.34.

However, if the constitutional amendment bearing on the subject is adopted in the fall election, to this will be added a tax in the counties of San Mateo, Alameda and Santa Clara, on the properties to be taken over, amounting to \$128,175.19. In which event the operating expenses will be increased to \$986,899.63.

The following table exhibits in brief tabular form the results of water operations of the Spring Valley Water Company for 1913, together with the net operating surplus if the plant had been operated by San Francisco, modified as above outlined.

As collected by the Spring Valley Water Company, gross operating revenues, \$3,420,967.48, with operating expenses and taxes of \$1,251,579.59, leaving a net operating surplus of \$2,168,387.89. Under city ownership, with rates as collected, the gross operating revenue would be \$3,322,048.10, with operating expenses and taxes of \$858,724.34, leaving a net operating surplus of \$2,463,323.76. Under city ownership, at the ordinance rate, the gross operating revenue would be \$2,963,493.93, the operating expenses and taxes \$858,724.34,

leaving a net operating surplus of \$2,104,769.59.

In the last named column of the above table called "Net Operating Surplus" will be found the results to be expected under municipal ownership under the condition shown, namely, if the revenues are those obtained under present rates collected by the Spring Valley Water Company, and also the net revenues to be expected under the ordinance rates, which is 15 per cent less than that collected by the Spring Valley Water Company. These amounts are the sums applicable to depreciation, interest on bonds, or other proper uses. That is to say, if the city obtained the rates collected by the company, out of this surplus of \$2,168,387.89, the city would have to pay interest on bonds, would have to allow for depreciation, and those would be the principal expenses out of the operating surplus.

It appears from the figures of the Spring Valley Water Company, that, if it should sell to the city and the city should continue to charge rates collected by the company in 1913, there would be a net operating surplus of \$2,168,387.89. In 1914, there will certainly be an increase in the revenues of the company, if there is an increase in the supply of water, but if the Spring Valley Water Company should sell to the city the properties mentioned in the offer we will, inside of two years, have an increase in our water supply of at least 50 per cent. Engineer O'Shaughnessy says that, from the Calaveras system, after the dam is constructed, at the Calaveras dam site, and after two pipes are laid from the Calaveras reservoir to San Francisco, that we may expect at least an addition of 25,000,000 gallons per day in the amount of water which we will receive—more than 50 per cent of the amount of water which is now being delivered to San Francisco.

The Spring Valley Water Company is now delivering to the City of San Francisco an average of about 40,000,000 gallons a day. Sometimes the amount exceeds 40,000,000 gallons and sometimes it is a little less, but the average daily supply of San Francisco, according to the reports of the Spring Valley Water Company, is about 40,000,000 gallons. If the supply is increased at least 50 per cent, we may expect an increase in our surplus of over \$1,000,000. We may, therefore, expect an operating surplus of between \$3,000,000 and \$3,500,000 per annum, an amount more than enough to take care of all the bonds that will be necessary for the purpose of pur-

chasing the Spring Valley Water Company's property, extending the system from the Calaveras reservoir to San Francisco, and distributing water by means of conduits and pipes to the districts of San Francisco where the water is required and which are not now supplied.

The main proposition, of course, in the view of the Advisory Water Committee and the main proposition in your view and in the view of the people who have to pay for this water supply, is the value of these properties which the Spring Valley Water Company offers to sell to the city for \$34,500,000 plus capital expenditures since January 1, 1913.

Since the commencement of the condemnation suit, the City Attorney's office, with special counsel, has been engaged in ascertaining, by means of experts employed by the City, the value of the property which the city seeks to acquire. Mr. O'Shaughnessy has, through his office, employed a number of experts, engineers and others, to make valuations. He himself has made very careful examination of all the physical structures of the company. The result of the examinations and investigations made by the experts employed by the city and made by the Chief Engineer and his assistants and those employed by him, induced the Advisory Water Committee to make its report and recommendations therein contained.

In the opinion of the experts employed by the city and in the opinion of the City Engineer himself and those assisting him, the physical structures, including stock and material on hand, amount in value to the sum of \$13,922,533.79, allowing for depreciation. The figure, in the opinion of the Chief Engineer, is a conservative one. He has allowed for depreciation several millions of dollars. The depreciation, I take it, allowed by the City Engineer and those operating with him, amounts to between five and six millions of dollars. The physical structures are valued, so the City Attorney's office has informed us, by the attorneys of the Spring Valley Water Company at some \$21,000,000, showing that the appraisement put upon the physical structures by the city is very far below that placed upon the physical structures by the experts employed by the Spring Valley Water Company. And if we proceed with the litigation, the Spring Valley Water Company will rely upon the figures of its experts and we will insist upon the values fixed by the city's experts, and it is impossible for us now

to tell what view the judges will take as to the testimony adduced by the city and that adduced by the Spring Valley Water Company upon the subject.

The real estate in San Francisco, exclusive of Lake Merced properties, has been appraised by experts employed by the city, and who would testify in any suit of condemnation in which they might be called to give testimony, at \$1,100,000. The Lake Merced properties, 823.67 acres, are put down at a valuation of \$2000 per acre. The property fronting on Sloat Boulevard and that fronting on Junipera Serra Boulevard are, first, the most valuable parts of the Lake Merced property. The property close to the ocean beach and close to the San Mateo County line is, of course, not very valuable, not as valuable as the other properties. A fair estimate of the value is about \$2000 per acre, for the property that the city will acquire, which, of course, includes the lakes. For the Lake Merced property, the total amount of the appraisal at \$2000 per acre is \$1,647,340. The properties outside of San Francisco, that is, the property in San Mateo County and Santa Clara County and in Alameda County, excepting 48 acres in Merced tract in San Mateo County, totals 67,348 acres, and that is appraised at \$100 per acre, taking in the San Mateo property, the watersheds there, the watersheds in Alameda County and Santa Clara County—all those properties have been appraised at \$100 per acre. In the case decided by Judge Farrington, he fixed the values of those properties as of the year 1903 at about \$97 per acre. The figures by these experts and recommended by the Advisory Water Committee appear, under all the circumstances, to be very reasonable.

The rights of way are appraised at the sum of \$520,000. At the time Judge Farrington decided the case of the Spring Valley Water Company against the City and County of San Francisco, the rights of way were held to be of the value of \$200,000, as he determined. Since then the Spring Valley Water Company has paid for additional rights of way the sum of \$320,000. The Advisory Water Committee has added \$320,000 to the valuation of the rights of way fixed by Judge Farrington in his decision.

The reservoir sites are appraised separately. It has been decided by our Supreme Court, and decided by other courts, that property peculiarly suited for reservoir purposes must be appraised at a value representing the value of the use to which

the property may be put. In the case of the Spring Valley Water Company against the City and County of San Francisco, Judge Farrington placed a valuation upon the reservoirs like Crystal Springs, San Andreas, Pilarcitos, then in use by the Spring Valley Water Company, of \$1000 per acre. The experts employed by the city appraised the valuation at \$900 per acre upon those reservoir sites containing 5580.08 acres of land. They placed a value of \$900 per acre on the reservoirs by reason of the fact that they have placed an average value of \$100 per acre upon all the lands, which necessarily includes the reservoir sites.

The next subject to consider is the riparian and other water rights, developed and undeveloped. Up to a certain time it was believed by certain authorities, and notably by the Federal Court, that water rights have no property value. In the case of the San Joaquin and Kings River Canal and Irrigation Company against the County of Stanislaus, Judge Morrow would not allow any value for water rights owned by the defendant in that case. That defendant was an irrigating company, which furnished water for irrigating purposes in Stanislaus and Merced counties. That case went to the Supreme Court of the United States, and Judge Morrow's decision was reversed. The Supreme Court of the United States held that water rights were property as much as are rights to the land. And on account of that erroneous decision by Judge Morrow the case was reversed. The Railroad Commission here at one time held that water rights were not of any property value, and in fixing values for rate-fixing purposes, they refused to allow any value for water rights. But since the decision by the Supreme Court of the United States referred to, the Railroad Commission has changed its ruling and now allows a value for water rights. And in a case recently decided by it, the case of the matter of the application of the City of Glenville to fix the valuation of property for condemnation purposes, they allowed \$2000 per miner's inch. In that case, some of the witnesses testified that the water rights of the public utility were of the value of \$3500 per miner's inch, some testified they were worth \$3000 per miner's inch, and some less. The Railroad Commission rights for the purposes of condemnation at the sum of \$2000 per miner's inch, I am informed by Mr. O'Shaughnessy that the number of inches of water in a supply of \$40,-

000,000 gallons a day is 3100. Now if that arbitrary value was placed upon the present supply of the Spring Valley Water Company, the valuation would be \$6,200,000. But mind you, we have acquired or will acquire water rights in addition to those yielding 40,000,000 gallons a day supply. We will acquire the additional 25,000,000 gallons a day after the completion of the Calaveras dam, and the construction of the pipe line from that dam to San Francisco. But that seemed to be an extravagant value to place upon water rights and we refer now to the Farrington decision. In that case, the amount which was allowed plaintiff by Judge Farrington was about \$63,000 per million gallons per day supply, and the City Engineer believes that that figure is about right. He believes also that one-half of that amount should be allowed for the undeveloped water supply and water rights and riparian rights in the Calaveras reservoir site. So the figures arrived at by the Advisory Water Committee upon the advice of the City Engineer by reason of the rule laid down by Judge Farrington in his decision, is the sum of \$3,350,000. Until the case mentioned was decided by the Supreme Court of the United States, we might well have hesitated to make any recommendation at all as to water rights values, and would have preferred to fight the case of condemnation. But since that decision by the Supreme Court of the United States, we know, as a matter of law, that in any condemnation suit that may be maintained, that water rights must have a fixed value, and such a fixed value must be allowed the Spring Valley Water Company for such water rights.

The next item of very serious concern is the item of going value, or going concern value. That value represents the difference between an established going business and a dead business; it represents the value attached to the going concern, carrying on its business. It is a rather uncertain value, and if it were not for the decision by the Supreme Court of the United States, we would hesitate before recommending any allowance for this going concern value. But in the case of Omaha Water Company v. the City of Omaha, the Circuit Court of Appeals of the United States refused to allow any value for going concern. In that case, and that was the case where there was a contract by the city to purchase upon a proposed valuation—the Board of Supervisors had fixed a valuation of \$590,000, or about between 8% or 9% of the entire purchase price, as the value of the going concern, the Supreme Court

of the United States held that, in arriving at a value of the property to be purchased by the City of Omaha, going concern value should be determined, and that the water company was entitled to the value of a going concern as one of the elements to be considered in determining the amount to be paid for the entire property. The Advisory Water Committee, by reason of the advice of the City Engineer and by reason of those decisions by the Supreme Court of the United States, has fixed the going concern value of the property at \$2,500,000. The total valuation, allowing those valuations, of the property proposed to be purchased, would be \$34,796,749.59. There is no doubt in my mind that the values, outside of reservoir site values, riparian water rights and going concern values, are very low, much lower, in fact, many millions lower, than the estimates made by those employed by the Spring Valley Water Company. And, as to the practice of the Spring Valley Water Company in fixing values through its experts, for their own purposes, I again refer to the case of the Spring Valley Water Company against the City and County of San Francisco. In that case the experts of the Spring Valley Water Company swore that the property in 1903 was worth as much as \$70,000,000, some of them—they varied from \$70,000,000 to considerably more than \$40,000,000, whereas the city's experts varied from \$22,000,000 up. So you can readily understand that, when it comes to a condemnation suit, the experts employed by the Spring Valley Water Company will swear that this property is out of sight in value.

These facts, of course, have impressed the minds of the members of the Advisory Water Committee, and if it is possible for the city to acquire this property for the amount of the offer of the Spring Valley Water Company, we think it is much better than running the chance of a condemnation suit. Not until these figures had been obtained from the City Engineer's office and from the experts employed by the City Attorney, would we make any recommendation, because it was necessary for us to know in advance of our report the value of the properties to be acquired.

The figures given do not include 80,000 service connections which the city contends belong to it or the consumers. These connections, however, are embraced in the offer of sale by the Spring Valley Water Company. The consumers paid their \$15 apiece and ought to be held to own these service connections, but the Spring Valley Water Company claims it owns all

connections. I think if it came to a test case, it would be held that the Spring Valley Water Company does not own the service connections. But, as I say, the service connections are included in the offer.

There are certain important omissions or deductions from the properties of the Spring Valley Water Company, in total holdings, as now proposed to be bought. But, in the opinion of the City Engineer, those properties excluded are not necessary for the city to have in order to have a complete water system. For instance, near Alviso there are some 5000 acres of land in the marsh district there—useless land, land not at all necessary for us and not even used by the Spring Valley Water Company, and it is a very serious question whether they could be used under any circumstances. The Coyote Creek properties embrace some 11,000 acres of land. Those properties have never been used by the Spring Valley Water Company. The acreage is 11,977. The waters from Coyote Creek are now used for irrigating in the country about them. Some time ago the Bay City Water Company undertook to divert those waters, which are percolating waters, to a point some distance from the source of the supply. The Supreme Court of the State enjoined the taking of the waters from that source of supply, holding that the irrigationists in that country had a first right to the water, that no company could, for commercial purposes, divert percolating waters, underground waters, for the purpose of sale. The Spring Valley Water Company has never attempted to divert those waters, and, as stated in the report of the Advisory Water Committee, a preliminary injunction has been granted by the Superior Court of Santa Clara County against the Bay Cities Water Company, and said injunction against the withdrawal of water has been affirmed by the Supreme Court of this State. Even if the project to utilize these lands for water supply for San Francisco was not clouded with doubt as to the rights to do so, it would be indefensible on the ground of expense of development and transmission. These lands have been appraised by the experts for the city at \$134,469.50.

In addition to the Coyote Creek lands, there have also been excluded 691 acres of land in San Benito County. These have been appraised at \$72,725. There have also been excluded from the Spring Valley properties, as it is now proposed to purchase, some 2000 acres of Lake Merced property. The City Engineer states that all that we need of Lake

Merced properties is about 823 acres. There have been excluded from the properties also lands—a large portion of the lands at Pleasanton. Those lands were purchased by the Spring Valley Water Company simply for the purpose of protecting its underground source of supply. There are in that tract of land some 5000 acres. All that the city needs is less than 1000. The city retains a certain number of acres, six hundred and odd acres, in the lands south of the county road. There are 80 acres of land north of the county road in strips which the City Engineer has laid out. As I said before, those lands will be solely of use to the city for the water underneath the soil, and not for any other purpose. The land is good farming and agricultural land, and is of considerable value to those who farm the land. But there is now derived from the underground source by the Spring Valley Water Company 10,000,000 gallons per day, or one-quarter of the entire supply given to San Francisco. The city has the right, under the proposition submitted by the Spring Valley Water Company, if the purchase is consummated, to take 15,000,000 gallons per day, and that is practically the limit of supply of water in that territory, and the city has that right, free from any hindrance or injunction by any of the property holders who occupy or who may hereafter own any part of the land reserved by the Spring Valley Water Company.

The city, of course, does not care to invest in country lands. If the city should buy all of the land of the Spring Valley Water Company, it would have on its hands 31,000 acres of land absolutely unnecessary for the use of the city. That amount of land, of course, would involve a large amount of expense to take care of it, and furthermore, if the constitutional amendment coming before the people on the 3d of next November is adopted, the city would have to pay taxes on the land outside the City and County of San Francisco. The Advisory Water Committee were impressed with the arguments of the City Engineer and those employed by the city, that this land, thirty-one thousand and odd acres of land, is absolutely useless for any purpose to the city, and very willingly agreed to deduct this land from the Spring Valley Water Company properties, if the city should deem it proper to buy.

The Mayor suggests to me, and it is true, that a very large assessment will be levied upon the 2000 acres of land retained by the Spring Valley Water Company in the Lake Merced region, by reason of the con-

struction of the Twin Peaks tunnel. This tunnel will be completed in two or three years. The amount of the assessment is very large, and if the city should take the entire tract there, it would be buying 2000 acres of land which, in the opinion of the experts, is not necessary for the city's use, land that would be withheld from development, and which would be a source of considerable expense to the city.

Now, gentlemen, you have heard my statement of the views here expressed, views based necessarily, to a great extent upon the information conveyed to the Advisory Water Committee by the City Engineer, in whom we all have confidence, and by the City Attorney and experts employed by him, in whom we have confidence. I sincerely believe that it is for the best interest of the city to accept the offer of the Spring Valley Water Company to sell on the terms and conditions set forth in our report, and we recommend that the matter be submitted to the people and that the properties be taken over on the terms indicated.

*The Mayor*—Mr. O'Shaughnessy, may we ask you to enlighten the Board with the views that you have gathered in your many months of investigation, as to which you have given us the first real appraisalment that we ever had of the Spring Valley Water Company's property, in the many years of negotiation for its purchase, and the figures and facts which prompted you to bring this matter to the Advisory Water Committee and recommend that the city purchase the property?

*City Engineer O'Shaughnessy*—Mr. Chairman and members of the Board: Last year you asked me to segregate those portions of the Spring Valley Water Company's properties that were necessary and useful to supply water to San Francisco in connection with our Hetch Hetchy supply. And under your instructions, on November 19, 1913, I filed a report with the Board, containing maps and setting forth the lands to be set aside and the properties necessary and useful for those purposes, and excluding everything else.

The Advisory Water Committee, or the City Attorney, had nothing to do with this segregation—it was under the jurisdiction of my office and under my personal supervision. Thereafter you authorized the City Attorney to proceed to a condemnation suit to acquire those properties, and during the course of his work, he and his assistants were in constant conference with me. As you know, there are all kinds of experts. Mr. Sullivan

has quoted to you some who testified before Judge Farrington as to values from \$52,000,000 up to \$70,000,000, and in consultation with the City Attorney, the most honest and best experts that we could find, the most reliable and trustworthy, were employed to put a valuation on this property. I felt that my duty was fully done when I segregated the properties. But I also freely conferred with the City Attorney in every stage of these proceedings.

Early in June he came to me and said that he had been discussing values with the attorneys of the Spring Valley Water Company, and he thought he could get them down to the sum of thirty-four and a half million dollars, and also spoke of the other conditions discussed by them. One was the exclusion of 4600 acres of land at Pleasanton, and the other the retention by the company of the stock pipes on hand, and amounting to \$250,000, to which I objected. On further conference with the attorneys of the Spring Valley Water Company, they conceded both those points—first, that the city should have all the stock in hand, amounting to \$250,000, for this price, and also that the city should have the right to draw all the water from the excluded land in the neighborhood of Pleasanton. During the course of my segregation of the properties, it was a serious question with me whether I should exclude those lands, or not, those 4600 acres. But I did not care to jeopardize the rights of the City and County of San Francisco in any source of supply which yielded us from 8,000,000 to 10,000,000 gallons of water a day, practically one-fourth of the present supply, and for that reason I included all those lands in my segregation. If we conclude this arrangement with the Spring Valley Water Company, the city gets the right to withdraw the water from underneath those 4600 acres retained by the Spring Valley Water Company, and that is done by the possession of a strip of land about 100 feet wide at right angles to each other, water running easterly through the middle of Pleasanton Valley for about two miles, and the other running at right angles thereto. So, by means of pumps which can be installed in those strips, if the city should need to supplement or increase its present output from that source, it is quite possible to do so.

Since that conference with the City Attorney, I have had various conferences with the Advisory Water Committee, who called me in to discuss each feature of this problem, and, without any egotism, I may claim to know

something about the water situation in San Francisco and in California. I have completed successfully four or five water systems, and I know something about the values of a supply, and I am convinced that, if the city can acquire those properties at the price indicated, that it will make a very good investment.

And this is the reason why the investment will be a good one: By expending \$1,000,000 more on the Calaveras dam that structure could be completed, and with a capacity equal to the present three peninsula reservoirs of Crystal Springs, 22,000,000 gallons, San Andreas, 6,000,000, and Pilarcitos 1,000,000 gallons—29,000,000 gallons. Calaveras dam is calculated to hold about 40,000,000 gallons, and I have no hesitancy in saying that our present supply of 40,000,000 gallons a day will be increased about 20,000,000 gallons a day by the completion of the Calaveras dam. There are two other possible dam sites in the Alameda properties. One is the Arroyo Valle reservoir site, and the other is the San Antonio reservoir site, and the completion of those reservoirs will add at least five to ten million gallons a day, in addition to the 20,000,000 gallons that there will be added in the Calaveras dam. So that the additional sources we can develop by the acquisition of these lands will amount to very nearly 30,000,000 gallons a day, giving us an output of 30,000,000 gallons a day over that now obtained from the Spring Valley Water properties.

One very important feature in connection with the linking of the two systems is the possibility of having reservoirs at this end of our Hetch Hetchy supply system. In the first plan made by Mr. Grunsky in 1902 for the Hetch Hetchy system, he provided for a reservoir of 3,000,000 gallons capacity near Belmont, at an estimated cost of \$1,500,000, as an independent source of supply for this city. In my judgment it would be entirely inadequate. Mr. Freeman's plan, which did not take in any distributing system in the City of San Francisco, estimated a cost of approximately \$40,000,000 to bring the water to the city limits, and his plan contemplates the acquisition of the peninsula reservoirs of the Spring Valley Water Company as well as the San Antonio, and provides for a distributing reservoir inside the city of only about 500,000,000 gallons, or a seven days' supply. This reservoir alone, connected with the Hetch Hetchy system, would be entirely inadequate, and if we do not purchase the Spring Valley system, it would be necessary

for us to provide large independent reservoirs in the peninsula near the city, because we have had earthquakes and fractures in the past, and it won't do for our city at present containing a half million, or our future city of two millions, to be dependent on a pipe line that, by fracture, might cut off the source of supply and bring ruin to the city.

There has been a great deal of talk and discussion on this water question and the values of water and a few simple figures might be illuminating.

At the present time our supply is about 40,000,000 gallons a day of water. Take that for the year and it is about 14,000,000,000 gallons a year. The price of that water, so far, amounts to about \$3,200,000, or about 22 cents a thousand gallons of water. The country across the bay, Oakland, Berkeley, and Alameda, has a water rate of 35 cents a thousand gallons, and that water rate is sustained by the courts. And the conditions of this peninsula, with long pipe lines and rough soil and different elevations to deliver water, make the prices at the present time comparatively reasonable in San Francisco. In New York, where the rainfall is 45 inches a year, and where an abundance of water is to be found, within 30 miles of the city, the water rate is 16 cents a thousand gallons. In this peninsular territory our rainfall averages 22 inches a year, and tremendous stocks of water must be kept on hand. It has always been figured that at least 800 days' stock of water should be held, to overcome periods of drought. The concentration and collection of water is expensive, and I think that, the present rates are not very unreasonable.

Now, this city has been in danger—

*Supervisor Gallagher* (Interrupting)—I would not for a moment interrupt you, except that you are likely to be misunderstood, in view of the fact that a record is being taken of these proceedings. You say the present rates are not unreasonable, and you do not define your meaning, as between the ordinance rate and the collected rate. You might be misunderstood, I say, in view of the fact that a record is being taken, and therefore I call it to your attention. Do you speak of the ordinance rate or the collected rate?

*Mr. O'Shaughnessy*—I am speaking of the rate I have considered of 22 cents a thousand gallons.

*Supervisor Gallagher*—You will excuse me for interrupting you, but I wanted to have you set right there.

*Mr. O'Shaughnessy*—That is all right.

(At this time the Mayor requested the Reporter not to take notes for the moment, and thereupon he made a statement substantially as follows: That, in considering the subject of this meeting of the Board for consideration of the report of the Advisory Water Committee, it had occurred to himself and other members of the Advisory Water Committee, that in all probability a reporter would be present to take down the proceedings of this meeting. And he called attention to the fact that he had stopped the proceedings from being reported the time last year when he had desired to address the Board in connection with the matter. He desired to inform the Board, he said, that the City Attorney had taken up the matter with the Spring Valley Water Company, and that a stipulation had been entered into that nothing should be said at this meeting of the Board, or in consideration of the subject, by anyone, should be used hereafter as against the city. Supervisor Gallagher inquired whether it would also include its use at a hearing for the purpose of fixing rates, and the Mayor replied in the affirmative, and called upon the City Attorney to verify the statement, which City Attorney Long did, saying that it was thoroughly understood that nothing that might be said at the meeting should be hereafter used by the Spring Valley Water Company for any purpose whatever, whether in a rate hearing, condemnation suit, or otherwise. The proceedings were then resumed. Reporter.)

*Mr. O'Shaughnessy*—One of the great troubles we have in San Francisco at the present time is the lack of distributing pipes for our supply. There are only 568 miles of pipe in San Francisco, and of that, 133 miles are of pipe less than 3 inches in diameter, and all of those smaller pipes have been put in inside of the last ten years. In other words, for the last ten years the Spring Valley Water Company has laid no large distributing mains. In the Richmond section alone—

*Supervisor Power* (Interrupting)—May I interrupt you a moment?

*Mr. O'Shaughnessy*—Certainly.

*Supervisor Power*—Mr. Chairman, I would like to ask whether the speakers would prefer to continue with all their statements without interruption, or whether they would just as soon answer questions during the time they are making their statements?

*Mr. O'Shaughnessy*—So far as I am concerned, I will be glad to answer any questions as I go along.

*Supervisor Power*—I wanted to get that data a little more definitely in my mind, in the matter of pipes. You stated a certain number of miles of pipe in San Francisco. I would like, if you are familiar with it, to know whether or not there is more unimproved property in San Francisco at the present time to be covered by the laying of pipes than there is improved property? In other words, such sections as Sunset, Richmond, Ingleside, and University Mound, and all of those unimproved sections, whether or not those pieces of land in San Francisco comprise a greater area than the improved section of San Francisco?

*Mr. O'Shaughnessy*—Well, in mileage, I would say that we should need at least 200 miles more of pipe at the present time to give an adequate service. At the present time there are 568 miles of pipe, and I believe that 200 miles of additional pipe could be laid to advantage. In the Richmond section alone, one 16-inch main, laid about 14 years ago, supplies about 40,000 people, and that is the worst served section in the city. Sometimes on the lower levels, when the water is being drawn, the people on the higher levels have no water; and it is necessary if this system is acquired, to add at least 200 miles more of pipe.

*Supervisor Power*—That is, to supply the present built-up area of San Francisco?

*Mr. O'Shaughnessy*—No, not the built area entirely, but there is a lot of area, that is paved streets that are not built on, that needs water piping. Now, there are just two things for the city to do, that is, either to buy this property or reject it and go ahead entirely with our municipal system, which we are now starting in to construct. In my judgment, the greatest economy can be obtained by a combination of both systems, by acquiring this property and developing it locally for the extra 25,000,000 gallons a day it will yield, and improving the services in the city, and at the same time developing our mountain sources, and as soon as we have reached the limit of our local capacity, to lay our pipe across the San Joaquin Valley, our iron pipe. That pipe deteriorates, with a life, possibly, of 50 years, and every year we can defer the construction of that pipe across the San Joaquin, we gain so much. It is very nearly sixty miles long

there, and requires a pipe of large diameter. Our main work, however, on the other end, our aqueduct, our dam at Hetch Hetchy, our reservoir, completed with a capacity of 400,000,000 gallons a day, inside of three or four years will enable us to develop 50,000 horsepower with our power plant, the income from which will help to pay interest on the initial cost of our mountain investment.

*Supervisor Walsh*—I would like to ask there, Chief: In your opinion at this time do you think that that would be sufficient to light our streets, public buildings, and operate our municipal cars?

*Mr. O'Shaughnessy*—It would, and in studying this proposition, as you all know, Mr. Freeman revised the original Hetch Hetchy proposition of Mr. Grunsky, which had only 16,000 horsepower provided for, or just enough to pump the water over the hill. The revised proposition of Mr. Manson had very little power. But the new plan of Mr. Freeman, who has had great experience in New York, Los Angeles, and Boston, and is a man of a great wealth of engineering experience, indeed, provides for 50,000 horsepower. Mr. Freeman saw the great future of San Francisco, when it had completed its aqueduct, and he planned it large enough to carry a permanent supply. A tunnel with a capacity of 400,000,000 gallons a day can be built with very little more expense than one of a very much less capacity.

*Supervisor Walsh*—That is, at Almont?

*Mr. O'Shaughnessy*—No, at the Sierra, on the other side of the San Joaquin Valley. And I need not tell you, for most of the members of the Board are familiar with Mr. Freeman and with his services to the city, that when this proposition was submitted to him a month ago, and I sent him a copy of this printed report of the Advisory Water Committee, he wrote me a letter on September 1st in which he said: "On first reading, it seems to me that I should be most heartily in accord with the terms of the offer of July 27, 1914, of the Spring Valley Water Company. My experience in the Denver case and in sundry other cases of prolonged litigation convinced me that it is far better for all parties concerned to get this question settled and out of the way, and were I a voter of San Francisco I don't think it would take me long to decide this question. John R. Freeman."

*Supervisor Power*—I understood you to say that Mr. Freeman in his report did not contemplate the erec-

tion of a reservoir within the City and County of San Francisco.

*Mr. O'Shaughnessy*—I said his report contemplates the Crystal Springs reservoir—in fact, he figures three or four treatments of the aqueduct, and one of them contemplates a reservoir at the so-called San Miguel reservoir site at Sunnyside District. But that would be merely a service reservoir, not a supply reservoir like the Crystal Springs reservoir, but simply a service reservoir.

*Supervisor Power*—Still, he states in that that the reservoir will hold five times as much as all the Spring Valley distributing reservoirs.

*Mr. O'Shaughnessy*—But fifteen miles away, at the present time, the present established reservoirs in San Mateo County have 29,000,000,000 gallons capacity, and in case of any shortage here, they can draw from those reservoirs and replenish the smaller reservoirs in the city. Now, personally, as an official, I responded to the request of the Board in segregating these properties. I am responsible for this segregation and I am willing to assume it as being correct to the very best of my judgment. So far as the other figures are concerned, I think the acquisition of this property will be desirable, for the city, and personally, I am going to vote for it if it is submitted to the people.

*Supervisor Power*—I just want to ask you one more question. In your report, submitted to the Board last fall by resolution of this Board, as to all properties needed and necessary in connection with the system, you reported that these present lands were absolutely necessary, or included them, rather, and I concluded they were absolutely necessary, because all lands necessary to be included were asked to be so included. Now you have excluded them, certain of them, from your present report, and from these present negotiations. I would like to know why, if they were necessary when you made this other report in November, 1913, they are not necessary now as a part of the water supply?

*Mr. O'Shaughnessy*—Because, with those strips which are reserved, running diagonally through this particular land, on which we have the right to install pumps and draw all the water underneath all the land, we are amply protected. If we can save the price of that land in the cost of our plant and get all the water that we need out of the land, I believe it is a very desirable arrangement. And in regard to that part of it I am willing to amend my origi-

nal report. As I said in my original statement to your Board here, I did not care originally, from a legal point of view, to jeopardize any of the rights of the water underlying that land, and I therefore put the whole 5000 acres in, though I did seriously consider including some of this land then. But now that we have the right to withdraw the water from underneath the land, no harm is done the city by excluding it. In fact, it is my policy to exclude every acre of land that is not desirable or necessary for a water supply. Should the 69,000 acres be acquired, we will have over three times the area of the City and County of San Francisco, and every additional piece of land that we have that is an unnecessary piece, will be an additional expense for caretakers, and therefore mean higher rates.

*Supervisor Power*—Will you state the valuation of that land, the valuation to Spring Valley of the land excluded—

*Mr. O'Shaughnessy* (Interrupting)—I didn't value that. The City Attorney employed real estate experts to value it. But I am satisfied Mr. Steinhart could tell you the value of the excluded lands.

*Supervisor Power*—Did you not have to place a valuation on that part of the Pleasanton lands in order to arrive at your detailed valuation of the properties of the Spring Valley, or was that data gathered by the City Attorney's office?

*Mr. O'Shaughnessy*—The valuation of the lands was entirely within the jurisdiction of the City Attorney and his real estate experts.

*Supervisor Bancroft*—Mr. O'Shaughnessy, do you consider that this offer is a better offer than the \$37,000,000 offer—that is, better for the city?

*Mr. O'Shaughnessy*—I think it is very much better than that.

*Supervisor Bancroft*—But you can't say that you think it is as good or better than the \$35,000,000 offer?

*Mr. O'Shaughnessy*—You mean of 1910?

*Supervisor Bancroft*—Yes.

*Mr. O'Shaughnessy*—No, it is not as good as that \$35,000,000 offer.

*Supervisor Bancroft*—But you think it is better than the \$37,000,000 offer?

*Mr. O'Shaughnessy*—I do.

*Supervisor Power*—I was about to ask that question and an explanation why you consider it a better offer, in view of the fact that the city offered \$37,000,000, and this offer totals up, with allowing of capital expenditures and the appraisal on those Pleasanton lands, which

were included at the time this \$37,000,000 offer was made—

*Supervisor Vogelsang* (Interrupting)—The water rights included, Mr. Power?

*Supervisor Power*—I say the lands included.

*Supervisor Vogelsang*—Oh, the lands?

*Supervisor Power*—Yes. It totals up somewhere around \$39,000,000. Will you explain why it is a better offer than the \$37,000,000 offer to the city?

*Mr. O'Shaughnessy*—I will tell you why. We are acquiring property just for a water supply. Every million or two million dollars we can save in lands is a substantial saving. It is of no value—any extra land that does not produce any more water, in my judgment as an engineer, is of no value. And our expense and our burden is going to be very heavy to build this Hetch Hetchy project, to keep the outlay down as much as possible. Therefore, if \$2,000,000 worth of land can be excluded, I think it is a very desirable arrangement.

*Supervisor Power*—You think that is what makes it a better offer?

*Mr. O'Shaughnessy*—I think that's what makes it a better offer.

*Supervisor Power*—Do you think, if that is the case, that the engineers of the Spring Valley Water Company would purchase the Pleasanton lands or recommend the purchase of the Pleasanton lands, unless they thought they were absolutely necessary for the water supply or the protection of it?

*Mr. O'Shaughnessy*—It was not the engineers of the Spring Valley Water Company that recommended the purchase of that land. I believe it was the attorneys of the Spring Valley Water Company. The owners of some of that land sued the Spring Valley, and were recovering heavy judgments—in one case as high as a half million dollars—for lowering the water plane, and to protect itself the Spring Valley Water Company had to buy all those lands, acquire the rights to lower the water plane. Under this arrangement, that right is transferred to us. We have the right to lower that water plane as much as we please, without any damages being given to any of the owners of this property.

*Supervisor Power*—If that surface should be put to use, would it endanger the purity of the water, the underground supply?

*Mr. O'Shaughnessy*—Not materially, because the gravels are down a depth of 30 feet to 100 feet below the sur-

face, and between the water-bearing gravels and the surface are tremendous bodies of impervious clay. So there is little danger of contamination. In fact, at the present time, all those lands are being farmed, and I believe the water from the Pleasanton supply is the purest of any of the sources that Spring Valley has.

*Supervisor Power*—Do you think there will be any danger?

*Mr. O'Shaughnessy*—No remote danger even.

*The Mayor*—Are there any further questions?

*Supervisor Power*—I presume the City Engineer will be back with us again when we deal with the whole question to answer questions that may be asked of him, until the whole case is in.

*The Mayor*—There is no doubt that both the chairman of the committee and every member of the committee will be glad to be called forward at all times. If there are no further questions to be asked the Chief Engineer, I am now going to ask the City Attorney to present the legal phase of the matter, and of the data which he has gained and which prompted his recommendation to the Advisory Water Committee.

*Supervisor Gallagher*—It is after half-past six, Mr. Chairman. Are you prepared to take the Board to dinner?

*The Mayor*—Yes, I am.

*Supervisor Gallagher*—I am prepared to go.

*Supervisor Hayden*—I move we proceed with the matter before us, Mr. Mayor.

*Supervisor Vogelsang*—Without any reflection whatever upon the munificence of the invitation, I can't very well go. I am going home.

*The Mayor*—If there is no objection, then, we will hear from the City Attorney.

*City Attorney Percy V. Long*—Mr. President and members of the Board: I will only detain you a few minutes myself, and leave to Mr. Steinhart, who has been in active charge of the greater part of the work in connection with the condemnation proceedings, to elaborate any general figures I may give you.

I take it that the sole question that the Board wants to consider at this time is the question of the value of the offer made by the Spring Valley Water Company. On the 5th of February, 1912, the Board of Supervisors passed a resolution, or a declaratory ordinance, rather, the first step in a chain of steps to be taken by this Board toward the acquisition of the present water supply for

San Francisco. That resolution declared the necessity, declaring and determining that the public interest and necessity demand the acquisition, construction, and completion of a public utility, to-wit, a water supply and works, to be owned and controlled by the City and County of San Francisco, to furnish water as a part of the Lake Eleanor and Tuolumne system, and directing the Board of Public Works to secure from the City Engineer and place on file through the Board of Supervisors plans and estimates of the cost of original construction and completion by the said City and County of the public utility herein named, and designating sources of supply of the Spring Valley Water Company as available sources for obtaining a sufficient supply of good, pure water for the City and County of San Francisco, and declaring that the acquisition committee to consider and report upon the entire subject-matter of the purchase of these properties—

*The Mayor* (Interrupting)—Mr. City Attorney, if you will pardon me just a moment. I can see clearly that the hour is growing late, particularly from the remarks that have been made. I am also aware of the fact that more than one member of the Board has an engagement this evening. I should think it would be just as well now to know whether or not the Board desires to remain in session, take this matter up, stay with it until we finish it, or does the Board desire to put it over until some other day? I think it is just as well now to know what the wishes of the Board are in the matter.

*Supervisor Gallagher*—It would take an hour for the City Attorney, no doubt, and in all likelihood an hour for the members of the Board. I am willing to stay here an hour and settle it up this evening.

*Supervisor Walsh*—Me, too.

*Supervisor Gallagher*—Or to agree with any other plan. I think the members of the Board are entitled to some consideration, and I am perfectly willing to sit another hour, even cutting out the dinner hour, and getting through with it.

*The Mayor*—I don't like to start the Attorney's case with an idea that it shall be hurried. The City Attorney has a lot of very valuable information for you. If it is the intention of the Board to go one by one before the matter comes to either a question of voting upon it or some action on the part of the Board, I think we ought not to do so now.

*Supervisor Walsh*—I would move you, Mr. Mayor, that we take a re-

cess and return here again at eight o'clock.

*Supervisor McCarthy*—But some of us have engagements.

*Supervisor Walsh*—The only engagement you can have on Monday night is one with the Board. I have one, too, but I am willing to come here and finish this out. I have a meeting that I will have to cut out in order to finish this up.

*The Mayor*—If I am helping any members of the Board by what I have to say, or the Board can act upon it without any member of the Board absenting himself, and I understand that you are all anxious to stay with this thing until it is finished and it is so with the Advisory Water Committee—if it would suit the members better to take a recess until tomorrow afternoon at two o'clock, when every member will guarantee to be present—if that, I say, suits the members of the Board, we will pursue that course. If some of you have engagements tonight for dinner and after dinner, since we must have eighteen members of the Board here when we take final action, it seems to me that would be the better plan. If there is any member of the Board who finds it impossible for him to be here and stay with this thing tonight, why, let us postpone the matter until two o'clock tomorrow afternoon.

*Supervisor Vogelsang*—I think that's a very good suggestion—either two o'clock or an evening session, although I think two o'clock would be preferable. There are several committee meetings, but I think we will have no difficulty in giving such attention to this matter as is necessary.

*Supervisor Jennings*—I have a meeting with several committees of different organizations at 3:30, but I can come back here after 3:30.

*The Mayor*—You are a member of the Advisory Water Committee, Mr. Jennings. You can be back here when action is taken. Do I understand that it is the wish of the Board that we now adjourn and meet again at two o'clock tomorrow afternoon and finish the discussion that has been started this afternoon?

*Supervisor Vogelsang*—I make such a motion, Mr. Chairman.

*The Mayor*—Has any member of the Board any objection? I say this now, because the City Attorney's arguments will take an hour or an hour and a half.

*Supervisor McCarthy*—Then Super-

visor Vogelsang will take a couple of hours.

*Supervisor Vogelsang*—Mr. President, I trust that it will be understood that two o'clock means two o'clock as John Walsh keeps the time.

*Supervisor Gallagher*—I only want this understood, in addition to that, that on this matter there will be a continual call of the members. All of the members, except in the case of Supervisor Jennings, who has already stated that he will have to leave the meeting and then return at a little later hour, should be here, otherwise we are not dealing with the matter in a proper way, in my judgment. I think we should proceed under a call of the house.

*The Mayor*—In order that we may take up the roll call for the introduction of resolutions, and that we may take up any intervening business, we will take a recess now on motion duly seconded, until two o'clock tomorrow afternoon.

*Supervisor Power*—Does that mean that other matters are passed until tomorrow?

*The Clerk*—We will lose a week's advertising. There is only one more important matter pending here.

*The Mayor*—All in favor of taking a recess until tomorrow afternoon at two o'clock will say aye.

The motion is carried and it is so ordered.

The Board here took a recess until the following day, Tuesday, September 29, 1914, at two o'clock p. m.

## SECOND DAY, TUESDAY, SEPTEMBER 29, 1914.

At the chambers of the Board of Supervisors, City Hall, 1231 Market street, San Francisco, Tuesday, September 29, 1914.

An adjourned meeting of the Board from Monday, September 28, 1914. His Honor Mayor James Rolph, Jr., in the chair. There were present a full Board of Supervisors, viz.: Supervisors Paul Bancroft, Con Deasy, A. J. Gallagher, J. Emmet Hayden, Fred L. Hilmer, Oscar Hocks, Thomas Jennings, J. C. Kortick, William H. McCarthy, Ralph McLeran, Charles A. Murdock, Charles Nelson, Edward L. Nolan, Henry Payot, James E. Power, Fred Suhr, Alexander Vogelsang and J. O. Walsh.

*The Mayor*—The Board will come to order.

*Supervisor Walsh*—I ask a call of the House, Mr. Chairman. All of the members should be in their places upon such an occasion as this.

*The Mayor*—Call the roll, Mr. Clerk.

A roll call disclosed thirteen members present.

*The Mayor*—When we took a recess yesterday afternoon, we did so just as the City Attorney was beginning to explain to the Board the facts and the figures which he has gathered in the past many months concerning this water purchase proposition, and I am going to ask the City Attorney now to proceed with the report that he started to make yesterday afternoon.

*Supervisor Walsh*—Mr. Mayor, I do not want to object, but I thought the understanding when we took a recess last night was that all of the members of the Board of Supervisors would be here at two o'clock today. I do not object to starting in with the matter right now, and have no desire to prevent the proceeding with tion of the properties of the Spring Valley Water Company is necessary and desirable as a part of such public utility. At the same meeting they appointed an Advisory Water Committee matter, but I think the least the Supervisors could do is to be here when such important business is on hand. I am satisfied, Mr. Mayor, to go ahead, but I will object to those supervisors coming in here later and asking for information about what we have been informed on during their absence.

(The remaining supervisors entered the hall within a few minutes.)

*The Mayor*—Proceed, Mr. City Attorney.

*Mr. Long*—Mr. President and members of the Board: At the outset yesterday I called attention to the fact that the Board of Supervisors, on the 8th of February, 1912, took the first step necessary in the matter of commencing proceedings for the calling of an election to authorize the issuance of bonds for the acquisition of the Spring Valley Water system, and in that ordinance they declared that the necessity existed for the acquisition by the city of that property, and directed the Board of Public Works, through the City Engineer, to place on file with the Board of Supervisors plans and estimates of the cost of original construction and completion by the said city and county of the public utility herein named, and to place on file with the Board of Supervisors plans and estimates of the cost of obtaining from the sources of supply of the Spring Valley Water Company mentioned in Sections 3 and 4 of this ordinance a sufficient supply of water for the City and County of San Francisco, and its inhabitants, such sources of supply and works to be used in connection with and as a part of the Lake Eleanor-Tuolumne system heretofore authorized by vote

of the electors of the said city and county on the 14th of January, 1910. Subsequent to that date, after a series of negotiations, with which the members of the Board are familiar, the Advisory Water Committee keeping the Board informed from time to time, the Board of Supervisors, on the 8th of December, 1913, adopted an ordinance declaring and determining that the public interest and necessity required, by the City and County of San Francisco, the acquisition of certain properties for public use, and instructing the City Attorney to commence and prosecute proceedings for the condemnation thereof, and then referred to the properties as being those described in a list and report filed by the City Engineer with the Board of Supervisors.

Pursuant to that ordinance, and with funds provided by the Board of Supervisors, the City Attorney and the City Engineer engaged a corps of engineers and accountants to inventory and appraise the properties of the Spring Valley Water Company, and that inventory and appraisal was, about the 1st of July of this year, practically completed.

Every foot of pipe, every yard of brick work, every foot of road fences, in fact, all the structural properties of the Spring Valley Water Company, were ascertained, the quantity measured, and a reproduction price placed upon them by the engineers engaged for that purpose by the city. In other words, they figured what would be the cost to produce those properties at the present time, with modern machinery and with machinery at considerable less cost than what it cost the Spring Valley Water Company at the time the structures were completed, and that was made the basis of the estimates. From that our engineers deducted what, in their judgment, was the depreciation since the time the structures were completed and arrived at the figures which Judge Sullivan read to you yesterday.

In order to expedite the condemnation proceedings it was necessary to secure from the Spring Valley Water Company a stipulation that certain technical objections should not be made, but would be waived, and in order to facilitate the trial, it was agreed that judges should be brought here from the interior, and that the controversy should be submitted to those judges without the intervention of a jury.

As we progressed in our preparation for the trial of the case, it soon became apparent that there were certain legal features connected with the condemnation suit, it being a suit of such magnitude, that could not be

met by a stipulation, no matter how much the parties on both sides might be willing to agree—there were certain features of this litigation which it is not necessary for me to go into but of which the Mayor and Committee were advised from time to time, that might seriously affect the title to the property, and certainly would if we did not clear up those objections previous to entering upon the trial, and certainly would delay the trial of the case beyond which anybody could fix.

It was during the repeated conferences that were necessary between the attorneys of the Spring Valley Water Company and particularly Mr. Warren Olney, who represented the company in all of the conferences that I had anything to do with, it was during these conferences, I say, in trying to seek a way by which the trial could be expedited and these difficulties which would affect or might seriously affect the title, unless they could be met before entering upon the trial, were discussed, that discussion came up as to the possibility of our being able to meet upon a price which the Advisory Water Committee would consider and which they would be willing to recommend to the Board of Supervisors.

I took the position then that I have taken in all of the condemnation litigation which I have handled for the city for the period of nine years, which has been acquired by condemnation or purchase, between \$10,000,000 and \$15,000,000 worth of real estate, that when a defendant whose property we were seeking to acquire was willing to make an offer which, in my judgment, was one that the city could reasonably consider, that I would be willing to take that offer and recommend it if, in my judgment, it was such a reasonable offer as could be considered by the city, and then the acquisition of that property at that particular figure and upon that offer would be a matter of policy for the Board of Supervisors and for the voters of the City and County of San Francisco to settle.

At the beginning of these condemnation proceedings, I was extremely desirous of having the City Engineer eliminate as much real estate as he could safely do, for the reason that I believed then, and I believe now, that the city desires to secure a water supply and not real estate, that the purpose in the mind of the Spring Valley Water Company when they bought large quantities of real estate was to secure water, and when it became necessary to acquire real estate in order to acquire water rights, they took upon themselves a heavier bur-

den than was necessary, and I felt that the city should not own any more real estate than was absolutely needed to produce the water required to supply San Francisco. For that reason, I urged the City Engineer to cut out and eliminate from his list as much real estate as possible, and I was especially desirous that he eliminate the big acreage around Pleasanton, in order that the tax payers would not be paying interest upon a large amount of capital invested in land held for the purpose and the sole purpose of getting water.

Previous to 1911, the Spring Valley Water Company owned only a thousand acres around Pleasanton, or at Pleasanton, from which they drew their water supply, a portion of their Alameda water supply, which came to San Francisco. Owing to litigation commenced by farmers in the Pleasanton Valley who claimed that they were being deprived of water for irrigation purposes which was being drawn off below them and taken to San Francisco, the Spring Valley Water Company was required to purchase this large acreage and to purchase it at very high prices, much more than the land was reasonably worth on the market.

*Supervisor Hayden*—Can you give us that price about, at this time?

*Mr. Long*—I think in the neighborhood of \$1,720,000.

*Supervisor Gallagher*—The Alameda County lands?

*Mr. Long*—Pleasanton.

*Supervisor Gallagher*—\$2,000,000 it was.

*Mr. Long*—I think the exact figure is \$1,720,000.

*Supervisor Hayden*—And that was down to what year?

*Mr. Long*—That was in 1911. The \$35,000,000 offer was made in 1910.

*Supervisor Hayden*—This litigation was pending at that time?

*Mr. Long*—These properties were not owned by the Spring Valley Water Company at the time they made their offer to the city of \$35,000,000, and at that time there was some litigation pending, in fact, one of the arguments that was advanced by some of the opponents to the purchase by San Francisco at the \$35,000,000 figure was that the acquisition of the Pleasanton properties would involve San Francisco in almost interminable litigation over their right to withdraw water from the gravel beds underneath and underlying the lands of the Spring Valley Water Company in the Pleasanton Valley. And, as I said a moment ago, the Spring Valley Water Company, in order to protect their rights to withdraw water from those gravels, had to buy this very large

acreage there, and I felt it would be economy on the part of San Francisco to eliminate this acreage, so that the city would not have to pay interest on a million or more dollars' worth of land from which they derived no income. But the City Engineer—

*Supervisor Power* (interrupting)—Mr. Long, do you mind answering a question at this time?

*Mr. Long*—Not at all.

*Supervisor Power*—Can you tell me what the assessed valuation of that land is? Have you any idea? In other words, how much taxes would San Francisco have had to pay upon it?

*Mr. Long*—The lands and water rights were both assessed—have you those figures, Mr. Steinhart, of the assessed valuation?

*Mr. Steinhart*—Not at the moment.

*Mr. O'Shaughnessy*—They were assessed for half a million dollars.

*Supervisor Power*—That portion that is now eliminated?

*Mr. O'Shaughnessy*—Yes, 5000 acres eliminated.

*Mr. Long*—They paid a very high price for that land. Some of that they paid as high as \$1200 an acre for, because they had to have it in order to get rid of that litigation. Mr. O'Shaughnessy felt that he could not jeopardize the right of the city to withdraw water from underneath the land, and there was no way that we saw at the time of condemning the water rights separate from the land without paying an exceedingly high value for it, and leaving the land in the hands of the company. For that reason, those lands were included.

Under the present offer of purchase, San Francisco will acquire every right which can be secured by the ownership of that land, to the use of the water and withdrawal of the water underneath the surface of the land, and if those lands were cut out, in the neighborhood of a million dollars of cost to the city, on which the city would have to pay interest, which would amount in the neighborhood of \$50,000 a year, if bonds were issued at 4½ per cent, and from which they would derive no return whatever, would be saved. That is the reason that the 5000 or 4800 acres are eliminated from the offer of the Spring Valley Water Company.

There were certain other lands that we desired to have eliminated at that time, and they were in exactly the same condition. The offer gives us all of the water rights that could be secured from any of the lands which the Spring Valley Water Com-

pany owns, and which are capable of supplying water.

As Judge Sullivan told you yesterday, there will be included in this offer an acreage of 68,303 acres of land, of which 907 acres are in San Francisco, 24,773 acres in San Mateo County, 29,220 acres in Alameda County, and 13,402 acres in Santa Clara County. The Santa Clara lands are those lands largely lying to the north of Mt. Hamilton on the Mt. Hamilton watershed, and some along the Bay Shore down the peninsula below Palo Alto.

*Mr. O'Shaughnessy*—South of Mt. Hamilton, you mean to say.

*Mr. Long*—South of Mt. Hamilton, I should say. The Mt. Hamilton watershed is draining into the Calaveras reservoir.

When it was first suggested to me by the attorneys for the Spring Valley Water Company that a fair price would be a price considerably in excess of the \$34,500,000 for which they now offer the property, and for the same properties—my recollection is that the first figure they mentioned was \$36,500,000, and I refused to discuss that amount with them. Gradually, after repeated discussions, they agreed to make the offer, if the city solicited it, \$34,500,000. I recommended that offer to the Advisory Water Committee and asked the consideration at their hands of the proposition. I took it up first with the City Engineer, in order to get his judgment and ascertain if, in his opinion, it was a reasonable offer, and one which we could at this time consider. The City Engineer and myself presented the matter to the Mayor, and he called a meeting of the Advisory Water Committee, and after repeated conferences on the subject, calling in the engineers who participated in this inventory and appraisal, and a consideration of their figures, we came to the conclusion, the unanimous conclusion on the part of the Committee, that it was an offer reasonable to the city, that we were getting value for the amount proposed to be paid, and that, as a business proposition, it would pay its own way to such an extent that the taxpayers would not have to furnish one cent for interest or sinking fund for bonds required to pay for this property, and could furnish a considerable amount towards the construction of the Hetch Hetchy project from its operation.

The City Engineer and the City Attorney have spent on this inventory and appraisal of the structures, the lands, the rights of way, the water rights, in the neighborhood of

\$100,000. At times there have been as many as fifty individuals working on it. I do not think there ever was a more careful checking of the properties of any public service corporation in this country than there has been of the properties of the Spring Valley Water Company. And in our judgment, it seems that the city can relieve its present difficulties or need for water much more quickly and much more efficiently by acquiring these properties at this price than in any other way, and that the property, when bought, will be more than self-sustaining.

No one can prophesy or predict what the judgment of a court will be. But one of the engineers serving the Spring Valley Water Company who spent nearly a year out here was Mr. Allen Hazen, who is one of the leading authorities on the valuation of water in the United States. His standing is so high that Mr. Freeman recommended him, and he was brought out to San Francisco in 1912 to make a report on the Hetch Hetchy project, and to make a report to meet the opponents of that project in Washington before the Secretary of the Interior, a report upon the Sacramento River as a source of supply for San Francisco, in which he reported on the cost and on the probable quality of the water, and he was present at the hearing at Washington and was one of our best witnesses, a man whose integrity has never been attacked and whose ability has never been questioned. And Mr. Hazen's figures, I am told, on these properties that we are preparing to condemn, and his minimum figures, were \$42,000,000. He figured the value of their structural properties at nearly \$7,000,000 more than our expert did.

Now, there is a wide range of variance of opinion between our experts and the experts of the Spring Valley Water Company, and, as I indicated a moment ago, no one can predict what the attitude of a court in passing upon a case of this magnitude would be. Giving my judgment for whatever it may be worth, I believe that this is the most satisfactory solution of the controversy that the people of San Francisco could arrive at, and I am satisfied from the figures and the reports that have been given me, and the analyses of the various accounts of the Spring Valley Water Company that the properties will prove more than self-sustaining. I know that the acquisition of this property would eliminate many millions of the cost of the Hetch Hetchy system, by reason of the fact

that we would not have to duplicate the present distributing system and the present reservoir system of the Spring Valley Water Company, if we make this purchase, whereas we would have to go to quite an expense in duplication if we did not. We shall have to spend a great deal of money upon the Hetch Hetchy water system in the next three years, in order to keep our obligations to the government. There is a matter of ten millions to fifteen millions of dollars that must be spent, and those ten or fifteen millions of dollars the people of San Francisco will be paying interest on during construction before we can get a cent of revenue. And I believe that, as a business proposition, if we can have the present system of the Spring Valley Water Company paying its own way and aiding us to pay part of the cost for the Hetch Hetchy system, it will be sound business policy for the people of San Francisco to follow.

*Supervisor Deasy*—Mr. Long, have the pipes of the Spring Valley Water Company now in use in the distributing system been tested to find out what their condition is now?

*Mr. Long*—Yes, they have been tested.

*Supervisor Deasy*—And found how?

*Mr. Long*—Found in splendid condition—every expert that we have had on those pipes has so found.

*Supervisor Hayden*—Mr. O'Shaughnessy so states in his letter of transmittal, if I remember—that there was an examination made.

*Mr. Long*—All those pipes have been taken up, that is to say, in sixty parts of the city sections of those pipes have been taken up and tested. Some of the pipes have been down thirty-five years or thirty-eight years, and they were found in almost as perfect condition as when they were laid, upon the determination being made. We have found, from a study of the methods followed by the Chief Engineer, Mr. Schussler, of the Spring Valley Water Company, that he was exceedingly careful in preparing the pipes before they were laid in the ground, and that the sandy soil in San Francisco keeps the pipes in good condition.

*Supervisor Deasy*—Has the examination that has been made shown defects in the pipes so that they are in need of repairs?

*Mr. Long*—They have not been reported to me.

*Supervisor Deasy*—On Mariposa street, I think, you will find lots of places where that is the case.

*Mr. Long*—That has never been reported to me.

*Supervisor Deasy*—Were there any tests made in that district?

*Mr. Long*—That I don't know. That is a matter for the engineers, but I repeat that no reports have been made of it to me. I have been told by individuals that the pipes were not in good condition, and in every instance I have asked those individuals to give me the facts and to point out the places, and I would have tests made, and I would like to have those individuals or others who know the facts be specific so that they could be called as witnesses, because if such is the case we wanted to know it, because I know there has been much gossip to that effect, but I have never been able to confirm any statement to that effect.

*Supervisor Deasy*—I have known that in my experience myself—I have found many of the pipes eaten up by electrolysis.

*Mr. Long*—Water pipes?

*Supervisor Deasy*—Water and gas pipes, too.

*Mr. Long*—The gas pipes are not made of as heavy material, or construction, as the water pipes. It is an engineering matter that, of course, I cannot discuss, but none of the reports that have come to me have shown that state of affairs.

*Supervisor Nelson*—Does this take in the full distributing system in San Francisco?

*Mr. Long*—Everything.

*Supervisor Nelson*—What provision is made, where the property holders have paid for the pipes or mains themselves, for their repayment? Has that been deducted on the price here? In many instances for the last five or six years, property holders have been held up by the company and made to pay \$500 to \$1000 to run the mains. Is that part included in this offer?

*Mr. Long*—I know nothing about that state of affairs, it has not been called to our attention, no one has told us of pipes they have paid for that they claim to own.

*Supervisor Nelson*—I had notice served on me last night by a very big man who wanted to know about that, whether the city would take over the distributing system, and would they reimburse him for \$960 that he had paid for running a pipe in the Sunset District, I think where he lives, to the Spring Valley main. So I want to know if any light can be thrown upon that point?

*Mr. Long*—That would be a matter of policy for the city to determine later on. I know nothing of that.

*Supervisor Nelson*—Does it include

the full distributing system? It is supposed to include all the pipes, I assume?

*Mr. Long*—The pipes—

*Supervisor Gallagher* (interrupting)—Their appraisal does not include pipe extensions made by citizens themselves. When a man puts in a pipe in that way, as a natural consequence that pipe belongs to that man, and it cannot belong to the Spring Valley Water Company, and the amount of money involved in that item, in my judgment, would not exceed \$10,000, in any event.

*Mr. Long*—I should imagine it would not be any greater than that, because the pipes are the property of the owners, as Mr. Gallagher says.

*Supervisor Gallagher*—The pipes belong to the people who put them down, and the Spring Valley Water Company cannot include those pipes in an offer of sale. Mr. Long, you said we would have to spend ten or fifteen million dollars on the Hetch Hetchy system, I think you said within the next ten years.

*Mr. Long*—No, within the next three years.

*Supervisor Gallagher*—Within the next three years?

*Mr. Long*—I think that is the program of the City Engineer.

*Supervisor Gallagher*—Can you work that out and show where you are going to spend that money? I can see you spending about nine millions, about eight or nine millions, but I can't see any fifteen millions.

*Mr. Long*—I may have made the time too short, but that is the impression I have gathered from the statement the City Engineer made to me, and it would include the construction of the Hetch Hetchy dam, the construction of a railroad to cost about \$1,000,000, the construction of a power house, the construction of these aqueducts.

*Supervisor Gallagher* (interrupting)—Which aqueducts?

*Mr. Long*—Tunnels, I should say, full sized tunnels.

*Supervisor Gallagher*—What for?

*Mr. Long*—For the carrying of water down to the power plant.

*Supervisor Gallagher*—Have you any knowledge that that is contemplated within the next three or four years?

*Mr. Long*—That is my impression. Isn't that it, Mr. O'Shaughnessy?

*Mr. O'Shaughnessy*—That is part of the plan.

*Supervisor Gallagher*—Since when has that been adopted? Or when has it ever assumed such definite shape that you can say that we are about to spend ten to fifteen million dollars

in the next few years upon the Hetch Hetchy system, when the very first thing you do is to develop the power up there and begin to get a return upon it, before you begin to develop your pipe lines?

*Supervisor Vogelsang*—You can't develop or even commence to develop power until you build aqueducts to carry the water.

*Supervisor Gallagher*—Correct, but what will you estimate that to cost?

*Supervisor Vogelsang*—What is the total mileage of that tunnel, Mr. O'Shaughnessy?

*Mr. O'Shaughnessy*—About twenty miles.

*Supervisor Vogelsang*—And I suppose most of that twenty miles is through solid rock, is it not?

*Mr. O'Shaughnessy*—Solid rock, yes.

*Supervisor Vogelsang*—And a tunnel which will carry 400,000,000 gallons of water a day is of what dimensions?

*Mr. O'Shaughnessy*—About ten and a half feet in diameter.

*Supervisor Vogelsang*—About ten and a half feet in diameter. Now, twenty miles of tunnel through solid rock, they would naturally have to—

*Supervisor Gallagher* (interrupting)—May I interrupt you to say that I don't propose to believe anything you say on the subject of how much it is going to cost to build the tunnel through rock, because you are a lawyer and don't know anything about it.

*Supervisor Vogelsang*—I understand that and I am not attempting to tell what it is costing us.

*Supervisor Gallagher*—Yes, you are.

*Supervisor Vogelsang*—Nobody knows until the tests are made up in the country through which the tunnel is to run, and when that is done the engineer's estimate will be forthcoming.

*Supervisor Gallagher*—Who has given this \$15,000,000 estimate now, if nobody knows anything about it?

*Supervisor Vogelsang*—I am not standing for the \$15,000,000 estimate, because I don't know whether it is true, or not. But I do know from what I have heard from the Engineer that the dam itself will cost in the neighborhood of \$3,000,000—is that right, Mr. O'Shaughnessy?

*Mr. O'Shaughnessy*—Yes.

*Supervisor Vogelsang*—And I know from the engineer's statement that the railroad construction will be in the neighborhood of a million dollars—we are talking now not of the roadway up there that shall carry the materials, which is costing us \$150,000. But all of this is going to be dependent upon the financial market,

as well as other things, because we have got to market these bonds in order to have the money to use, and for that reason we can't be positive as to the date when the money is going to be expended.

*Supervisor Gallagher*—Then the City Attorney's statement goes for naught. He says ten or fifteen million dollars within three years, and you say he doesn't know what he is talking about.

*Supervisor Vogelsang*—I don't say he don't know what he is talking about.

*Supervisor Gallagher*—You don't say it in words.

*Supervisor Vogelsang*—Take it as I say it. There is no necessity of indulging in any sharpness in debate here. The proposition I am making is apparent to you as well as it is to every citizen in San Francisco, that with the present condition of the money market, it is impossible to sell bonds that are authorized for this construction at this time, and we don't know when it is going to be in such a condition, the money market, that those bonds can be marketed. Until that is done, the work cannot be done.

*Supervisor Gallagher*—The point I am making is simply this: I am talking about that statement made by the City Attorney, that within the next three years ten or fifteen millions of dollars would have to be spent on the Hetch Hetchy. I want to know where that estimate may come from, and how it comes that we are to spend so much money within three years.

*Supervisor Vogelsang*—I suppose the engineers can answer that part of it, so far as that is concerned.

*Mr. Long*—I may, Mr. Gallagher, be in error, but I gathered from a conversation with Mr. O'Shaughnessy, in which he outlined what he thinks his program will be and about the amount, and if I am in error, I would like to be corrected by him. Chief, will you make a statement as to that?

*Mr. O'Shaughnessy*—The cost of the dam at Hetch Hetchy will be approximately \$3,000,000.

*Supervisor Gallagher*—Taking how long to build?

*Mr. O'Shaughnessy*—Taking about three years to build. The railway which we will build, will cost, according to Mr. Freeman's estimate, a million and a quarter. We are now completing the survey of that road, and in a few months will have the final figures. We are building the upper section of it, ten miles long, at the present time, through the heaviest grades, for about \$15,000 a mile, so I have hopes that we can get it through for about \$12,000 a mile with the

equipment we shall have. So a million and a quarter will cover that expense. Twenty miles of aqueduct from the Early intake at Moccasin Creek to our first power plant, where we will develop 50,000 horsepower, will cost about \$250,000 a mile, five millions. That is five and three are eight millions, and one and a half, say nine and a half millions, making, with allowance for contingencies, possibly ten million dollars as sufficient to cover that section of the work and development. Now, to bring that power from that point into San Francisco, 160 miles, along a pole line, will cost about \$7,000 a mile—about a million dollars more. And the equipment and the machinery and so on will cost another million. So that will make ten million and two million or twelve million. At the same time, this section of aqueduct connected to the city, from Sunol over here, should be under construction, and that will cost probably four million to five million. So that would make very nearly the figure the City Attorney has suggested.

*Supervisor Gallagher*—That is an increase of about \$6,000,000 over the figures you gave me.

*Mr. O'Shaughnessy*—I gave you the figures for the power plant.

*Supervisor Gallagher*—You gave me \$9,000,000.

*Mr. O'Shaughnessy*—For the power plant.

*Supervisor Gallagher*—And it is not contemplated building across the valley and it is not contemplated developing the 400,000,000 gallon daily supply until we are ready to receive it.

*Mr. O'Shaughnessy*—No.

*Supervisor Gallagher*—Aren't your figures rather high in that connection?

*Mr. O'Shaughnessy*—No, because we have got to build this aqueduct to the full capacity.

*Supervisor Gallagher*—I agree with you there.

*Mr. O'Shaughnessy*—It won't do to build a small one. We must protect our rights to the fullest extent, and it is also an economic advantage to bring down the fullest amount of water, because then we will get the fullest development of power.

*Supervisor Gallagher*—You might be building up for that, but at your present rate of horsepower, you are not going to bring down a full supply of water, are you?

*Mr. O'Shaughnessy*—Not across the San Joaquin Valley to San Francisco.

*Supervisor Gallagher*—Or to the power house from the dam.

*Mr. O'Shaughnessy*—Yes, to the power house.

*Supervisor Gallagher*—How much

power do you expect to develop in the initial procedure?

*Mr. O'Shaughnessy*—About 50,000 horsepower.

*Supervisor Gallagher*—All right. How much water do you think it will take for that?

*Mr. O'Shaughnessy*—About 300,000,000 gallons a day.

*Supervisor Gallagher*—300,000,000 gallons a day?

*Mr. O'Shaughnessy*—Yes.

*Supervisor Gallagher*—To develop 50,000 horsepower?

*Mr. O'Shaughnessy*—Yes.

*Supervisor Power*—Then it is that \$15,000,000 that you itemize to be expended in the next three years as the City Attorney estimated?

*Mr. O'Shaughnessy*—I think it would be policy for the city to do so.

*Supervisor McCarthy*—Why not let the City Attorney proceed?

*Supervisor Gallagher*—You have got your program, so it doesn't make any difference to you.

*Supervisor McCarthy*—I would like to hear the report and then act.

*Supervisor Gallagher*—You would like to act because you know what you are going to do.

*Supervisor McCarthy*—You never know what you are going to do.

*Supervisor Gallagher*—Some of us will take our time, whether you like it, or not.

*Supervisor Power*—You say that is the plan for the next two years?

*Mr. O'Shaughnessy*—I think that is a very desirable thing to do.

*Supervisor Power*—It may be the desirable thing, we all agree to that that it may be the desirable thing to build the whole thing in three years, but I say, is it planned by your office at the present time to do it?

*Mr. O'Shaughnessy*—It is.

*Mr. Long*—I want to say another thing in that connection, that, in order to protect our water rights, when we make our first diversion, we must make it for a large quantity. That is one of the things that the City Attorney's office has advised the City Engineer on. One of the first considerations is to get the fullest protection for our water rights up there, and comply with the city's franchise, and that is the reason we have urged from the City Engineer to make a development which will use as large a quantity of water as he can possibly use. We believe it is extremely necessary to follow that course. Now, the Spring Valley city pipe distributing system amounts to 568 miles, of which the cast iron pipe is about 14 miles of 3-inch pipe, 70 miles of 4-inch pipe, 105 miles of 6-inch pipe, 138 miles of 8-inch pipe, a little over a mile of 10-inch pipe, 50 miles of 12-

inch pipe, 25 miles of 16-inch pipe,  $4\frac{1}{2}$  miles of 20-inch pipe,  $3\frac{1}{3}$  miles of 22-inch pipe,  $9\frac{1}{2}$  miles of 24-inch pipe,  $\frac{8}{10}$  of a mile of 30-inch pipe. Riveted wrought iron pipe, there is  $\frac{3}{10}$  of a mile of 12-inch pipe, 4.6 miles of 22-inch pipe, 2.4 miles of 30-inch pipe, half a mile of 33-inch pipe,  $\frac{7}{10}$  of a mile of 36-inch pipe, a mile and  $\frac{7}{10}$  of  $37\frac{1}{2}$ -inch pipe and  $\frac{9}{10}$  of a mile of 44-inch pipe.

*Supervisor Power*—I would like to ask you how that pipe is inventoried—what procedure was had as to inventories that?

*Mr. Long*—As to ascertaining the value of it?

*Supervisor Power*—No, to ascertain that that pipe is laid as you have stated.

*Mr. Long*—The quantity?

*Supervisor Power*—Yes.

*Mr. Long*—I don't know. I don't know what method the Engineer followed. Can you tell us, Mr. O'Shaughnessy?

*Supervisor Power*—In other words, did it come from our Engineer's office, or was the inventory or figures as furnished by the Spring Valley Water Company?

*Mr. Long*—I don't know. Mr. Dockweiler and the City Engineer's office gave me those figures, and how they were arrived at, I don't know.

*Supervisor Deasy*—Is all that 568 miles of pipe in use?

*Mr. Long*—What is that?

*Supervisor Deasy*—I say, is that pipe all in use, 568 miles?

*Mr. Long*—In use? I think it is.

*Supervisor Deasy*—But you don't know?

*Mr. Long*—I don't know positively, no.

*Mr. O'Shaughnessy*—You say how long it has been in use?

*Supervisor Deasy*—No. Is it all in use now?

*Mr. O'Shaughnessy*—Well, there is some pipe through the burnt district that is in the ground where houses have not been rebuilt again.

*Supervisor Deasy*—Those pipes have not been overhauled since the 'quake, and there has been no water in them at all.

*Mr. O'Shaughnessy*—There are very few cases where some houses have not been built and where the pipes are not in use at all.

*Supervisor Deasy*—They did overhaul one main and got service.

*Mr. O'Shaughnessy*—They had to overhaul every pipe after the fire and earthquake.

*Supervisor Deasy*—They did not overhaul it all—there is plenty of pipe lying in the street now that has not been touched since the 'quake, and they had mains on both sides of

the street, and they are practically using one now on lots of streets, and that is the matter I want to get at.

*Mr. O'Shaughnessy*—Every bit of the pipe in this system has been very carefully checked. No reliance has been made upon their statement. I have gone over the ground and gone down and cut out sections of the pipe and tested them, and we are prepared to stand on the accuracy of this statement.

*Supervisor Deasy*—On the 568 miles?

*Mr. O'Shaughnessy*—Yes.

*Mr. Long*—133 miles of the pipe is 2-inch and under. There is 31 miles of 2-inch pipe, 86 miles of  $1\frac{1}{2}$ -inch pipe, a mile of  $1\frac{1}{4}$ -inch pipe, 11 miles of 1-inch pipe, a mile of  $\frac{3}{4}$ -inch pipe, and .1 of a mile of  $\frac{1}{2}$ -inch pipe. I suppose some of that small pipe is what Supervisor Nelson has reference to. There are four reservoirs in use on the peninsula with which you are all familiar, Crystal Springs, San Andreas, Pilarcitos and Merced, and three proposed reservoirs which Chief Engineer O'Shaughnessy mentioned on the Alameda side, the Calaveras, San Antonio and Arroyo Valle, aggregating about 5600 acres—5580 acres, to be exact. There are a number of other structures, a long pipe line—there are 9 miles of main aqueducts, riveted wrought iron, running from 13 inches up to 54 inches in diameter. There are 24 miles of 30-inch, 28 miles of 36-inch and 22 miles of 44-inch. And there are 14 miles of auxiliary pipe, running from 3 inches up to 10 inches. There are 15 miles of wooden flumes outside the city, and about seven miles of tunnels—26 tunnels in all varying in length from 11 feet to 7500 feet. There are no other features of this plan that occur to me at this time that have not been covered by Mr. O'Shaughnessy. If there are any questions the Supervisors would like to ask me, I should be very glad to try to answer them.

*Supervisor Vogelsang*—Mr. Long, I would like you to state, for the information of the Board, some explanation of what is known there as capital expenditures from a certain date to be allowed—of what exact date is that, and what has the capital expenditure been expended upon?

*Mr. Long*—The capital expenditure is based upon the new additions to the system—

*Supervisor Vogelsang*—Made since what date?

*Mr. Long*—Made since, I think, January 1, 1914.

*Chief Justice Sullivan*—January 1, 1913.

*Mr. Long*—January 1, 1913, yes.

*Supervisor Vogelsang*—And of what do they consist?

*Mr. Long*—They consist largely of expenditures on the Calaveras dam.

*Supervisor Vogelsang*—The uncompleted dam?

*Mr. Long*—The uncompleted dam.

*Supervisor Vogelsang*—And about what proportion is that?

*Mr. Long*—That Calaveras dam is about one-third completed, the City Engineer tells me, and the \$590,000 or \$490,000, I think it is approximately—no, \$590,000, is largely expenditure on that dam. The dam is about one-third completed.

*The Mayor*—I think before we get away from the distributing system, there are a few very pertinent questions that have been asked, but I think the Chief ought to advise the Board of those, as he has the Advisory Water Committee. The Crystal Springs dam—

*Supervisor Power* (interrupting)—Before we get to that, Mr. Mayor, I want to ask the City Attorney a question that I think he, rather than the Engineer, will be able to answer. I would like to know how you account for the discrepancy in the number of acres that are excluded from this purchase now and those that were excluded from your condemnation proceeding? There were in the condemnation proceeding excluded, in Alameda county, 2593 acres, and you now exclude 7376 acres, or a difference of 4853 acres—

*Mr. Long*—For the reason, as I explained it at the outset—

*Supervisor Power*—I haven't finished my question yet.

*Mr. Long*—Oh, pardon me.

*Supervisor Power*—The total number of acres excluded now are 31,566, and the number of acres excluded in the condemnation proceeding was 27,325, a difference of 4241 acres. I would like to know where the difference of six hundred and odd acres comes in between the 4853 and the 4241 acres. In other words, are we securing any additional land from the Spring Valley Water Company over and above what we were to secure when you commenced condemnation proceedings?

*Mr. O'Shaughnessy*—That is described in the report of the Advisory Water Committee, Mr. Power, as belonging to the Nussbaumer Tract.

*Supervisor Power*—What?

*Mr. O'Shaughnessy*—That is described in the Advisory Water Committee's report as the Nussbaumer Tract, and it is referred to in the correspondence with the Spring Valley Water Company.

*Supervisor Power*—Is that tract in-

cluded in the condemnation proceedings?

*Mr. O'Shaughnessy*—It is included in the condemnation proceedings, but a great deal of it is up near Mrs. Hearst's on the northerly side of the creek, and in this revised appraisal, all the higher land has been excluded, and the land down in the river where the water rights are has been retained.

*Supervisor Power*—I don't know whether I have made myself clear, or not, Chief. But taking the summary of your Advisory Water Committee's report—

*Mr. O'Shaughnessy* (interrupting)—That will balance if you take that 600 acres.

*Supervisor Power*—That 600 acres was not on the condemnation proceedings?

*Mr. O'Shaughnessy*—It was.

*Supervisor Power*—How do you make it balance? I have taken the total acreage you have in your condemnation proceedings, and deducted that from the total acreage that you now have excluded, and it gives a difference of 4241 acres. I have taken your figure that you now have in your report of the acreage excluded from the Alameda county lands and deducted from that the acreage that was excluded by condemnation, and I get a difference of 612 acres, as I have explained before.

*Supervisor Hayden*—How much time, Mr. Long, was devoted to taking this inventory by the expert engineers?

*Mr. Long*—Nearly a year.

*Supervisor Hayden*—A year's time?

*Mr. Long*—Yes. Later on, Mr. Power, Mr. Steinhart will explain that, as he had active charge of all of those properties, the listing of those properties, and he can give you an explanation of that. There were some strips taken afterwards, in order to protect those rights in Pleasanton, and I am not familiar with the exact details. He will give you the information later on.

*Supervisor Power*—It seems to me it is a simple matter of figures that, if you folks on the Advisory Water Committee have given this the time and attention that I feel you have for the last several months, it should be an easy matter for you—simply a matter of value.

*The Mayor*—The Chief is working on it, and we will have it in just a moment.

*Supervisor Power*—If Mr. Steinhart has it, well and good.

*Mr. Steinhart*—I haven't it exactly, only I know the amount of the land in Pleasanton is given as greater than it actually is, because the strips are

not deducted—how much that would account for, I don't know.

*Supervisor Power*—I think there is one portion of the report here that says it is 80 acres.

*Mr. Steinhart*—Then there is another acreage at the wells, and that accounts for part of it.

*Supervisor Walsh*—I move that we keep going, Mr. Mayor.

*Supervisor Gallagher*—Has Mr. Long concluded?

*Mr. Long*—Yes, unless there are questions to be asked.

*Supervisor Power*—I want to ask another question, when we pass the question with reference to that 600 acres.

*Mr. Long*—The Pleasanton land in the Nussbaumer tract, Mr. O'Shaughnessy is figuring upon.

*Supervisor Power*—Do you know whether those 4800 acres of land excluded are used for, or rather, what they are used for at the present time?

*Mr. Long*—Some of them are used for farming and some of them are not used at all.

*Supervisor Power*—Some of them are used for farming?

*Mr. Long*—Some of them are used for farming, yes.

*Supervisor Power*—Do you know the returns of those used for farming purposes at the present time?

*Mr. Long*—I think the figures are all lumped, the returns from the land.

*Supervisor Power*—I will put it in another way. Do you know whether or not the returns received from those lands—I will assume the taxes to be \$10,000, you said a valuation of \$500,000, and if it is a dollar tax, it will be \$5,000 taxes. Are they getting a greater return than \$5000 for those lands?

*Mr. Long*—I think they are. I can say, Colonel, that the Spring Valley Water Company received about \$105,000 a year from all lands owned, and of this amount there was derived from the lands to be taken over by the city \$42,659.30, the balance being on lands not to be acquired. That includes—

*Supervisor Power* (interrupting)—What is your figure that their total income is?

*Mr. Long*—From rents of land and sales of crops \$105,095.

*Supervisor Power*—Where do you get that figure? These figures, taken from the Advisory Water Committee's report, are \$132,092.

*Mr. Long*—This figure was made up on the revenues for the year 1911-12.

*Supervisor Power*—This other figure is for the year 1913?

*Mr. Long*—Yes. I have the figures for 1911 and 12.

*Supervisor Vogelsang*—This figure

in this report includes the sale of crops as well as rent of the land?

*Mr. Long*—Yes. The figures I was reading from are the figures for 1911 and 12. The income from the lands they obtained included the San Benito lands and the Coyote Creek lands and a number of lands never used in connection with the water system at all.

*Supervisor Power*—Have you figured what their income will be from the lands that they retain—have you that figure?

*Mr. Long*—I have not for the year 1913.

*Supervisor Vogelsang*—I think, Mr. Long, that those figures are for the year 1913-14, are they not?

*Mr. Long*—The figures in the printed report, yes.

*Supervisor Vogelsang*—In the other report of Mr. Moody's, in the analysis of the operating expenses, etc.—

*Chief Justice Sullivan*—1913, it is.

*Supervisor Vogelsang*—Yes, 1912-13. On page 13 of this copy recently made, the income derived from land rentals and crops is given as \$105,094.04, and of this amount there was derived from the lands to be taken by the city \$42,659.30, and evidently that would be on the lands retained by them \$62,435.74, which, as has been stated, of course includes whatever income comes from the retained Merced lands, from the Coyote Creek lands and San Benito lands, as well as others, and of this there are some 12,000 or more acres, if I understand it, in the San Benito and Santa Clara lands, fit for farming purposes.

*Supervisor Power*—I would like to ask the Supervisor if this report is different from the one before me.

*Supervisor Vogelsang*—I think it is a little bit. I think it is a later compilation, although I haven't compared it.

*Mr. Long*—I think it for the year 1911 and 12.

*Supervisor Power*—Who made it?

*Mr. Long*—The same man who made the other.

*Mr. Steinhart*—He only made one.

*Supervisor Vogelsang*—Oh, yes—it is under date of August 10, 1914. It may be a little fuller.

*Supervisor Power*—Do I understand there is a different figure in that report, and that it is more recent than that of the Water Advisory Committee on the rents and sale of crops?

*Supervisor Vogelsang*—It is an amplification of it.

*Supervisor Power*—I suggest, Mr. Chairman, if there are any reports that have supplemented the Advisory Water Committee's reports before us, that a copy be furnished to each member of the Board.

*Mr. Long*—This report of 1911-12,

which Mr. Moody made up for me, is an analysis of all their operating expenses, and of all their costs and probable cost to the city. The report made to Mr. Sullivan was later than this, I think, and took it right up to date, the 10th of August.

*Chief Justice Sullivan*—I told Mr. Moody I was preparing a report, and to make a very careful examination of the books of the company, and to report to the Advisory Water Committee the total amount of money received by the Spring Valley Water Company from all sources, included in which would be the lands which the city was to acquire, and lands which the Spring Valley Water Company was to retain, and these reports here, these exhibits annexed to the report, were made under instructions from the Advisory Water Committee. This statement appearing here on page 18 purports to be a statement of the gross operating revenue for the year 1913. I was assured by Mr. Moody, who has been in the employ of the city for quite a while for this particular purpose—I was informed by him that this is a correct statement of the total income received by the Water Company for the year 1913. From water sales, \$3,251,411; from rents and sale of crops, \$132,092.64; from miscellaneous sources, \$77,463.84, making a total of \$3,420,967.48. I know of no other reports made prior to the presentation of this report by Mr. Moody, or made subsequently to the filing of this report. Mr. Long apparently has some report in his possession made by Mr. Moody for the year preceding the year 1913.

*Mr. Long*—Yes.

*Chief Justice Sullivan*—This statement contained here in the report of the Advisory Water Committee recites the situation for the calendar year 1913. We could not get a statement for the year 1914, on account of its being an uncompleted year. But I think we can rely on the accuracy of Mr. Moody, who certainly is a very competent expert, and I think you can take those figures as being correct figures.

*Supervisor Power*—I want to state, Mr. Chief Justice, I am satisfied to take these as correct figures, but at the same time I don't think there should be any information given to us by any member of the Board, or by any member of the Advisory Water Committee that is in conflict with this report.

*Supervisor McCarthy*—I think that Mr. Moody has given this report of the fiscal year 1912-13, and the figures in the report of the Advisory Water

Committee are for the calendar year 1913.

*Chief Justice Sullivan*—I asked him to give me a report for the calendar year 1913. I did not care to have the fiscal years, I wanted the calendar year.

*Supervisor Power*—Then the figure we consider correct is one—

*Chief Justice Sullivan* (interrupting)—That is in the report.

*Supervisor Power*—Which is for the calendar year?

*Chief Justice Sullivan*—The calendar year 1913.

*Supervisor Vogelsang*—This one is probably correct, but it takes in six months of the year 1912 and six months of the year 1913.

*Supervisor Power*—I understand, Mr. Long, you say the receipts from the Pleasanton lands, the sale of crops or rental or whatever source of revenue they have, exceeded the taxes to be paid on said land—

*Mr. Long* (interrupting)—I haven't analyzed that, but that is what I made reference to. The tax would have to be paid by the taxpayers of San Francisco, by way of interest on bonds. If we took those lands at a valuation of a million dollars, we would have to pay interest on bonds to that amount, which, at  $4\frac{1}{2}\%$  per annum, would be about \$45,000 a year in interest—that is what I had in mind. The interested people of San Francisco would have to pay the bonds and interest on the acquired land.

*Supervisor Power*—What about the difference of \$64,000 between the total sources of income from rent of land and sale of property and the revenue of \$68,000 that they will receive from lands that they still hold?

*Mr. Long*—That includes about a thousand acres of land down in San Benito county, and—

*Supervisor Power* (interrupting)—I don't care what it includes, but I say, what do you think about the \$64,000 additional revenue taking care of the redemption and taxes that you refer to—that is what I intended to say?

*Mr. Long*—That might take care of it, if we acquired all of their lands. But that would necessitate the acquiring of other lands, not only of all their lands down there, but the lands at Lake Merced and lands that they rent in Santa Clara county and lands that they rent in San Benito county, and I take it the larger rentals they get are rentals on the land at Lake Merced.

*Supervisor Power*—Do you think that those are greater than the rental on the Pleasanton side?

*Mr. Long*—I do, because the Pleasanton lands, much of that is given up to alfalfa.

*Supervisor Power*—Are there any hog ranches on those Pleasanton lands that you know of?

*Mr. Long*—I never heard of any.

*Supervisor Vogelsang*—It must be remembered by the Supervisors that there are 17,501 acres of retained lands in Santa Clara county, and 691 in San Benito county, from which, no doubt, a large portion of the revenue comes.

*Supervisor Power*—We don't know that.

*Mr. Long*—A large portion of this Pleasanton land at the upper end I do not think is farmed at all. It is kind of marshy.

*The Mayor*—Now, Mr. Steinhart, the City Attorney advises me he has finished, could we hear from you?

*Supervisor Power*—Just one minute. I believe I asked the Engineer a question, and he said the City Attorney could better answer it, the City Attorney or his experts, as to the appraisement that they placed on the excluded Pleasanton lands.

*Mr. Steinhart*—That is less than the amount that was paid for those lands. The experts went over all the lands, which I know, because I went with them at the time, and all of the Pleasanton lands that were purchased by the Spring Valley Water Company were declared by them to be worth considerably less than was paid by the Spring Valley Water Company for them. So the valuation they placed upon them was less than the Spring Valley Water Company paid for them. In other words, if it came to a condemnation proceeding, it is hardly reasonable to suppose that a court would not allow a valuation that was close to the actual value paid for those lands in as recent a period as 1911. But, as a matter of fact, we consider that, if we paid that value for them, we would be paying more than the land is worth. The situation in Pleasanton, as something has been said about that, and I am a little familiar with it, is something I would like to make a statement about.

*Supervisor Power*—Mr. Steinhart, before making it, would you give me that figure? You say "less than they paid for it."

*Mr. Steinhart*—I can't give you the figure offhand, but I went over the lands with them, and they were pointed out, acreage by acreage, and we compared them, without taking the figures down, with the amounts paid. For some of those tracts they paid as high as \$400 and \$500 an acre, in some of the big acreages, and

in some of the very small tracts they paid as high as \$1200 an acre—those were extremely small tracts, of course.

*Supervisor Power*—Do I understand you to say you haven't that appraisement?

*Mr. Steinhart*—I can't give you that offhand. It would be in the neighborhood of \$1,300,000 or \$1,200,000, roughly—I can't give you the figures exactly. But the fact of the matter is, the Pleasanton situation was this: and to be safe about that, let me put it at \$1,500,000—it is less than \$1,720,000. I can state that, Mr. Power. The fact of the matter is, as I started to say, that the Pleasanton wells have always been located on certain lands owned by the Spring Valley Water Company. There were certain lands to the north of those lands owned by the Spring Valley Water Company, the owners of which particular land commenced suit against the Spring Valley to restrain that company from taking water from the lands that they owned, upon the ground that the taking of the water from the Spring Valley Water Company's lands would lower the water plane on their lands to the north. In order to compromise those suits, and in order not to be in litigation (and frankly, Spring Valley was not in a condition at that time to be in litigation, they had to make one contention on one side of the matter, as far as the city was concerned, and another one on the other side), they bought the lands and paid extremely high prices for them. Since they acquired those lands, they have not gotten any additional water in their Pleasanton watershed, and they have dug no wells upon the lands acquired. In other words, they bought those lands to take away the club that was being held over them. We consider that, legally, we are acquiring the club under this agreement. The City Engineer tells us that we are, from an engineering standpoint, acquiring the water. So, under those conditions, there is absolutely no reason for taking those lands and paying an additional amount for them. The interest on those lands, the interest upon the bonds necessary to get those lands, plus the taxes that you would have to pay on those lands, would more than equal the amount you would get from them in revenue. As a matter of fact, gentlemen, there is nothing that I can add to what City Attorney Long has said to you already, and—

*Supervisor Power* (interrupting)—What do you base that on, Mr. Steinhart?

*Mr. Steinhart*—It is very simple,

Mr. Power. If you buy \$1,700,000 worth of land and pay  $4\frac{1}{2}\%$  interest on that, you are paying about \$75,000 a year interest. In addition to that, Mr. O'Shaughnessy has told you that the taxes on those lands, as they are assessed at \$500,000, and the tax rate in all those communities is between 2 and 3 cents on the dollar, probably in the neighborhood of 3 cents, and 3 cents on the dollar on \$500,000 is \$15,000 a year, which, added to the \$75,000 interest on the bonds, is \$90,000, and there is \$90,000 as compared to the income on all the excluded lands of \$64,000.

*Supervisor Gallagher*—Supervisor Power, you are not opposed, are you, to the elimination of every ounce of land that comfortably and safely can be eliminated for the purpose of this water supply, provided that in that elimination the city gets value, that is, so that there is a reasonable reduction of cost of plant to us? In other words, don't you agree with the idea that all lands that can be eliminated ought to be eliminated, and that the city ought to have a sufficient deduction in price to make up for that elimination?

*Supervisor Power*—I would answer that, Supervisor, that I do not.

*Supervisor Gallagher*—Do you want that land?

*Supervisor Power*—I think from a business standpoint, in taking over these properties, the best proposition the city can take it over on is to take all the land that the Spring Valley Water Company has at this time. Then the city could proceed to take such steps as are necessary to handle that land, and eventually dispose of it. If it is worth that to them, it is worth it to us, and if it is going to increase in value in the hands of the Spring Valley, it is going to increase in value in the hands of this city, and I contend that this increased value of the land would eventually be the means of assisting us—

*Supervisor Gallagher* (interrupting)—That is a straight out proposition of going into the real estate business rather than buying a water plant.

*Supervisor Power*—I answered your question.

*Supervisor Gallagher*—I say, that is the proposition.

*Mr. Steinhart*—There is very little I can add, gentlemen, to what has already been said by Chief Justice Sullivan and City Engineer O'Shaughnessy and Mr. Long. There is one thing that I do want to call your attention to, and I think that is the only thing I can contribute at the present time. The proceeding most comparable to a condemnation pro-

ceeding, in other words, the proceeding most comparable to a court proceeding such as would be a condemnation proceeding, is the rate proceeding that was had before Judge Farrington. That is the only judicial proceeding that has been had in which was involved the valuation of the Spring Valley Water Company's land. That proceeding was a lengthy proceeding. Experts were hired on both sides, the matter was gone into at great length, and the court gave a judgment at that time as to what it believed the value of the property to be, after hearing all the evidence. Comparing the values ascertained by the court at that time, in order to try to get at what the value might be held to be by a court at this time, the figure of \$34,500,000 compares favorably. The figures read yesterday by Chief Justice Sullivan show, roughly, a valuation of about \$13,900,000 for the physical properties. Now, as a matter of fact, taking the valuation found by Judge Farrington, upon the physical properties of the Spring Valley Water Company's plant in 1903, and adding to that the improvements, extensions and betterments made since that time, and then depreciating them along the same line of depreciation as was applied by Judge Farrington, and the depreciation is rather a high one, we get a valuation for their physical properties in excess of \$13,922,000. you get a figure in the neighborhood of about \$14,300,000, plus about \$280,000 for stock on hand—(Judge Farrington did not include stock on hand in his valuation of the physical properties, whereas in the valuation of the physical properties given yesterday at the figure of \$13,922,000, there was included the stock on hand). Therefore, under the light of Judge Farrington's decision, the valuation on the physical structures would be considerably more than the valuation here of \$13,922,000, given by Chief Justice Sullivan yesterday—it would be in excess of a million dollars over that, would be nearer to \$1,500,000 additional.

*Supervisor Hayden*—There was no valuation at that time for going concern or water rights, was there?

*Mr. Steinhart*—I will come to that—there was an allowance for water rights, yes. The real estate in San Francisco, valued by Chief Justice Sullivan yesterday at \$1,400,000 is a fair valuation, in that it is a valuation practically conceded on all sides. That does not include the Lake Merced properties. The 823 acres of Lake Merced property were valued yesterday, as given by the Chief Justice, at \$2000 an acre. That is by no

means an excessive valuation of the Lake Merced properties. When we get the 823 acres there, we get some extremely good property. There is about 172 acres of that which lies between the two arms of the lake that is good level property, that is high-class real estate, and the intention, as I understand, is to use it as a park. That property is of high value—there is no doubt about that. We get about 700 feet frontage, I understand, I can't state it positively, along Sloat Boulevard. This is extremely high-class property, and property that is worth \$5000 to \$6000 an acre. As a matter of fact, the last sale in that neighborhood, or one of the last sales in that neighborhood, was the sale made across the way from the Spring Valley Water Company's Lake Merced lands, being a sale made corresponding to the Forest Hill section, and that was at \$5000 an acre. Of course, that was very good property, being property fronting on the boulevard, and having that frontage it was better than the average. That was sold by a benevolent society to the Forest Hill people or people connected with the Forest Hill property. The other sales thereabouts have been in excess of \$2000 an acre. There is some property in that Lake Merced district to the west of Lake Merced that is also high-class property, it is property that has an overlook on the lakes and from that standpoint has a value, a high value scenically. Some of the property, of course, is not so high class, which accounts for the valuation of \$2000 an acre. But that valuation, I repeat, is by no means an excessive valuation as compared with prices obtained for property sold in that neighborhood.

The properties outside of San Francisco were valued at \$100 an acre. Judge Farrington valued the Lake Merced property as a whole at \$1250 an acre, and Judge Farrington's decision values the property outside of San Francisco at \$97 an acre, which was in 1903. The value represented or given by the Chief Justice yesterday is the valuation of \$100, practically the same as Judge Farrington's valuation, but eleven years later. There is no question that if Judge Farrington's valuation of \$97 an acre was a fair valuation eleven years ago, then \$100 an acre is exceedingly low now; and if the court in 1903 could legitimately, after hearing testimony, and Judge Farrington went into the matter at great length, find a valuation of \$97 an acre, certainly a court in 1914 might find a considerably higher valuation. That

is particularly true when you consider that there is included in this property, property in San Mateo county which property has gone up very much in recent years, such as the property around Crystal Springs. That property, if it were not used for watershed purposes would be used for residential purposes, as is the case with the Woodside district. This property, in fact, backs up against the Easton subdivision, and in the condemnation suit Spring Valley would use the Easton sales to boost the prices. Compared to Judge Farrington's figure of \$97.50 an acre, the valuation of \$100 is, I repeat, by no means excessive.

Rights of way, as stated by the Chief Justice, were stated to be of the value of \$525,000, taking Judge Farrington's decision and adding to that the rights of way acquired since that time. The reservoir sites were taken on the same basis as Judge Farrington, after listening to the testimony, allowed. Riparian and other water rights, are matters always open to more or less discussion. Judge Farrington allowed a valuation of \$63,360 a million gallons daily for water rights. He allowed that, independent of the physical structures that were a part of the plant. In other words, he simply took an output of about 33,000,000 gallons a day, and he multiplied the 33 by the \$63,000 and found the valuation. In taking that method, the value that would be arrived at for water rights is a great deal higher than the valuation arrived at here. In other words, taking the basis of \$63,000 a million gallons daily, the question then would be as to the output. At the present time the output is 40,000,000 gallons. It is conceded that with the Calaveras water supply, the output will be 60,000,000 to 65,000,000 gallons a day. The Spring Valley contends, as you will find in a paper written and published by them, from their report at the Hetch Hetchy hearing at Washington, that it owns water rights or an output very much greater than is stated in the figures here.

Going concern value was not valued at all by Judge Farrington, but in the Omaha case, which Chief Justice Sullivan referred to yesterday, the Supreme Court of the United States distinguished between rate fixing cases and a condemnation case, and held that, in a condemnation case, going concern value had to be considered.

So, as I say, comparing those values to a value obtained by the only other judicial procedure we have to compare with, the values are not excessive, and

the value of \$34,500,000 is not too high.

*Supervisor Jennings*—May I be excused for a little while, Mr. Mayor?

*The Mayor*—You will be available, will you?

*Supervisor Jennings*—Yes.

*The Mayor*—The Chief Justice has some further figures that I would like to ask him to read in presentation of the matters.

*Chief Justice Sullivan*—Among the very important reasons that impelled the Advisory Water Committee in making this recommendation is the fact that the Spring Valley Water Company will not make any further extensions. It has so declared itself, and there apparently is no power to compel the company to increase its source of water supply or to extend its distributing system. The company is now supplying the city to its full capacity, about 40,000,000 gallons a day. Its refusal to furnish any more water or to extend its system means that San Francisco is now and will continue to be practically at a standstill. Richmond, Sunset, Ocean View, Holly Park and other districts of San Francisco will not be developed. We are today practically non-progressive as far as population is concerned. The census showing the population or increase in population in the City of San Francisco from 1900 to 1910 shows that San Francisco progressed less than any other city in the State. Of course there is a good reason for that—the earthquake and fire—and we can all account for the non-increase in population, attributable to those causes. But from 1910 to 1914, San Francisco has increased less than other cities in the State. For instance, Alameda City, a little city across the bay, from 1910 to 1914, according to the United States census reports, increased to the extent of 12% in population. Berkeley increased 26% in population. Oakland increased 21% in population—nearly 22%. San Francisco increased about 7½% in population, or less than 2 per cent per annum. I have here in my hand a report given to me a few minutes ago or sent to me by the Railroad Commission, showing that the transbay traffic from Oakland, Alameda, Berkeley, San Rafael—or from Alameda County and Marin County—amounts to 110,000 people a day. That is a very significant figure. That is about 55,000 people each way. Included in this 110,000 is the daily overland traffic. So, deduct 10,000 from that, and the Railroad Commission says about 90% of the daily traffic represents commuters. Say the overland traffic and traffic from the interior amounts to 10,000 passengers a day. That is probably in

excess of the amount. But let us take it, then, that 50,000 people a day come to San Francisco, earning their living here, getting their money here, and going back to their homes. And, mind you, those figures do not include the peninsular traffic, traffic from San Mateo, Redwood, Santa Clara and other towns south of San Francisco. Those 50,000 people come from Alameda, Oakland, Berkeley and from Marin County to San Francisco daily, and go back again in the afternoon. While they earn their money here, they spend it in their homes. These 50,000 people represent, I assume, at least two more dependents each, the one supporting two others. That means a population of 150,000 people supported by commuters. And until we have water facilities, you cannot expect the people to come here and vote here.

There are two vital things necessary to resurrect San Francisco: First, you must have water; next, you must have railroad facilities. Fortunately for the City of San Francisco, we are now bent upon carrying out municipal ownership to a good extent, and I believe that every dollar derived from the successful operation of the street car system of San Francisco should be put into extensions. But it is folly to extend your railroad systems to the outlying districts for the purpose of carrying people there if, when they get there, they can't get water. One is just as essential for the success and prosperity of San Francisco as the other. San Francisco is bound to be at a standstill until we get water.

I am heartily in favor of the Hetch Hetchy system, have been from the early start, fought for it from the very start with Mayor Rolph and others who were intensely in earnest upon the subject. But I am informed by the engineers that it will take eight years to perfect the system, to construct the necessary dam at Hetch Hetchy, the necessary tunnels, the necessary conduits, and bring the water to San Francisco, to construct the necessary reservoirs and lay the necessary pipe lines to this city—eight years before the city will receive a dollar of income, and during that period of eight years you will have expended in interest alone nine millions of dollars, according to calculations which I have made. Not a dollar of income coming to the city during that period of time, unless you acquire the Spring Valley water system. If you acquire the Spring Valley water system and construct the Calaveras dam, lay a distributing system in San Francisco in

the outlying districts, you will have, inside of two years or three years at the farthest, a system that will bring you a profit of \$3,000,000 at least per annum, enough to meet the maturing bonds, and pay interest on bonds issued to purchase Spring Valley Water Company's properties.

I believe that the Spring Valley Water Company's directors have in the past not treated the city fairly. I think they have been mercenary. I think those men who have built up fortunes at the expense of the City of San Francisco should have offered better terms to San Francisco. But yet, here we are, and we are confronted with this situation, we must make the best of it, and those are the reasons that impelled the Advisory Water Committee, among other reasons advanced, to recommend to the city the purchase of the Spring Valley system.

And assume that you do construct the Hetch Hetchy system and spend the \$45,000,000 granted by the city, construct a duplicate system here, artificial reservoirs instead of the natural reservoirs now owned by the Spring Valley Water Company. At the end of eight years, you will have the municipal system, but there will be two systems, the city could not compel the consumers to deal with it, to buy its water. There are 80,000 service connections now of the Spring Valley Water Company. Assume that we go right straight forward, complete our system, then at the end of eight years, having spent nine million dollars in interest alone, we will be confronted with competition. How, then, will we get the interest necessary to pay the great expense incurred for the construction of the Hetch Hetchy system?

These facts induced us, among other reasons, to make our recommendation to this Board. And I believe as firmly as I know I am here talking to you that it is for the best interest of the city to make this purchase, extend our water system, then extend our street car system, and put San Francisco in a way to make it the metropolis of the Pacific. We are bound to take back at least one-half of those commuters who live across the bay because they can't get car facilities and can't get water. And as soon as we have the Spring Valley water system, and as soon as we have our municipal water system extended to the outlying districts of the city, San Francisco will be put in a position on the Pacific Coast like that occupied by New York on the Atlantic Coast.

*Supervisor Nelson*—This \$34,500,000 offer that has been made, does that

include everything—there is no possible litigation that might occur later on in regard to any lands?

*Chief Justice Sullivan*—If the city accepts the offer of the Spring Valley Water Company, all litigation between the water company and the city will cease, the Spring Valley Water Company agreeing to give a good and sufficient deed conveying all its right, title and interest to all of these properties to the city. Of course, where there are six or eight thousand acres of land to be purchased, there may here and there be some pieces affected by some trifling imperfection. But it is agreed that the title shall be a good, marketable title, and if any piece of property which the Spring Valley Water Company has agreed to sell to the city is affected by a bad title or clouded title, a title that will not hold water, then an allowance must be made by the Spring Valley Water Company, according to the terms of the proposition.

*Supervisor Nelson*—In other words, they can't come back to the people and say, "There is litigation pending here and there which will cost something," the same as the last proposition submitted to the voters?

*Chief Justice Sullivan*—As I understand it, there is no serious litigation now that we know of. I understand there is a suit involving the Lake Merced tract, brought by a Miss Mahoney, and I further understand there is absolutely nothing in her claim. If that was a valid cloud upon the title, the city would not buy it. It is incumbent upon the City Attorney to see that you get a good and valid title, just as your attorney would advise you regarding the title of any piece of property that you might be buying.

*Supervisor Power*—Judge, will you tell me how, if we purchase the Spring Valley properties under these conditions, we will improve the conditions, insofar as the water supply to the outlying district is concerned? I agree with you that you have hit the nail on the head in that particular thing, but I would like to know how, without the expenditure of about three million dollars, you would remedy the conditions now prevailing in the outlying districts?

*Chief Justice Sullivan*—If the Spring Valley Water Company sells to the city today, there are certain districts crying for water now that could be helped immediately by the extension of the system. The city here can use the bond money that came from the sale of the Hetch Hetchy bonds, but it cannot make a very extensive addition to its plant,

because the water is not there to supply the people at the present time. There may be now in the Crystal Springs and Lake Pilarcitos and Lake Andreas enough water to supply the city for a year—over a year, I am told. So the city could at once lay pipes to the outlying districts. In two years we will have constructed and completed the Calaveras dam, and will have the additional water coming from there, to the extent of at least 50%, a 50% increase in the water brought here to San Francisco, and that would be enough water to supply a city of 750,000 to 800,000 population. There isn't a district in San Francisco today that, after two years, won't get all the water it wants, if the city will purchase the Spring Valley Water Company's property.

*Supervisor Power*—As a matter of fact, don't you know that those districts can be supplied that are most in need of water at the present time?

*Chief Justice Sullivan*—The Richmond District can be supplied at once and the Sunset can be supplied at once, can they not?

*Mr. O'Shaughnessy*—By making pipe extensions.

*Supervisor Power*—I would ask the Chief Engineer of the city, touching upon the report he submitted regarding an underground system, is there any section that cannot be supplied at the present time from that underground source?

*Mr. O'Shaughnessy*—What is your question?

*Supervisor Power*—I say, is there any section of the city in the outlying districts, we will say, that cannot be supplied from the underground sources outlined in your report made in May, 1914?

*Mr. O'Shaughnessy*—There are sections north and south of the Park, Sunset and Richmond, that can be supplied from that source.

*Supervisor Power*—Can't the other outside lands be?

*Mr. O'Shaughnessy*—They could be if we had the water on this side.

*Supervisor Power*—Still, if we take the Spring Valley Water Company's property, we still have to build a distributing system to those points?

*Mr. O'Shaughnessy*—Well, but you can make additions from the present completed system of the Spring Valley Water Company easily, but to go from the Richmond section and to get across to University Mound is a complicated arrangement—the reservoirs of the Spring Valley Water Company are scattered all around in different localities, and by laying certain pipes and putting in more pumps, the water can

be much more economically served to those localities from the present.

*Supervisor Power*—But nevertheless, that supply is there, and those districts can be supplied without the purchase of the Spring Valley Water Company.

*Mr. O'Shaughnessy*—The prospects are very good.

*Supervisor Bancroft*—How much water—is there enough for the Richmond and Sunset, enough to supply those districts if they were completely built up?

*Mr. O'Shaughnessy*—There is not.

*Supervisor Power*—Do you think that, by the time the Sunset and Richmond districts are entirely built up, that you can have the Hetch Hetchy system in here?

*Mr. O'Shaughnessy*—I am afraid you are impeaching my professional skill.

*Supervisor Power*—I don't say that with any reflection at all. I would state offhand that, take around the Richmond District, within the next ten years, it will be entirely built up. I would say in the next fifteen years, perhaps, the Sunset District will be entirely covered by residences. I supplement the question of the Supervisor, on that showing, that the supply that is there now, that you say is three million gallons daily, is ample for the present needs and for the needs of the next three or four years, is it not?

*Supervisor Gallagher*—How much is the underground supply?

*Supervisor Power*—About three million gallons.

*Supervisor Gallagher*—There is nearly 8,000,000 gallons a day being taken from the ground right now. That is 11,000,000 all together.

*Supervisor Power*—I mean the additional supply he expected to get out of these wells. Am I not correct?

*Mr. O'Shaughnessy*—That is correct, and Mr. Gallagher is also correct in stating that there are eight and a half million gallons derived from wells. While that water is very good for laundry and manufacturing purposes, we think it is not desirable for drinking purposes, and we try to secure our locations where there is no contamination of the water for drinking purposes and the cleanest source I see now is the Sunset section south of the Park.

*Supervisor Power*—Chief, there are two questions I would like to ask. One is, if the Calaveras dam is completed, is the present pipe line or aqueduct or conduit or by whatever system it is carried from the Alameda side to this side—is that sufficiently large to carry also that supply?

*Mr. O'Shaughnessy*—No, sir. That

might be strained to its utmost capacity now. That is a 36-inch pipe line, and by gravity from Sunol, we take about 15,000,000 gallons a day to Belmont. About a year ago, a plant was put in operation at Ravenswood, by which the discharge of water was increased through that pipe, and its capacity increased about 6,000,000 gallons a day, so that 21,000,000 gallons a day is now the utmost that can be taken from that side by the present pipe system. To bring additional water from Sunol and Pleasanton, an additional pipe line from there into San Francisco must be built.

*Supervisor Power*—What is the estimated cost of that?

*Mr. O'Shaughnessy*—About \$3,000,000.

*Supervisor Power*—I understand that \$3,000,000 must be expended, then, before you can use the Calaveras supply complete?

*Mr. O'Shaughnessy*—That is correct.

*Supervisor Power*—To build the pipe line or system of pipes in the outlying districts, if you take the system to cover all the needs of the outlying district, I judge from the body of your report it would cost something in the neighborhood of \$3,000,000?

*Mr. O'Shaughnessy*—It would cost at least \$2,000,000.

*Supervisor Power*—That is \$5,000,000, then, if we purchase the Spring Valley Water Company's properties. In addition, before the outlying districts can be supplied?

*Mr. O'Shaughnessy*—I think immediately, inside of six months, we could furnish relief to the Richmond and Sunset sections from our proposed well system.

*Supervisor Power*—I would like to ask further—and by the way, we could furnish that, of course, irrespective of our action on the purchase of the Spring Valley properties.

*Mr. O'Shaughnessy*—Irrespective of your action on that, we can produce, I think, from three to four million gallons a day from the wells we are now testing and sinking. So that would afford immediate relief, and it would be installed inside of six months, if the funds are provided.

*Supervisor Power*—That system can be made part of the Hetch Hetchy system?

*Mr. O'Shaughnessy*—The pipes can be so laid as to be eventually a part of the system.

*Supervisor Power*—That would only leave the other outlying districts to be taken care of, and in order to do that, you would have to install a new pipe system or tap onto the system of the Spring Valley Water Company?

*Mr. O'Shaughnessy*—We would have to attach to their system.

*The Mayor*—Mr. Gallagher asked some questions about the pipe system, and also that question bore largely upon the question of the cost of the building of the Crystal Springs dam. I think the Chief ought to explain to us what his views are in regard to the value of the Crystal Springs dam, what it cost and what it would cost to duplicate it today, and something about the distributing system generally. Will you do that, Chief?

*Mr. O'Shaughnessy*—In the inventory of values, Crystal Springs dam is valued at \$1,567,000. That is due to a depreciation that has been placed on it. All the physical properties of the Spring Valley Water Company have been valued at cost of reproduction, and then depreciation has been figured on each structure, and bedrock unit prices used in making those valuations. Now, that dam actually cost, according to the books of the Spring Valley Water Company, about \$2,300,000 or \$2,400,000, and a similar dam now being built at Peekskill Reservoir, New York, thirty miles west of the City of New York, for its water supply, is costing \$3,000,000. In building the Crystal Springs dam, Mr. Schussler, who is one of the greatest engineers in the world, made a tremendously wide base. So that, by a comparatively moderate expenditure, of about half a million dollars, the capacity of that dam can be increased 50 per cent. In other words, instead of holding 22,000,000 gallons, which it does now, by expending half a million dollars on it, it can be increased to 30,000,000,000 gallons. Another feature that was discussed here was about this distributing pipe system. We had our men go all through the city and make excavations in the street, at possibly 50 different points, and go down and examine the pipe, and we cut out sections of it and took it into the yard and tested it. We have been very nearly two or three months doing this with the present consulting mechanical engineer of the office in actual charge, and a most careful appraisalment was made of all this system. Some of this cast iron pipe has been in for fifty years, some for forty years, and a great deal for twenty-five years, and we found it in a very excellent condition. The life of cast iron pipe is about 100 years, and in placing our valuations on it, we took the life of the pipe and its condition and depreciated it for the number of years it was in the ground. Now, if we took and duplicated this pipe system and built parallel pipes all through the city, we would have to be

guided by the light of experience. There are 72 miles of high pressure pipe that have been laid by the city, that has cost us on an average, for the labor of placing the pipe, cutting the street and restoring it, \$18,000 a mile. We have at the present time in our yards 18 miles of pipe and valves and fittings, at a cost of over \$400,000, that we are not able to lay for lack of money.

*Supervisor Power*—Is that the average of the mileage, all through?

*Mr. O'Shaughnessy*—That is the average all through for the 72 miles. Of course, that pipe was placed deeper than a water service pipe would have to be. The high pressure pipe is placed very deep, and it is also very heavy pipe. But to figure out a low estimate, an 8-inch pipe, as a minimum, and 10-inch pipe, which would be largely used in the distributing system, it would cost us, pipe and labor, very nearly \$3 a foot. That would be \$15,000 a mile. If we built 700 miles of pipe, it would be very nearly \$10,000,000, which would be the cost for a complete pipe system to distribute domestic water to the city. Now, the reservoirs, such as Holly Park and University Mound—

*Supervisor Power* (interrupting)—While you are on that question, you say it would cost \$10,000,000 to build a complete distributing system in San Francisco?

*Mr. O'Shaughnessy*—To build a pipe system, without the reservoirs and without the pumps, and you can't build a distributing system in San Francisco without pumps, because parts of the city are 600 feet above the level of the sea, and the water has to be taken at the lower levels and pumped up to the different higher levels. So, on that account, this city, compared with other cities, is as expensive a city as there is in the United States to distribute water in. Take Chicago, that is on a dead level, only 20 feet above the lake. Take St. Louis, no part of it is over 100 feet above the Missouri River. Take New York, and the highest point there is about 350 feet above the sea. But San Francisco as a water distributing proposition is not a very easy problem. But the point I want to emphasize to you is this, that, if we parallel this system here in this city, it is going to cost us a substantial sum of money. The pipes we have in the street now will remain there in service, most of them for forty or fifty years, by laying larger mains and feeders three or four blocks apart, so as to give them an ample supply of water.

I spoke to you yesterday about the Richmond section where 40,000 people are supplied by one 16-inch pipe. That pipe has been laid in my time, about twenty years ago, to the east of the park, on Stanyan street, when there were only about two or three thousand people in the Richmond section, and all the 8-inch and 6-inch and other pipes all through the Richmond section, with its 40,000 people, have been coupled onto that one pipe, and the La Honda reservoir. But the point I want to emphasize is this: that it will cost us very close to \$12,000,000 to get a distributing system built inside the city, if you have no relation whatever with the Spring Valley Water Company.

*Supervisor Power*—Was that the sum estimated in the \$45,000,000 bond issue?

*Mr. O'Shaughnessy*—I believe Mr. Manson estimated about \$11,000,000.

*Supervisor Power*—It was planned then to duplicate or have a system of our own, when the Hetch Hetchy plans were originated.

*Mr. O'Shaughnessy*—It was. But in Mr. Freeman's revised plan, where he broadened out the scope of our proposition and gave us these immense possibilities which make our power rights so very valuable—he made an estimate of \$40,000,000 as far as the city boundary, and did not include any distributing system in his estimate whatever.

*Supervisor Power*—The reason I asked that question is this, Chief: The people voted that \$45,000,000 bond issue, and it was estimated that it was going to cost \$11,000,000 or \$12,000,000 to have a distributing system, and that is what they voted for when they voted for that bond issue. That is the reason I asked the question.

*Supervisor Walsh*—I would ask the Chief Engineer what sized pipe supplies over on Scotch Hill and in there, about Twentieth and Bernal streets?

*Mr. O'Shaughnessy*—You mean where the streets are ungraded, Supervisor?

*Supervisor Walsh*—Both graded and ungraded—right up to Twentieth and Vermont, and in there, toward Utah, right close to the top of the hill there.

*Mr. O'Shaughnessy*—I would have to bring down my larger map to show those pipes. The map I have here does not show them in sufficient detail.

*Supervisor Walsh*—The reason I say that is, that the pressure is very, very bad. I was approached

on the subject the other night, and that is the reason I wanted the information.

*Mr. O'Shaughnessy*—I think the pipes are all small there.

*Supervisor Walsh*—That is what I understand.

*Mr. O'Shaughnessy*—All pipes laid by the Spring Valley Water Company, as I told you last night, in the last ten years, have been all small pipe, less than two inches in diameter.

*Supervisor Walsh*—That's what I understand, and also the fire hydrants here are scarcely able to supply water.

*Mr. O'Shaughnessy*—And the fire engine is hardly able to get up because of the street.

*Supervisor Walsh*—But they want the water up there, anyway.

*Supervisor McCarthy*—If we could get the water out after we got the engine up there, we would be all right.

*Supervisor Power*—Mr. Mayor, I would like to ask the Chief if he has figured out that difference in the acreage as yet.

*Mr. O'Shaughnessy*—I will have to take that up with you in separate session, Mr. Power. I have the facts here, and there is something to adjust in the Nussbaumer piece and the Pleasanton lands. If you will come up to my office, I will be very glad to settle that with you.

*Supervisor Power*—It is not a question so much of setting me right, Chief, but I think the judgment of this Board should be formed upon all of the facts. The Advisory Water Committee has spent a considerable time on the matter, and I don't see why there should be a discrepancy of six hundred and odd acres, and I think the people dealing with it ought to be able to figure, if there is a discrepancy, where it comes in.

*Mr. O'Shaughnessy*—If there is a discrepancy of 600 acres in an acreage of 69,000 amounting to \$100 an acre, I don't think it is a very serious matter. However, I will vouch for the accuracy of our figures.

*Supervisor Power*—Will you vouch for the accuracy of this report?

*Mr. O'Shaughnessy*—The tabulations of the figures in this report were made by Mr. Moody, who was the special expert of the City Attorney, and as we had about forty experts in the last year, I can't vouch for the work of each individual expert.

*Supervisor Walsh*—Mr. Chief, suppose we agree, that the Supervisors would agree to submit this to the people. Is not this the report we

would have to send to the people of San Francisco?

*Mr. O'Shaughnessy*—No, sir.

*Supervisor Walsh*—Then at that rate the Supervisors would not be in a position to state to the people that they referred to the report and that they would be responsible for the accuracy of the report, if this is not the report.

*Mr. O'Shaughnessy*—This is the report made by the City Engineer in accordance with the resolution of the Board of Supervisors.

*Supervisor Walsh*—Then your report, Mr. Chief, is not before the Board of Supervisors. It is only the report of the Advisory Water Committee that is before the Board.

*Mr. O'Shaughnessy*—Well, the report of the City Attorney, rather, then—

*Supervisor Walsh* (Interrupting)—I will tell you this, what I am trying to get at, Mr. Chief and Mr. Mayor: That, on account of the fact that not very long ago a report was sent out, and you know the report I am referring to, that is, on the Church street proposition, and I wanted to be in a position as one of the Supervisors of the city, if I convinced myself that that is the proper thing for the City of San Francisco—I wanted to be in a position to give, when I am asked about the report, a statement that I read the report, I saw the report, and I asked these questions as to the correctness of the report, and that I am willing to vouch for the correctness of it, that nobody will have any come-back later on that it was not done. That is exactly the position I want to be in.

*Supervisor Hayden*—I would like to ask the City Attorney, following up that request or direction by the Supervisor: What is the status of this question as far as the Board of Supervisors stands now? Up to now, of course, we have had a report of the Advisory Water Committee making certain recommendations, in which they report to the Board of Supervisors that they have consulted with the Spring Valley Water Company, and ask them if they would accept an offer, if made by this Board. Now, providing this Board has come to a conclusion, and is of a frame of mind whereby they are prepared to make an offer such as is recommended by the Advisory Water Committee, what is the procedure or what is the status of the matter at this present moment, if we should so determine?

*Mr. Long*—It is the duty of the Board, if they so determine, to pass a resolution soliciting an offer from

the Spring Valley Water Company, and that is the stage of proceedings at which we are now. Of course, the proper proceeding would be to adopt a resolution, adopting a report of the Advisory Water Committee, and soliciting an offer.

*Supervisor Gallagher*—The Supervisor has that resolution all ready, so you need not worry.

*Supervisor Walsh*—He is feeling his way. But I would say, then, Mr. Mayor, do I understand that it is necessary for this Board at this time to make an offer to the Spring Valley Water Company?

*Mr. Long*—To solicit an offer.

*Supervisor Walsh*—To solicit an offer, and then this Board in turn, after we receive the offer, will refer the offer to the people of San Francisco for their approval or disapproval?

*Mr. Long*—Exactly.

*The Mayor*—We follow the terms of the Charter by proper resolutions of the Board.

*Mr. Long*—Yes.

*Supervisor Walsh*—That is why I ask the question.

*Mr. Long*—After receiving the offer, if you so decided, you would adopt an ordinance calling an election.

*Supervisor Walsh*—I understand that.

*Mr. Long*—Then you would give notice of the election.

*Supervisor Walsh*—I understand all that. But what I was trying to get at was this: In order that we may be correct upon this, that the people, and especially myself—I know all that procedure—would like to know if we have to go before the people on this report of the Advisory Water Committee or the report of the Chief Engineer?

*Mr. Long*—You go before the people on the report of the Chief Engineer.

*Supervisor Walsh*—And that we have not seen yet.

*Mr. Long*—No, because you haven't called for it.

*Supervisor Vogelsang*—It looks to me as if there was a great deal of apprehension, perhaps, on a lot of very small things here concerning this report. As I understand it—

*Supervisor Walsh*—Before the Supervisor goes any further, I would like to know if he means apprehension on my part—that I am suspicious of something? If so, why doesn't he call it by the proper name?

*Supervisor Vogelsang*—Supervisor Walsh, I am not referring to you at all.

*Supervisor Walsh*—All right, sir.

*Supervisor Vogelsang*—The matter I am referring to is the discrepancy in acreage here. I can't figure it out, and I don't know—that is the only inaccuracy that I can think of. By some means or other Supervisor Power has reached a conclusion that there is an error in the computation with reference to the acreage of some 600 acres. I suppose it is against us.

*Supervisor Power*—It is "agin us".

*Supervisor Vogelsang*—If that be true, it is a clerical omission here somewhere, and that is the only aspect of the case that I know of in which there is anything in the Advisory Water Committee's report that is not in substantial accord with all the reports that have been made. And I think that is a matter that can be subsequently cleared up and explained when all the acreages are properly taken into account.

*The Mayor*—Suppose we get at the point, Supervisor Power.

*Supervisor Power*—I want to say, Mr. Chairman, that where I obtained the figures I have in my hand was, the list of properties of the Spring Valley Water Company not included in the properties condemned by the City and County of San Francisco.

*The Mayor*—You mean another document, other than the report of the Committee?

*Supervisor Power*—"The following properties of the Spring Valley Water Company are omitted from the list of lands to be condemned by the City and County of San Francisco, filed with the Clerk of the Board of Supervisors on November 25th, as they are, in the judgment of the City Engineer, unnecessary for use in connection with the present water supply of the city or the future development of the water supply."

*The Mayor*—Where is that referred to in the Advisory Committee's report?

*Supervisor Power*—He gives a total of 27,325 acres.

*Chief Justice Sullivan*—How many acres?

*Supervisor Power*—27,325 acres.

*The Mayor*—Where do you find the discrepancy?

*Supervisor Power*—The summary on page 17 of the Advisory Water Committee's report gives the total of the lands held by the Spring Valley Water Company not included in the proposed purchase by the City and County of San Francisco at 31,566 acres. I understand this offer to include, in addition to the lands mentioned in the condemnation list, a total of 4853 acres in the Alameda or the Pleasanton lands. The difference excluded

in the Pleasanton lands in Alameda County is 4853 acres, and the difference in the two totals as given in the City Engineer's list to the City Attorney for condemnation proceedings is 4241 acres, the difference between this and the list as given in the Advisory Water Committee's report—

*The Mayor* (Interrupting)—Is how much?

*Supervisor Power* (Continuing)—4241 acres, and there is a discrepancy of 612 acres. I merely want to say that I am not laying such particular emphasis on this thing, but it seems to me that experts, as we know them as experts, compiled all these figures and worked on them, I don't see why there should be any discrepancy, and if there is any such discrepancy, there may be other discrepancies in this report.

*The Mayor*—Chief, look at item 20 on page 16, "A portion of the Nussbaumer tract on Laguna Creek, between Pleasanton and Sunol, 509.59 acres".

*Mr. O'Shaughnessy*—Yes.

*The Mayor*—Does that have a bearing upon this point?

*Mr. O'Shaughnessy*—Yes.

*The Mayor*—Item 21 is 4875 acres of land in the vicinity of Pleasanton, and it says, "The city is to acquire 738.73 acres, which includes all of the land south of the county road Number 2000, amounting to 654 acres, and an additional area of 84.7 acres, which has been selected by the City Engineer to insure the maximum possibility of the entire water-bearing region."

*Supervisor Power*—Will you read that again?

*The Mayor*—It is on page 16 of the report, Numbers 20 and 21. Does that make your 654 acres mentioned there?

*Supervisor Power*—20 and 21?

*The Mayor*—That is right, 20 and 21.

*Supervisor Power*—The expert, if the expert is getting up that part of the report, he has taken that on pages 15 and 16 and part of 17, and then he has made a summary of all of this, and in his summary he gives a total of 31,566 acres. The summary is what counts, and it is not those individual items.

*Supervisor Hayden*—Why not, Supervisor, prepare a summary for our enlightenment?

*Supervisor Power*—If I was receiving as much as these experts are receiving, I would probably make one and make a correct one. That is your answer.

*The Mayor*—Is Mr. Moody upstairs, Chief?

*Supervisor Murdock*—Mr. President, this is a question of fact. There either is a discrepancy or there is not, and to be compelled to find out in just a minute is no way to do. If we could let this matter rest a little while, until somebody who is familiar with the figures could appear before us, they could probably show the discrepancy, and wherein it lay. If there is a discrepancy, it can be cured. But I suggest it would promote speed if we should go on with the work and leave this matter to be reported upon later by someone.

*Mr. Steinhart*—The discrepancy is not one that can affect the purchase price or value in any way. As a matter of fact, the valuation given is based upon the figures here given, so it does not make any difference whether the discrepancy exists or does not exist, because it would not affect the valuation of the property as indicated in the offer.

*Supervisor Hayden*—The figures in this report are the figures we are to be bound by.

*Supervisor Power*—If the land is worth \$1000 an acre, we would be out \$600,000.

*Mr. Steinhart*—But the valuation is based upon the figures in that report.

*Supervisor McCarthy*—I just found twenty acres, Mr. President—item No. 5 of the City Engineer's report provides for the elimination of 1231 acres of the Lake Merced lands, and the Advisory Water Committee provides for the elimination of 1253.69 acres. They have evidently eliminated more land in the Advisory Committee's report than the City Engineer listed in his report to which the Supervisor refers. The chances are a comparison of those two reports will discover where in the difference lies.

*Mr. Steinhart*—It can make no difference in the valuation, because the valuation, I repeat, is made upon the experts' figures as contained in this report of the Advisory Water Committee.

*The Mayor*—There has been a very thorough appraisal made of this whole system. I have been very much impressed with the work the engineers and the City Attorney have done during the past year. There is an evidence, a book showing some of the work they have been doing, and I should like the Sergeant-at-Arms to pass around to the Supervisors that book, an appraisal of the property of the Spring Valley Water Company, showing the value of every inch of pipe, every nozzle, and every piece

of property as has been appraised by those engineers.

*Supervisor Hayden*—I think if Supervisor Power O.K.'s that, we can go on.

*Supervisor Power*—I don't doubt the work of the City Engineer.

*Supervisor Gallagher*—I suggest you take the book to Supervisor Hayden and put him in it and close the cover.

*The Mayor*—In answer to Mr. Walsh's question, the Chief Engineer guarantees the correctness of the report, Mr. Walsh, and any report that will ultimately go to the people will, of course, have to be absolutely correct and bear the approval of the City Engineer as well as of the City Attorney based upon the compilation of data that have been gathered during the past year and a half. If there is a slight discrepancy here, it has probably come about by some changes that have been made from the time that that first report which Mr. Power has was submitted by the City Engineer, and the changes that have come about since the attorneys and engineers have been working on the condemnation proceedings and upon the negotiations which the engineer and the City Attorney have had in this matter. I hope that Supervisor Power feels that the discrepancy of 600 acres can be easily explained by the facts and figures he will get from the City Engineer, because we will get everything with the exception of the lands that are to be excluded—all the balance must come to the city.

*Supervisor McCarthy*—I think, Mr. President, if I may interrupt you, a comparison of this report of the City Engineer and the report of the Advisory Water Committee will disclose the differences. For instance, I notice item No. 21 here, and 21 provides for the elimination of 5703.15, whereas in the Advisory Water Committee's report it provides for the elimination of 5283, or almost 420 acres—there is a difference right there. Evidently there is a revised recommendation on the part of the engineers. So that the differences are easily explainable, and there are two or three differences of minor importance, three or four acres—it is simply that the City Attorney in one instance has probably recommended an elimination of 5700 acres, and perhaps on the recommendation of the other engineer has concluded to reduce that to 5200 acres.

*The Mayor*—That is how it will be arrived at, and the City Engineer says he could guarantee the correctness of the figures then to our satis-

faction. If Mr. Moody were in the city today, I would have him come down here and explain this, but he is away. Would any member of the Board like to ask any further questions, or discuss this matter further? What is the pleasure of the Board?

*Supervisor Hayden*—Mr. President, I think if the discussion is ended and the Board is ready for action, we have reached the time when a resolution will be in order, and I desire to present and have read this resolution.

*The Mayor*—I think we had better have a call of the house, perhaps.

*Supervisor Gallagher*—I presume Mr. Jennings is committed to this proposition, as he is a member of the Advisory Water Committee, and I would offer no objection to going right ahead.

*Supervisor Walsh*—I offer no objection at all.

*The Mayor*—Mr. McLeran asked me to send for him, and I think it will only take a moment when all the members will be in their seats.

*The Clerk*—While we are waiting for those gentlemen, there are two matters that came up yesterday relating to the water question that might be passed upon.

(The Board passed to the consideration of other matters for a few minutes, at the conclusion of which all members of the Board were in their seats.)

*The Mayor*—Now proceed to read Supervisor Hayden's resolution.

*The Clerk*—Supervisor Hayden presents the following resolution:

J. R. No. 1439.

"Resolved, That the Board approve of the recommendation of the Advisory Water Committee in the matter of the purchase of certain property of the Spring Valley Water Company, and that the City Attorney be instructed to prepare such proceedings as may be necessary to carry out said recommendation."

*Supervisor Hayden*—I move the adoption of the resolution.

*Supervisor Hilmer*—I second the motion for the adoption of the resolution.

*The Mayor*—It is moved and seconded that the resolution presented by Supervisor Hayden be adopted.

*Supervisor Gallagher*—Under suspension of the rules?

*Supervisor Hayden*—No, in the regular order of business.

*Supervisor Gallagher*—I think it will have to be under suspension of the rules.

*The Mayor*—I think it is a rule of the Board, and that it will have

to be under suspension of the rules.

*Supervisor Vogelsang*—I don't know whether that is true or not, Mr. President. This is a matter that has been set by the Board, if your Honor please, sometime ago, to be presented to us on a certain date, and it was so presented on yesterday, and it is the regular order of business and on the calendar of yesterday. This is a recess meeting of yesterday, and it seems to me that that would take it out of the category of an original resolution introduced by a member to be referred to a committee. This is practically a consideration of a report of a committee of this Board. The Advisory Water Committee was created by the Board of Supervisors. The Advisory Water Committee has made a report. The question now is as to whether or not the report of this Advisory Water Committee be approved. I can't imagine how, under—

*Supervisor McCarthy*—This is a rule.

*Supervisor Vogelsang* (continuing)—Yes, "A resolution or a bill shall not be submitted to the Board until it shall have been referred to and acted upon by a committee of the Board." That seems to me to be conclusive—a committee of this Board has acted, has made the report.

*Supervisor Gallagher*—Read that over again, if you please?

*Supervisor Vogelsang*—"A resolution or a bill shall not be submitted to the Board until it shall have been referred to and acted upon by a committee of the Board."

*Supervisor Gallagher*—So far as I am concerned, it makes no difference—I would be more considerate than members have been on similar occasions. I will withdraw objection to adopting it in any way you want to.

*The Mayor*—Are there any objections on the part of any members of the Board to taking up this resolution now? If not, by unanimous consent, the resolution is before the Board for consideration. The question is on the adoption of the resolution, gentlemen. Are you ready for the question?

*Supervisor Power*—I want to speak on the resolution, Mr. Mayor. I shall not hone to change the vote of any member of this Board. I think all the members of the Board have given due consideration to the matter, and not their minds fully made up as to what they intend to do. I would say for myself that I have given as much attention to it as I think the subject demands, and I have attempted to be fair and attempted to

in every way satisfy myself whether or not, if I should vote for the resolution, that I would be acting for the best interests of the citizens of San Francisco. There are two reasons that present themselves to me that might argue in favor of buying the Spring Valley Water Company's property, or submitting the question of its purchase to the people. The first is as to whether or not a situation confronts us so serious that we must take the property as they have priced it. The second question is, whether or not this offer is a better offer than the offer as turned down by the citizens of San Francisco, of \$35,000,000, or the offer of \$37,000,000 that the members of this Board, or some members of the present Board, sat on, as a matter of principle, and would not give way to the Spring Valley people on a matter of \$500,000. If this offer is better than either of those, then I presume all of us should vote for it.

The first reason I have judged for myself, from the answers given by the City Engineer, and have concluded that no such serious situation confronts us that it is absolutely necessary to have the property of the Spring Valley Water Company. The principal argument, as put forth by the Chief Justice and by the City Engineer, is the necessity for water in the outlying districts. The City Engineer has answered that there are means and provision can be made for the residence and the outlying districts without the necessity of purchasing the Spring Valley properties. Mr. Freeman, in his report, has stated that the acquisition of the Spring Valley Water Company's distributing system and reservoirs is not absolutely necessary as a part of the Hetch Hetchy system. Therefore it simmers down, to my way of thinking, to the question of whether or not we should consent, as members of this Board and representatives of the people, to submit a proposition to them that we feel is more or less of a holdup, the acquisition of the property of which would, on their part, be making a sacrifice.

I feel that, as a representative of the people, I must bring here the best possible business judgment that I can possibly use. I would not as an individual consent to a holdup or consent to the sacrifice of a principle.

I contend, Mr. Chairman, that this proposition is at least \$3,500,000 higher than the proposition as turned down by the people, and therefore I say, if you submit to them that proposition, insofar as I am con-

cerned, I feel I would not be using the best possible judgment in supporting you in that action.

As I stated before, it has been proven, insofar as the needs of the outlying districts are concerned, that they can be cared for, that the water can be supplied far quicker and perhaps better by the well system than it can by the works of the Spring Valley Water Company. By the purchase of the Spring Valley Water Company's property, it means the building of a pipe system, and that is going to take a lot longer, I think, than the boring of the wells and connecting up of the same. Furthermore, the Chief Engineer has admitted, even if we dig it, or the people decide to buy it, it would cost \$3,000,000 to bring in the additional water that so much argument is made about, from Calaveras, and \$3,000,000 more for extensions of pipes in the outlying districts. That is a total of \$6,000,000, which necessarily does not enter into the figure of \$34,500,000.

I would say, insofar as my judgment is concerned, and as I answered Supervisor Gallagher earlier this afternoon, that if the entire property as owned by the Spring Valley people was submitted, and we had every bit of property and land that they have, I think it would be a far better business proposition than the submitting of an offer of \$34,500,000 with certain lands excluded. For myself, I merely want to say in conclusion that I cannot consistently, as a member of this Board, vote to support the resolution.

*Supervisor Murdock*—Mr. President: I wish to say but a few words. I cannot help saying that I think that if this proposition is not submitted to the people, it will be one of the greatest mistakes this Board has ever made, and if it is not adopted by the people when submitted to them, I believe it to be an equally great mistake. The citizens of San Francisco have made some mistakes of this kind before. The fact that they have made two, that is, that the people have made at least one and the Supervisors two, I think is not to be denied. But the question before us now is the proposition presented to us. Some man might say I could have bought a certain corner lot last year for \$10,000, and I didn't do it, and if now the question is shall I pay \$12,000 for it, I should not do it because last year I could have bought it for \$10,000. In fact, it would all depend upon the income I could get upon the property as to

whether I should buy it now at \$12,000.

I think this report is very admirable and very well placed, and one of the most encouraging things to me is the proof that seems to be brought forward that this would be a paying proposition from the first, and what we would save on the property is matter of small importance, if it is going to be profitable, and if, in addition to the first great requirement of supplying the water, the lack of which is such a drawback to the city, is the fact that while we are accomplishing that, we are at the same time getting more money, and will be able from the proceeds of it to pay the bonds and pay for the redemption of it, so that there will be no more increased taxation to the people of the city, and with all that conceded, I can't help feeling that, when the matter is presented to the citizens, as we will be able to present it, that they will see that it is a good proposition for San Francisco, which certainly cannot be held back as it has been, and that is the greatest reason for our lack of growth, and it is the most direct way of stating it. We are not so well assured that water might come from another source for a temporary use, and from my point of view, I think the report is, I repeat, admirable, and I have checked those things off that we could put forcibly to the people in going before them on the proposition, and I am surprised to find that there are at least twelve points that seem to me to be of first importance, and I cannot help feeling that we ought at least not to deny the people the opportunity of purchasing, if they see fit to do so. And for one, I feel that if it is submitted to the people, I shall take a great deal of satisfaction in doing everything I can in trying to state before the people the benefits that will accrue to the city from the acquisition of these properties.

*Supervisor Deasy*—Mr. President, as a member of the previous Board, I happened to be on the Board that submitted the proposition to the people at the time that the purchase price was \$35,000,000. The thing was turned down by the people, and now we have this proposition before us, and I can't get it through my mind as yet why we should give up 5000 acres of land for a half million dollars, when the other proposition was turned down by the people as a whole. Mr. O'Shaughnessy states that the outlying district can be supplied by these wells, and it certainly can be supplied much more quickly than

If we take over the Spring Valley system. When this meeting was held at the conference, and at that time it was voted to submit the proposition for \$34,500,000 to the Board, I voted against it, and that is the way I am going to vote today.

*Supervisor Hayden*—I would like to ask the Supervisor, Mr. President, who made some reference to an offer of \$35,000,000 during the former Board, and also to the rejecting of the offer of \$35,000,000—I presume you meant the one of 1910?

*Supervisor Deasy*—Yes.

*Supervisor Hayden*—Do you mean that you recommended the purchase of that property at that time at that figure?

*Supervisor Deasy*—Yes.

*Supervisor Hayden*—You did not do anything of the kind. It is a matter of record. Supervisor Murdock introduced the resolution on January 10, 1910, recommending to the people the purchase of the Spring Valley properties for \$35,000,000, and it was refused passage by three members of this present Board—Deasy, Nelson and Walsh—and was recommended by four members of this present Board—Hayden, Hocks, Bancroft and Murdock—that is the record.

*Supervisor Deasy*—Whatever was done at that time, the people turned down the proposition of \$35,000,000, and, I believe the city is bonded enough and that they will turn down this.

*Supervisor Hayden*—But you did not recommend it—I wanted to get you straight on that.

*Supervisor Deasy*—All right.

*Supervisor Walsh*—I want to say a few words in regard to the resolution, Mr. President. I will state to you, Mr. President, and also the gentlemen of the Advisory Water Committee and the gentlemen of the Board, the Chief Engineer and City Attorney, that I believe that the committee that was appointed by this Board to make the best bargain they possibly could to acquire this proposition have made as good a bargain as they could on behalf of the people they represent, and they represent as stockholders every man, woman and child in the City and County of San Francisco. I have no doubt whatever that they have made as good a bargain, I say, as they possibly could. And in making that bargain, I really believe, and I believe you gentlemen here believe it, too, that the Spring Valley Water Company's Committee made as good a bargain as they possibly could for their stockholders. We do know, and it can't be disputed by any member of this Board, or any-

body else, that the people of the outlying districts, Ingleside, over on Scotch Hill, and other places of the city, have been clamoring for water for a number of years—I don't really know how long. And I do know that the Spring Valley Water Company positively declined to make any extensions, even to put in hydrants for us. We understand, too, that there is no law to compel them to do so.

Now, the Chief Engineer states that these wells that he is boring, not all of them will produce water purified enough for drinking purposes. It may be good for washing and also good for boiler purposes, but not for drinking purposes will it be the best kind of water, except in one district and that is the Sunset. Now are you going to deprive those people from good water to drink? The position that I hold in this matter at this time is that I am willing to submit the proposition to the people and let them take a vote on it. And I want to tell you that I will not prevent any matter being submitted to the people for them to take a vote upon it, and I will not say this, either, that the people made mistakes when they cast their vote. This is the position that we are all in, both for men and measures: As a man stated not very long ago, and I always thought that he was kind of loose in the brain, but this is one thing he did say, and say truthfully: "I am a gambler one day in the year, especially in election years. I endeavor to pick the best man by voting for that man, but sometimes I lose." And I won't say that the people, when they did vote down those propositions, made a mistake. I say they gambled on the best proposition for them, and it is not for us to say whether they made a mistake or not. It was their business. And on this occasion, I am willing to submit it to the people, and then it is up to them to say whether they will accept it or reject it—any proposition, I don't care whether it is only a resolution. I am willing to submit to the judgment of the people just the same as I do on election day. If they defeat me, all right, I won't say they made a mistake, because they gambled and tried to get the best man.

That is the position I hold in regard to these matters, Mr. President—let the people be the judges on it. And if the people think that the bargain is not a good one, they will turn it down. If the people think the bargain is a good one, they will vote for it accordingly, and then it is up to the officials to carry it out. We

are practically the custodians of their affairs. We are the directors of this big corporation. And it is for us, not to mistrust our stockholders, but it is for us to submit the matter to our stockholders and let the stockholders be the judges of what is good and what is bad for them, and then, if the stockholders direct us, as officials, what to do, it is our duty to do it and to do it right for them and to the best of our judgment. And at this time I am one of those who will not oppose referring it to the people, and letting them have a vote on it, and let them say whether the bargain is a good one or a bad one.

*Supervisor Hocks*—In regard to Supervisor Deasy making the remark which was answered by Supervisor Hayden, I want to inform this Board that the matter was proposed to the people by the Taylor administration, and the election was fixed to be held in the month of January, 1910. The Taylor administration, and Supervisor Murphy was sitting with us at that time, were present and submitted the matter to the people for \$35,000,000. The first meeting we had under the McCarthy administration, Supervisor Murdock introduced the resolution offering to purchase the Spring Valley properties for \$35,000,000. Mayor McCarthy, who was just installed in office, was opposed to the passage of the \$35,000,000 purchase, and stated so openly in the Board, and it was defeated, I believe, by 1250 votes. A few months later, or probably the end of that year, Supervisor Walsh and myself were members of the Public Utilities Committee at that time, and we had a meeting in the Mayor's office in the Crocker Building, discussing the purchase of the Spring Valley, and I stated at that time, "Your Honor, it is practically your fault that we did not get Spring Valley at that time for \$35,000,000. And now the gentlemen are here asking a price of \$40,000,000 or \$42,000,000" which they wanted at that time—Captain Payson and Mr. Anderson.

*Supervisor Walsh*—They did not set any price.

*Supervisor Hocks*—But they wanted a higher price than \$35,000,000. We have now got a proposition of \$34,500,000, and I hope this time the Board will see the necessity.

*Supervisor Walsh*—The reason that I opposed it then, and if the same reason confronted me I would oppose it now, was that all the lands you are trying to exclude, both the Pleasanton lands and the Beard Rancho, were under a cloud, the title, and it was in the Supreme Court at the time, and we were going to buy a

big lawsuit if we bought it. And if the same thing confronted us now I would oppose it just as hard and as diligently as I did then. Because lawsuits are costly, we have our rate suits in the courts now, until it amounts to two millions of dollars impounded, and why don't they come to some termination? If we bought at that time, not only would the Lillenthal estate, over there in the Pleasanton Valley, but the Beard estate also could keep the city in court for the next forty years. That is the reason I opposed it. Why, Mr. Chairman, last Saturday was the Inland Water Ways Convention at Stockton, and one gentleman from Merced there stated that Mill & Lux kept a matter in court for about fifteen years, and the farmers paid the attorney \$30,000 for his fee, and the attorney has at this time \$300,000 in notes to defend the farmers around Merced in that suit. That would be the same thing with San Francisco in buying a lawsuit at that time. And now that I understand, by the Advisory Water Committee, that the deeds are clear, the road is clear, there is no impediment in the way, for that reason I am willing to submit it to the people, because I believe in submitting a matter of this kind to the people.

*Supervisor Hayden*—I would like to ask the Supervisor, just as a matter of friendly exchange of questions, if at the time of the \$35,000,000 proposition, as we understood it, in 1910, you spoke about the litigation that was pending at that time?

*Supervisor Walsh*—Yes.

*Supervisor Hayden*—The advice we received today from the City Attorney and the City Engineer and from the Advisory Water Committee, is that it cost nearly \$2,000,000 to clear up the litigation.

*Supervisor Walsh*—Yes.

*Supervisor Hayden*—Which would have made the calculation at that time \$37,000,000. So you see we are, not very far off, Mr. President. It really justifies the position the Advisory Water Committee is taking, and justifies this Board in giving it their recommendation, in comparison with what was really a \$37,000,000 valuation in 1910.

*Supervisor Walsh*—I agree with that, too, and I also agree and state to this Board that the Spring Valley Water Company only owned at that time 83,000 acres, and since then I understand they have acquired acreage to the amount of, I think, 103,000, or thereabouts—I don't know how much it is exactly. That is the reason that I objected to it at that time, and I am certainly willing at this

time to submit it to the people. That is the reason I made the point here a little while ago that I wanted to have the corrected report to go before the people on, that the people will not say that they did not get the correct report. And before I go back to the proposition, if it is submitted, I want to have the correct report from the Engineer's office, in order that the people of San Francisco may read it just the same as I do, and all I have got and all the voter would have would be the City Engineer's report and he is a man of practical knowledge of those things. I want the people of San Francisco to be supplied with the same information that I am getting here today.

*Supervisor Nolan*—Were the suits, Supervisor Hayden and Supervisor Walsh, suits that involved the entire properties in the event of their purchase some years back?

*The Mayor*—No.

*Supervisor Gallagher*—Will the Clerk read the resolution of Supervisor Hayden again?

*The Clerk*—"Resolved, That the Board approve of the recommendation of the Advisory Water Committee in the matter of the purchase of certain property of the Spring Valley Water Company, and that the City Attorney be instructed to prepare such proceedings as may be necessary to carry out said recommendation."

*Supervisor Gallagher*—Mr. Chairman, some of the members of this Board today, in voting for that resolution, are going to do something they are pretty well noted for—they are going to do a somersault. However, I do not propose to do that. I propose to stand by whatever declaration my previous votes in this Board have indicated on this subject, not only now but in the past.

I want to say to you that the position taken by Supervisor Walsh, that he is perfectly willing to submit any proposition to the people, is fundamentally correct. But Supervisor Walsh, as well as every other Supervisor here, must make up his mind that when he was elected to this office there was put in his trust matters of vital interest to the people, and that when he submits this offer to the people, when he votes in favor of a resolution so submitting it, he must be prepared to do one of two things, to go before the people and say, "I stand for this as one of your trusted officials and one of your stockholders," or, "I am against it." And why. It would be a perfectly easy proposition for this Board of Supervisors to simply shove the thing along to the people, to sit quiet and say, "There it is. Do as you please with it."

We could have settled many troublesome questions that way. But your responsibility began with your consideration of this, and ends with its submission to the people, with or without your approval. I don't propose that this offer shall go to the people unless I know exactly in my own mind that I would be willing to go before the people and say to them "I approve it now as I approved it in the Board, and I will never have any reason to change my view on it, and I believe the people ought to adopt it."

I am not going for one moment to question the sincerity of any of the men who have spoken to us on this question. It is rather the wrong place to indulge in flattery, but I have faith in your City Engineer, I believe in his integrity, I have a greater faith, perhaps, in his sincerity. And that same statement can be extended to the chairman of this Advisory Water Committee, and to all of its members, as far as I am concerned, yourself, Mr. Chairman City Attorney Long, Supervisor Jennings, and so on. But it does not mean that, because I have faith in them, and because I believe they are honest men—it does not mean, I say that I am not honestly differing with them. I say frankly to you, this question of the purchase of the Spring Valley properties is not a question of politics, and politics should not be played on or about it. And no member of this Board is faithful to his trust if he does not approach this problem in the spirit of a desire to do the best he can under the circumstances for the people.

So that jockeying for position, so that framing resolutions to get credit so that being talked to on the outside as to how you will vote upon this thing, concerns me not a bit at this time. There is one thing in all of this that you can't get away from and that is this: First of all, the people of San Francisco, tired out by constant haggling, tired out by constant actions of the Spring Valley Water Company, directed you to do one thing, and up to this moment that is all you have been directed to do and that was, build, construct and bring into San Francisco a municipal water supply. Further than that, the people have never given you any power.

Now, the record of this thing is illuminating, very, very much so. Should we today do the thing some of us said we would not do and that is, accept the price that Spring Valley says is right, rather than the price that we think is right?

If I make any mistake here, I wish to be interrupted. But I submit right now that I am correctly informing this Board, that the top price, or rather, the price set upon that property by your City Engineer—as it stands today before this Board, with every item included, and with every item excluded, is \$32,000,000 or a little above—some odd hundred thousands of dollars. And the price proposed to be paid for it is \$34,500,000, with some additions, amounting, I presume, to approximately \$35,000,000.

Right here I ought to stop, I think, long enough to say this: that I have stood for the purchase of this property at \$35,000,000, and was glad to stand for it, and believe that every man, regardless of what reasons he gives now or what reasons he gave then, who opposed it and prevailed upon the people to not accept it, made a tremendous mistake, and a mistake that has proven today to cost the people of San Francisco millions and millions of dollars. If there is any consolation in the thought that they can justify the position they took at that time by any stretch of words, as to titles and other things, they can have it. So far as I am concerned, I am afraid that they shall always have to take the responsibility of having caused the people of San Francisco to spend a good deal more for this plant than we really ought to have to pay for it. At the meeting of this Board, held on—I haven't the date of the meeting, but I have the resolution. Do you know the date of this meeting?

*The Clerk*—February 17th, I think it was.

*Supervisor Gallagher*—In the month of February, 1913, we find this in the records of the Board: "Special order of business. Spring Valley purchase. Motion. Supervisor Bancroft moved the suspension of the rules and the consideration of the following matters: Spring Valley Water Company declines city's offer. The following matters were presented by his Honor the Mayor and read by the Clerk. Spring Valley Water Company declines city's offer and consenting to arbitration." And then there is included a letter from the Spring Valley Water Company submitted by the Mayor, followed by several communications between the Mayor and the company. Thereafter, at a following meeting, there was submitted a resolution by Supervisor Bancroft, as follows: "Resolved, That the City Attorney be and is hereby directed, for and on behalf of the City and County of San Francisco," and so on—that is the condemnation resolution. And then Supervisor McCarthy's sub-

stitute is as follows: "Whereas, after one year's negotiations with the Spring Valley Water Company, the city Advisory Water Committee has been unable to secure a fair offer for the properties of the Spring Valley Water Company, despite the fact that the committee's last offer aggregated in the minimum at least \$42,125,000; and whereas, the Spring Valley Water Company has peremptorily terminated negotiations with the city by accepting the resignation of its negotiating committee and by subsequently arbitrarily repudiating, in its refusal to accept the State Board of Railroad Commissioners, its offer to arbitrate the value of its properties before a fair and impartial board; therefore, be it Resolved, That the City Attorney is hereby instructed to furnish the Board of Supervisors at the earliest possible moment the form of procedure to be followed in condemnation proceedings for the acquisition of such holdings," and so on, "of the Spring Valley Water Company." Now, that resolution, at a former meeting, or resolutions similar, tied by this Board on a nine to nine vote, and I could wish for nothing more today, and I have never wished it before, probably I could only wish it for today, than that some of those members who stood up under the guns of criticism, who took every shot that was leveled at them from every quarter, stood absolutely stiff on this proposition; the price for Spring Valley will have to be fair to the people of San Francisco, or condemnation must proceed. I am satisfied that the resolution presented by Supervisor Hayden would not be adopted, as it does not deserve to be. The very opening remarks of the Chief Justice in presenting this matter were what? There is no desire to rush matters, he said. And right there, whether he knew it or not, he struck the crux of the whole situation. What is there imperative in now presenting to the people and recommending to them the purchase of this property at a price admittedly, without question or reserve, two and a half million dollars above what our engineer really thinks it is worth? What is there in this situation today different from a year ago, if you will, that permits us to say we should stop where we are, we should let the condemnation proceedings lie? Is it the outlying districts? If it is, then let me call the attention of the Chief Justice to this fact: that there are nearly 10,000 flats in San Francisco that are idle, that have water. And that is room for approximately 40,000 people.

The Chief Justice says, further,

there are just two things to do, buy this property or go ahead and construct our municipal system. I would answer that by saying there are three things to do: buy, construct, or wait, or construct and wait. You have plenty of work to do in the Hetch Hetchy mountains, plenty of work, before you need think, if you want to, of the necessity of taking over this supply.

This is a fact that cannot be disputed and will not be disputed by any man who knows the water situation: If this city and county desired tomorrow, it can provide nearly every citizen who wants water with water, and it can provide it, through its own pipes—that is, it would not provide it tomorrow, but could commence tomorrow.

Now, what is the situation that confronts the people? Are we attempting to make them so desperate in this Spring Valley situation that, perforce, they must take this property, whether they like it or not? I don't think so. I don't think so, and I think I am able to prove that. The people in these outlying districts have proven and the district vote on the question of the purchase of this matter before, would indicate very clearly that those people are perfectly willing to wait, if necessary, until this price reaches what we consider is a real fair price, and then purchase the plant, and they are willing to wait for water, if they have to, and I think that would be the expression you could take from them—they are willing to wait for water, if they have to, rather than to have the city held up and made to deliver on the price that Spring Valley says it must have.

You haven't got a price from Spring Valley. What you have got here is what they say they will sell for—take it or leave it. Your offer to the Spring Valley Water Company, authorized by the supervisors in the Mayor's office, was along this line, if you will remember: it was that this offer would be made with the understanding that above that price they would not go, but as much lower than that price as we could get, we would go. And we find ourselves today in this situation, that the price we set in the Mayor's office as the very highest price that we would make, is the price we are asked to recommend to the people. By the way, that \$2,400,000 additional that we pay for this plant is interest on \$45,000,000 at 5% for a period of one year. And further than that, I would like to see somebody tell me that, with the expenditure that will be needed to bring enough water to the

people of San Francisco, over and above the 40,000,000 gallons, that there will not be, with that expenditure, a reduction in the amount of money earned at least for that year and for some time afterwards by the companies or by the properties, even if we own it. There isn't any question about that.

Now, if the need for water in this city is pressing on you so heavily that you are forced to do one of two things, either buy this plant at a price which is not agreeable to us, but which apparently must be agreeable because the company insists upon it—and I don't dispute their right to ask what they think their property is worth. I don't dispute their right to ask for it, but I do dispute their right to tell me as a legislator of this city and county that I have got to pay their price. That is what I dispute, and that is what I do not propose to stand for. You could, if you wanted to, direct your attention to this water problem sincerely, and could relieve every citizen now clamoring for water, and many more to come—you could offer to purchase the Calaveras end of their system. You may as well admit now that you want to pay \$34,500,000 for this property, and you can't bring in to San Francisco from the Calaveras end of it a drop of water without the expenditure of nearly \$5,000,000. That ought to be said, and frankly said, and it won't be disputed—I don't think it will be disputed even by the City Engineer.

Now, here is what you expect us to do. You expect us to ask the people of San Francisco to approve a proposition to pay \$34,500,000 for a property which was offered to them for \$35,000,000, with approximately 31,000 acres of land taken out of it. The supervisor here said something about buying a lot. I believe he said that, because he wanted to buy a lot, and because he could not get it for \$10,000 now while he could a year ago, that is no reason, if he wanted it badly enough, why he should not pay \$12,000 now. But if he didn't want it so bad that he absolutely and positively and imperatively had to have it, he would not buy it, would he, at that advanced price?

This is the situation at this moment, so far as the Spring Valley water properties are concerned. The City Attorney says the city wants to secure a water system, not real estate, and I believe he is absolutely right. I don't care how much of their land you take out with propriety and with safety, so long, however, as you adopt this principle in doing it, that if there be five or ten or fifteen thousand acres of

Pleasanton lands, or other lands, out of the reckoning, you make a corresponding deduction in the price of the property. Isn't it fair and isn't it honest, isn't it just to presume that there should be a corresponding reduction in the price to the people? Who ever heard of the City and County of San Francisco, or anybody else, buying, offering, for instance, \$5,000,000 for land in the Civic Center, and then permitting the fellow to take out five or ten lots in there and then giving him the \$5,000,000 for what is left? That is not business; you know it is not. The City Attorney says there is a wide difference between our experts and those of the Spring Valley Water Company. Why, of course there is. And whenever have they agreed, and when will they agree? Our experts on the one hand, honest men, paid to do a public duty, giving advice which they consider a fair or a valuation which they consider fair, and on the other hand, an appointee paid by the company, with instructions to make that price to look as big as possible and to justify it, no matter how—why, of course, they will disagree.

I want to point out this very important fact in connection with this Spring Valley matter: this is the first time in the history, as I understand it, of the City of San Francisco, that we have had a real appraisalment of this property. This is the first time that we have been able to say, with an expert's opinion behind us, what we think it is worth. This is the first time we have been able to get out of the dark and into the light, and to give us as mere laymen what we think the land is worth. And it being the first time, our City Engineer tells us thirty-two millions—thirty-two millions, crowded down, he says, I will admit, to the point that he could crowd it, and the other people say they will give it to you for \$34,500,000. Well, now, as between those two things, where do we find ourselves? Must we go to the people and say to them, "You have got to buy this property and you have got to buy it now?" Is our City Attorney ready to say now that if he goes to court, he is sure that the judges will render a verdict way in excess of this price? Is he prepared to say that? Is he prepared to guess at it? He is prepared to say "I think" or "Perhaps the court may do this." But he does not know—he does not know, and I think he is too wise a man, and so is our City Engineer, to say that they are willing to go into court with their minds made up that, with their expert knowledge and advice on this

problem, that their expertness will be knocked so far that we ourselves will think we made a mistake in employing them. Not at all. I am going to hang to them and I am going to have faith in them and I am going to believe that their figures are correct, until it is proven otherwise. And even if it is, the people of San Francisco will never be found in that desperate strait that they will submit to a price which all necessity and reasonableness dictates is not one that they can fairly and favorably pay. They are not that kind of people, and they can't be made to do it.

Now, that is all I have to say on it. If this resolution here of Supervisor Hayden was a simple proposition to secure the will of the people on it, so that we might all go out and say what we think about it, I don't know that I would offer much objection. At that point, after it was in the people's hands, I would be expected to say what I thought of it. And I think the supervisor is perfectly right in putting into it a proposition for definite approval, for positive approval, so that we may, those of us who are in favor of it, take our full share of responsibility, and those who are opposed to it, take their full share of responsibility.

I think if you felt the pulse of the people, you would find they are not willing, they were rather fatigued from this whole situation, and they are of the opinion that they would like to see it fought out on legal lines, that they would like to know what this property is worth from the mouths of those qualified to say, and they would like to see you proceed with the construction of the Hetch Hetchy system, and bring that water or the power, at least, to the City and County of San Francisco, and they might be ready then to give you some other directions in the premises. But they are not in those straits. I say I have made the fight in this Board for water in the outlying districts. I say it, and it cannot be disputed, that, afternoon after afternoon, I have sat here, have pleaded for these districts and relief has not been given. The difference as to policy, difference as to method—all right; but the situation is there just the same, except that we are just now moving into Richmond and into Sunset to give those people that relief that has been asked by them for so many years. As far as I am concerned, I am willing to take all the responsibility that goes with disapproving this resolution. I repeat that I am confident that the people of San Francisco want to see this thing fought out. Or, in lieu of that,

they want a price submitted to them, which, on its face, appeals to them in its fairness. They are not of that attitude that the Chief Justice would convey, that the people, on their knees, are begging this corporation to deal with them fairly, begging it to give them some relief, begging it to give them their property at an increased price. Not at all—that is not the kind of people we have in San Francisco. My judgment of the people on this matter is that they will tell Spring Valley to go to hell until they get the property for the price they think they ought to have it for, and then they are willing to pay it.

*Supervisor Bancroft*—Mr. Gallagher has referred to the condemnation resolution which I introduced in the Board about a year ago. I have no apologies whatever to make for the stand that I intend to take upon this question at the present time. It is true that nine members of this Board refused to offer the price that Spring Valley wished for their property. We considered that they were attempting to hold the city up for too much money, that the proposition of Spring Valley was too high, and I for one did not feel that we should permit the Spring Valley Water Company to take advantage of the city and get the last possible cent. Now, so far as introducing the resolution of condemnation was concerned, as chairman of the Building Committee, I have at one time or another introduced resolutions ordering the City Attorney to condemn several hundred pieces of property in San Francisco, and in not more than four or five cases have those condemnation suits ever gone to trial. We ordered the City Attorney to condemn every piece of property that was to be in the Civic Center. For instance, in the case of the Mechanics' Library Block, the owners of the property at first desired \$1,000,000 for that property. We ordered the property condemned, after considerable negotiations the owners of the property offered to sell the block for \$700,000. I held a meeting, called the members together, submitted all the appraisals we had, and we accepted the offer of \$700,000, although the price was a trifle over the appraisements that we had. There has never been a single case that I can recollect where the City Attorney has, after being ordered to condemn a piece of property, and after having advised the Building Committee to accept a compromise offer, and after the Building Committee has recommended such settlement to the Supervisors—there has never been a case, in my recollection, that the Board of Supervisors have refused to accept

such compromise offer. I think the cases are identical here, and I am willing, on the statement made by Mr. O'Shaughnessy, that the offer which is now before us is a better proposition for the city, to accept the compromise proposition, and hope to submit it to the people.

*Supervisor Vogelsang*—Mr. President: There is so much to say upon this question, to this Board, perhaps, and to the people certainly, that it would take a great deal of time that we have not now to express the views and ideas that I have upon the subject. I therefore shall endeavor to confine myself to a very few moments, and to say a few things that present themselves most forcibly to me.

It is to be understood, in the first place, that this administration went before the people three years ago, upon a platform calling for the submission of a proposition for the acquisition of this water supply. It seems to me that we are bound by our contract with the people, those of us who were elected upon that platform at least, to fulfill that declaration and obligation. This water question has been before the people of San Francisco for forty years. It was important that San Francisco own her water supply forty years ago. It has become increasingly important up to this time. It is more important and more essential at this time than ever it was. I agree thoroughly with what the gentlemen have said here concerning the purchase of 1910 that was submitted to the people. I consider that it was a tremendous error. I consider that it has cost the city more millions of dollars than we can compute. But, Mr. President, today the necessity for a water supply is greater than ever it was. It is a shame and a disgrace that the greatest city on the Pacific, practically speaking, should have not in her own possession her water supply. Our city is suffering and has suffered for forty years from the control of this great necessity by a private corporation. We have been driven to this necessity of going to the mountains to secure an independent supply. And we have secured it after many, many years of effort and striving and twisting and turning in the City of San Francisco, the State of California, and the capitol of the Nation at Washington. And the rights that we have that we may now avail ourselves of, are only six or eight months old. And we have difficulties yet to bring that water here. It is not a question of going right at it—we are going to be hampered and hamstrung and have Oregon boots attached to our municipal leg by everybody who considers

he is deprived of a right or a privilege by the bringing of that water here. It is in my opinion, as I have always said, water insurance for San Francisco for eternity; and that is what it is. To say that you will bring that here immediately is absurd. I never have felt that way. I feel, sir, that this is a proposition that must be worked out as time passes and as convenience permits. It is a supply that must be brought to San Francisco's door at some day. And at the time it is brought here, it must be stored in the neighborhood of San Francisco, in such manner that she can consider herself free from any accident or any war or any other thing that might destroy the water connection of this great municipality. It is a question altogether of the future in its larger aspects. We must have every reservoir site and every drop of water that is locally available, in addition to that. We do not know how fast that development can be made, because we do not know how soon or by what means the money to do it will be placed in our hands. And we cannot saddle this people with an enormous bonded indebtedness that brings no revenue.

The speech made by the Chief Justice a while ago upon this proposition is an exact replica of what I would desire to say, insofar as those things are concerned. Now, the question is of revenue after we get it here. The company that now has water and supplies us is not going to be put out of business by the bringing of Hetch Hetchy water here. The proposition is highly probable that there will be full market for all the domestic supply when the Hetch Hetchy arrives at San Francisco. That supply may be furnished to other municipalities, may be furnished to other places, but its beneficial use will be continued. And when we come to San Francisco, if we parallel, as has been stated, the distributing system of San Francisco, we will have two sources selling water, one of them already entrenched, all connected to 80,000 consumers or more, and it is not in the realm of the possible that everybody will abandon the one to take on the other. It will be confusion worse confounded, and it will mean detriment and damage to our streets and our city by the installation of another system.

There are many ways by which this could have been reached, perhaps, other than that which we have found. But we have striven here. Mr. President, you have been earnest, sincere, and honest in all of this, the Chief

Justice has acted with the utmost relentlessness towards the corporation in bringing himself and bringing this offer before this Board. We have done all that it is humanly possible for honest, sincere and God-fearing men to do to solve this problem. And I say that it is the best that can possibly now be done. If it be postponed, it will only mean more cost.

So far as the value is concerned, I consider and I am willing to say to the people of San Francisco today, tomorrow, and on the eve of election, that it is far and away to their interest, to their great beneficial interest, to accept this offer and put the ownership of the greatest necessity of the people in the possession of the people themselves. There is no city in the country that does not own its water supply other than this. It is an anachronism that we do not own ours. It is my theory, as was stated by the Chief Justice, that the only two things that San Francisco needs to be a great city, in order to be the peerless mistress of the Pacific, is a supply of water for every citizen who is charmed by her location, charmed by her climate, charmed by her people, and desires to live here. But we can't do it. It is nonsense to say that we do not need this water. We need every ultimate drop of it. We need the extensions of these mains over all the city. The next problem is one of transportation, which we are reaching as rapidly as possible, and in which we are making remarkable, world-noted progress. I think that matter will soon be finally settled—at least I think it is possible. And with those two propositions, the water and transportation, behind us, and in the ownership of the city, there is no imagination that can foretell the progress and the development of this warder of the Golden Gate.

Now, so far as the temporary supplies are concerned which would come from subterranean sources in the city, Mr. President, I do not wish to sound a discordant note in that, but I do not want to depend for my domestic supply of water upon the wells, the shallow wells of any city. They will be good for a time, perhaps, and they must all be tested in the last analysis as to their capacity. The engineers have made their estimates, based upon what they have found in testing the wells. Now, those judgments may be fully borne out, they may be borne out more than fully, but at the same time there may be a lack greater than they anticipate there. And a succession of seasons of drought will affect the water plane of the City and County of San Francisco as it affects every other.

Now, as to the elimination of lands, there is nothing to be said with reference to any eliminations except those at Pleasanton, and that is a most wise and a most businesslike proposition, first, to leave out the value of the lands as lands and take from all of those their water capacity.

I do not care to extend these vociferous remarks much further, Mr. President, at this time. I only want to say that, in the interest of the women and children of San Francisco, who have no water, in the interest of the development of this city, which is arrested and which is damaged millions of dollars a year for lack of development, the city here that is, we hope, the pride of America in its business section, millions invested in buildings, millions in stocks of merchandise, millions in leases, that were only justified by an expectation of a population here sufficient to maintain them. And the city is committing municipal suicide in not furnishing to these unpeopled acres and hills a water supply in order to put a population here to justify what other things we have done.

Now, in conclusion, I want to say that, in season and out of season, since my advent upon the Board, I have urged and prayed for a consummation that would mean the ownership by the city of a water supply. I consented with much reluctance to the condemnation proceedings, because I know the interminable difficulty of carrying out within any reasonable time a suit at law involving a greater amount than has ever been known in a similar proceeding in the history of the English-speaking races, so far as I am advised. But I did consent to it, because I knew it would give to us an analysis of the properties that we should have to present to a court as our estimate of value, and those estimates that have been made, Mr. President, have been made with the idea of presentation to the court to the best possible advantage to the city, and that meant the scaling and the cutting down to the very bone of everything. We have made, not a bargain proposition of this valuation, but we have made a valuation here of all of these properties as a war measure, as our presentation of the matter to a court, knowing and feeling that we undoubtedly must, as the engineers who are charged with the responsibility, and the attorneys themselves, in the discharge of their duties, must, do the best they can for San Francisco.

Now, somewhere, it does not matter where, but somewhere between the valuation fixed by the experts that

would be called by the other side and the experts called by our side, the real truth lies. Now, where is that truth? We must not arrogate to ourselves the conviction that we know the truth. It lies at the bottom of the well. And, according to our modern civilization, the only one who can produce it to the satisfaction of the people is the judicial officer under the judicial system that we have adopted. Now, in all the experience of such litigation, where such questions arise, it has been the common experience that the truth is somewhere between those two extremes. We do not know where it is. But I am serenely confident, Mr. President, that in no judgment of any court would a valuation of this property in condemnation be less than the amount that this committee has recommended to this Board for submission to the people.

I hope that the resolution will be adopted, and that in due course it will be presented to the people.

They may reject it. They have rejected good things before, and they may do it now. But we are doing our simple duty, we are doing the thing we promised to do when we were elected. And it is for them to accept or reject. I believe, upon a proper presentation of this, aside from politics, it is not, as the Supervisor has said, a question of politics, it is not a question that should divide the people upon any lines whatsoever, it is a question of business judgment, and it is one to be solved with care and with prayer, and so I believe that upon such a proper presentation of this, it will be adopted by the people. I am willing cheerfully to accept full responsibility for this report and for presenting it to my fellow citizens.

*Supervisor Gallagher*—I want to make this correction, Mr. President. I know that I talked quite a long time, and I haven't any right to take the floor again, but Supervisor Bancroft made a statement after I sat down. I said the record was illuminative. Listen to this by Supervisor Bancroft himself—at the meeting of January 20th he said: "Mr. Bancroft. I am glad to hear from Mr. O'Shaughnessy. I think the taxpayers, however, are entitled to hear from another engineer, who is at least of equal prominence with Mr. O'Shaughnessy. But I don't want to say any more about that. I want to explain in a few words why I am willing to vote against this \$37,000,000 offer. In the first place, I think the \$35,000,000 offer of a few years ago was very liberal. I knew that there was more than one supervisor in the Taylor Board who thinks an offer could have

been secured at that time for \$32,000,000. Whether that impression is true, or not, I am satisfied that the offer was liberal, probably several million dollars more than the property was worth at the time. Then I voted for it and I will do so again, because I have always taken the stand that I am willing to give the company a good, liberal amount of money for their property, several millions, in fact, above the worth. I, as you all know, am in favor of immediate condemnation. I say that the difficulties of condemnation have been greatly exaggerated. The Building Committee through the City Attorney's office bought \$3,000,000 worth of property in the Civic Center all within a year, and we certainly had no difficulties at all in our work. I think and have good reason"—and this is very important, Supervisor—"I think and have good reason, to base this statement, that by excepting certain properties of the Spring Valley Water Company which are not needed for water supply in San Francisco, by eliminating certain properties we could buy the Spring Valley Water Company's property, such as we need for our use, using it in connection with the Hetch Hetchy system, for not to exceed \$25,000,000. And I don't think we ought to pay \$37,000,000 to buy a lot of property which is unnecessary, when I have reason to believe that for \$25,000,000 we could buy sufficient of the Spring Valley's property for our own purpose." And today you will give them \$9,000,000 more. Justify it if you can.

*Supervisor Bancroft*—Mr. President, a man is at liberty to think anything he likes. He may be right or he may be wrong. As far as this engineer to whom Mr. Gallagher referred, that I stated at the outset of that quotation, I am glad he brought that up, because that was one of the main reasons why I voted against offering the Spring Valley \$37,000,000, and that was because Mr. Freeman, one of the most eminent engineers in the United States, who has worked with the city in these matters for years, disagreed with Mr. O'Shaughnessy, or at least he did not favor the offer of \$37,000,000 or \$37,500,000, but thought it was too much. But Mr. Freeman agrees at the present time with the offer that is now under consideration, agrees that it should be accepted.

*Supervisor Gallagher*—Yes, but you said you thought you could buy this property, and you must have known what you were talking about and thinking about—you said you thought you could buy it for \$25,000,000, and you now offer \$9,500,000 more.

*Supervisor Bancroft*—I said I

thought so. I was probably mistaken.

*Supervisor Gallagher*—Oh, that is different.

*Supervisor McCarthy*—Mr. President, I do not want to prolong this argument unnecessarily, but inasmuch as Supervisor Gallagher has referred to resolutions introduced by me, and has drawn an indictment regarding members turning somersaults, and has made some insinuations against those who, as usual, do not think with him, I would like to reply to those portions of his remarks which affect me personally. I think Supervisor Vogelsang has covered the matter completely, and my remarks are simply directed to the resolution which I presented in February of 1913, providing, first, to accept the offer of the Spring Valley Water Company to arbitrate and naming the Railroad Commission, and then subsequently providing for condemnation. That resolution was introduced after an offer of \$36,500,000 had practically been agreed upon by seventeen members of the Board, and by many members of the Board who have since left, and others who have been defeated. Supervisor Andrew Gallagher did not sign this report. But at that time he at least consented by his silence to the offer of \$36,500,000. There was no eloquent denunciation directed toward you or toward the Advisory Water Committee, or toward the seventeen members of the Board, nor do the records show that Mr. Gallagher in any way, shape, manner or form, indicated that he was opposed to the offer. In fact, as I have said, he acquiesced in his silence to the \$36,500,000 proposition.

*Supervisor Gallagher*—I do not want to interrupt a fellow member, but I will say this, and I think it is only fair—

*The Mayor* (interrupting)—Do you yield, Supervisor?

*Supervisor McCarthy*—I have no objection.

*Supervisor Gallagher*—I think it is only fair for him to say that, when I sign a thing I stand for it, and when I don't sign it, I don't stand for it.

*Supervisor McCarthy*—There was no statement of that kind emanating from Mr. Gallagher at the time. The offer of \$36,500,000 was made to the Spring Valley Water Company, was made, as I have said, upon the recommendation of the Advisory Water Committee and of seventeen members of the Board of Supervisors. When it was rejected, it was suggested that an offer of \$37,000,000 be made, and we said no, at least some of us so said, and Supervisor Gallagher said no, that when they waived a gun under

our noses, we were not going to stand and deliver, but we were willing to pay \$36,500,000. We asked the City Engineer the other day, and we asked Mr. Steinhart, who has compiled these figures which are before us now, whether or not this offer was less than the \$36,500,000 offer which we had all subscribed to, and both of them said that it was less. So at least those members who advocated the condemnation proceedings at that time, and who have consistently followed the condemnation proceedings, and who have fathered appropriations in this Board against the denunciation of Mr. Gallagher himself, and who have been consistent and as consistent as Mr. Gallagher himself, have succeeded in making the Spring Valley come down between at least a half million and a million of dollars.

*Supervisor Gallagher*—Can you prove that?

*Supervisor McCarthy*—It is simple of proof. This offer is less than \$36,500,000, and the offer that was to be made at the time was \$37,000,000. If that does not make a difference in price of between half a million and a million dollars I don't know anything about mathematics. The situation, Mr. President, is this, as it appears to me: that Mr. Gallagher who has fought so diligently and so earnestly and so untiringly, and who says "I have made a fight for the outlying districts, I have made you dig wells in the outlying district, I have made you buy pipe for the outlying district," now, instead of letting them go to hell wants to tell them to go to hell. That is the situation, Mr. President. Every one of us here have agreed that we have got to get water into San Francisco. They say, "Don't buy the Spring Valley system; build your own system." And yet they are told by the engineer, and by the way, I question the consistency which says, "Chief Justice, I respect you, Mr. Mayor, I respect you, Mr. Jennings, I respect you, Mr. Vogelsang, I respect you—but I think you are a lot of fools when you recommend the \$34,500,000 purchase of this property. I believe in your honesty, I believe in your integrity, I believe in your ability. But I don't think you ought to make an offer of \$34,500,000."

Are there any figures presented to show that this offer is not justifiable? Isn't this the result of months and months of time and thousands of dollars which we have paid for information? And now the Advisory Water Committee comes in and the only solution that Mr. Gallagher offers you is condemnation, and as Mr. Vogelsang has said, you go into court with

a confessed valuation of your experts of \$34,500,000. The Chief Justice has presented all the figures, they have been agreed to by the Chief Engineer, they have been subscribed to by Mr. John R. Freeman, and you go into court stating that you cannot secure a lesser value for the Spring Valley's property, or such properties as are described, for less than \$34,500,000. Now, the Spring Valley Water Company necessarily, if the condemnation proceeding continues, must present a valuation greatly in excess of this. And with the technical knowledge and with the experts on the one side, and with the quibbles of the law on the other, the judicial mind, which will not be able to grasp the entire situation as it is presented by experts, must of necessity draw a mean between the two values. And what will condemnation bring you? It must bring you a greater valuation of these properties than is here recommended. And then you have got to go with that to the people, and you have got to justify your refusal to accept this offer.

I don't agree, Mr. President, that this is the offer of the Spring Valley Water Company. I don't agree that they have put us into a corner to shake us down. I contend, on the contrary, that we have stood pat and firm, and we have said to them, "You have got to come to us with an offer which we can justify, which we can recommend, which we can stand upon." And I say this, it is your offer now, it is your valuation of \$34,500,000, it is not the Spring Valley's valuation, it is the Advisory Water Committee's valuation, it is the report of every engineer that has been available, it is the report of your City Attorney—those are the people who have fixed this valuation, not the Spring Valley Water Company.

And now I want to say this in conclusion, that when Mr. Gallagher denounces the gentlemen who have explained their position on the original offer of \$35,000,000, let him take heed and let him take warning that, some day in the future, the record is not sprung upon him when he was opposed to a valuation fixed by his own experts, authorized by a committee which he himself approves, that it does not come back to him.

I am not afraid, Mr. President, of any changes that I may have made. In this instance I have been consistent, and I am not afraid to go before the people and to endorse this report, because I believe that that is the safest, sanest and surest way of securing properties which are absolutely essential to us and to the city's growth.

*Supervisor Power*—I would like to ask the Supervisor a question. The Supervisor contends that this offer is less or a better offer than the offer of \$36,500,000. I would like to ask him if he feels that the city has gained an advantage in this, if the Spring Valley Water Company would take but two days to consider the proposition, whereas they spent five weeks on the consideration of whether or not they would accept the previous offer submitted by the Board of Supervisors?

*Supervisor McCarthy*—I will answer the gentleman by saying this, that I don't know the length of time the Spring Valley Water Company took to consider this time, I don't know that it took them two days or two weeks. But if it has taken them two days, I imagine the Spring Valley Water Company has come to the conclusion that they either have to face the condemnation suit, or that they must accept what the city considers a fair offer. I believe they are prepared to handle the condemnation suit, but I also believe they are willing to end these negotiations, and I believe their stockholders are tired of this continual bickering, and that they want a settlement, and that they are willing to accept this settlement. I have no doubt that, if the representatives of the Spring Valley Water Company were here, they would try and persuade us they were giving us a bargain. I believe the Advisory Water Committee has presented its statement, and that perhaps the Spring Valley Water Company realizes the danger of a condemnation suit as well as we realize it, and for that reason they agreed to accept the offer, although I have no right to think for the Spring Valley Water Company, nor do I attempt to.

*Supervisor Power*—I offer the following amendment to the resolution as submitted by Supervisor Hayden, Mr. President, and move its adoption.

*The Clerk* (reading)—"Resolved, That the City Attorney be and he is hereby instructed to take the necessary procedure to prepare an offer to the Spring Valley Water Company from this Board of \$32,000,000, with such lands excluded as are designated by the City Engineer in the report of the Advisory Water Committee as unnecessary in connection with the system."

*Supervisor Gallagher*—I second the motion.

The question was called for from the floor.

*The Mayor*—You have heard the resolution read, gentlemen. The question is on the amendment or substitute resolution proposed by Super-

visor Power. Call the roll, Mr. Clerk.  
Roll call: Ayes—Supervisors Gallagher, Nelson, Nolan and Power—4.

Noes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Suhr, Vogelsang and Walsh—14.

*The Mayor*—The amendment is lost. The question before you now, gentlemen, is on the original resolution. Are you ready for the question? Call the roll, Mr. Clerk.

Roll call: Ayes—Supervisors Bancroft, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Suhr, Vogelsang, and Walsh—13.

Noes—Supervisors Deasy, Gallagher, Nelson, Nolan and Power—5.

*The Mayor*—The ayes have it and it is so ordered.

#### UNFINISHED BUSINESS.

##### Final Passage.

The following matters, heretofore passed for printing, were taken up and finally passed by the following vote:

##### Confirming the Sale of Lands to F. E. Knowles.

Bill No. 3231, Ordinance No. 2936 (New Series), entitled, "Confirming the sale of lands to F. E. Knowles."

Whereas, by Resolution No. 11013, duly approved on the 6th day of July, 1914, the Mayor of the City and County of San Francisco was duly authorized to sell at private sale the following described land owned and held by the City and County of San Francisco, situated within the district between Ninth and Eighteenth streets, lying in what was formerly Mission Creek, and being more particularly described as follows, to-wit:

Beginning at a point on the southwesterly line of Tenth street, distant thereon thirty-five and three hundred eighty-one thousandths (35.381) feet northwesterly from the point of intersection of the southwesterly line of Tenth street with the northerly line of Division street, and running thence northwesterly along the southwesterly line of Tenth street one hundred forty-six and nine hundred twenty-three thousandths (146.923) feet; thence deflecting 49° 28' 07" to the left and running one hundred eighty-four and three hundred seventy-seven thousandths (184.377) feet; thence deflecting 90° 00' 23" to the left and running one hundred seventeen and two hundred twenty-three thousandths (117.223) feet; thence deflecting 91° 07' 50" to the left and running two hundred seventy-nine and eight hundred ninety-nine thousandths (279.899) feet to the point of beginning; being a portion of Mission Block No. 42½.

And Whereas, after due notice said sale was held by the Mayor and the whole of said described land sold to F. E. Knowles for the sum of \$36,000, said sum being the highest sum bid at said sale.

And Whereas, the Mayor of the City and County of San Francisco thereafter reported to the Board of Supervisors in writing the fact of such sale and the sum bid for such

land, together with the name of the bidder and requested that this Board confirm the same.

And Whereas, by resolution duly adopted on the 31st day of August, 1914, the Clerk of the Board of Supervisors was ordered to give notice by publication in the official newspaper and one other daily newspaper published in the City and County of San Francisco that at a meeting of the Board of Supervisors to be held on September 28th, 1914, the matter of said sale would come up for confirmation by the Board of Supervisors.

And Whereas, it now appears that the sum of \$36,000 bid for said property, as aforesaid, is not disproportionate to the value of the property sold, but is in excess of the appraised value of the same as found by the Mayor, the Assessor and the Chairman of the Finance Committee in an appraisal made in conformity with the requirements of the Charter, and that a greater sum cannot be obtained therefor.

Now, therefore, be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the sale of the above described property made on the 15th day of August, 1914, by the Mayor of the City and County of San Francisco to F. E. Knowles for the sum of \$36,000, is hereby ratified, approved and confirmed.

Section 2. The Mayor of the City and County of San Francisco is hereby directed to execute a deed conveying all the right, title and interest of the City and County of San Francisco in and to said property to said F. E. Knowles in consideration of said sum of \$36,000 and to deliver the said deed to him upon the payment to the City and County of San Francisco of the above named sum.

Section 3. This ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, McLeran, Murdock, Nelson, Nolan, Pavot, Power, Suhr, Vogel-sang, Walsh—16.

Noes—Supervisors Jennings, McCarthy—2.

#### NEW BUSINESS.

Report of Finance Committee on Payment of Claims of Reliance Automobile Co. and J. W. Leavitt & Co. for Runabouts Furnished Fire Department. Supervisor Jennings presented:

San Francisco, October 5, 1914.  
To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Responding to Journal Resolution No. 1427, which requests the Finance Committee to report to the Board on the demands of the Reliance Automobile Company and J. W. Leavitt & Company for payment of six runabouts delivered to the Board of Fire Commissioners—

The Committee presents to the Board the said demands and reports as follows:

The Committee's refusal to sign these bills when they were presented is based solely upon the desire to prevent wasteful and unnecessary expenditure of public funds.

In this connection the attention of the Board is called to the report of the Finance Committee dated June 29th, which was read to the Board and which is as follows:

"Your Finance Committee deems it proper to advise you at this time that a controversy is likely to arise between the Honorable Board of Fire Commissioners and the Committee regarding the payment for certain automobiles reported to have been contracted for by the Fire Commissioners.

"Some time ago the President of the Fire Commission and the Chairman of the Finance Committee discussed equipping the battalion chiefs with runabouts. It was agreed that the best equipment, economy, service and usability considered, would be Ford runabouts. After this understanding was reached the Fire Commission proceeded to advertise for bids for nine runabouts for battalion chiefs. It has recently been reported that contracts were awarded for three Ford cars and three each of two other makes, the cost of the latter two being double the cost of the Ford cars.

"Upon being informed of this the Finance Committee directed the clerk to inform the Fire Commission by letter that the Committee will not approve the demands for the payment of these cars which cost more than \$650.00—the latter being the price of the Ford cars.

"To this communication the Fire Commission has replied that it has made the awards and will consider any refusal to approve the demands as an abuse of discretion on the part of the Board of Supervisors.

"The Committee reports this matter so that the Board may be fully advised in advance of any discussion which may arise when bills are presented.

"The Committee feels that it is entirely justified in seeking to save all the money possible and at the same time give the Fire Department proper equipment. There is no desire to encourage the purchase of any particular make of automobile, but from all reports received from Eastern Fire Departments, commercial houses and other sources, the Committee is convinced that the Ford machine is the proper equipment for battalion chiefs. The original cost and maintenance is certainly much less than other cars and the service equally sure."

It appears to the Committee that

it is wholly unnecessary on the part of the Board of Fire Commissioners to expend \$7443.75 for six runabouts when equally serviceable equipment could be obtained for \$3900.00.

At the time the budget estimates were submitted by departments, the Fire Department requested an appropriation of \$25,000 for ten runabouts with which to equip battalion chiefs. The Committee had under advisement the subject matter and intended to recommend the purchase of runabouts, but not such expensive ones. During this period the President of the Fire Commission conferred with the Committee and agreed that \$650.00 runabouts would serve all purposes and be far superior equipment to the horses and buggies which the battalion chiefs used with satisfaction for forty years.

Before the budget items were finally decided upon the President of the Fire Commission informed the Committee that there was an unexpended balance in the equipment fund of the department, which balance arose from the rejection of certain apparatus for which bids had been received.

It was agreeable to the Committee that this unexpended balance should be used in the purchase of \$650.00 runabouts. Subsequently the Committee is informed that the Board of Fire Commissioners advertised for bids and awarded the contract for nine runabouts to three different dealers, accepting three different kinds of machines. In this award there were three of the \$650.00 machines referred to. Immediately on being informed of this proposal the Finance Committee in writing and orally informed the Fire Commission, and the Fire Commissioners individually, that it considered this expenditure improper, and suggested that the Commission conform to the understanding previously had with the President of the Commission—that the \$650.00 machines be procured for the battalion chiefs.

Your Committee is further informed that this information was transmitted to the agent of one of the high priced autos, and at the same time, according to this agent, he was told by the Fire Commission to go ahead and deliver the machines, notwithstanding the objections of the Finance Committee.

The Committee's desire was to standardize the equipment in the Fire Department, and at the same time give adequate transportation to the battalion chiefs.

Reports are in possession of the Committee and were in the possession of the Fire Commission before these

machines were purchased, which stated that \$650.00 machines give excellent service in the fire departments of New York and other cities.

When it is remembered that the battalion chiefs' transportation averages fifteen miles a day; that the machine approved by the Finance Committee serves the needs of officials in other departments who travel much greater distances; that the said machine will travel faster than there is any necessity of traveling, and all other elements tending toward efficiency and economy, the Committee feels justified in taking the stand that the Fire Commissioners ought not to have accepted these machines, and further, that in view of the notice sent to the Commission last June that the bills for these machines should be rejected.

Respectfully submitted.

THOMAS JENNINGS,  
WM. H. McCARTHY,  
HENRY PAYOT,  
Finance Committee.

#### Refused Passage.

The following Resolution laid over from last meeting was taken up and *refused passage* by the following vote:

Board of Public Works to Pave Civic Center With Vitrified Brick.

J. R. No. —.

Resolved, That the Board of Public Works is requested to proceed with the paving around the central square of the Civic Center with vitrified brick.

Ayes—Supervisors Hilmer, Kortick, McLeran, Nelson, Nolan—5.

Noes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hocks, Jennings, McCarthy, Murdock, Payot, Power, Suhr, Vogelsang, Walsh—13.

#### Action Deferred.

The following resolution laid over from last meeting was taken up:

Board of Education to Consider Advisability of Leasing School Lot at Stockton and Bush Streets.

J. R. No. —.

Whereas, The certain school lot situate at the southeast corner of Stockton and Bush streets appears to be a suitable location for lease, occasioned by reason of the construction of the Stockton street tunnel; and

Whereas, It appears that the said lot of land is not required for school purposes and might bring in a revenue to the city, therefore be it

Resolved, That the attention of the Board of Education is respectfully called to the advisability of offering the said land for lease for a term of years in accordance with the provisions of the Charter; and be it further

Resolved, That Journal Resolution No. 1351 be and is hereby repealed.

**Privilege of the Floor.**

*H. C. Scholar* was granted the privilege of the floor and addressed the Board. He called the attention of the members to the desirability of the location for business purposes and stated that inasmuch as property cannot be used for school purposes it could be leased at a great advantage to the city.

**Motion.**

*Supervisor Power* moved to lay over one week.

Motion carried.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Adopted.**

The following resolution was presented under suspension of the rules and adopted:

In Memory of Father Terrence B. Carraher.

On motion of Supervisor Murdock: J. R. No. 1448.

The Board of Supervisors would express its sincere respect for the memory of Father Terrence B. Carraher, a priest deeply revered by the citizens of San Francisco, especially by the people of the North Beach, whom he has served so long and so faithfully.

Father Carraher was deeply interested in municipal affairs, and in his frequent appearances before the Board in support of measures seeking the highest public welfare, and the best interest of his parish, he deeply impressed his hearers with his wisdom, his sincerity and his kindness.

Father Carraher profoundly cherished his parish church—St. Francis of Assissi, and was desirous that it should be considered the especial church of the Exposition.

In his death San Francisco loses one of her most valued citizens, and without regard to creed we all cast upon his bier a tribute of our great regard.

Resolved, That when we adjourn it shall be in respect to his memory.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

**Passed for Printing.**

The following bill was introduced under suspension of the rules and passed for printing:

**Sale of City Land for Widening of Fifteenth Street.**

On motion of Supervisor Suhr:

Bill No. 3240, Ordinance No. ....

(New Series), as follows:

Providing for the disposal at private sale of certain land belonging to the City and County of San Francisco on the northeasterly line of Fifteenth street, between Castro and Beaver streets, in accordance with the provisions of Article II, Chapter II, Section 9 of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following lands owned and held by the City and County of San Francisco situate, lying and being in the said City and County of San Francisco, State of California, and bounded and described as follows, to-wit:

Commencing at a point on the northeasterly line of 15th street, distant thereon 89.604 feet northwesterly from the first angle point westerly from Castro street and running thence northwesterly along the said northeasterly line of 15th street 40 feet; thence at right angles northeasterly 50.935 feet; thence deflecting to the right an angle of 39° 32', 24.619 feet; thence deflecting to the right an angle of 96° 58', 35.331 feet; thence deflecting to the right an angle of 43° 30', 44.298 feet to the northeasterly line of 15th street and the point of commencement, containing 2336.5 square feet, more or less.

Section 2. Said land shall be sold in one parcel for cash, in United States gold coin at a private sale to be held on or before the 30th day of November, 1914. Written bids or offers for the purchase of such land will be received by the Mayor at his office on or before said date.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper pub-

lished in this City and County for two weeks successively next before the day on or after which the sale is to be made, a notice of said sale describing the lands to be sold with common certainty.

Section 4. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said lands within three weeks after the final passage of this ordinance, as required by Article II, Chapter II, Section 9 of the Charter.

Section 5. Upon receipt and examination of bids or offers for said lands as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least ninety per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors, with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Section 6. This ordinance shall take effect and be in force immediately.

Authorizing Payment of \$36,000 to F. E. Knowles in Matter of Purchase and Exchange of Lands to Straighten Alignment of Potrero Extension of Municipal Railway.

On motion of Supervisor Vogelsang: Resolution No. — (New Series), as follows:

Whereas, The Board of Supervisors has authorized an exchange of property between F. E. Knowles and the City for certain parcels of land for the purpose of straightening out Division street and the use of the Municipal Railway; and,

Whereas, This exchange is an exchange of property and in order to validate the deeds it is necessary to pass an authorization and appropriation of \$36,000 which said sum is not to leave the treasury but is to be immediately returned to the treasury by the said F. E. Knowles for the payment of the property deeded to the said Knowles by the City; therefore, be it

Resolved, That the sum of \$36,000 is hereby authorized and appropriated out of the General Fund of 1914-15 for the perfunctory payment to F. E. Knowles for certain property described in Resolution No. 11013, New Series; and be it further

Resolved, That the Auditor and Treasurer are hereby authorized to receive from said F. E. Knowles \$36,000 perfunctory payment for property deeded by the City to the said Knowles in compliance with Resolution No. 11013, New Series.

The following matters were presented by Supervisor Nelson and on motion of Supervisor McCarthy *laid over one week* and copies ordered sent to members:

Proposed Charter Amendment, Absentee Voting.

Whereas, there is pending, to be voted upon at the general election to be held November 3, 1914, an initiative measure—Number 14, upon the ballot, entitled "Voting by Absent Electors," and

Whereas, the Registrar of Voters of the City and County of San Francisco has this day sent a communication to the Board of Supervisors of said City and County, through the Judiciary Committee, which discusses and points out grave objections to said measure, and shows that the measure in principle was refused the signature of the Governor of California at the last session of the Legislature, and that the said measure is of doubtful feasibility, or if capable of operation at all will increase the expense of elections enormously, and also points out that the measure in any event is available to but a small number, whereas a measure of such a nature ought to be available to a very much greater number; therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the said communication of the Registrar of Voters be received and filed and that this Board request publication thereof by the daily papers of the City and County of San Francisco and the press of the State generally and also request that the electors of the State give careful consideration to the said communication of the Registrar of Voters; and be it further

Resolved, That the Registrar of Voters is hereby directed to mail copies of such communication, together with a copy of this resolution to the various county clerks, registrars of voters and boards of supervisors in this State, with a request that they give careful consideration thereto, and cause such public notice of such objections to be printed as they can in order that the voters of the State may consider the said communication of the said Registrar of Voters.

San Francisco, October 5, 1914.  
To the Honorable Board of Supervisors of the City and County, San Francisco.

Gentlemen:

There is pending to be voted upon at the general election, November 3, 1914, an initiative measure Number 14 on the ballot entitled "Voting by

Absent Electors." This measure requires the Registrar of Voters or County Clerks, after certain affidavits and certificates of identification, to furnish to any voter who will be more than ten miles away on election day an official ballot at any time not more than 20 nor less than 10 days before the day of election in a sealed envelope, which the voter may vote on election day in any precinct in the State, and have mailed by the judge of election to the County Clerk of the county where the voter resides and is registered, and provides a mode for such vote being counted.

This measure in principle was brought into the Legislature at its last session as Assembly Bill No. 541, and was sent to the Governor on May 12. The day the Legislature finally adjourned, and the Governor did not sign the said bill, and it did not become a law. There can be no doubt that the Governor was strongly urged to sign the bill and he must therefore have found sufficient reasons for not doing so, and this, I think, should receive great consideration.

I will give some of the reasons why it seems to me this measure, as drawn, ought not to become a law.

It is practically physically impossible, in a county as large as San Francisco, or any other very large county, for the Registrar or County Clerk to be certain that he can have the official ballot printed for all the precincts in the county 20 days before the election, yet this bill compels such action. Nominations close 30 days before elections, only. The Secretary of State is required to make his certificate only 30 days before election, but he cannot always make it at that time. Certain knowledge as to who the candidates will be is often delayed far beyond that period by writs of mandamus and election contests in the courts, so that the Registrar cannot guarantee to a printer a given day when he may certainly start to print the official ballots, and some times such guarantee cannot be given until 20 days before election—or even later.

As a rule in this county the Registrar can only get the official ballot complete for all the precincts 10 days before the election, and not even as early as that where it is of such a size as it is this year. There are 525 precincts and a system of rotation of names; the ballot must be changed by assembly districts and for rotation, then all the ballots must be separately water numbered and then bound together in packages of 10 or multiples thereof for all of said precincts.

If by any possibility the ballot could be had under any conditions 20 days

before election, it would require the letting of a separate contract for every assembly district, or thirteen contracts in this county, where one has heretofore been sufficient, and as the whole matter would have to be set up separately by each printer, each of such contracts would be almost as expensive as one accomplished as a whole is at present and the expense would be enormously increased. The act also requires a complete separate set of registers for every precinct in the city and an additional complete separate general canvass canvassing record for every precinct in the city and doubles the work of the official canvass. Heretofore sample ballots have been printed first so that the clerks could commence to place the same in envelopes and mail the same as early as possible. Under this bill, if the printing were at all possible, sample ballots would have to be printed last and the short time left to get them into 160,000 envelopes would require a greatly increased number of clerks for such speedy work, and I estimate that if the law should pass, that in this county each election would cost, by reason of this act, from twelve to fifteen thousand dollars more by reason of this law, and in a Presidential year would increase the cost of election in this county from between thirty-six to forty-five thousand dollars.

This initiative measure is not so prepared as to give any general relief to any considerable number of absent voters. It is only available to such voters as call at the office of the county clerk or registrar between the 20th and 10th day before an election and comply with the provisions of the law and obtain such official ballot. If the bill is to be a law there is no reason why it should be so limited for the Registrar can better furnish the ballot during the ten days immediately preceding the election than at any other time, yet during that period voters are not permitted to ask for it, although a voter could get 500 miles away from the city in twenty-four hours.

The bill, therefore, has only ten days of life to it and the man who leaves town twenty-one days before election cannot get the benefit of it nor the man who leaves town ten days before election. There seems to be no general principle for relief to absent voters in such provisions and the number who can receive any benefit under the act is not commensurate with the enormously increased expense, to say nothing of the point that it has always been considered a dangerous thing, under the official ballot law, to allow the official ballot to pass

October 5th, 1914.

into the hands of a voter before the day of election, and to entrust the same to passage through the mail lest it should open the door to possible fraud.

If, however, such ballots are to be entrusted to the mail then such a bill as this should be drafted upon the principle that persons who will be absent on election day, upon proper guarantees of identification, etc., may register application with a County Clerk or Registrar of Voters for an official ballot at any time between the fortieth day before an election and one day before the election, and if the official ballot is printed at the time of the application the same shall be delivered to the voter, and if it is not printed at the time of the application, that the County Clerk or Registrar shall mail the same, in a sealed envelope, to the identified voter as soon as the official ballot is printed to a postoffice to be designated by the voter, and entered of record when the application is made. This would give some genuine relief to a large number of absentees and be just as safe as the system proposed in this bill and would do away with all the danger of impossibility of compliance with its terms, and prevent the greatest portion of the extra expense which will arise under the proposed law.

An initiative measure, if passed, cannot be amended by the Legislature, or changed, modified or altered, and as this measure needs so much change and modification, I feel that the whole subject is one which ought to be submitted to the next Legislature and that such action ought not to be prevented as it would be if this proposed law should be adopted.

As the Registrar of Voters is officially required to print the ballot as required by law, if he can, and as the Board of Supervisors is required to furnish all the money for expense of elections, I deem it my official duty to present this communication to you, and I have done so through the Judiciary Committee, and request that, if agreeable to your Honorable Board, you take such steps as will secure proper consideration by the voters of the State to the very serious objections to this proposed law.

Very respectfully,

J. H. ZEMANSKY,

Registrar of Voters of the City and County of San Francisco.

Report of Supplies Committee Recommending Award for Printing to Neal Publishing Company.

Supervisor Hilmer presented the following report and moved its adoption:

To the Board of Supervisors:  
Your Committee on Supplies, anxious to facilitate the printing of schedules for printing supplies, recommends that the contract be awarded, as the Charter provides, to the lowest bidder (the Neal Publishing Company), at the price of \$2.49 per page.

The six bids are as follows:  
Mitchell & Goodman....\$4.72 per page  
Levinson Printing Co.... 4.33 per page  
Schwabacher-Frey Co. . . 3.69 per page  
Buckley & Curtin..... 3.45 per page  
Rincon Pub. Co..... 2.80 per page  
Neal Publishing Co..... 2.49 per page

Very respectfully yours,

FRED L. HILMER,  
CHAS. A. MURDOCK,  
J. EMMETT HAYDEN,  
Supplies Committee.

Privilege of the Floor.

W. B. Kohlmeyer, attorney, representing the Franklin Printing Association, was granted the privilege of the floor and addressed the Board. He said that there were two ways of making amendments to the Charter: First, initiative, in which legislation emanates from the people upon filing of petition of 15 per cent of voters; second, by recommendation of the Board of Supervisors. He believed that the former method should be pursued by those favoring the union label and that the Board of Supervisors should not be put in the position of favoring one class of citizens as against another. He declared that one of the best judges in San Francisco has declared the requirement of the union label on city printing to be void. He said that he represented twenty-four of the most important printing firms in San Francisco representing from 75 to 80 per cent of the job printers in San Francisco and employing 65 to 70 per cent of all persons belonging to the allied trades. Twelve hundred and fifty are members of unions, 250 are non-union. None of these firms could be permitted to furnish job printing to municipality if the amendment carried.

The Nebraska Charter, which contained a provision favoring the union label was declared by the Circuit Court to be absolutely unconstitutional. The City Attorney, he said, would not advise you that this is a legal amendment. There is no way he said to control the Allied Printing Trades, any one of the allied organizations can call a strike and tie up all the work. In this matter the discretion of the Board of Supervisors, he said, should be exercised in behalf of all the citizens and not in behalf of a particular class.

*E. C. Chapman*, attorney, endorsed argument of *Mr. Kohnmeyer*.

**Motion.**

*Supervisor Gallagher* moved as an amendment that award be made to *Amindon Publishing Co.* at \$2.80.

Motion lost by the following vote:

Ayes—Supervisors *Deasy*, *Gallagher*, *Kortick*, *McLeran*, *Nelson*, *Nolan*, *Power*, *Walsh*—8.

Noes—Supervisors *Bancroft*, *Hayden*, *Hilmer*, *Hocks*, *Jennings*, *McCarthy*, *Murdock*, *Vogelsang*—8.

**Question on Adoption.**

Whereupon, the question being on *Supervisor Hilmer's* motion, the same was refused adoption by the following vote:

Ayes—Supervisors *Bancroft*, *Hayden*, *Hilmer*, *Jennings*, *McCarthy*, *McLeran*, *Vogelsang*—6.

Noes—Supervisors *Deasy*, *Gallagher*, *Hocks*, *Kortick*, *Nelson*, *Nolan*, *Power*, *Walsh*—8.

Excused from voting—*Supervisor Murdock*—1.

Absent—Supervisors *Payot*, *Suhr*—2.

**Recommended.**

Thereupon, on motion of *Supervisor Gallagher*, the foregoing report was ordered *recommitted to the Supplies Committee*.

**Construction of California Street Extension of the Municipal Railway.**

*Supervisor Hilmer* presented:

Resolved, That the *Public Utilities Committee* be requested to ascertain and report to this Board as to the earliest date when the construction of the *California Street extension* of the *Municipal Railway* will be commenced, together with a statement as to the causes of the delay in this matter.

*Referred to Public Utilities Committee.*

**Parking of Stockton Street.**

*Supervisor McCarthy* presented:

Whereas, By reason of the construction of the *Stockton Street Tunnel*, *Stockton street*, between *Bush* and *Pine streets*, is being reconstructed, and

Whereas, The grade on *Stockton street*, between *Bush* and *Pine streets*, is prohibitive to traffic, except to pedestrians, and

Whereas, The present plan of relaying the old cobblestones would make the street an eyesore, reflecting on the expensive improvements surrounding it, therefore be it

Resolved, That the *Park Commission* is herewith instructed to install in the center of *Stockton street*, between *Bush* and *Pine streets*, a fifteen-foot lawn, to be kept perpetually green, and be it further

Resolved, That the *Board of Public*

*Works* is hereby instructed to lay *basalt blocks* instead of *cobblestones* between the curb and such lawn.

*Referred to Streets Committee.*

**Adopted.**

The following Resolution was introduced under suspension of the rules and adopted:

*Department of Electricity to Exchange Old Cable for Material Under Contract of Standard Underground Cable Company.*

On motion of *Supervisor Murdock*:  
J. R. No. 1449.

Resolved, That the *Department of Electricity* is hereby directed and authorized to exchange about 12 tons of old cable, unfit and unnecessary for the use of the *City and County of San Francisco*, for materials for which the *Standard Underground Cable Company* holds a contract for the current fiscal year.

## PAVING CIVIC CENTER.

## Privilege of the Floor.

Stanley Fay, contractor, was granted the privilege of the floor and addressed the Board. He stated that he would put up bonds to cover his offer to complete work of paving Civic Center with a saving of \$35,000. He said that his motive was not one of self-interest, but that he was actuated by public spirit. He believed that it was wasteful of the public funds to do the work by day-labor, furthermore, that it was a violation of Article VI, Chapter I, Section 14, of the Charter.

## Motion.

*Supervisor McCarthy* moved that the City Attorney be asked for his opinion as to the power of the city to do work of this character in amount exceeding \$500 through its own repair department.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Power, Suhr, Vogelsang—14.

Noes—Supervisors Gallagher, Nelson, Nolan, Walsh—4.

## Address of Congressman Wm. Kent.

His Honor Mayor Rolph introduced Congressman Wm. Kent as San Francisco's great friend in the Hetch Hetchy fight in Washington, D. C., in 1912.

*Mr. Kent* addressed the Board and said that he was not a citizen of San

Francisco, but was always in accord with the highest aspirations of the metropolis of the Pacific Coast. He said that he had advocated municipal ownership ever since he saw what could be done in Chicago. He believed the Hetch Hetchy bill was the greatest piece of municipal constructive legislation before Congress and for that reason supported it.

## Address of U. S. Senator Key Pittman.

*Key Pittman*, United States Senator, was also introduced as San Francisco's great friend in the Hetch Hetchy fight. He said that his service was small in the matter as compared with that rendered by his Honor the Mayor, Supervisor Vogelsang, City Attorney Long, Former Mayor Phelan, Engineer O'Shaughnessy and J. S. Dunnigan, Clerk of the Board.

The successful issue, he said, was also due to the united efforts of our friends at home and a friendly administration at Washington. Speaking of the Exposition, he said, that contrary to the opinion of some, he believed, that the European war would benefit rather than detract from it. Many tourists in the habit of making yearly visits to Europe would this year be obliged to "See America First".

## ADJOURNMENT.

There being no further business, the Board, at the hour of 7 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors October 13, 1914.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I. J. S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

On motion of Supervisor Vogel-sang:

Resolution No. 11219 (New Series), as follows:

Whereas, an offer has been received from James Samuel Burch to convey to the City and County of San Francisco certain land and improvements hereinafter described, said property being required for the construction and completion of the Hetch Hetchy water supply system for the City and County of San Francisco; and,

Whereas, the price at which said land and improvements is offered is a reasonable and proper price to pay for said property; therefore, be it

Resolved, That the offer of James Samuel Burch to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land and improvements, free of all encumbrances, including taxes, for the sum of seventeen hundred dollars (\$1700) is hereby accepted, the said land being described as follows:

Lots 3, 7, 8 and 10 of Section 31, Township 1, South Range 16 East, M. D. B. & M., located in Tuolumne County, California.

The City Attorney is hereby directed to examine the title to said land and if the same is found to be vested in the aforesaid owner, free from all incumbrances, and the taxes for the current fiscal year are paid, to cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed purchase price, as aforesaid:

Ayes—Supervisors Bancroft, Hayden, Hilmer, Jennings, McCarthy, Nelson, Nolan, Payot, Suhr, Vogel-sang, Walsh—10.

SPECIAL ORDER, 2:30 P. M.

The following Resolution heretofore presented by Supervisor Nolan, together with substitute offered by Supervisor Hayden, laid over from last meeting, was taken up.

Lighting Electrolliers on Larkin Street.

Resolved, That the application of property owners for the lighting and maintenance by the city of 42 Eagle type electrolliers on Larkin street, between Golden Gate avenue and Sutter street, be and same is hereby denied.

Substitute.

Resolution No. — (New Series), Be it resolved by the Board of Supervisors of the City and County of San Francisco, that the Pacific Gas and Electric Company be and is hereby directed to light and maintain forty-two Eagle type electrolliers on Larkin street, between Golden Gate avenue and Sutter street, at the contract price, and that no other charge or charges shall be made by the Pacific Gas and Electric Company for the underground wiring, conduits or connections; and be it further

Resolved, That the Pacific Gas and Electric Company be directed to begin the work at once and complete the same as soon as possible. All the above forty-two electrolliers to be lighted until midnight, the one-half to be turned off.

Privilege of the Floor.

William Sea, J. S. Mackie, W. S. Maxson, A. Dimmer and L. R. Couples were granted the privilege of the floor, and urged the proposed appropriation for the lighting of electrolliers on Larkin street.

Authorizing Payment of \$36,000 to F. E. Knowles in Matter of Purchase and Exchange of Lands to Straighten Alignment of Potrero Extension of Municipal Railway.

Resolution No. 11226 (New Series), as follows:

Whereas, The Board of Supervisors has authorized an exchange of property between F. E. Knowles and the City for certain parcels of land for the purpose of straightening out Division street and the use of the Municipal Railway; and,

Whereas, This exchange is an exchange of property and in order to validate the deeds it is necessary to pass an authorization and appropriation of \$36,000 which said sum is not to leave the treasury but is to be immediately returned to the treasury by the said F. E. Knowles for the payment of the property deeded to the said Knowles by the City; therefore, be it

Resolved, That the sum of \$36,000 is hereby authorized and appropriated out of the General Fund of 1914-15 for the perfunctory payment to F. E. Knowles for certain property described

in Resolution No. 11013. New Series; and be it further

Resolved, That the Auditor and Treasurer are hereby authorized to receive from said F. E. Knowles \$36,000 perfunctory payment for property deeded by the City to the said Knowles in compliance with Resolution No. 11013, New Series.

Library Trustees Requested to appropriate \$25,000 Toward Steam Heating Plant in Civic Center.

On motion of Supervisor Bancroft: Resolution No. — (New Series), as follows:

Whereas, The Board of Supervisors has directed the Board of Public Works, under Journal Resolution No. 1413, to prepare plans and specifications for the installation of a heating plant in the Civic Center to be used for the purpose of supplying steam and heat to the buildings of the Civic Center, the cost of said plant not to exceed \$75,000; and

Whereas, It is desirable, both from an economic and architectural standpoint, that there be no duplication of systems of this character and that the steam for the entire Civic Center be generated from one central building; and

Whereas, By the erection of a central steam plant the Library Trustees will be relieved of the expense of building and maintaining an independent steam plant; and

Whereas, Because of the foregoing reasons it is deemed proper that the Board of Library Trustees should contribute towards the expense of erecting said steam plant from the building funds of said Board; now therefore be it

Resolved, That the Library Trustees be requested to furnish funds to the extent of \$25,000 as their share of the cost of erecting, maintaining and operating said steam plant; and be it further

Resolved; That, in consideration of the contribution of said sum, there shall be perpetually furnished to the said Library building from said plant, without cost or expense to said Library Trustees, sufficient steam to properly heat said building.

**Proposed Charter Amendment, Absentee Voting.**

The following matters laid over from last meeting were taken up:

Whereas, there is pending, to be voted upon at the general election to be held November 3, 1914, an initiative measure—Number 14, upon the ballot, entitled "Voting by Absent Electors," and

Whereas, the Registrar of Voters of the City and County of San Francisco has this day sent a communication to the Board of Supervisors of said City and County, through the Judiciary Committee, which discusses and points out grave objections to said measure, and shows that the measure in principle was refused the signature of the Governor of California at the last session of the Legislature, and that the said measure is of doubtful feasibility, or if capable of operation at all will increase the expense of elections enormously, and also points out that the measure in any event is available to but a small number, whereas a measure of such a nature ought to be available to a very much greater number; therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the said communication of the Registrar of Voters be received and filed and that this Board request publication thereof by the daily papers of the City and County of San Francisco and the press of the State generally and also request that

the electors of the State give careful consideration to the said communication of the Registrar of Voters; and be it further

Resolved, That the Registrar of Voters is hereby directed to mail copies of such communication, together with a copy of this resolution to the various county clerks, registrars of voters and boards of supervisors in this State, with a request that they give careful consideration thereto, and cause such public notice of such objections to be printed as they can in order that the voters of the State may consider the said communication of the said Registrar of Voters.

San Francisco, October 5, 1914.

To the Honorable Board of Supervisors of the City and County, San Francisco.

Gentlemen:

There is pending to be voted upon at the general election, November 3, 1914, an initiative measure Number 14 on the ballot entitled "Voting by Absent Electors." This measure requires the Registrar of Voters or County Clerks, after certain affidavits and certificates of identification, to furnish to any voter who will be more than ten miles away on election day an official ballot at any time not more than 20 nor less than 10 days before the day of election in a sealed envelope, which the voter may vote on election day in any precinct in the State, and have mailed by the judge of election to the County Clerk of the county where the voter resides and is registered, and provides a mode for such vote being counted.

This measure in principle was brought into the Legislature at its last session as Assembly Bill No. 541, and was sent to the Governor on May 12, the day the Legislature finally adjourned, and the Governor did not sign the said bill, and it did not become a law. There can be no doubt that the Governor was strongly urged to sign the bill and he must therefore have found sufficient reasons for not doing so, and this, I think, should receive great consideration.

I will give some of the reasons why it seems to me this measure, as drawn, ought not to become a law.

It is practically physically impossible, in a county as large as San Francisco, or any other very large county, for the Registrar or County Clerk to be certain that he can have the official ballot printed for all the precincts in the county 20 days before the election, yet this bill compels such action. Nominations close 30 days before elections, only. The Secretary of State is required to make his certificate only

30 days before election, but he cannot always make it at that time. Certain knowledge as to who the candidates will be is often delayed far beyond that period by writs of mandamus and election contests in the courts, so that the Registrar cannot guarantee to a printer a given day when he may certainly start to print the official ballots, and some times such guarantee cannot be given until 20 days before election—or even later.

As a rule in this county the Registrar can only get the official ballot complete for all the precincts 10 days before the election, and not even as early as that where it is of such a size as it is this year. There are 525 precincts and a system of rotation of names; the ballot must be changed by assembly districts and for rotation, then all the ballots must be separately water numbered and then bound together in packages of 10 or multiples thereof for all of said precincts.

If by any possibility the ballot could be had under any conditions 20 days before election, it would require the letting of a separate contract for every assembly district, or thirteen contracts in this county, where one has heretofore been sufficient, and as the whole matter would have to be set up separately by each printer, each of such contracts would be almost as expensive as one accomplished as a whole is at present and the expense would be enormously increased. The act also requires a complete separate set of registers for every precinct in the city and an additional complete separate general canvass canvassing record for every precinct in the city and doubles the work of the official canvass. Heretofore sample ballots have been printed first so that the clerks could commence to place the same in envelopes and mail the same as early as possible. Under this bill, if the printing were at all possible, sample ballots would have to be printed last and the short time left to get them into 160,000 envelopes would require a greatly increased number of clerks for such speedy work, and I estimate that if the law should pass, that in this county each election would cost, by reason of this act, from twelve to fifteen thousand dollars more by reason of this law, and in a Presidential year would increase the cost of election in this county from between thirty-six to forty-five thousand dollars.

This initiative measure is not so prepared as to give any general relief to any considerable number of absent voters. It is only available to such voters as call at the office of the county clerk or registrar between the 20th and 10th day before an election and

comply with the provisions of the law and obtain such official ballot. If the bill is to be a law there is no reason why it should be so limited for the Registrar can better furnish the ballot during the ten days immediately preceding the election than at any other time, yet during that period voters are not permitted to ask for it, although a voter could get 500 miles away from the city in twenty-four hours.

The bill, therefore, has only ten days of life to it and the man who leaves town twenty-one days before election cannot get the benefit of it nor the man who leaves town ten days before election. There seems to be no general principle for relief to absent voters in such provisions and the number who can receive any benefit under the act is not commensurate with the enormously increased expense, to say nothing of the point that it has always been considered a dangerous thing, under the official ballot law, to allow the official ballot to pass into the hands of a voter before the day of election, and to entrust the same to passage through the mail lest it should open the door to possible fraud.

If, however, such ballots are to be entrusted to the mail then such a bill as this should be drafted upon the principle that persons who will be absent on election day, upon proper guarantees of identification, etc., may register application with a County Clerk or Registrar of Voters for an official ballot at any time between the fortieth day before an election and one day before the election, and if the official ballot is printed at the time of the application the same shall be delivered to the voter, and if it is not printed at the time of the application, that the County Clerk or Registrar shall mail the same, in a sealed envelope, to the identified voter as soon as the official ballot is printed to a postoffice to be designated by the voter, and entered of record when the application is made. This would give some genuine relief to a large number of absentees and be just as safe as the system proposed in this bill and would do away with all the danger of impossibility of compliance with its terms, and prevent the greatest portion of the extra expense which will arise under the proposed law.

An initiative measure, if passed, cannot be amended by the Legislature, or changed, modified or altered, and as this measure needs so much change and modification, I feel that the whole subject is one which ought to be submitted to the next Legislature and that such action ought not to be prevented

as it would be if this proposed law should be adopted.

As the Registrar of Voters is officially required to print the ballot as required by law, if he can, and as the Board of Supervisors is required to furnish all the money for expense of elections, I deem it my official duty to present this communication to you, and I have done so through the Judiciary Committee, and request that, if agreeable to your Honorable Board, you take such steps as will secure proper consideration by the voters of the State to the very serious objections to this proposed law.

Very respectfully,

J. H. ZEMANSKY,

Registrar of Voters of the City and County of San Francisco.

#### Extensions of Time.

On motion of Supervisor McCarthy: Resolution No. 11231 (New Series), as follows:

Resolved, That Flinn & Treacy be and are hereby granted an extension of ninety days' time from and after October 15, 1914, within which to complete contract for grading, curbing and paving Downey street, between Ashbury street and San Miguel Rancho line.

This extension of time is granted for the reason that this work was delayed because the petitioners had to wait for the filling to settle.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—16.

Also, Resolution No. 11232 (New Series), as follows:

Resolved, That G. W. McGinn & Co. is hereby granted the following exten-

sions of time to complete contracts for the following street work, to wit:

Sixty days from and after October 14, 1914, within which to complete contract for curbing, paving and sewerage crossing of Beach and Leavenworth streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that petitioners state they were unable to procure the necessary material to complete the work within the time granted.

Sixty days from and after October 14, 1914, within which to complete contract for curbing, paving and sewerage Leavenworth street, between Beach and Jefferson streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor has been unable to procure the necessary material to complete the work within the time granted.

Ninety days from and after October 14, 1914, within which to complete contract for curbing and paving Balboa street, between Twenty-seventh and Twenty-eighth avenues.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor was delayed owing to a contemplated grade change which was subsequently abandoned.

No person having charge of a hack, automobile, taxicab or other vehicle used for hire shall allow the same to stand on any public street, except in front of a public square, within twenty feet of any street crossing, or with the front and rear wheels at a greater distance than one foot from the outer edge of the sidewalk, on any public street without first obtaining the written permission of the Mayor, revocable without notice at the pleasure of the Mayor, and the written consent of the owner and tenant or occupant of the store or ground floor, or portion, of the ground floor of any building to use that portion of the street in front of said building or any part thereof for such purpose, provided that the Mayor shall not grant permits to allow more than eight public vehicles to stand waiting for employment in any one block; provided, that no permit shall be granted for any public vehicle to stand upon any street less than thirty-five feet in width from curb to curb, on which a double line of railroad track is allowed.

On the north side of Geary street, between Stockton street and Powell street, and on the west side of Stockton street, between Geary street and Post street, no vehicle for hire shall be allowed to stand, between the hours of 8 a. m. and 6 p. m. (Sundays and holidays excepted), unless the owner of such vehicle for hire shall have first obtained a permit from the Chief of Police. Such permits shall be limited to thirty-five at any one time, shall be revocable without notice at the pleasure of the Chief of Police, and not more than one permit shall be issued to any person, firm, corporation or association, for more than one vehicle at any one time. The holders of permits provided by this section shall be subject to all regulations of Ordinance No. 1898 (New Series).

Section 3. This ordinance shall take effect immediately.

*Amending Traffic Ordinance.*

Also, Bill No. 3250, Ordinance No. (New Series), as follows:

Amending Section 21 of Ordinance No. 1857 (New Series), regulating moving travel and traffic upon the streets and other public places of the City and County of San Francisco and providing a punishment for any

violation thereof, and repealing orders Nos. 70 and 175 (Second Series) and Ordinances Nos. 256, 723, 803, 807, 808, 809, 814, 825, 851, 888, 898, 899, 902, 1088, 1132, 1359, 1367, 1369, 1379, 1380, 1507, 1517, and Ordinances Nos. 339, 575, 649, 1527, 2128, 2564 and 2633 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 21 of Ordinance No. 1857 (New Series), is hereby amended so as to read as follows:

Section 21. Between the hours of 10 o'clock a. m. and 12 o'clock m. and 1:30 o'clock p. m. and 6 o'clock p. m. of any day except Sunday and legal holidays it shall be unlawful for the driver, operator or owner of any motor or horse driven vehicle to permit such vehicle to stand for more than forty minutes on any of the following named streets or portions of the following named streets, to-wit:

Market street from Kearny street to Fifth and Powell streets.

Kearny street from Market street to Sutter street.

O'Farrell street from Grant avenue to Powell street.

Geary street from Kearny street to Powell street.

Post street from Kearny street to Stockton street.

Grant avenue from Market street to Sutter street.

Stockton street from Market street to Geary street.

Powell street from Market street to Geary street.

Vehicles for hire to be limited to the north side of Geary street, between Stockton street and Powell street, and the west side of Stockton street, between Geary street and Post street. Provided further, that vehicles for hire shall not use the east side of Powell street, between Geary street and Post street between Powell street and Stockton street, the east side of Stockton street between Geary and Post streets and the south side of Geary street from Stockton to Powell streets, but the same shall be for the use of the public. Provided that no vehicles for hire shall be allowed to stand on the west side of Stockton street between Geary and Post streets, and the north side of Geary street between Post and Powell streets, between the hours of 8 o'clock a. m. and 6 o'clock p. m. (Sundays and legal holidays excepted), unless the owner of said vehicle has a permit from the Chief of Police of the City and County of San Francisco, under the provisions of Ordinance 1898 (New Series), as amended. And provided further, that stoppage caused by fires, blockades, breakdowns or other emer-

gencies, or an ambulance, shall not be considered within the provisions of this ordinance. Provided, however, that the provisions of this section shall not apply to the standing of any freight or baggage vehicle, or for any passenger vehicle, for which a permit has been granted, under the provisions of Ordinance No. 1898 (New Series), for such vehicle to stand upon any of the streets or portions of such streets, as herein defined, during the time such vehicle is in charge of a person competent to drive the same; and

Further provided, that the Board of Public Works shall erect and maintain suitable signs at proper points warning the owners and drivers of all vehicles of the provisions of this ordinance.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

Adopted.

The following resolutions were introduced under suspension of the rules and adopted:

City Attorney to Cease Litigation in Sealers of Weights and Measures Case.

On motion of Supervisor Nelson:  
J. R. No. 1458.

Whereas, The City Attorney in a communication, dated September 28, 1914, notified this Board that the District Court of Appeal, First Appellate District, in the case of J. W. McEvers et al. versus Thomas F. Boyle as Auditor, ordered issued its peremptory writ of mandate ordering Thomas F. Boyle to pay the salaries of Charles G. Johnson as sealer of weights and measures and others in his office; and

Whereas, The Supreme Court has previously passed upon the matter at issue in the above entitled case; and

Whereas, The City Attorney in his communication says, "I therefore can see no valid reason for prosecuting these respective cases any further as it would mean a futile expenditure of the city's moneys for expenses which I know beforehand will be fruitless. I have, therefore, taken the position that I will not ask for a rehearing either in the District Court of Appeal or in the Supreme Court of the case of J. W. McEvers versus Boyle, nor shall I prosecute further the appeal in the case of Donnelly versus the City and County of San Francisco, or M. P. Scott versus Boyle, unless I am directed to the contrary by your Board, and the purpose of this communication is to secure an expression from you of your wishes in the matter." Now, therefore, be it

Resolved, That the City Attorney is hereby directed to discontinue a further prosecution of the above cases and the Finance Committee is requested to make arrangements for the money to pay the judgments awarded by the court.

**Proposed Charter Amendments.**

Supervisor Nelson presented:

That Section 9 of Article XIII be hereby amended to read as follows:

*Duty of Heads of Departments—Candidates Highest on Register.*

Section 9. Whenever a position classified under this article is to be filled, the head of the department or office controlling such position shall notify the Commission of that fact, and the Commission shall then certify to the appointing officer the name and address of one or more candidates in the discretion of the Commission, but not exceeding three, standing highest upon the register for the class or grade to which the position belongs.

*Sex shall be disregarded in making certification for employment in all positions of clerical service; and unless some statute, the rules of the Commission, or the appointing power specifies sex, in all other positions.*

The Commission shall not certify the name of any person who in the judgment of the Commission is not of good moral character, or who has secured a place upon the eligible lists by fraud, concealment of fact, or by violation of the rules of the Commission; and having certified such person shall cancel such certification; and the Commission shall remove the name of any such person from all civil service registers.

*Referred to Judiciary Committee.*

Also, Charter Amendment No. —

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a special election to be held therein on the 15th day of December, 1914, a proposal to amend said Charter as follows:

That Section 3 of Article XIII is hereby amended to read as follows:

*Rules of Commissioners.*

Sec. 3. The Commissioners shall make rules to carry out the purposes of this Article, and for examinations, appointments, promotions and in ac-

cordance with its provisions may from time to time make changes in the existing rules. All rules and all changes therein shall be forthwith printed for distribution by the Commissioners. Such rules shall provide for the holding of an examination within sixty days after the exhaustion or abolishment of any eligible list, or within sixty days after the creation of any newly classified position, and it shall be the duty of the Commissioners to determine and announce the result of such examination as soon as possible thereafter.

That Section 8 of Article XIII is hereby amended to read as follows:

*Promotion, Basis of.*

Section 8. The Commissioners shall provide for promotion in the classified service on the basis of ascertained merit and standing upon examination; and shall provide, whenever practicable, that vacancies shall be filled by promotion. All examinations shall be competitive among such members of the next lower rank, as established by the Commissioners, as desire to submit themselves to such examinations. The Commissioners shall submit to the appointing power the name of the applicant having the highest rating for each promotion, and such applicant shall be thereupon appointed.

That Section 9 of Article XIII is hereby amended to read as follows:

*Duty of Heads of Department—Candidates Highest on Register.*

Section 9. Whenever a position classified under this article is to be filled, the head of the department or office controlling such position shall notify the Commission of that fact, and the Commission shall then certify to the appointing power the name and address of the candidate standing highest upon the register for the class or grade to which the position belongs. In making certification for employment, sex shall be disregarded, except where some statute, the rules of the Commission, or the appointing power specifies sex. The Commission shall not certify the name of any person who in the judgment of the Commission is not of good moral character, or who has secured a place upon the eligible lists by fraud, concealment of fact, or by violation of the rules of the Commission; and, having certified such person, shall cancel such certification; and the Commission shall remove the name of any such person from all civil service registers.

That Section 10 of Article XIII is hereby amended to read as follows:

*Appointments on Probation, Conditions of Discharge, Temporary Appointments.*

Section 10. The appointing officer

shall notify the Commissioners of each position to be filled separately, and shall fill such place by the appointment of the person certified to him by the Commissioners therefor. Such appointment shall be on probation for a period to be fixed by the rules of the Commissioners, but such rules shall not fix such period at exceeding six months.

The Commissioners shall abolish all lists of eligibles for promotional positions at the end of three years from the time of their promulgation, excepting such lists as are in existence at the time when this amendment goes into effect, which lists shall remain in force, unless sooner exhausted, until three years thereafter. At or before the expiration of the period of probation, the head of the department or office in which a candidate is employed, may, with the consent of the Civil Service Commissioners, discharge him upon assigning in writing his reason therefor to the Commissioners. If he is not then discharged his appointment shall be deemed complete. To prevent the stoppage of public business, or to meet extraordinary exigencies, the head of any department or office may with the approval of the Civil Service Commissioners, make temporary appointments, to remain in force not exceeding sixty days, and only until regular appointments under the provisions of this article can be made.

Supervisor Walsh presented:

Charter Amendment No. —, Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the charter of said city and county by amending section 2 of chapter III of article II thereof, relating to official advertising.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county, at a special election to be held therein on the..... day of....., a proposal to amend the charter of said city and county by amending section 2 of chapter III of article II thereof.

Section 2 of chapter III of article II shall read as follows:

Section 2. The Board of Supervisors shall, except as otherwise herein provided, contract for doing all or any portion of the advertising required by the city and county.

All contracts for official advertising shall be let annually in like manner by the Supervisors to the lowest responsible bidder publishing a daily newspaper in the city and county which has a bona fide daily circulation of at least eight thousand copies,

and has been in existence at the time of letting such contract for at least two years. In inviting proposals therefor, such advertising shall not be classified, and no proposal shall be acted upon which offers to do such advertising at different rates for different portions thereof.

Such advertising shall be construed to mean the advertising and publication of all official reports, orders, ordinances, messages, resolutions, notices inviting proposals, and all notices of every nature relating to city work. No part or kind of such advertising shall be charged or contracted for at a higher rate than any other part or kind of the same is charged and contracted for, except in the case of the delinquent tax list.

The advertising of the delinquent tax list shall be let to the lowest responsible bidder on a separate bidding from all other official advertising.

No board, department or officer shall make any publication which is not expressly authorized by this charter or by the Supervisors.

The Board of Supervisors, instead of contracting for official advertising, may cause to be printed a weekly newspaper, to be called the "Municipal Record," wherein shall be published all matters of municipal interest. All or any portion of the official advertising (excepting the advertising of the delinquent tax list) required or authorized by this charter, or required or authorized by the Board of Supervisors, may be published in the Municipal Record in lieu of being published in a daily newspaper. Whenever, in this charter, a publication is required in a daily newspaper for a period of one week or less than seven days, one publication in the Municipal Record shall be equivalent thereto; when such publication is required in a daily newspaper for a period of more than one week or seven days, and not more than two weeks or fourteen days, two publications in the Municipal Record shall be equivalent thereto; when such publication is required in a daily newspaper for a period of more than two weeks or fourteen days, three publications in the Municipal Record shall be equivalent thereto. Bills and resolutions requiring five days' publication thereof before final action is taken thereon, shall be published in such Municipal Record at least three days prior to such final action. The newspaper authorized to publish the bills and ordinances of the Board of Supervisors shall be known and designated as the "official newspaper."

Widening San Bruno Avenue.

On motion of Supervisor McCarthy:  
Resolution No. 11233 (New Series).

Resolved, That his Honor the Mayor be and he is hereby authorized to execute, for and on behalf of the City and County of San Francisco, the following agreement:

"This agreement, made this ..... day of ..... 1914, between Crocker Estate Company, a California corporation, first party, and the City and County of San Francisco, a municipal corporation, organized under the laws of the State of California, second party:

*Witnesseth:*

Whereas, First party is the owner of certain lands in the Crocker Bay Shore tract as the same are now subdivided and platted on the map of said tract on file and of record in the office of the County Recorder of said City and County of San Francisco;

And Whereas, said second party is desirous of securing from first party a grant and conveyance of a strip of land eighty feet in width through a portion of said lands owned by first party for the uses and purposes of a new public street or highway connecting with and improving the alignment of San Bruno road from a point at or near Bay Shore avenue to the present intersection of said San Bruno avenue with Vista avenue;

And Whereas, the construction of such proposed new street or highway by second party will necessitate the resubdivision by first party of its said lands and also the construction or reconstruction of streets, sewers and other improvements already constructed upon said lands;

And Whereas, first party is willing to grant and convey to second party such strip of land for said purposes for the consideration and upon the terms and conditions hereinafter provided;

Now therefore, in consideration of the premises and of the covenants herein agreed to be performed by the respective parties hereto, said parties do hereby agree as follows:

1. Said first party agrees to execute a conveyance in the form of Exhibit A hereunto attached and hereby referred to and made a part hereof and which said Exhibit A correctly describes the property to be conveyed thereby, the same being the strip of land herein referred to which second party desires to secure from first party.

Such conveyance in the form, or substantially the form, of said Exhibit A, when so executed by first party, to be placed with and held by Mercantile Trust Company of San Francisco, in escrow, to be delivered by said Mercantile Trust Company of San Francisco to second party upon the full and faithful performance by

second party of each and all of the covenants herein agreed to be by it performed, and not otherwise.

2. Said second party agrees:

(a) To commence the grading of said new street or boulevard immediately after the execution and delivery of this agreement and to diligently prosecute such work to completion, the grade lines of such new roadway to conform to the plat or survey thereof to be furnished by second party to first party at the time of the execution and delivery of this agreement and the same shall not be thereafter changed without the consent of the first party.

(b) After the grading of said new roadway and the material is properly set with the weather, to pave a central forty-foot strip of the roadway with asphalt or bitumen, upon a concrete base, similar to the pavement constructed on Junipero Serra boulevard, the outer portions of said roadway from the gutter to said central strip to be of rock macadam, well rolled to a uniform surface.

(c) To construct concrete gutters, with high back up to sidewalk line, for the entire length and on both sides of said new street or highway.

(d) To provide a sidewalk space on each side of said new roadway not less than twelve feet in width.

(e) To construct concrete sidewalks in front of such property of first party along said new street or highway for such distances thereon and of a width or area equal to the area of concrete sidewalks which may be destroyed or abandoned in the resubdivision of said lands of first party in said Crocker Bay-Shore Tract.

(f) To construct all sewers necessary in said new street or highway, to replace other sewers destroyed (to the extent of the lineal distance of sewers destroyed or which are located in abandoned streets) so as to provide proper drainage and sewerage facilities for the property of first party adjacent thereto and also make all necessary sewer connections between such new sewer and the portion of the existing sewer system which may be utilized; also to provide manholes and catchbasins where necessary to provide proper drainage and for sewer connections with such new streets as may be laid out in the resubdivision of said lands of first party adjacent to said new street or highway.

(g) To replace all water pipes which may be disconnected in the course of the work and to provide water service where already provided and which may be destroyed or abandoned by reason of the construction of such new street or highway. All

water pipes requiring to be replaced to be laid in parking strip under sidewalk space, on said new highway, for a distance equal to that which has been abandoned or destroyed.

(h) To take all action and execute and deliver to first party all conveyances and other written instruments which may be necessary to legally cover the abandonment, exchange and revesting of title in first party of Hood avenue; also such portions of Alexander, Wheeler, Peninsula, Vista and Nueva avenues which lie north of Hood avenue; and also that portion of Railroad avenue which lies north of Bay Shore avenue.

(i) To make, furnish or provide first party with all necessary surveys, maps and plats, without expense to first party, which may be required by first party in the resubdivision of that portion of said Crocker Bay Shore Tract lying west and southwest of the easterly line of said Nueva avenue and north of said Bay Shore avenue and to record, or cause to be recorded, when completed and approved by first party, a proper map of said resubdivision of said portion of said Crocker Bay Shore Tract.

(j) To transplant to said new tract or highway or such new streets as may be laid out in the resubdivision of said tract all growing trees upon such streets as may be abandoned.

Said second party agrees to construct and complete said proposed improved street or highway for its entire length from its northerly terminus at San Bruno road and Vista avenue through the lands of said second party to the southerly boundary line of the lands of first party, about one hundred feet (100') southerly from Leland avenue, and also to fully perform and complete the other work herein agreed to be performed by second party, without cost or expense to first party.

IT IS EXPRESSLY UNDERSTOOD AND AGREED that it is the intention and purpose that the work herein agreed to be done by second party shall provide such street improvements for said lands of first party affected by the construction of said new street or highway equal in extent to the street improvements already constructed by first party upon and through its said lands and to leave said lands in as equally marketable and usable condition as the same now are. Said first party shall have the right to construct or cause

to be constructed, at its own cost, during the progress of the work on said highway, such sewers, connections or extensions of sewers, as it may desire and which are not provided to be constructed by second party.

This agreement shall be binding upon and inure to the benefit of each of the parties hereto and their respective successors and assigns.

In witness whereof, said parties have executed this agreement in duplicate, under their respective corporate names and seals, by their respective proper officers thereunto duly authorized, the day and year first above written.

### MAYOR'S VETO.

**Outdoor Park Permit.**

The following communication and resolution, made a Special Order of Business for 3 p. m., were taken up:

September 24, 1914.

To the Honorable Board of Supervisors of the City and County of San Francisco, San Francisco, Cal. Gentlemen: I hereby return to you, without my approval, Resolution No. 11171 (New Series), granting permission to "the owners or lessees of the property bounded by Van Ness avenue, Grove, Franklin and Hayes streets, in the City and County of San Francisco, to conduct an outdoor park upon said premises, etc."

This resolution does not, on its face, purport to extend to any known individual by name, any privilege, but attempts to confer on a lot or specific piece of land, the privileges of certain forms of amusement.

To me this appears particularly objectionable.

But there is a more important objection:

Unless there are good reasons shown why an exception should be made in this particular case—and no such reasons have been shown—this resolution appears to be in direct conflict with the spirit of Resolution No. 11147 (New Series), adopted by your Honorable Board September 10, 1914, and approved by me September 19, 1914. This resolution reads as follows:

"Resolution No. 11147 (New Series).

"Whereas, the approaching opening of the Panama-Pacific Exposition with attendant influx of visitors is causing numerous persons to seek the privilege of giving various kinds of entertainments and sale of numerous novelties on the streets and in the

different localities of San Francisco;

"Whereas, it is the desire of the city to co-operate fully in making the Panama-Pacific Exposition and the entertainments therein an unmeasured success in every respect; therefore, be it

"Resolved, That under existing laws and ordinances the Board of Supervisors declares its intention of restricting, so far as consonant with public welfare, the number of entertainments, shows and concessions which are to be conducted outside the Fair grounds, and also to prohibit the opening of amusement concessions in the immediate vicinity of the Exposition; and all applications for privileges and licenses will be carefully scrutinized and all applications for privileges, the conduct of which may be objectionable, in any sense, will be denied.

"And that all requests for permits to conduct exhibitions shall be referred to the Exposition and Police Committees of this Board for such recommendations as it deems advisable."

While I feel now, as at the time Resolution No. 11147 was adopted, that the Panama-Pacific International Exposition and its concessions are not entitled to a monopoly of the entertainment and amusement features of San Francisco, nevertheless, we are all cognizant of the fact that San Francisco has, by a public bond issue, invested \$5,000,000 in this enterprise; the State of California has invested \$5,000,000; the citizens of San Francisco have subscribed many millions. Every reasonable effort should be made to protect this enterprise for the benefit of the community.

San Francisco owes this as a duty to the State of California, to our citizens at large who voted the bonds and to the citizens who generously contributed, for patriotic reasons, to make the Exposition possible at San Francisco.

It behooves the government of San Francisco, as holding a trust for the Nation and State, as well as for her own citizens, to do nothing that could possibly be construed as a violation of her trust, or cause an injury or hindrance to its success.

The amusement concessions are among the largest contributors to the maintenance and insurance of this great institution.

The city cannot afford, by granting privileges in opposition to her tax-supported Exposition, to harass or interfere with the success of this vast undertaking.

San Francisco's good name and reputation are bound up with its success. It is a matter of honor on the part of

the city that she shall do nothing to retard and that she shall do every thing to advance the Exposition.

The world, the Nation and the State and our own citizens look to our government to carry out this trust in letter and spirit.

I, therefore, feel that, unless strong reasons are furnished that could justify an exception being made in the licensing of this particular opposition to the Exposition, we, as a government, have no right to make such exception.

Therefore, I return you this Resolution No. 11171 (New Series), with my approval. Respectfully,

JAMES ROLPH, JR.,  
Mayor, City and County of San Francisco.

#### Outdoor Park Permit.

Resolution No. 11171 (New Series) as follows:

Resolved, That permission, revocable at the will of the Board of Supervisors, is hereby granted to the owners or lessees of the property bounded by Van Ness avenue, Grove, Franklin and Hayes streets, in the City and County of San Francisco, to conduct an outdoor park upon the said premises, upon the payment of license fees required by Ordinance No. 1764.

Before the construction of any building or structure on said premises a permit for doing the same shall be obtained from the Board of Public Works and the plans and specifications of the same shall be approved by the Board of Public Works.

#### Privilege of the Floor.

Jos. Rothschild and Jos. S. Tobin, Exposition Director, addressed the Board requesting that the Mayor's veto be sustained.

#### Veto Sustained.

Whereupon the question being, "Shall the Resolution pass notwithstanding the objections of his Honor the Mayor?" the Roll was called with the following result:

Ayes—Supervisors Deasy, Gallagher, Jennings, McCarthy, Nelson, Nolan, Power, Walsh—8.

Noes—Supervisors Bancroft, Hayden, Hilmer, Hocks, Kortick, McLeran, Murdock, Payot, Suhr, Vogelsang—10.

Thereupon his Honor the Mayor declared the Resolution *lost* and the Mayor's *veto sustained*.

#### SPECIAL ORDER 3 P. M.

Switchboard, Department of Electricity  
The following resolution, made Special Order of Business for 3 p. m. this day, was taken up:

Resolution —, Providing the following amount to be expended out of the hereinafter mentioned fund for the following purpose, to-wit:

For installation of switchboards in Central Fire Alarm Station, including possible bonus (Butte Engineering Company contract), \$7,697.13.

#### Privilege of the Floor.

Wm. Army was granted the privilege of the floor and addressed the Board. He said that he was satisfied that the Butte Engineering Company was fair to organized labor and had no objection on that score, but was of the opinion that the Department of Electricity could construct the switch-board in its own shops.

Jas. M. Barry, Chief of the Department of Electricity, also addressed the Board. He said it was possible to do the work in the department shop, but it would involve an expenditure of over \$200 for equipment, greatly inconvenience and handicap the department at this time and the risk of breakage of the switch-board would be borne by the city, whereas such loss, of any, is borne by the Butte Engineering Company under its contract. He believed it a more economical and better thing for the city to let the work out at contract.

#### Passed for Printing.

Whereupon, the question being taken, the foregoing resolution was passed for printing.

#### HEARING OF APPEAL.

Rhode Island Street, Between Nineteenth and Twentieth Streets.

Proposed Charter Amendment, Absentee Voting.

On motion of Supervisor Nelson:

J. R. No. 1465.

Whereas, there is pending, to be voted upon at the general election to be held November 3, 1914, an initiative measure—Number 14, upon the ballot, entitled "Voting by Absent Electors," and

Whereas, the Registrar of Voters of the City and County of San Francisco has this day sent a communication to the Board of Supervisors of said City and County, through the Judiciary Committee, which discusses and points out grave objections to said measure, and shows that the measure in principle was refused the signature of the Governor of California at the last session of the Legislature, and that the said measure is of doubtful feasibility, or if capable of operation at all will increase the expense of elections enormously, and also points out that the measure in any event is available to but a small number, whereas a measure of such a nature ought to be available to a very much greater number; therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the said communication of the Registrar of Voters be received and filed and that this Board request publication thereof by the daily papers of the City and County of San Francisco and the press of the State generally and also request that the electors of the State give careful consideration to the said communication of the Registrar of Voters; and be it further

Resolved, That the Registrar of Voters is hereby directed to mail copies of such communication, together with a copy of this resolution to the various county clerks, registrars of voters and boards of supervisors in this State, with a request

that they give careful consideration thereto, and cause such public notice of such objections to be printed as they can in order that the voters of the State may consider the said communication of the said Registrar of Voters.

San Francisco, October 5, 1914.

To the Honorable Board of Supervisors of the City and County, San Francisco.

Gentlemen:

There is pending to be voted upon at the general election, November 3, 1914, an initiative measure Number 14 on the ballot entitled "Voting by Absent Electors." This measure requires the Registrar of Voters or County Clerks, after certain affidavits and certificates of identification, to furnish to any voter who will be more than ten miles away on election day an official ballot at any time not more than 20 nor less than 10 days before the day of election in a sealed envelope, which the voter may vote on election day in any precinct in the State, and have mailed by the judge of election to the County Clerk of the county where the voter resides and is registered, and provides a mode for such vote being counted.

This measure in principle was brought into the Legislature at its last session as Assembly Bill No. 541, and was sent to the Governor on May 12, the day the Legislature finally adjourned, and the Governor did not sign the said bill, and it did not become a law. There can be no doubt that the Governor was strongly urged to sign the bill and he must therefore have found sufficient reasons for not doing so, and this, I think, should receive great consideration.

I will give some of the reasons why it seems to me this measure, as drawn, ought not to become a law.

It is practically physically impossible, in a county as large as San Francisco, or any other very large county, for the Registrar or County Clerk to be certain that he can have the official ballot printed for all the precincts in the county 20 days before the election, yet this bill compels such action. Nominations close 30 days before elections, only. The Secretary of State is required to make his certificate only 30 days before election, but he cannot always make it at that time. Certain knowledge as to who the candidates will be is often delayed far beyond that period by writs of mandamus and election contests in the courts, so that the Registrar cannot guarantee to a printer a given day when he may certainly start to print the official ballots, and some times such guarantee

cannot be given until 20 days before election—or even later.

As a rule in this county the Registrar can only get the official ballot complete for all the precincts 10 days before the election, and not even as early as that where it is of such a size as it is this year. There are 525 precincts and a system of rotation of names; the ballot must be changed by assembly districts and for rotation, then all the ballots must be separately water numbered and then bound together in packages of 10 or multiples thereof for all of said precincts.

If by any possibility the ballot could be had under any conditions 20 days before election, it would require the letting of a separate contract for every assembly district, or thirteen contracts in this county, where one has heretofore been sufficient, and as the whole matter would have to be set up separately by each printer, each of such contracts would be almost as expensive as one accomplished as a whole is at present, and the expense would be enormously increased. The act also requires a complete separate set of registers for every precinct in the city and an additional complete separate general canvass canvassing record for every precinct in the city and doubles the work of the official canvass. Heretofore sample ballots have been printed first so that the clerks could commence to place the same in envelopes and mail the same as early as possible. Under this bill, if the printing were at all possible, sample ballots would have to be printed last and the short time left to get them into 160,000 envelopes would require a greatly increased number of clerks for such speedy work, and I estimate that if the law should pass, that in this county each election would cost, by reason of this act, from twelve to fifteen thousand dollars more by reason of this law, and in a Presidential year would increase the cost of election in this county from between thirty-six to forty-five thousand dollars.

This initiative measure is not so prepared as to give any general relief to any considerable number of absent voters. It is only available to such voters as call at the office of the county clerk or registrar between the 20th and 10th day before an election and comply with the provisions of the law and obtain such official ballot. If the bill is to be a law there is no reason why it should be so limited for the Registrar can better furnish the ballot during the ten days immediately preceding the election than at any other time, yet during that period voters are not permitted to ask for it, although a voter could get 500

miles away from the city in twenty-four hours.

The bill, therefore, has only ten days of life to it and the man who leaves town twenty-one days before election cannot get the benefit of it nor the man who leaves town ten days before election. There seems to be no general principle for relief to absent voters in such provisions and the number who can receive any benefit under the act is not commensurate with the enormously increased expense, to say nothing of the point that it has always been considered a dangerous thing, under the official ballot law, to allow the official ballot to pass into the hands of a voter before the day of election, and to entrust the same to passage through the mail lest it should open the door to possible fraud.

If, however, such ballots are to be entrusted to the mail then such a bill as this should be drafted upon the principle that persons who will be absent on election day, upon proper guarantees of identification, etc., may register application with a County Clerk or Registrar of Voters for an official ballot at any time between the fortieth day before an election and one day before the election, and if the official ballot is printed at the time of the application the same shall be delivered to the voter, and if it is not printed at the time of the application, that the County Clerk or Registrar shall mail the same, in a sealed envelope, to the identified voter as soon as the official ballot is printed to a postoffice to be designated by the voter, and entered of record when the application is made. This would give some genuine relief to a large number of absentees and be just as safe as the system proposed in this bill and would do away with all the danger of impossibility of compliance with its terms, and prevent the greatest portion of the extra expense which will arise under the proposed law.

An initiative measure, if passed, cannot be amended by the Legislature, or changed, modified or altered, and as this measure needs so much change and modification, I feel that the whole subject is one which ought to be submitted to the next Legislature and that such action ought not to be prevented as it would be if this proposed law should be adopted.

As the Registrar of Voters is officially required to print the ballot as required by law, if he can, and as the Board of Supervisors is required to furnish all the money for expense of elections, I deem it my official duty to present this communication to you, and I have done so through the Judic-

ary Committee, and request that, if agreeable to your Honorable Board, you take such steps as will secure proper consideration by the voters of the State to the very serious objections to this proposed law.

Very respectfully,

J. H. ZEMANSKY,

Registrar of Voters of the City and County of San Francisco.

Transferring Certain City Land for Playground Purposes.

On motion of Supervisor Deasy:

Resolution No. 11242 (New Series), as follows:

Whereas, A communication from the Playground Commission was filed, requesting that the certain land situate at the west line of Eighteenth avenue, between Lake and California streets, and belonging to the City and County, be transferred for playground purposes; and

Whereas, It appears that by act of the Legislature passed in 1872 the said land was held in trust by the San Francisco Ladies' Protective and Relief Society. The City Attorney has advised by communication filed September 9, 1914, that the trust seems never to have been assumed by said society, and to have wholly failed, by limitation upon the conveyance authorized by the Legislature, and has become an abandoned trust; therefore be it

Resolved, That the said city land be and the same is hereby transferred to the jurisdiction and supervision of the Playground Commission, for its use and purposes as a playground. Said parcel of land is described as follows, to-wit:

Commencing at a point on the easterly line of Nineteenth avenue, distant thereon 225 feet northerly from the northerly line of California street, running thence at a right angle northerly along said easterly line of Nineteenth avenue 150 feet; thence at a right angle easterly 240 feet to the westerly line of Eighteenth avenue; thence at a right angle southerly along said westerly line of Eighteenth avenue 150 feet; thence at a right angle westerly 240 feet to the said easterly line of Nineteenth avenue and point of commencement.

Passed for Printing.

The following Bill was passed for printing:

Declaring That Public Interest Demands Sale of Whatever Rights City Possesses in Certain Property Taken Over in Purchase of Sanitary Reduction Works, Same to be Sold at Private Sale.

On motion of Supervisor Deasy:

Bill No. 3254, Ordinance No. — (New Series), entitled, "Declaring that the public interest demands the sale of whatever right, title and interest the City and County has or may have in and to certain lands acquired by the City and County of San Francisco under and by virtue of that certain agreement of purchase and sale entered into between the City and County of San Francisco and the Sanitary Reduction Works of San Francisco and Standard Manufacturing and Supply Company, under authority of Resolution No. 3330 (New Series), approved February 9, 1909, and determining that the whole of the city's interest therein be sold at private sale."

Adopted.

The following Resolutions were adopted:

City Attorney to Commence Condemnation Proceedings for the Acquisition of Certain Land Required for Twin Peaks Tunnel Purposes.

On motion of Supervisor Deasy:

Resolution No. 11243 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco that the immediate acquisition of the lands hereinafter described is an imperative necessity for the purpose of constructing a tunnel known and designated as the "Twin Peaks Ridge Tunnel," the construction of which has been ordered by the Board of Supervisors of the City and County of San Francisco pursuant to proceedings had and taken in pursuance of the Tunnel Procedure Ordinance. Said lands to be acquired for the public use are situated in the City and County of San Francisco and bounded and described as follows, to-wit:

Commencing at a point on the westerly line of Eureka street, distant thereon one hundred ninety-nine (199) feet southerly from the southerly line of Seventeenth street, and running thence southerly along the said westerly line of Eureka street twenty-four (24) feet; thence at right angles westerly one hundred twenty-five (125) feet; thence at right angles northerly twenty-four (24) feet, and thence at right angles easterly one hundred twenty-five (125) feet to the westerly line of Eureka street and the point of commencement.

Being portion of Horner's Addition Block No. 205.

That the City Attorney of the City and County of San Francisco is hereby authorized and directed to forthwith institute in the Superior Court of the State of California, in and for the City and County of San Francisco, proceedings in eminent domain for the condemnation of such lands against the owners of and all persons having or claiming to have an interest in the lands hereinabove described, or any part or portion thereof, for the purpose of acquiring the title and fee of the said above described lands for the City and County of San Francisco, a municipal corporation, for the public use and purposes herein set forth.

**Increasing Awards in Matter of Condemnation of Property for Twin Peaks Tunnel Purposes.**

Also, Resolution No. 11244 (New Series), as follows:

Whereas, in the matter of the acquisition of lands and rights of way necessary in the construction of the Twin Peaks Ridge Tunnel, certain awards were made to certain persons for property belonging to those persons, namely, to Anne M. Wulzen the sum of \$24,050; to A. Pomieczynski the sum of \$570; to C. L. Bleadon \$4.00, and

Whereas, each and all of said persons have contested the respective awards made to them, and

Whereas, in order that said property may be acquired without condemnation proceedings the City Attorney has advised that said awards be raised to the following amounts; now therefore, be it

Resolved, That said awards be raised to the following amounts: The award to Anne M. Wulzen to the sum of \$24,300; the award to A. Pomieczynski to the sum of \$2000, and the award to C. L. Bleadon to the sum of \$20.00, and the City Attorney is hereby authorized and directed to purchase the property owned by the above named persons for said respective amounts.

On Chestnut street, between a line parallel with the westerly line of Polk street and 12 feet easterly from, and Van Ness avenue; and on Polk street, between the westerly line of, and a line parallel with and 12 feet easterly from, at Chestnut street, be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is here-

by directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Also, Resolution No. 11248 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with the written recommendation of the Board of Public Works filed September 8, 1914, to-wit:

On Shafter avenue, between Jennings and Ingalls streets.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Also, Resolution No. 11249 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with the written recommendation of the Board of Public Works filed September 26, 1914, to-wit:

On Leavenworth street, on Columbus avenue and on Beach street.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks,

Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Also, Resolution No. 11250 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points herein-after specified and at the elevations above city base, as hereinafter stated, in accordance with the written recommendation of the Board of Public Works filed October 10, 1914, to-wit:

Tenth street, between Mission and Howard, and Minna street, from Tenth to a point 310 feet southwesterly.

On Tenth street at Mission street, at 33.00 feet. (The same being the present official grade.)

On Tenth street, at a point 15 feet northeasterly at right angle to the southwesterly line of, and 80 feet southeasterly from the southeasterly line of Minna street, produced, be raised 8-10 foot and established at 33.80 feet.

On Tenth street, at a point 15 feet southwesterly at right angles to the northeasterly line of and 80 feet southeasterly from the southeasterly line of Minna street produced, be raised 1 foot and established at 34.00 feet.

On Tenth street, at Howard (present official grade), 33.00 feet.

On Tenth street, between Mission and Howard streets, and on Minna street, between Tenth street and a point 310 feet southwesterly, be changed and established to conform to true gradients between the grade elevations above given therefor, and the present official grade of Minna street at a point 310 feet southwesterly from Tenth street.

The Board of Supervisors hereby declares that no assessment district is necessary as no damages will result from said change of grade. In the preparation of diagrams for the repaving of Tenth street it is found that a change of grade is beneficial to the existing improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

**Special Meeting.**

A Special Meeting for Tuesday, October 27, 1914, at 2 p. m., was announced by his Honor the Mayor at the request of Supervisor Jennings, chairman of the Finance Committee, who stated to the Board that during the past two days two members of the Board of Public Works have been quoted as saying that Supervisor McCarthy and himself, representing the Finance Committee, have retarded the work on Geary street, Nineteenth avenue and Sloat boulevard, and have been responsible for unsatisfactory conditions existing on other streets. By next Tuesday we will have some data ready and request that the Board of Public Works and City Engineer be in attendance. Others will be invited to shed light on the subject.

**Adopted.**

The following resolutions were introduced under suspension of the rules and *adopted*:

Publication of Water Proceedings in Municipal Record.

On motion of Supervisor Vogelsang: J. R. No. 1470.

Resolved, That the Publicity Committee be instructed to publish the proceedings on the water question before the Board of Supervisors September 28th and September 29th, 1914, in the Municipal Record.

Board of Public Works to Proceed at Once to Open Streets From City Land Association Tract Into Ingleside Terrace.

On motion of Supervisor McCarthy: J. R. No. 1471.

The attention of the Board of Public Works is hereby directed to the fact that some months ago, by mutual agreement, the landholders of what is known as the City Land Association agreed and did pay to the Board of Public Works for the Urban Realty Company a specified sum for the opening of certain streets into Ingleside Terrace.

That since that time no effort has apparently been made to close the matter and that the Board of Supervisors hereby declares that the opening of these streets is of urgent importance and directs the Board of Public Works to immediately proceed with all diligence at its command to the end that the residents of the City Land Association may be given the relief to which they are entitled and for which they have paid.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Judiciary Committee to Report Charter Amendments as Soon as Possible.

On motion of Supervisor Murdock:  
J. R. No. 1472.

Whereas, The City and County of San Francisco is vitally interested in a number of Constitutional Amendments to be submitted to the people on November 3rd, and

Whereas, Many citizens are entitled to know the probable effect of the proposed measures, and will be helped by the advice and recommendation of those in a position to weigh their merits and express an opinion; therefore be it

Resolved, That the Judiciary Committee be requested to report to the Board, at its early convenience, its recommendations on such Amendments as they consider of special interest to the citizens of San Francisco, that the Board may take such action as seems called for.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

None presented.

### UNFINISHED BUSINESS.

#### Final Passage.

The following matters, heretofore passed for printing, were taken up and finally passed by the following vote:

Library Trustees Requested to appropriate \$25,000 Toward Steam Heating Plant in Civic Center.

Resolution No. 11253 (New Series), as follows:

Whereas, The Board of Supervisors has directed the Board of Public Works, under Journal Resolution No. 1413, to prepare plans and specifications for the installation of a heating plant in the Civic Center to be used for the purpose of supplying steam and heat to the buildings of the Civic Center, the cost of said plant not to exceed \$75,000; and

Whereas, It is desirable, both from an economic and architectural standpoint, that there be no duplication of systems of this character and that the steam for the entire Civic Center

be generated from one central building; and

Whereas, By the erection of a central steam plant the Library Trustees will be relieved of the expense of building and maintaining an independent steam plant; and

Whereas, Because of the foregoing reasons it is deemed proper that the Board of Library Trustees should contribute towards the expense of erecting said steam plant from the building funds of said Board; now therefore be it

Resolved, That the Library Trustees be requested to furnish funds to the extent of \$25,000 as their share of the cost of erecting, maintaining and operating said steam plant; and be it further

Resolved, That, in consideration of the contribution of said sum, there shall be perpetually furnished to the said Library building from said plant, without cost or expense to said Library Trustees, sufficient steam to properly heat said building.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Vogelsang, Walsh—15.

Amending Traffic Ordinance.

Bill No. 3250, Ordinance No. 2963 (New Series), as follows:

Amending Section 21 of Ordinance No. 1857 (New Series), regulating moving travel and traffic upon the streets and other public places of the City and County of San Francisco and providing a punishment for any violation thereof, and repealing orders Nos. 70 and 175 (Second Series) and Ordinances Nos. 256, 723, 803, 807, 808, 809, 814, 825, 851, 888, 898, 899, 902, 1088, 1132, 1359, 1367, 1369, 1379, 1380, 1507, 1517, and Ordinances Nos. 339, 575, 649, 1527, 2128, 2564 and 2633 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 21 of Ordinance

No. 1857 (New Series), is hereby amended so as to read as follows:

Section 21. Between the hours of 10 o'clock a. m. and 12 o'clock m. and 1:30 o'clock p. m. and 6 o'clock p. m. of any day except Sunday and legal holidays it shall be unlawful for the driver, operator or owner of any motor or horse driven vehicle to permit such vehicle to stand for more than forty minutes on any of the following named streets or portions of the following named streets, to-wit:

Market street from Kearny street to Fifth and Powell streets.

Kearny street from Market street to Sutter street.

O'Farrell street from Grant avenue to Powell street.

Geary street from Kearny street to Powell street.

Post street from Kearny street to Stockton street.

Grant avenue from Market street to Sutter street.

Stockton street from Market street to Geary street.

Powell street from Market street to Geary street.

Vehicles for hire to be limited to the north side of Geary street, between Stockton street and Powell street, and the west side of Stockton street, between Geary street and Post street. Provided further, that vehicles for hire shall not use the east side of Powell street, between Geary street and Post street between Powell street and Stockton street, the east side of Stockton street between Geary and Post streets and the south side of Geary street from Stockton to Powell streets, but the same shall be for the use of the public. Provided that no vehicles for hire shall be allowed to stand on the west side of Stockton street between Geary and Post streets, and the north side of Geary street between Post and Powell streets, between the hours of 8 o'clock a. m. and 6 o'clock p. m. (Sundays and legal holidays excepted), unless the owner of said vehicle has a permit from the Chief of Police of the City and County of San Francisco, under the provisions of Ordinance 1898 (New Series), as amended. And provided further, that stoppage caused by fires, blockades, breakdowns or other emergencies, or an ambulance, shall not be considered within the provisions of this ordinance. Provided, however, that the provisions of this section shall not apply to the standing of any freight or baggage vehicle, or for any passenger vehicle, for which a permit has been granted, under the provisions of Ordinance No. 1898 (New Series), for such vehicle to stand upon any of the streets or portions of such streets, as herein

defined, during the time such vehicle is in charge of a person competent to drive the same; and

Further provided, that the Board of Public Works shall erect and maintain suitable signs at proper points warning the owners and drivers of all vehicles of the provisions of this ordinance.

And whereas, said assessments were not paid within the time provided by the Tunnel Procedure Ordinance and the proceedings taken and had thereunder in the matter of the construction of the Twin Peaks Ridge Tunnel;

And Whereas, Pursuant to said Tunnel Procedure Ordinance said property was sold to the City and County of San Francisco for non-payment of assessments;

And Whereas, It appears that the above named persons, through no fault or neglect of theirs, were not informed of the levying of said assessments and said persons had no knowledge of the levying of said assessments;

And Whereas, Said Tunnel Procedure Ordinance provides that a penalty of 25 per cent of the amount of the assessment shall be added to said assessments before said parties can redeem said property so sold pursuant to the provisions of said Ordinance; and it appearing to the Board of Supervisors that the infliction of said

penalties would be an unjust hardship upon said parties by reason of the facts herein recited, and the said City Attorney does recommend that said penalties be remitted,

Now, therefore, be it Resolved, That said penalties of 25 per cent of the amount of said assessments be remitted upon condition that said parties forthwith pay in cash the total amount of their respective assessments, that is to say, the amounts assessed against said respective parties, plus 25 cents on each of said assessments to defray advertising charges.

City Attorney's Opinion as to Power of Board of Public Works to Do Street Work in Excess of \$500 Cost.

The following communication was

presented, read by the Clerk, and ordered spread in the Journal:

October 20, 1914.

Gentlemen: I am in receipt of the following communication from the Clerk of your Board:

"The Board of Supervisors adopted a motion requesting a formal opinion from you as to whether the Board of Public Works can do street work in excess of \$500, appropriation having previously been made by the Board of Supervisors. I think you are familiar with the scope of this question as you were present at the meeting of the Street Committee when the matter was discussed.

The Board also desires to be informed in this connection as to whether the work of paving the streets throughout the Civic Center can be done by the Street Repair Department of the Board of Public Works, said work costing in excess of \$500.

The discussion in the Board on this matter was as to the interpretation of Section 14, Article VI, Chapter I of the Charter."

*Opinion.*

Two sections of the Charter bear upon the question presented in your communication, namely, Section 14, Chapter I, Article VI, and Section 30 of Chapter II, Article VI.

Section 14 reads as follows:

"All public work authorized by the Supervisors to be done under the supervision of the Board of Public Works shall, unless otherwise determined by the Board of Public Works, be done under written contract, except in case of urgent necessity as hereinafter provided; and, except as otherwise specifically provided in this Charter, the following proceedings shall be taken in all cases in the matter of the letting of contracts by said Board: Before the award of any contract for doing any work authorized by this article, the Board shall cause notice to be posted conspicuously in its office for not less than five days, and published for the same time, inviting sealed proposals for the work contemplated; except, however, that when any repairs or improvements, not exceeding an estimated cost of five hundred dollars, shall be deemed of urgent necessity by the Board, such repairs or improvement may be made by the Board under written contract or otherwise, without advertising for sealed proposals."

Section 30 reads as follows:

"The Board shall cause to be made all urgent repairs upon the public streets that may from time to time be requisite for the public safety, and for that purpose may employ such laborers as may be necessary, and

at such wages as may be from time to time fixed by the Board; but when the expense of the repairs upon any street or portion of a street shall exceed the sum of five hundred dollars, exclusive of materials to be furnished from the Corporation Store Yard, the same shall be done under contract awarded in the manner provided in this article."

Section 14 is general in its character and is not limited to street repair or improvement. Section 30 is limited in its application to *urgent repairs upon the public streets that may from time to time be requisite for the public safety*. In general there are two classes of street improvement of accepted streets, the entire reconstruction of streets and repairs to streets. Repairs to streets may be divided into two classes, urgent repairs that may from time to time be requisite for the public safety and ordinary repairs not necessary for the public safety but which may be convenient and proper.

Section 30, as pointed out, is limited in its operation to urgent repairs. In the matter of the reconstruction of public streets there is nothing found in the Charter specifically covering the same. When a street, however, has been accepted and improved by property owners the street must thereafter be kept in repair and improved at the expense of the City and County. (Sec. 23, Chap. II, Art. VI.) The City being required to repair and improve accepted streets it follows that the City has the undoubted power to reconstruct the streets.

Reconstruction of streets then comes within the general provisions of Section 14 of Chapter I, Article VI, as public work authorized by the Supervisors to be done under the supervision of the Board of Public Works, and the question whether reconstruction of public streets must be done under written contract or by labor employed by the Board of Public Works, depends upon the proper construction to be given that section. Likewise, ordinary repairs as distinguished from urgent repairs necessary for the public safety come within the same section, while urgent repairs are governed by the provisions of Section 30.

Section 30 is plain and unequivocal. The Board of Public Works is authorized by the section "to make all urgent repairs on the public streets that may from time to time be requisite for the public safety" and if the expense of such repairs upon any street or portion of a street is less than \$500, not including the materials to be furnished from the corporation

yard, the Board of Public Works may employ such labor as may be necessary to do the work. When, however, the urgent repairs upon any street or portion of a street shall exceed the sum of \$500 exclusive of the materials to be furnished from the corporation yard, the same must be done under contract in the manner provided in the Charter for the letting of contracts by the Board of Public Works.

There is this distinction in the power of the Board of Public Works as to urgent repairs requisite for the public safety and ordinary repairs or reconstruction of streets. The matter of urgent repairs is entirely confined to the Board of Public Works. The Board of Supervisors has nothing whatever to do with those repairs. The appropriation made by the Board of Supervisors for urgent repairs is entirely within the jurisdiction of the Board of Public Works. The Board of Supervisors neither authorizes nor directs the repairs. The Charter itself places that power entirely within the jurisdiction of the Board of Public Works. The reason for this undoubtedly lies in the fact that if a repair is urgent time should not be wasted in securing the approval of the Board of Supervisors to do the work, because if delay could be had in making the repair it could not be said to be urgent, and, secondly, because the members of the Board of Public Works are responsible upon their bonds for a dangerous condition in the public streets when that condition has been brought to the attention of the Board of Public Works and there is an appropriation available to cure the dangerous character of the street.

While Section 30 is plain and unequivocal, Section 14 of Chapter I, Article VI, cannot be said to be so. It is possible to forcibly urge several different constructions of that section. It has been urged that the portion of the section which reads "except as otherwise specifically provided in this Charter, the following proceedings shall be taken in all cases in the matter of the letting of contracts by said Board," requires that the work authorized by the Board of Supervisors to be done under the supervision of the Board of Public Works must be done under written contract.

It is also argued that the words "unless otherwise determined by the Board of Public Works" means that the Board of Public Works shall do the work authorized by the Supervisors under written contract unless the Board of Public Works determines that a repair or improvement

is of urgent necessity, in which case if the cost of the repair or improvement is less than \$500 the Board of Public Works may do the work without entering into a written contract. Such construction requires that the words "unless otherwise determined by the Board of Public Works" be read with the exception contained in the latter part of the section, namely, the \$500 exception, and limit those words in their application to that part of the section.

On the other hand, it is urged that the words "unless otherwise determined by the Board of Public Works" are not limited to any other part of the section and the Board of Public Works may determine to do the work otherwise than by written contract and that the section simply requires that if the Board of Public Works does do the work under written contract the procedure laid down in Section 14 and the subsequent sections of the same chapter and article must be followed.

While the meaning of Section 14 is by no means plain it is my opinion that the section should be construed as conferring upon the Board of Public Works the power either to do the work under written contract or by day labor. In this connection it is to be noticed that the Board of Public Works under Sections 31 and 32 of Chapter II, Article VI, have been given the power, when directed to do so by the Board of Supervisors, to purchase materials which may be required for the repair of public streets or of any improvements thereon and to maintain a corporation store-yard "wherein shall be kept all supplies, materials, implements and machines belonging to the City and County to be used in repairing or cleaning and sprinkling the streets or for any improvement thereon." These materials are not limited by the section to be used solely in urgent repairs but are such materials as are to be used for any improvement of a public street. Of course, it would be possible in a written contract to provide that the materials to be used should be furnished by the City and County from its corporation store-yard, but I am convinced that the framers of Sections 31 and 32 contemplated that the Board of Public Works might make the improvement by day labor and the power was therefore given the Board to purchase the necessary materials for the improvement. It cannot be said that the words "except as otherwise specifically provided in this Charter the following proceedings shall be taken in the matter of the letting of contracts by the Board" are a limitation upon the power of the

Board of Public Works in the performance of public work, preventing the Board of Public Works from doing the work by day labor. Those words are simply a limitation upon the manner of letting a contract. If a written contract is to be entered into, then the Board of Public Works must follow the provisions of Section 14.

The procedure outlined for the letting of contracts by the Board of Public Works is designed to encourage to the fullest extent competitive bidding and to prevent favoritism. And it is not an anomaly to provide that the Board of Public Works may determine whether public work shall be done by written contract or by day labor and at the same time require compliance with very stringent proceedings for the entering into contracts, for the reason that while the Board could be given this very wide discretion, yet, if the Board's discretion led it to do the work by written contract, proceedings must be followed insuring competitive bidding and preventing favoritism. This construction of that part of Section 14 which lays down the proceedings which shall be taken in the matter of the letting of contracts is sustained by the case of *Perry v. City of Los Angeles*, 157 Cal. 146. In that case quite similar language requiring a certain procedure to be followed for the letting of contracts, was considered as not requiring the City of Los Angeles to do the work under written contract but as merely defining that if a written contract was entered into a certain defined procedure must be followed.

I am therefore of the opinion that the words "unless otherwise determined by the Board of Public Works" places it within the power of the Board of Public Works to determine that work done under the supervision of the Board may be done by day labor. In this connection it should be pointed out that that determination rests entirely with the Board of Public Works. The Board of Supervisors merely authorizes the improvement. How the improvement shall be done is left entirely to the Board of Public Works.

It is proper in this connection to point out that before work or improvement on streets shall be authorized by the Board of Supervisors the same must be first recommended by the Board of Public Works. Section 2 of Chapter II, Article VI, among other things provides that the Board of Public Works may "recommend any improvement, the expense of which is to be paid by the City and County, though no application may

have been made therefor, and must make, with said recommendation to the Supervisors, an estimate of the expense, and in such case the Supervisors may order the same done." And, further, that "*no street work or street improvement of any kind shall be ordered to be done by the Supervisors unless a written recommendation to do the same has been made to them by the Board of Public Works,*" except that when application is made to the Board of Public Works for any work or improvement of which the expense is to be paid by the City and County, and the Board of Public Works shall not approve the said application, it shall report to the Supervisors its reason for such disapproval and the Supervisors may, then, after having obtained from the Board of Public Works an estimate of the expense of said work or improvement, by ordinance passed by the affirmative vote of not less than fourteen members of the Board of Supervisors, order the doing of said work or the making of said improvement. The Board of Supervisors has not the power of its own initiative to order the improvement of a public street. The duty of determining what street improvements shall be made lies with the Board of Public Works. The Board of Supervisors can merely approve or disapprove what the Board of Public Works recommends except in case where the Board of Public Works disapproves of an application of property owners.

The procedure, therefore, to be followed in the matter of street work or street improvement, other than urgent repairs requisite for the safety of the public, the expense of which is to be paid by the City and County, is for the Board of Public Works to first recommend the same unless application has been made for the work by property owners and the Board of Public Works disapproves of the application, in which case the Board of Supervisors may overrule the action of the Board of Public Works by an affirmative vote of fourteen of its members. When the recommendation has been made to the Board of Supervisors by the Board of Public Works, the Board of Supervisors is then empowered and not till then to authorize or disapprove of the work or improvement.

I therefore advise as follows.

1. Urgent repairs requisite for the public safety may be done by the Board of Public Works without any authorization therefor, by day labor. If the expense of the urgent repair does not exceed \$500 exclusive of materials furnished by the city from the corporation store-yard. But if the

expense of the improvement exceeds \$500, not including the materials furnished from the corporation store-yard, the same must be done under written contract.

2. Ordinary repairs for the public convenience and reconstruction of streets shall first be recommended by the Board of Public Works and then authorized by the Board of Supervisors.

3. That when the improvements are authorized by the Board of Supervisors the Board of Public Works may do the work either under written contract or by day labor.

4. That the determination whether such public work shall be done by day labor or by contract is entirely confided to the Board of Public Works.

Respectfully,

PERCY V. LONG,  
City Attorney.

Leave of Absence, Supervisor Andrew J. Gallagher.

The following matter was presented and read:

October 26, 1914.

Hon. Board of Supervisors, City Hall,  
San Francisco:

Gentlemen:

Application has been made to me by the Hon. Andrew J. Gallagher, member of your Board, for leave of absence, with permission to leave the State of California, for a period of sixty days commencing on November 3, 1914.

I hereby request that, in conformity with the language of the Charter, you concur in granting said leave.

Yours very truly,

JAMES ROLPH, JR., Mayor.

Adopted.

Whereupon, the following Resolution was introduced and adopted:

Leave of Absence, Supervisor Andrew J. Gallagher.

On motion of Supervisor Vogelsang:  
J. R. No. 1476.

Resolved, That in accordance with the recommendations of his Honor the Mayor, Supervisor Andrew J. Gallagher be and he is hereby granted a leave of absence for sixty days from November 3, 1914, with permission to leave the State.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Conference of Mayors at Philadelphia.

His Honor the Mayor presented a communication from Mayor Brandenburg of Philadelphia, requesting that San Francisco send a representative to conference of Mayors, to be held in Philadelphia in November.

On motion, the Mayor appointed

Supervisor Gallagher as such representative, inasmuch as he would be in Philadelphia on other business at the time.

Report of Finance Committee on Claim of M. J. Lyon for Architectural Services on Madison and Marshall Schools.

The following report was presented by Supervisor Jennings and read by the Clerk:

San Francisco, October 26, 1914.

To the Board of Supervisors—Gentlemen:

In the matter of the claim of M. J. Lyon for architectural services performed by him in the year 1907 in connection with the plans and specifications for the Madison and Marshall schools, your Finance Committee begs leave to report that it cannot recommend the payment of these claims, for the reason that City Attorney Long on March 18, 1910, rendered an opinion to the Board of Supervisors, which opinion can be found on page 59 of Opinions of the City Attorney of San Francisco, 1910-1911-1912, and holds that the City is not legally liable for the claims of Mr. Lyon. These same claims have been denied by the Taylor and McCarthy Boards of Supervisors.

In addition to this, the City Attorney states that only recently Mr. Lyon, over the head of his own attorney, and despite a stipulation to the contrary, tried to have a default judgment entered against the City in the County Clerk's office, and that under the circumstances he would not consent, even if requested so to do, to discontinue this litigation.

For the reasons mentioned above, your committee respectfully recommends that the claims of M. J. Lyon for architectural services in connection with the building of the Madison and Marshall schools be denied.

Respectfully submitted,

THOMAS JENNINGS,  
WM. H. MCCARTHY,  
HENRY PAYOT,  
Finance Committee.

**Privilege of the Floor.**

M. J. Lyon, architect, was granted the privilege of the floor and addressed the Board. He said that the only reason he knew for the refusal to pay his claim was a technical one—that the Resolution calling for plans was adopted by the Board of Supervisors instead of by the Board of Works, as required by Charter.

**Report Adopted.**

Thereupon, the foregoing report was approved and adopted by the following vote:

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nolan, Payot, Suhr, Vogel-sang—15.

Noes—Supervisors Nelson, Power, Walsh—3.

**Report of Telephone Rates and Public Buildings Committee on Telephone System for City Hall and Civic Center.**

Supervisor Bancroft presented the following report, which was read by the Clerk:

To the Honorable Board of Supervisors—Gentlemen:

Your Joint Committee on Telephone Rates and Public Buildings would respectfully report in favor of the plans and specifications submitted by the Pacific Telephone and Telegraph Company for the installation of a telephone system in the City Hall and Civic Center.

The plan provides for a continuous switchboard connecting from a main station in the City Hall with all other public buildings.

The system also carries the necessary trunk lines for the various departments.

The installation of telephone service so installed shall not incur any expense to the City, under an agreement to be entered into by the City and the Telephone Company.

Respectfully submitted,

PAUL BANCROFT,  
JAMES E. POWER,  
R. McLERAN,  
F. L. HILMER,  
OSCAR HOCKS.

**Adopted.**

Thereupon, the following Resolution was introduced and *adopted* by the following vote:

Resolution No. 11261 (New Series), as follows:

Whereas, Certain plans and specifications for the installation of telephone service in the New City Hall and other public buildings within the Civic Center have been filed by the Pacific Telephone and Telegraph Company, and

Whereas, The said plans and speci-

fications outline a continuous telephone service from a main switchboard to be installed in the City Hall, and which appears to be the best system possible to install; therefore be it

Resolved, That the Pacific Telephone and Telegraph Company be and is hereby requested to install a main switch telephone service with necessary trunk lines in the City Hall and Civic Center, in strict accordance with the plans and specifications submitted and approved by the Telephone Rates and Public Buildings Committee of this Board, and made a part thereof; said installation to be without cost to the City and County of San Francisco.

**Report of Committee on Efficiency and Civil Service on Exemption from Residence Qualification for Candidates for Superintendent of Hospitals and Health Officer.**

The following report was presented, read and *adopted* by the following vote:

San Francisco, October 26, 1914.

To the Board of Supervisors.

Gentlemen: Under the provisions of the Charter, Article XXI, Section 2, previous residence in the city is required of all employes, but it is within the power of the Board of Supervisors to make exemption to this rule in special cases.

The Special Board of Examiners appointed by the Civil Service Commission to conduct the examination for Superintendent of Hospital and of Health Officer have recommended that such examination be thrown open to the United States, and the Civil Service Commission has requested the Board of Supervisors to pass a resolution, exempting the applications for these positions from the requirements of previous residence.

It is plain that the suspension of the Charter requirement is left to the discretion of the Board of Supervisors, resting upon their judgment as to its necessity or desirability after considering the circumstances of each particular case.

Where a high degree of technical skill not likely to be found locally is required it is obvious that the best interest of the city would dictate exemption. In this instance, in our judgment any possible superiority established by a Civil Service examination might be offset by inability to judge of personal fitness. Matters of temperament, character, demon-

strated executive ability and personality that so largely enter into fitness, can certainly be better determined when the applicants are our fellow citizens who are known to us. In our judgment there are citizens who are as well qualified for these positions as the men in other communities who would give up their positions to come among strangers to take up work under unfamiliar conditions. To carry out the plan of nation-wide competition, examinations would be held in various localities and the personal element be largely ignored, or candidates must at loss and expense come to San Francisco to undergo examination.

Believing that under such an examination as will be conducted by this special board, thoroughly satisfactory officials can be secured from citizens of San Francisco, we recommend that the exemption asked for be not granted.

Respectfully submitted,

CHAS. A. MURDOCK,  
J. O. WALSH,  
FRED SUHR, JR.,

#### Plastering Stockton Street Tunnel.

Supervisor Deasy presented the following matters, which were read by the Clerk:

Communication of M. M. O'Shaughnessy, City Engineer, recommending that \$3000 be set aside out of the Interest Fund of the Stockton Street Tunnel to defray the cost of extra plastering work required in the Stockton Street Tunnel, in accordance with agreement entered into with Jacobson-Bade Company.

Read by the Clerk.

October 26, 1914.

To the Board of Supervisors.

Gentlemen: Your Committee on Lands and Tunnels would respectfully report in the matter of the construction of the Stockton Street Tunnel, as follows:

By reason of the certain specifications for the plastering of the interior of the Stockton Street Tunnel, the mechanics employed by the contractor to do the plastering refused to complete the work, claiming that its inferiority would not warrant a continuance.

Your committee investigated the complaint. The Board of Public Works called a conference of all parties concerned for the purpose of

settling the difficulty, and filed a report of its findings.

The Board of Public Works recommends in its report that a better class of work can be done at an increased figure, and accordingly the contractors, Messrs. Jacobson and Bade, have agreed to do the work suggested in a new specification for the additional sum of \$3000.

Your committee has carefully considered the question and would recommend that this additional amount be expended for a much better class of work, and therefore respectfully recommends the passage of a resolution directing the additional expenditure of the sum of \$3000 out of the interest account of the Tunnel funds, to permit of the completion of the work of plastering the tunnel under a revised specification.

Respectfully submitted.

A. J. DEASY.

ANDREW J. GALLAGHER.

Privilege of the Floor.

H. C. Scholar, Stockton Street Tunnel Association, addressed the Board. He stated that the original specifications provided for two coats of plaster in the interior of the tunnel in case the concrete did not finish smooth, but that this does not make a satisfactory job. It was first estimated at \$7500 to finish it as well as the entrance, but it has been agreed to do the work at actual cost. He deemed it advisable that the appropriation be made and that the work be allowed to proceed.

Adopted.

Thereupon, the following resolution was introduced by Supervisor Deasy and adopted by the following vote:

Resolution No. 11260 (New Series).

Whereas, In the matter of the interior finish of the Stockton Street Tunnel the Plasterers' Union has made a complaint that the finish prescribed by the specifications for the doing of the work will not give a satisfactory finish to the interior of the tunnel, for which reason said union has declared a strike on the work; and,

Whereas, The City Engineer has advised this Board that if said interior finish is done in accordance with the specifications said work will be satisfactory from an engineering standpoint, but that by an expenditure of an additional three thousand (\$3000) dollars on the interior finish a more satisfactory appearance can be given to the interior finish of the tunnel; and,

Whereas, It appears that if such strike continues there will be a con-

siderable delay in the completion of said tunnel and a consequent delay in the construction of the Stockton Street Municipal Railroad and it therefore appears to be to the advantage of the city to make an additional expenditure of three thousand (\$3000) dollars to secure a better finish to the interior of the tunnel and avoid the delay in the construction of the tunnel; and,

Whereas, There is a surplus in the interest account of the Stockton Street Tunnel Assessment Fund which shall not be required for the payment of interest on the certificates issued pursuant to Section 25 of the Tunnel Procedure Ordinance, which surplus at the present time amounts to more than four thousand (\$4000) dollars; and

Whereas, Three thousand (\$3000) dollars of said surplus can safely be transferred to the Special Fund to be paid out for the purposes provided in the Tunnel Procedure Ordinance; now therefore,

Be it Resolved, That in pursuance of Section 22 of the Tunnel Procedure Ordinance as amended by Ordinance No. 2827 (New Series) approved July 25, 1914, the sum of three thousand (\$3000) dollars be transferred from the interest account of the Stockton Street Tunnel Assessment Fund to the General Fund of said tunnel fund to be used for the purpose of paying any sums of money due the contractors having the contract for the construction of the Stockton Street Tunnel by reason of a change in the specifications for the finish of the interior of said tunnel.

Noes—Supervisors Bancroft, Hayden, Hilmer, Jennings, McCarthy, Payot—6.

##### Passed for Printing.

Thereupon, the following entitled bill was introduced by Supervisor Jennings and passed for printing:

##### Bonds Placed on Sale at Treasurer's Office.

Bill No. 3280, Ordinance No. — (New Series), Reciting that certain Municipal Bonds of the City and County of San Francisco remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County and fixing the price at which said bonds may be sold.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors of the City and County of San Francisco on the 5th day of October, 1914, did adopt a resolution by which the Clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County that on the 26th day of October, 1914, said Board would receive and consider bids for the purchase of City Hall Bonds to the amount of \$660,000, comprising 15 bonds of each year's maturity from 1917 to 1960, inclusive, and Municipal Street Railway Bonds to the amount of \$857,500, comprising 2625 bonds of \$100 denomination maturing 75 bonds annually from 1918 to 1952, inclusive, 700 bonds of \$500 denomination, maturing 20 bonds annually from 1918 to 1952, inclusive, and 245 bonds of \$1000 denomination, maturing 7 bonds annually from 1918 to 1952, inclusive. That said notice of sale was duly published as required by the Charter and by said resolution.

That on the 26th day of October, 1914, the said Board of Supervisors being in session and ready to con-

sider any bids made for the purchase of said described bonds, no bids therefor or for any portion thereof were received and said bonds, and the whole thereof, remain unsold for and unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that of the bonds advertised for sale and remaining unsold as above described, and consisting of City Hall bonds to the amount of \$220,000, comprising 5 bonds of \$1000 of each year's maturity, 1917 to 1960, inclusive, and Municipal Street Railway Bonds to the amount of \$315,000, comprising \$10,000 bonds of \$500 denomination maturing 12 bonds each year 1918 to 1952, inclusive, and \$105,000 bonds of \$100 denomination maturing 30 bonds each year 1918 to 1952, inclusive, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is at par together with accrued interest thereon at the date of selling of the same to the purchaser.

Section 3. This Ordinance shall take effect immediately.

Absent—Supervisors Hilmer, Suhr—2.

#### Fillmore Street Carnival.

His honor the Mayor presented a communication alleging that the Fillmore Street Carnival was being conducted by a crowd of Eastern fakers who were exploiting innocent children and women, were conducting gambling devices in violation of the law, and that money was taken without an equivalent in return. Mayor Rolph said that many similar protests were coming into his office and the Chief of Police wished to know the Board's action in the matter.

#### Privilege of the Floor.

Geo. S. Dealy, representing the Fillmore Street Improvement Association, was granted the privilege of the floor. He declared that the carnival on Fillmore street was being conducted by a Mr. Gillette, who is associated with the Home Industry League, and in whom the association has the fullest confidence. He denied the truth of the allegations contained in the communication and declared that 10 cents in merchandise

was given wherever that amount was received.

S. Swartz, secretary of the Fillmore Street Improvement Association, also addressed the Board. He said that the association had received \$1100 for the street concessions of the carnival and were going to use the money for the construction of stairs on Fillmore street from Broadway to Green street.

Referred to Chief of Police.

Whereupon, the subject-matter of the foregoing communication was ordered referred to the Chief of Police.

#### SPECIAL ORDER, 2:30 P. M.

Hearing of Appeal, Rhode Island Street. The hearing of the appeal of property owners against the action of the Board of Public Works in overruling the protest against the assessment for the improvement of Rhode Island street, between Nineteenth and Twentieth streets, made a Special Order of Business for 2:30 p. m. this day, was proceeded with.

#### Privilege of the Floor.

P. A. Bergerot was granted the privilege of the floor. He declared that his lot was assessed at only \$200 and that the cost of the work was over that amount and consequently in violation of the Charter.

Jas. Kennedy also made a similar protest.

#### Adopted.

Whereupon, the following resolution was introduced by Supervisor McCarthy and adopted:

Resolution No. 11262 (New Series).

Resolved, That the appeal of property owners against the action of the Board of Public Works in overruling the protest against assessment for the improvement of Rhode Island street between Nineteenth street and Twentieth street be and the same is hereby denied.

Also, Resolution No. 11272 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco that the immediate acquisition of the lands hereinafter described is an imperative necessity for the purpose of constructing a tunnel known and designated as the "Twin Peaks Ridge Tunnel," the construction of which has been ordered by the Board of Supervisors of the City and County of San Francisco pursuant to proceedings had and taken in pursuance of the Tunnel Procedure Ordinance. Said lands to be acquired for the public use are situated in the City and County of San Francisco and bounded and described as follows, to-wit:

Commencing at the corner formed by the intersection of the northerly line of Eighteenth street with the easterly line of Hattie street, running thence easterly along the said northerly line of Eighteenth street twenty-five (25) feet; thence at right angles northerly fifty-six and three hundred and ninety-nine thousandths (56.399) feet; thence southwesterly thirty-one and one hundred and sixty-seven thousandths (31.167) feet to the easterly line of Hattie street, and running thence southerly along the said easterly line of Hattie street thirty-seven and seven hundred and eighty-seven thousandths (37.787) feet to the northerly line of Eighteenth street and the point of commencement. Being a portion of Lot No. 3, in Block "A," Park Land Tract.

That the City Attorney of the City and County of San Francisco is hereby authorized and directed to forthwith institute in the Superior Court of the State of California, in and for the City and County of San Francisco, proceedings in eminent domain for the condemnation of such lands against the owners of and all persons having or claiming to have an interest in the lands hereinabove de-

scribed, or any part or portion thereof, for the purpose of acquiring the title and fee of the said above described lands for the City and County of San Francisco, a municipal corporation, for the public use and purposes herein set forth.

**Increasing Awards for Property Acquired for Twin Peaks Tunnel Purposes.**

Also, Resolution No. 11273 (New Series), Declaring that, in the matter of the acquisition of lands and rights of way necessary in the construction of the Twin Peaks Ridge tunnel, certain awards were made to certain persons for property belonging to those persons, namely: To Benjamin and James W. Dean, the sum of \$4,475; to Emile Wagner, the sum of \$3,550;

That each and all of said persons have contested the respective awards made to them; and

That, in order that said property may be acquired without condemnation proceedings, the City Attorney has advised that said awards be raised to the following amounts: therefore increasing said awards to the following amounts: The award to Benjamin and James W. Dean to the sum of \$4800; the award to Emile Wagner to the sum of \$4,175; and the City Attorney is hereby authorized and directed to purchase the property owned by the above named persons for said respective amounts.

*Dance Hall Permits.*

On motion of Supervisor Hocks:

J. R. No. —.

Granting the following named persons, hall associations and halls permission to hold public dances at the locations hereinafter stated upon payment of the license fee required by Ordinance No. 2929 (New Series):

Cliff House, Great Highway.

Ocean Side Amusement Hall, Great Highway.

Hibernian Hall, 454 Valencia street.

American Hall, Twentieth and Capp streets.

Washington Hall, 1530 Ellis street.

W. O. W. Log Cabin, 2140 Market street.

Charles Cuneo, 1028 Kearny street.

*Privilege of the Floor.*

A. Picard, chairman of the North Beach Promotion Association, was granted the privilege of the floor and

addressed the Board and opposed the granting of a dance hall permit to Chas. Cuneo. He declared that the women and children of the North Beach District were entitled to ingress and egress to and from the Downtown District without being obliged to pass the character of place conducted by Mr. Cuneo. He alleged that Mr. Cuneo had been under indictment in the bunco ring case and had as a manager or bartender a man known as the King of the Pickpockets. For these reasons he believed that he was not a fit person to be granted such a permit.

*Jos. A. Brown*, representing Chas. Cuneo, was granted the privilege of the floor and addressed the Board. He said Mr. Cuneo's application was no different from that of the other applicants to whom permits had been granted; that no one could be offended by what would take place in the dance hall because nothing could be seen from the streets. He declared that the opposition to the Cuneo permit was all a matter of spite.

**Motion.**

*Supervisor Gallagher* moved that the question be taken on the Resolution eliminating the Cuneo permit and that a vote be taken on the Cuneo permit alone.

*So ordered.*

**Adopted.**

Thereupon the following Resolutions were adopted:

**J. R. No. 1484.**

Resolved, That the following named persons, hall associations and halls are hereby granted permission to hold public dances at the locations hereinafter stated upon payment of the license fee required by Ordinance No. 2929 (New Series):

**Pipe Line Permit.**

On motion of Supervisor McCarthy: Resolution No. — (New Series), as follows:

Resolved, That the Mission Consolidated Realty Company (a corporation) is hereby granted permission to lay pipes, conduits and connections from its property at a point on the easterly line of Howard street eighty-three (83) feet southerly from Sixteenth street directly across Howard street to its property at a point on the west side of said Howard street about the same distance southerly from Sixteenth street; also from its property at a point on the southerly line of Sixteenth street about eighty-two (82) feet and six (6) inches westerly from the westerly line of Howard street directly across Sixteenth street to its property on the north side of Sixteenth street at a point about the same distance westerly from Howard street; also from its property at a point on the southerly line of Sixteenth street about one hundred and twenty-five (125) feet easterly from the easterly line of Howard street directly across Howard street to its property at a point on the north side of Sixteenth street about the same distance easterly from Howard street, for the purpose of furnishing and supplying water, light, power and heat for the use of itself, occupants, tenants or sub-tenants on its properties at the intersection of Howard and Sixteenth streets.

The said pipes, conduits and connections shall be laid to the satisfaction and under the supervision of the Board of Public Works, in accordance with the provisions of Ordinance No. 2201 (New Series), and Ordinance No. 2884 (New Series), entitled "Regulating the Making and Rebuilding of Excavations in the Public Streets, Alleys, Sidewalks and Other Public Places."

Provided, That the water, light, power or heat transmitted through said pipes and conduits shall not be transmitted for public sale or distribution, but shall be used wholly and entirely upon the premises owned by the Mission Consolidated Realty Company, and shall not be used by any person other than the occupants, tenants or sub-tenants of said property of Mission Consolidated Realty Company.

Recommended.

The following Resolution was intro-

duced by Supervisor McCarthy and on motion *recommitted to the Streets Committee:*

**Intention to Change Grades.**

Resolution No. — (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with the written recommendation of the Board of Public Works filed September 8, 1914, to-wit:

On Mangels avenue, between a point 425 feet westerly from Foerster street and Hamburg street, and on Genesee street at Mangels avenue.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

**Extensions of Time**

On motion of Supervisor McCarthy: Resolution No. 11277 (New Series), as follows:

Resolved, That Davis-Rogers Company is hereby granted the following extensions of time to complete contracts:

Forty days' time from and after October 17, 1914, within which to complete contract for furnishing and installing the machinery in the Forty-eighth avenue and Fulton street sew-

age pumping station. This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the building will not be completed on time.

Thirty days' time from and after October 28, 1914, within which to complete contract for the sewage pumping station at Forty-eighth avenue and Fulton street. This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor has prosecuted the work diligently, but has been delayed by difficulties he could not have foreseen.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Vogelsang, Walsh—17.

Also, Resolution No. 11278 (New Series), as follows:

Resolved, That Frank M. Garden & Company be and is hereby granted an extension of thirty days' time from and after October 13, 1914, within which to complete contract for the general construction of the Municipal Asphalt Plant.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor who is installing the machinery prevents the building contractor from doing certain portions of his work.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Vogelsang, Walsh—17.

Also, Resolution No. 11279 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted the following extensions of time to complete street work.

Ninety days' time from and after October 25, 1914, within which to complete contract for grading, curbing and paving State street, between Castro and Levant streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that contractors were delayed on account of the quantity of work to be done.

Sixty days' time from and after October 30, 1914, within which to complete contract for the improving of the roadway of Russia avenue, between Moscow and Dublin streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that this work was delayed on account of other street constructing operations on Russia avenue.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks,

Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Vogelsang, Walsh—17.

Also, Resolution No. 11280 (New Series), as follows:

Resolved, That Church and Clark be and are hereby granted an extension of forty days' time from and after November 14, 1914, within which to complete contract for curbing and paving on Morrell place, between Pacific street and Broadway.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that contractors have been delayed, owing to the scarcity of granite curb.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Adopted.**

The following resolutions were introduced under suspension of the rules and *adopted*:

Opposing Assembly Constitutional Amendment No. 23 Which Provides for Transfer of Rate Fixing Powers of Municipalities to the State Railroad Commission.

On motion of Supervisor Gallagher:  
J. R. No. 1485.

Whereas, Assembly Constitutional Amendment No. 23 (No. 8 on the ballot) provides for the transfer to the Railroad Commission of all the rate fixing powers of the municipalities of the State, including the right to fix the rates for municipally owned and operated street railways and for other common carriers such as taxicabs and other public passenger vehicles; that such transfer of power is not accompanied by the right to recall such powers or the power to recall any of the members of such commission and no relief to the public exists from a non-use or misuse of its powers, therefore

Resolved, That this Board reaffirms its judgment that the adoption of said amendment is inimical to the

best interests of the City and County of San Francisco, and that all voters be urgently requested to vote against the same.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Walsh—17.

No—Supervisor Vogelsang—1.

## BOARD OF SUPERVISORS

---

TUESDAY, OCTOBER 27, 1914, 2 P. M.

In Board of Supervisors, San Francisco, Tuesday, October 27, 1914, 2 p. m.

The Board of Supervisors met in Special Session in accordance with announcement of his Honor the Mayor at the meeting of October 19, 1914, made upon the request of Supervisor Jennings, chairman of the Finance Committee, who stated to the Board that "during the past two days two members of the Board of Public Works have been quoted as saying that Supervisor McCarthy and myself, representing the Finance Committee, have retarded the work on Geary street, Nineteenth avenue and Sloat boulevard, and have been responsible for unsatisfactory conditions existing on other streets. By next Tuesday we will have some data ready and request that the Board of Public Works and City Engineer be in attendance. Others will be invited to shed light on the subject."

### CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, Murdock, Nelson, Payot, Power, Vogelsang, Walsh—15.

Quorum present.

His Honor Mayor Rolph presiding.

### Hearing.

The hearing briefly summarized follows:

The investigation proceeded and President T. Reardon was called to the stand, Commissioner Judell, Fred Churchill and City Engineer M. M. O'Shaughnessy of the Board of Public Works and J. McElroy also appeared and testified.

Mr. Reardon was interrogated by Supervisor Jennings, chairman of the Finance Committee, as to what had been done by the Board of Public Works pursuant to Resolution of February 9, 1914, of the Board of Supervisors, requesting said Board to recommend the improvement of Nineteenth avenue.

President Reardon testified that only two blocks of said avenue had

been paved, from Lincoln way to Irving street, and from Irving street to Judah street. Further work was delayed because a bond sewer was yet to be constructed in the street. Upon being asked if the chairman of the Finance Committee or Supervisor McCarthy were in any way responsible for the delay in the twelve blocks where the sewer was already laid, but which is as yet unimproved, President Reardon replied that the Finance Committee had nothing to do with it, no recommendation having been made by the Board of Public Works.

Being asked what had been done pursuant to Resolution of February 10, 1913, of the Board of Supervisors requesting the Board of Public Works to recommend the improvement of Geary street and Point Lobos avenue, President Reardon replied that the Board of Supervisors or the Finance Committee were in no way responsible for the delay on Geary street. The work, he said, was held up by reason of the fact that the assessed value of certain narrow strips of land belonging to Newhall and others were not sufficient to warrant the cost of the necessary street work.

Supervisor McCarthy declared that the first information the Finance Committee had of this reason for the delay on Geary street was received on October 15, 1914, the day after the articles criticizing the Chairman of the Finance Committee and himself for such delay had appeared in the papers. It was also developed from the testimony of the witness that wherever recommendation had been made by the Board of Public Works the necessary appropriation from the Finance Committee for the work was promptly made available.

With regard to Sloat boulevard, President Reardon said that he made no criticism of the Finance Committee in regard to appropriations for street work on Sloat boulevard or in fact of any of the streets in question. It appears from the testimony that no recommendations had been made for this work by the Board of Public Works up to the time of the criticism of the Chairman of the Finance Committee and Supervisor McCarthy.

The hearing developed the fact that Supervisors Jennings and McCarthy

had at no time in any way interfered with the Board of Public Works or had delayed work on Geary street, Sloat boulevard or Nineteenth avenue, as had been charged. The members of the Board of Public Works gave no testimony to substantiate such criticism.

*President Reardon* declared that he was not responsible for the newspaper head lines in the articles to which exception had been taken and did not want to be put in the position of criticizing the Finance Committee in any way.

**Authorizing and Providing \$220,000 for Street Work.**

The following Bill laid over until 2 p. m., this day, was taken up:

Bill No. 3279, Ordinance No. — (New Series), Authorizing and ordering street work to be done under the supervision of the Board of Public Works in accordance with the recommendations and estimates of cost of said Board of Public Works filed October 23, 1914, appropriating and authorizing the expenditure of the sum of two hundred and twenty thousand dollars, payable out of the General Fund, fiscal year 1914-15, Budget Item No. 58 for the performance of the following street work, to-wit:

Civic Center, 14 blocks; Fillmore street, 5 blocks; Third street, 3 blocks; Kentucky street, 21 blocks; Eleventh street, 5 blocks; Drumm street, 3 blocks; Belden place, 1 block; Clay street, Drumm street to Embarcadero, 1 block; Ellis street, Larkin to Van Ness avenue, 2 blocks; Ellis street, Steiner to Scott streets, 2 blocks; California street, Presidio to Parker avenues, 5 blocks; Union street, Octavia to Steiner streets, 6 blocks; Folsom street, 1 block.

**Motion.**

*Supervisor Gallagher* moved to insert "Tenth street, between Market and Division streets, 6 blocks," and to strike out "California street, Presidio to Parker avenues."

**Amendment.**

*Supervisor Hayden* moved to strike out all reference in foregoing motion to California street, agreeing that if it was retained in the ordinance he would favor giving of the preference to Tenth street in doing the work.

Amendment accepted.

**Passed for Printing.**

Thereupon the above entitled Bill, amended by inserting the words "Tenth street, between Market and Division street, 6 blocks," was passed for printing by the following vote:

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Kortick, Murdock, Nelson, Nolan, Payot, Power, Suhr, Walsh—12.

Noes—Supervisors Jennings, McCarthy—2.

Absent—Supervisors Hilmer, Hocks, McLeran, Vogelsang—4.

**Adopted.**

Whereupon the following Resolution was presented and adopted by the following vote:

Repealing Resolution No. 11199 (New Series), Providing \$180,000 for Street Paving in Civic Center, Exposition and Tenth and Eleventh Streets.

Resolution No. 11282 (New Series). Resolved, That Resolution No. 11199

(New Series), approved October 1, 1914, providing that the sum of \$180,000.00 be set aside out of the Street Repair Fund, Budget Item No. 58, for the purpose of paving streets in and about the Civic Center, the Exposition, and upon Tenth and Eleventh streets, said repair work to be done by the Board of Public Works at the earliest possible date; and providing that henceforth the monthly appropriation for regular street repairs shall be \$40,000.00, be and the same is hereby repealed.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Jennings, Kortick, McCarthy, Murdock, Nelson, Nolan, Payot, Power, Suhr, Walsh—14.

Absent—Supervisors Hilmer, Hocks, McLeran, Vogelsang—4.

J. R. No. 1488.

Resolved, That the Colored Non-Partisan Leagues of California are hereby permitted to hold a grand all night ball and entertainment Friday evening, October 30, 1914, at the Majestic Hall, Geary and Fillmore streets.

Adopted by the following vote:

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Jennings, Kortick, McCarthy, Murdock, Nelson, Nolan, Payot, Power, Vogelsang, Walsh—14.

Absent—Supervisors Hilmer, Hocks, McLeran, Vogelsang—4.

**Denying Electrolifer Lighting on Fourth Street.**

Supervisor Nolan presented:

J. R. No. —.

Resolved, That the application of the Fourth Street District Improvement Club for the lighting and maintenance of electrolifers on Fourth street, from Market to Townsend streets, be and the same is hereby denied.

Ordered laid over until Monday, November 2, 1914.

**ADJOURNMENT.**

There being no further business the Board at the hour of 6:05 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

#### READING THE JOURNAL.

The Journals of the meetings of October 20 and 26, 1914, were read and approved.

#### ROLL CALL FOR PETITIONS FROM MEMBERS.

The following matters were presented and read by the Clerk:

##### Stable Protest.

*Protest*—Of Mrs. E. Righetti, against granting stable permit to C. Arnaud, No. 3224 Scott street.

Read by the Clerk:

Report of City Engineer on Plan No. 7 for a Municipal Railway on Church Street.

The following matter was presented, read by the Clerk and *ordered spread at length in the Journal*:

October 31, 1914.

Public Utilities Committee, Board of Supervisors, San Francisco.

Gentlemen: I have to acknowledge the receipt of communication from your Clerk, dated October 23, requesting a progress report on the matter of the preparation of plans for the Church Street Municipal Railway line, as per action of the Board heretofore taken, and asking for an explanation of any delay, if such has occurred, in the preparation of these plans.

Since the decision of your Board to have that part of the Church street railroad between Eighteenth and Twenty-second streets constructed as an auxiliary cable railway, we have been engaged in securing data as to cable grips and cable winding machinery. We have secured drawings of such cable grips as are in use in San Francisco and a drawing of one grip which was formerly used in New York City, and from these have prepared a number of drawings for use on the Church street railway. As yet we have not succeeded in devising any grip which we would be willing to

recommend for use on this street railway.

Drawings for the track special work on Market street and Church street are being made and are progressing satisfactorily.

No delay has yet occurred in the prosecution of this work. As you are possibly aware, the construction of this auxiliary cable railway presents a number of problems which are new. The load which will be placed on the grip cars is more than twice as great as the load at present on any grip in use in San Francisco. Part of the time the cable winding machinery will pull the cars and part of the time the cars will pull the cable winding machinery. The sudden changes of grade which will be encountered renders the design of a satisfactory coupling exceedingly difficult. All of these conditions present problems difficult of a satisfactory solution, but we are proceeding with the work and when we have finally solved the problems will present the plans and specifications for your approval. At the present time it is our hope that these plans and specifications may be forwarded to you about the first of December.

Very respectfully,  
W. W. O'SHAUGHNESSY,  
City Engineer.

Report of Committee on Opening of New Street to Relieve Congestion at Foot of Market Street.

Supervisor McCarthy presented:

November 2, 1914.

Board of Supervisors—

Gentlemen: Your Committee on Streets and Sewers which has had under consideration a resolution providing for the immediate acquisition by the City and County of San Francisco of lands in 100 Vara Block No. 317, between Market and Mission streets, The Embarcadero and Steuart street, and in 100 Vara Block No. 318, between Market and Mission streets, Steuart and Spear streets, for the opening of a new street and that

the City Attorney be authorized and directed to forthwith institute in the Superior Court of the State of California proceedings in eminent domain for the condemnation of such land against the owners of, and all persons having or claiming to have an interest in said lands for the purpose of acquiring the title and fee of said described lands for the City and County of San Francisco for the purpose of opening a new street, respectfully begs leave to submit the following report:

Your Committee has had several meetings with the agent representing the owners of the lands for the purpose of obtaining an offer to lease the lands to the City and County of San Francisco with the option to purchase the same.

Your Committee reports that the owners of the lands informed the Committee that they were compelled to decline the request for the privilege of leasing the lands to the city, as the leasing of said lands would materially interfere with their plans.

Your Committee reports against the adoption of the resolution requesting the City Attorney to institute condemnation proceedings of the lands in 100 Vara Blocks 317 and 320 for the purpose of opening a new street between Market and Mission streets, The Embarcadero and Steuart streets, and between Market and Mission streets, Steuart and Spear streets, for the reason that there are no funds available for the purchase of the lands sought to be acquired by condemnation proceedings.

With this report are the letters from the Savings Union Bank & Trust Company, the Union Trust Company in answer to the request of the Street Committee.

Respectfully submitted,  
WM. H. McCARTHY,  
PAUL BANCROFT,  
FRED SUHR, JR.

Read by the Clerk and *adopted*.

**SPECIAL ORDER, 3 P. M.**

**Refused Passage.**

The following resolution, laid over from a previous meeting, was taken up and *refused passage* by the following vote:

J. R. No. —.

Resolved, That Rule 1 of this Board be amended by striking out the name of the Committee on "Water Service and Rates."

That Rule 2 of this Board be amended by striking out the duties assigned to the Committee on Water Service and Rates and adding the same to the duties of the Committee on Public Utilities.

Ayes—Supervisors Bancroft, Deasy,

Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Supervisor Walsh's Explanation Relative to Electric Lighting and Steam Heating Plant in Civic Center.

Supervisor Walsh requested to be recorded as *opposed* to the action of the Board of Supervisors in the meeting of October 26, 1914, in which the suggestions of Jas. T. Whittlesy as to the proposed electric lighting and steam heating plant in the Civic Center were referred to the Consulting Architects. He declared that he did not understand at the time that that action was to be the final determination of the Board of Supervisors, but that he expected that the subject-matter was to be reported back in one week and taken up with the Building Committee for further consideration.

Denying Santa Fe and Southern Pacific Permission to Abandon Portions of Their Franchises on Quint Street.

On motion of Supervisor McCarthy:

J. R. No. 1494.

Whereas, the Atchison, Topeka & Santa Fe Railway Company and Southern Pacific Company on September 30, 1914, filed an application requesting permission to remove a certain part of their trackage and abandon a portion of their franchises on Quint street, between La Salle and Oakdale avenues; which application was referred to the Board of Public Works on October 2, 1914, for consideration and recommendation, and

Whereas, the Board of Public Works did on October 22, 1914, report to this Board that there is no objection to granting the petitioners' request, as the tracks on Quint street, between La Salle and Oakdale avenues, are practically useless on account of the heavy gradient of these streets; provided both companies fulfill the obligations of their franchises relative to the paving of Quint street, between La Salle and Oakdale avenues; and

Whereas, the Atchison, Topeka & Santa Fe Railway Company and the Southern Pacific Company should be required to fulfill the obligations of their franchises relative to the paving of Quint street, between La Salle and Oakdale avenues, not only as property owners, but as railroad companies, before permission is granted them to abandon this portion of their trackage; now, therefore,

Resolved, That the application of the Atchison, Topeka & Santa Fe Railway Company and the Southern Pacific Company for permission to abandon portions of their franchises on Quint street, between La Salle and Oakdale avenues, be and the same is hereby denied.

## BOARD OF SUPERVISORS

MONDAY, NOVEMBER 9, 1914.

In Board of Supervisors, San Francisco, Monday, November 9, 1914, at 2 p. m.

The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Deasy, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Vogelsang, Walsh—10.

Quorum present.

His Honor Mayor Rolph presiding.

### READING THE JOURNAL.

The Journals of the meetings of October 27 and November 2, 1914, were read and approved.

### ROLL CALL FOR PETITIONS FROM MEMBERS.

The following matters were presented and read by the Clerk:

Street Lighting Poles Under Control of Board of Public Works.

*Communication*—From City Attorney advising that control over street lighting poles is vested in the Board of Public Works and that therefore the ordinance presented by Supervisor Nolan in its present form providing for regulation by the Board of Supervisors is illegal.

*Referred to Lighting Committee.*

Protest Against Street Work.

*Communication*—From the Board of Public Works transmitting report of City Engineer as to reasons for overruling protest against improvement of Twentieth street, between De Haro and Rhode Island streets; Twentieth street, between Wisconsin and Carolina; Carolina and Rhode Island streets, between Twentieth and Twenty-second; also, transmitting request of affected property owners that they be allowed credits for grading work done on Carolina street, between Twentieth and Twenty-second streets.

Read by the Clerk.

Invitation to Corona Automobile Races.

*Communication*—From Wm. L. Hughson, Chairman Recing Commit-

tee, P. P. I. E., inviting members of the Board of Supervisors to participate in the trip to the Corona Automobile Races on Thanksgiving Day for the purpose of advertising and creating interest in the Vanderbilt Cup and Grand Prix races which will be held in the Panama-Pacific International Exposition grounds February 22nd and 27th.

Read and ordered filed.

Relative to Electric Lighting and Steam Heating Plant in the Civic Center.

*Communication*—From A. Lacey Boswick, Consulting Architect, advising as to the result of conference between Mr. J. T. Whittelsy, engineer, and the Board of Consulting Architects relative to the feasibility of installing a combination generator system in the power plant of the Civic Center.

*Referred to the Building Committee.*

Relative to the Improvement of Twenty-ninth Avenue Between Clement and California Streets.

*Communication*—From the Board of Public Works advising that the protest of Harry C. Christen et al. against the improvement of Twenty-ninth avenue, between Clement and California streets, was overruled for the reason that these proceedings were started on the initiative of property owners who requested that the pavement of the block be completed, the street at present being only partially paved. The Board considers that as some of the property owners have done the work in front of their property it is only just that the remainder of the work be done so that the street may be accepted.

Read by the Clerk and appeal denied.

Protest Against Granting Street Carnival Permits.

Also, *Communication*—From St. Stephen's Mothers' Club, against granting permits for street carnivals.

*Read and ordered filed.*

Claim of Election Officers for Additional Compensation.

Supervisor Nelson presented:

*Communication*—From Board of Election Commissioners, relative to claim of election officers and clerks for additional compensation for services

rendered in election of November 3, 1914.

**Privilege of the Floor.**

*Thos. J. Mooney*, representing the election clerks, was granted the privilege of the floor. He declared that on account of the large number of constitutional amendments and other measures on the ballot, and the reduction of the number of booths for purposes of economy, the work of the election clerks this year was unusually arduous. He said that in many booths the clerks worked steadily for 48 hours—a week's work on an 8-hour basis—and received as compensation only \$10. He stated further that he knew personally of two persons working in the booths who fainted from exhaustion during the count. He believed that justice required that these workers be adequately compensated and asked the Board of Supervisors to provide the funds necessary for such additional remuneration.

*Mr. Mooney* was advised by Supervisor *Vogelsang* that this could not be legally done, and the price to be paid to election officers and clerks is fixed by the State Legislature and until the law is changed by said body the Board of Supervisors is bound by it.

**Motion.**

*Supervisor Nelson* moved reference of matter to City Attorney for report back to Judiciary Committee.

*Motion carried.*

**Repeal of Cemetery Removal Ordinance**

The following communication and bill presented by his Honor the Mayor and the following resolution presented by Supervisor *Hayden* were read and referred to the *Public Welfare Committee*:

November 9th, 1914.

Hon. Board of Supervisors, City Hall,  
San Francisco—  
Gentlemen:

The electors of the City and County of San Francisco having, at the election of November 3, 1914, decisively defeated by a vote of 68,914 against and 43,433 in favor of "An ordinance declaring the policy and intention of the City and County of San Francisco to require and cause the exhumation, removal, reinterment, or other lawful disposition of the human remains in certain cemeteries," which ordinance was submitted by me to the electorate of the City pursuant to the provisions of Section 11 of Chapter IV of Article XI of the Charter of the City and County of San Francisco, I, as Mayor of said City and County, in accordance with the will of the qualified electors, as thus expressed, hereby recommend the immediate repeal of Ordinance No. 2597, passed January 7, 1914, by your

Honorable Board and approved January 17, 1914, and a formal ordinance effecting such repeal is herewith presented.

Yours respectfully,  
JAMES ROLPH, Mayor.

Bill No. —, Ordinance No. — (New Series), To repeal an ordinance providing for the exhuming, taking up, removal and reinterment of the human remains interred in the cemeteries located within the following boundaries:

Commencing at a point formed by the intersection of the westerly line of Broderick street with the southerly line of California street; thence running westerly along said southerly line of California street to the easterly line of Arguello Boulevard; thence southerly along said easterly line of Arguello Boulevard to the southerly line of Fulton street; thence easterly along said southerly line of Fulton street to the westerly line of Broderick street; thence northerly along said westerly line of Broderick street to the southerly line of California street and point of commencement, including the Laurel Hill, Calvary, Masonic and Odd Fellows cemeteries.

Prescribing the procedure for accomplishing such exhumations, removals and reinterments; providing that an assessment may be levied on property from which said removals have been made at public expense, and providing for the sale of property subject to such assessment and for the disposition of the proceeds from such sale.

J. R. No. —.

Whereas, on January 7, 1914, this Board finally passed Ordinance No. 2597 (New Series), providing for the removal of certain cemeteries situated within the confines of the City and County of San Francisco, and

Whereas, said ordinance was approved by his Honor Mayor James Rolph Jr., and a declaration of policy as to cemetery removal was placed on the ballot by him for election on November 3, 1914, and

Whereas, such election has shown that the people by their vote were not in favor of said cemetery removal; therefore, be it

Resolved, That the Public Welfare Committee be instructed to report back to this Board an ordinance repealing the aforesaid Ordinance No. 2597 (New Series) on cemetery removal.

**REPORTS OF COMMITTEES.**

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file;

Lighting and Rates Committee, by Supervisor Nolan, Chairman.

Fire Committee, by Supervisor McLeran, Chairman.

Health Committee, by Supervisor Walsh, Chairman.

Streets Committee, by Supervisor McCarthy, Chairman.

Supplies Committee, by Supervisor Hilmer, Chairman.

Lands and Tunnels Committee, by Supervisor Deasy, Chairman.

Police Committee, by Supervisor Hocks, Chairman.

Judiciary Committee, by Supervisor Vogelsang, Chairman.

City Attorney to Negotiate a Compromise With Pacific Telephone and Telegraph Company in Regard to Pending Legislation Involving Transfer of Home Telephone Company Franchise.

The following report was presented and read by the Clerk:

San Francisco, Cal., Nov. 9, 1914.

To the Honorable Board of Supervisors—

Gentlemen:

Your Committee on Public Utilities and your Committee on Telephones and Rates have long had under consideration the settlement and compromise of the existing litigation between the City and the Telephone Companies.

Your Committees have given the matter careful and painstaking consideration and have concluded that it is vastly to the benefit of the City to compromise this legislation along the lines suggested in the accompanying resolution. This settlement provides additional revenue to the City in the sum of \$6,000.00 per month, which will increase year by year so that during the remaining life of the Home franchise the City will receive, for the privileges granted in this settlement, approximately \$2,500,000.00, and this without altering the telephone situation in this City.

The proposed settlement is to be approved by the State Railroad Commission, as were similar settlements made with the cities of Oakland and Berkeley.

The City maintains unimpaired her right (1) to acquire the City plant of the Pacific States Telephone and Telegraph Company by voluntary purchase or by condemnation; (2) to award a franchise to a competing company; (3) to construct, maintain and operate a system of her own.

It must be borne in mind that the Home franchise contained a provision that a transfer thereof might be made with the consent of the Board of Supervisors. If this consent be now given, upon the terms proposed, the City's revenues will be vastly benefited and the telephone situation in

San Francisco will remain unchanged.

Respectfully submitted,

ALEXANDER T. VOGELSANG,

FRED L. HILMER,

PAUL BANCROFT,

J. EMMET HAYDEN,

Public Utilities Committee.

JAS. POWER,

FRED L. HILMER,

OSCAR HOCKS,

Telephones and Rates Committee.

Adopted.

Whereupon, the following resolution was presented by Supervisor Vogelsang and adopted by the following vote:

J. R. No. 1498.

Whereas, the Pacific Telephone and Telegraph Company now owns, maintains and operates a telephone system in the City and County of San Francisco under and by virtue of a franchise granted to its predecessor in interest by Order No. 2186 of the Board of Supervisors, approved March 24, 1890; and,

Whereas, on the 3rd day of October, 1906, by Ordinance No. 75 (New Series) a franchise was granted to the Home Telephone Company of San Francisco to construct, maintain and operate a telephone system in the City and County of San Francisco; and,

Whereas, the performance of the conditions of the franchise to the Home Telephone Company of San Francisco is secured by a bond in the amount of \$250,000; and,

Whereas, on the 15th day of March, 1912, the Bay Cities Home Telephone Company sold and transferred to the Home Long Distance Telephone Company and on said date the Home Long Distance Telephone Company transferred the same to the Pacific Telephone and Telegraph Company of San Francisco all its telephone plant and property in said City and County except the franchise of said Home Telephone Company of San Francisco; and,

Whereas, there is now pending on appeal in the Supreme Court of the State of California an action entitled City and County of San Francisco vs. Pacific Telephone and Telegraph Company, Bay Cities Home Telephone Company, Home Long Distance Telephone Company et al., wherein and whereby it is sought to have set aside the sale and transfer of property heretofore made as aforesaid; and,

Whereas, the Pacific Telephone and Telegraph Company has offered in compromise of said litigation and in consideration of receiving from the City and County of San Francisco consent to a transfer of the said Home Telephone franchise to said Pacific Telephone and Telegraph Company to

pay to the City and County of San Francisco 2 per cent of its gross receipts annually from the telephone business in said City and County as provided in said franchise and to comply with the other conditions therein specified; and,

Whereas, it is to the best interests of the people of this City and County that this litigation should be compromised upon terms favorable to and protecting their interests; and,

Whereas, said proposed compromise will add to the revenues of the City approximately \$75,000 per year; now, therefore,

Be it Resolved, That the City Attorney be and he hereby is authorized and directed to enter into negotiations with said Pacific Telephone and Telegraph Company and said Bay Cities Home Telephone Company looking to compromising and settling the pending litigation upon the following terms, viz.:

1st. The City and County of San Francisco to consent to the sale and transfer by the Bay Cities Home Telephone Company to the Pacific Telephone and Telegraph Company of the franchise granted by Ordinance No. 75 (New Series). as aforesaid:

2nd. The City and County of San Francisco to dismiss the appeal heretofore taken in the above entitled case and to consent to a release of the bond filed by the Bay Cities Home Telephone Company under said franchise.

3rd. The Pacific Telephone and Telegraph Company to agree to accept said Home Telephone franchise and the conditions thereof, especially those relating to the payment to the City and County of San Francisco of an amount equal to 2 per cent of its gross receipts annually.

4th. The Pacific Telephone and Telegraph Company to furnish for municipal use, free of charge, such telephones as may be required by order of the Board of Supervisors, not exceeding 1000 in number, and two conduits for the municipal fire and police telegraph service.

5th. The Pacific Telephone and Telegraph Company to file with such written acceptance a bond running to the City and County of San Francisco in the penal sum of \$250,000, conditioned on the faithful performance of the terms of said franchise.

6th. The Pacific Telephone and Telegraph Company to agree that consent to such transfer shall in no wise be deemed a waiver or abridgment of the rights and powers of the City and County: (a) to acquire at any time hereafter the physical properties and franchises of said Pacific Telephone

and Telegraph Company situated in this City and County by voluntary purchase or by proceedings in condemnation; (b) to at any time grant, upon such terms as may be proper and lawful, a telephone franchise to any competing company; (c) to establish, construct and operate a competing municipally owned telephone system.

Be it further Resolved, That if the foregoing terms and conditions shall be accepted by the Pacific Telephone and Telegraph Company the City Attorney be and he is hereby further authorized and directed to take the necessary and proper proceedings before the Railroad Commission to secure their approval of said transfer of franchise upon conditions stated; and,

Be it further Resolved, That the City Attorney prepare and submit to this Board an ordinance formally authorizing the transfer of such franchise and prescribing all necessary conditions to insure the faithful performance of the said terms of such transfer by the Pacific Telephone and Telegraph Company.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

#### HEARING OF APPEALS.

Twentieth Street, Between De Haro and Rhode Island Streets.

The consideration of the appeal of property owners against action of Board of Public Works in overruling their protest against the improvement of Twentieth street, between De Haro and Rhode Island streets proceeded.

#### Communication.

The Clerk read a communication from the Board of Public Works transmitting report of City Engineer as to reasons for overruling protest against improvement of Twentieth street, between De Haro and Rhode Island streets.

His Honor the Mayor requested if P. A. Bergerot, protesting property owner, or any other protesting property owner, wished to be heard.

*No response.*

#### Adopted.

Thereupon, the following resolution was presented by Supervisor McCarthy and *adopted*:

Denying Appeal and Sustaining Report of Board of Public Works.

Resolution No. 11300 (New Series), as follows:

Resolved, That the appeal of property owners against the action of the Board of Public Works in overruling the protest of property owners against the improvement of Twentieth street,

between De Haro street and the westerly line of Rhode Island street, as set forth in Resolution of Intention No. 33172 (Second Series) of the Board of Public Works be and the same is hereby denied.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

**Twenty-ninth Avenue, Between California and Clement Streets.**

The consideration of the appeal of property owners against action of Board of Public Works in overruling their protest against improvement of Twenty-ninth avenue, between California and Clement streets proceeded.

**Communication.**

The Clerk read a communication from the Board of Public Works advising that the protest of Harry C. Christen et al. against the improvement of Twenty-ninth avenue, between Clement and California streets, was overruled for the reason that these proceedings were started on the initiative of property owners who wanted the block completed, the street at present being only partially paved. The Board considers that as some of the property owners have done the work in front of their property it is only just that the remainder of the work be done so that the street may be accepted.

His Honor the Mayor announced that Harry C. Christen or any other protesting property owner would now be heard.

Mr. Christen consented to the denial of the protest.

**Adopted.**

Thereupon, the following resolution was presented by Supervisor McCarthy and adopted:

Denying Appeal and Sustaining Report of Board of Public Works.

Resolution No. 11301 (New Series), as follows:

Resolved, That the appeal of property owners against the action of the Board of Public Works in overruling the protest of property owners against the paving of Twenty-ninth avenue, between California and Clement streets, as set forth in Resolution of Intention No. 31523 (Second Series) of the Board of Public Works be and the same is hereby denied.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

Bonds Placed on Sale in Treasurer's Office.

Also, Bill No. 3285, Ordinance No. — (New Series), as follows:

Reciting that certain Municipal Bonds of the City and County of San Francisco remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County and fixing the price at which said bonds may be sold.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors of the City and County of San Francisco on the 5th day of October, 1914, did adopt a resolution by which the Clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County; that on the 26th day of October, 1914, said Board would receive and consider bids for the purchase of City Hall Bonds to the amount of \$660,000, comprising 15 bonds of each year's maturity from 1917 to 1960, inclusive, and Municipal Street Railway Bonds to the amount of \$857,500, comprising 2625 bonds of \$100 denomination maturing 75 bonds annually from 1918 to 1952, inclusive, 700 bonds of \$500 denomination, maturing 20 bonds annually from 1918 to 1952, inclusive, and 245 bonds of \$1000 denomination maturing 7 bonds annually from 1918 to 1952, inclusive, and Water Bonds, issue of 1910, to the amount of \$225,000, comprising 5 bonds of each year's maturity from 1920 to 1964, inclusive. That said notice of sale was duly published as required by the Charter and by said resolution.

That on said 26th day of October, 1914, the said Board of Supervisors being in session and ready to consider any bids made for the purchase of said described bonds, no bids therefor or for any portion thereof were received and said bonds, and the whole thereof, remain unbid for and unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco it is hereby ordered that all of the bonds advertised for sale and remaining unsold as above described be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the Treasurer is hereby author-

ized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is at par together with accrued interest thereon at the date of selling of the same to the purchaser.

Section 3. This ordinance shall take effect immediately.

Henry Gumbel Authorized to Remove Portion of House Purchased by City With Land Acquired for Twin Peaks Tunnel Upon Payment of \$50 to Treasurer.

On motion of Supervisor Deasy: Resolution No. 11304 (New Series), as follows:

Whereas, The City and County of San Francisco has acquired for Twin Peaks tunnel purposes, by purchase from Henry Gumbel, a portion of the

lot situated at the southwest corner of Collingwood and Seventeenth streets, and

Whereas, By reason of said purchase the City and County has become the owner of a portion of the building situated on said lot, and

Whereas, Said portion of the building cannot be conveniently sold at public auction and its wreckage value does not exceed the cost of removal; now therefore be it

Resolved, That Henry Gumbel, the owner of the remainder of the lot, be and he is hereby authorized to remove said portion of the building from the City properties upon payment to the Treasurer of the City and County of the sum of \$50.00;

Provided further, That said removal must be made within thirty (30) days from the date of this Resolution.

#### Stockton Street Carnival Permit.

The following Resolution laid over from last meeting was taken up:

Resolution No. — (New Series), as follows:

Resolved, That the Stockton Street and Broadway Merchants Association is hereby granted permission to hold a street carnival on Stockton street from north of the Stockton street portal to the bay, it being understood in order to avoid congestion that booths be only erected on cross streets, for a period of four (4) days commencing from the first day of operation of the Municipal Railway through the said tunnel, said permission is hereby granted without payment of the usual license fee required for said carnival or any concession connected therewith; that said organization be permitted to decorate, with electric lights or otherwise, the said locations for said time, provided that the City and County of San Francisco shall be at no expense for such decorations or for the removal thereof.

#### Privilege of the Floor.

*Aaron A. Lewis*, Secretary for Stockton Street and Broadway Promotion Association, was granted the privilege of the floor and declared that it was the intention of the association to sell concession privileges for the purpose of defraying expenses incidental to the celebration. He said that the association would not tolerate the abuses that had disgraced recent carnivals on other streets, but could not see how they could eliminate the fortune wheels and other devices and conduct the carnival in an interesting and profitable manner. He assured the Board that for every 10 cents spent an equivalent in value would be given to each purchaser.

#### Motion.

*Supervisor Hayden* moved that appropriate ceremonies be arranged for celebrating the opening of Stockton street tunnel by the Lands and Tunnels and Publicity Committee of this Board.

#### Substitute Resolution.

*Supervisor McCarthy* presented the following Resolution which was adopted as a substitute for the whole by the following vote:

Resolution No. 11305 (New Series), as follows:

Resolved, That the Stockton Street and Broadway Merchants Association is hereby granted permission to hold a street carnival on Stockton street from north of the Stockton street portal to the bay, for a period of four (4) days commencing from the first day of operation of the Munic-

pal Railway through the said tunnel, said permission is hereby granted without payment of the usual license fee required for said carnival and that said organization be permitted to decorate, with electric lights or otherwise, the said locations for said time, provided that the City and County of San Francisco shall be at no expense for such decorations or for the removal thereof.

And Whereas, Said assessments were not paid within the time provided by the Tunnel Procedure Ordinance and the proceedings taken and had thereunder in the matter of the construction of the Twin Peaks ridge tunnel;

And Whereas, Pursuant to said Tunnel Procedure Ordinance said property was sold to the City and County of San Francisco for non-payment of assessments;

And Whereas, It appears that the above named persons, through no fault or neglect of theirs, were not informed of the levying of said assessments and said persons had no knowledge of the levying of said assessments;

And Whereas, Said Tunnel Procedure Ordinance provides that a penalty of 25 per cent of the amount of the assessment shall be added to said assessments before said parties can redeem said property so sold pursuant to the provisions of said ordinance, and it appearing to the Board of Supervisors that the infliction of said penalties would be an unjust hardship upon said parties by reason of the facts herein recited, and the said City Attorney does recommend that said penalties be remitted, now therefore be it

Resolved, That said penalties of 25

per cent of the amount of said assessments be remitted upon condition that said parties forthwith pay in cash the total amount of their respective assessments.

*Referred to the Public Welfare Committee.*

**Restoration of Oregon-California Trail.**

*Ezra Meeker* of the State of Washington was presented by his Honor the Mayor. He addressed the members and declared that his purpose in appearing before the Board of Supervisors was to secure its endorsement of a plan now before the Federal Government of providing for a national highway, to be known as "Pioneer Way," along the route of the old Oregon-California Trail. He stated that about eight years ago he went back over the old trail, which had almost disappeared, and that he secured many endorsements of his project and induced the people along the way to erect monuments indicating the route traversed by the pioneers. The matter, he said, was taken up in Washington and had almost secured an appropriation of \$50,000 for the completion of the work. Mr. Meeker said that more men died from hardship on the old Oregon-California Trail than were lost in the battle of Gettysburg and that the restoration of the trail would be a memorial road to those pioneers who

had blazed the way for civilization in Washington, Oregon and California.

Supervisor Vogelsang suggested that Mr. Meeker bring his project before United States Senator-elect James D. Phelan.

Thereupon the subject matter was ordered referred to the Publicity Committee with instructions to report a resolution endorsing Mr. Meeker's project.

#### Leave of Absence, Crew of the Oregon.

S. Gill, representing Pioneers of the Oregon, was granted the privilege of the floor. He requested that employees of the City who were members of the original crew of the Oregon be granted a leave of absence, without prejudice to their right to return to their positions, in order that they might temporarily re-enlist and participate in the naval demonstration celebrating the opening of the Panama canal, which demonstration starts from Hampton Roads in the early part of next year and has for its objective the Panama-Pacific Exposition in San Francisco in 1915.

Mr. Gill was instructed to put his request in writing.

#### REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Police Committee—By Supervisor Hocks, Chairman.

Fire Committee, by Supervisor McLeran, Chairman.

#### Taxicab Ordinance Amendment.

The following bill, submitted by the Police Committee *without recommendation*, was presented by Supervisor Hocks:

Bill No. 3296, Ordinance No. — (New Series), Adding a new section to be known as Section 10a to Ordinance No. 1898 (New Series), entitled, "Regulating the use of hackney carriages, automobiles, taxicabs, and other public passenger vehicles, fixing the rates to be charged for the transportation of persons and personal baggage, regulating the use of boats in the waters of the bay, providing a punishment for any violation thereof and repealing Order No. 1611, Ordinances Nos. 446, 1033 and 514 (New Series)."

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. That a new section be added to Ordinance No. 1898 (New Series) to be known as Section 10a and to read as follows:

Section 10a. That the provisions of Section 10, reading as follows: "It shall be unlawful for any driver or operator of any automobile, in soliciting trade from the public, to represent his vehicle as a taxicab unless it is equipped with a taximeter in working order," shall not apply in case such

vehicle is used for the transportation of passengers to or from any of the ferries, steamboat landings, or railway depots within the hotel district as defined in Section 5 of this ordinance and when such transportation is charged for at a flat rate in conformity with said section.

Section 2. This ordinance shall take effect immediately.

#### Privilege of the Floor.

*Theodore Johnson*, representing the Chauffeurs' Union, was granted the privilege of the floor. He stated that Section 10 of the Taxicab Ordinance prohibits the use of the name "taxicab" by solicitors operating at the ferries, whose vehicles are not equipped with a taximeter, but whose fare is otherwise regulated in the hotel district by the flat rate schedule laid down in the ordinance. He declared that such prohibition of the use of the name "taxicab" operates to the disadvantage of these solicitors in obtaining trade. He urged the passage of the foregoing bill in order to place all solicitors on an equitable basis in seeking business at the depots.

#### Passed for Printing.

Whereupon, on motion of Supervisor Power, the foregoing bill was *passed for printing* by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Power, Suhr—12.

Also, Bill No. 3298, Ordinance No. —  
(New Series), entitled, "Amending Section 34 of the Street Improvement Ordinance relating to the payment of bonds."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 34 of the Street Improvement Ordinance is hereby amended so as to read as follows:

Section 34. All moneys coming into the possession of the Board of Public Works under the provisions of this ordinance shall be deposited with the Treasurer as required by the Charter and shall be kept in a special fund to be designated by him. The holder of any bond shall be entitled to receive any and all payments that shall have been made on account thereof upon presentation of the same to the Board of Public Works. Said Board shall order the Treasurer to pay the same and all payments shall be endorsed on such bond.

Section 2. This ordinance shall take effect immediately.

#### Conditional Acceptance, Certain Streets.

Also, Bill No. 3299, Ordinance No. —  
(New Series), entitled, "Providing for conditional acceptance of the roadway of Gerke alley, between Grant avenue and its easterly termination; Nineteenth street, between Pennsylvania avenue and Iowa street; crossing of Eugenia avenue and Ellsworth street; Osage alley, between Twenty-fifth and Twenty-sixth streets; Mateo street, between Chenery and Laidley streets; Willard street, between Carl street and Parnassus avenue; Spear street, between Harrison street and The Embarcadero; Twentieth street, between Church and Sanchez streets; Fifteenth avenue, between Judah and Kirkham streets."

#### Full Acceptance, Certain Streets.

Also, Bill No. 3300, Ordinance No. —  
(New Series), entitled, "Providing for full acceptance of the roadway of Utah street, between Mariposa and Eighteenth streets; San Jose avenue, between Tingley street and Garden lane; Seventeenth street, between Ord and Temple streets; intersection of Castro and Hill streets."

#### Conditional Acceptance, Junipero Serra Boulevard.

Also, Bill No. 3301, Ordinance No. —  
(New Series), entitled, "Providing for conditional acceptance of the roadway of Junipero Serra boulevard, from Ocean avenue to County Line."

#### Dedicating Certain Land as a Portion of Cabrillo Street.

Bill No. 3302, Ordinance No. —  
(New Series), entitled, "Dedicating

the parcel of land described herein as a public street of the City and County of San Francisco and declaring the same to be a portion of Cabrillo street."

**Establishing Grades, Antonio Street.**

Also, Bill No. 3303, Resolution No. — (New Series), entitled, "Establishing grades on Antonio street, 275 feet westerly from Jones street."

**Adopted.**

The following resolutions were adopted:

**Intention to Change Grades.**

On motion of Supervisor McCarthy: Resolution No. 11331 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with the written recommendation of the Board of Public Works filed November 12, 1914, to-wit: On Valley street, between Noe and Diamond streets.

Resolution No. 9101 (New Series), approved December 20, 1911, is hereby repealed.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Power, Suhr, Vogelsang, Walsh—15.

**Extension of Time.**

Also, Resolution No. 11332 (New Series), as follows:

Resolved, That W. J. Charles is hereby granted an extension of sixty days' time from and after November 18, 1914, within which to complete the contract for construction of artificial stone sidewalks on Minna street, between Seventh and Eighth streets.

This extension of time is granted upon the recommendation of the Board of Public Works upon this contract, due to the fact that it was not decided until recently that he should proceed with the construction of these walks because of differences in the existing sidewalks to the official grades.

Ayes—Supervisors Bancroft, Deasy,

Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Power, Suhr, Vogelsang, Walsh—15.

Also, Resolution No. 11333 (New Series), as follows:

Resolved, That Flinn & Treacy be and are hereby granted an extension of sixty days' time from and after November 20, 1914, within which to complete contract for the paving of Folsom street, between Cortland and Eugenia avenues, under public contract.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that there being a new fill constructed, it was desirable that this fill should settle before the pavement was constructed.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Power, Suhr, Vogelsang, Walsh—15.

**Extension of Time.**

On motion of Supervisor McCarthy: Resolution No. 11334 (New Series), as follows:

Resolved, That State Improvement Company is hereby granted an extension of 60 days' time from and after November 25, 1914, within which to complete contract for the construction of concrete curbs on Revere avenue, between Lane and Keith streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that contractor delayed the work to allow the fill to settle before constructing curbs.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Power, Suhr, Vogelsang, Walsh—15.

**Repealing Cemetery Removal Ordinance.**

On motion of Supervisor Payot: Bill No. 3304, Ordinance No. — (New Series), as follows:

Repealing an ordinance providing for the exhuming, taking up, removal and reinterment of the human remains interred in the cemeteries located within the following boundaries:

Commencing at a point formed by the intersection of the westerly line of Broderick street with the southerly line of California street, thence running westerly along said southerly line of California street to the easterly line of Arguello boulevard; thence southerly along said easterly line of Arguello boulevard to the southerly line of Fulton street; thence easterly along said southerly

line of Fulton street to the westerly line of Broderick street; thence northerly along said westerly line of Broderick street to the southerly line of California street and point of commencement, including the Laurel Hill, Calvary, Masonic and Odd Fellows cemeteries.

Prescribing the procedure for accomplishing such exhumations, removals and reinterments; providing that an assessment may be levied on property from which said removals have been made at public expense; and providing for the sale of property subject to such assessment and for the disposition of the proceeds from such sale.

Be it ordained by the People of the City and County of San Francisco, as follows:

That Ordinance No. 2597 (New Series), providing for the exhuming, taking up, removal and reinterment of the human remains interred in the cemeteries located within the following boundaries:

Commencing at a point formed by the intersection of the westerly line of Broderick street with the southerly line of California street, thence running westerly along said southerly line of California street to the easterly line of Arguello boulevard; thence southerly along said easterly line of Arguello boulevard to the southerly line of Fulton street; thence easterly along said southerly line of Fulton street to the westerly line of Broderick street; thence northerly along said westerly line of Broderick street to the southerly line of California street and point of commencement, including the Laurel Hill, Calvary, Masonic and Odd Fellows cemeteries.

Prescribing the procedure for accomplishing such exhumations, removals and reinterments; providing that an assessment may be levied on property from which said removals have been made at public expense; and providing for the sale of property subject to such assessment and for the disposition of the proceeds from such sale, heretofore passed by the Board of Supervisors of the City and County of San Francisco, January 7th, 1914, and approved January 17th, 1914, be and the same is hereby repealed.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

Ratifying Sale of Properties and Consenting to Sale of Franchises of Home Telephone Company to Pacific Telephone and Telegraph Company.

Supervisor Vogelsang presented:

Bill No. 3305, Ordinance No. — (New Series), entitled, "An ordinance consenting to and ratifying the sale and transfer on March 15, 1912, by the Bay Cities Home Telephone Company of all its physical properties to the Home Long Distance Telephone Company; consenting to and ratifying the like sale and transfer on March 15, 1912, from the Home Long Distance Telephone Company to The Pacific Telephone and Telegraph Company; and consenting to the sale and transfer by the Bay Cities Home Telephone Company to The Pacific Telephone and Telegraph Company of the franchise to construct, maintain and operate a telephone system granted to the Home Telephone Company of San Francisco by Ordinance No. 75 (New Series), subject to certain conditions; and providing for the discharge of the sureties upon the undertaking of the Bay Cities Home Telephone Company, dated December 9, 1911, and for a dismissal of the appeal now pending in the Supreme Court of the State of California from the judgment of the Superior Court of the State of California, in and for the City and County of San Francisco, in that certain action in which the City and County appears as the plaintiff and appellant, and The Pacific Telephone and Telegraph Company, and others, appear as defendants and respondents, said action being numbered S. F. 6730 in the files of said Supreme Court, and 42029 N. S. in the files of said Superior Court.

**Substitute.**

Supervisor Walsh moved the adoption of the following substitute resolution, which motion received no second:

**J. R. No. —.**

Whereas, the action of the officials of the Home Telephone Company in the month of March, 1912, in transferring the property and franchises of the Home Telephone Company to the Pacific Telegraph and Telephone Company is in the opinion of this Board a gross violation of Condition No. 5 of Ordinance No. 75 granting said Home Telephone Company a franchise to conduct a telephone business in San Francisco. It being the intent and purpose of such condition to provide for competition in the telephone business of this city and to prevent just such monopolistic combinations; and

Whereas, the proposed compromise with the present monopoly would have an effect of prolonging such monopoly for an additional sixteen (16) years, the well known objections to the dual system militating

against any action by the municipality looking to the establishment of a municipal system; and

Whereas, it is the declared policy of this city, set forth in its organic law, to eventually acquire and operate all of its public utilities; and

Whereas, the plant and equipment of the Home Telephone Company installed in the streets of San Francisco, in the event that the franchise is declared forfeited, will revert to the municipality and will form the nucleus of an up to date municipal telephone system, and since it should be the deepest concern of this Board to promote the avowed policy of this city in regard to the acquisition of its public utilities before authorizing action that will tend to delay municipal ownership; therefore, be it

Resolved, Before any compromise of the present litigation is authorized, that the expression of the will of the people be obtained as to the desire of San Francisco to provide for and inaugurate a municipal telephone system based upon the forfeited properties of the Home Telephone Company.

**Referred.**

The following bill was thereupon presented by Supervisor Walsh and ordered *referred to the Public Utilities Committee:*

**Revoking Home Telephone Company's Franchise.**

Bill No. 3306, Ordinance No. — (New Series), entitled, "Repealing Ordinance No. 75 (New Series), entitled, 'Granting to the Home Telephone Company a franchise to construct, maintain and operate a telephone system in the City and County of San Francisco, and to construct, maintain and operate through, along, under and in the public streets, alleys and highways of said City and County poles, wires, cables, underground conduits and other appliances for the purpose of transmitting sound signals and conversation by means of electricity or otherwise.'"

**Relative to Construction of Church Street Extension of Municipal Railway.**

Mr. Cleary, representing the Board of Public Works, explained the delay in the preparation of plans and specifications by saying that the cable feature of the Church street extension presented difficulties that required special study for a proper solution. The Engineering Department is working diligently and expects to have report finished by December 1, 1914.

His Honor the Mayor announced that Engineer O'Shaughnessy had advised him that everything possible was being done to facilitate the work and that the report would be

ready by December 1. He requested that those present interested in the subject attend the Board meeting two weeks from today at 4 p. m. and he would have something to report.

**Adopted.**

The following resolutions were introduced under suspension of the rules and *adopted:*

**Remitting Penalties, Twin Peaks Tunnel Assessment.**

On motion of Supervisor Deasy: Resolution No. 11335 (New Series), as follows:

Whereas, in the matter of the construction of the Twin Peaks Ridge tunnel certain assessments were levied on property belonging to persons hereinafter named and for the amounts set opposite their respective names, viz.:

No.	Name.	Amount.
68	J. E. Oltman .....	\$ 24.75
594	Jane T. Dowling.....	58.00
605	Augusta Sutherland et al. ....	99.47
902	American Imp. Co....	165.67
1158	Wm. M. Bunker.....	120.25
1642	Alice E. Creba.....	60.25
7398	Bertram Adams .....	52.75
7777	M. A. Lindberg.....	67.75
7787-8	F. W. Wisber.....	129.88
8048	Chas. and C. Ratto..	135.25
9455-6	Kath. H. McCall.....	180.50
11278	W. J. McLaughlin....	56.50
12001-2	Josephine Domergue.	98.94
12277	Emma F. Becker.....	56.50
12398	Albert Hanson .....	56.50
12479-80	Cath. M. Tourtelotte.	113.00
13728-9	Anna J. Dumant et al.	88.00

And Whereas, said assessments were not paid within the time provided by the Tunnel Procedure Ordinance and the proceedings taken and had thereunder in the matter of the construction of the Twin Peaks Ridge tunnel;

And Whereas, pursuant to said Tunnel Procedure Ordinance said property was sold to the City and County of San Francisco for non-payment of assessments;

And Whereas, it appears that the above named persons, through no fault or neglect of theirs, were not informed of the levying of said assessments and said persons had no knowledge of the levying of said assessments;

And Whereas, said Tunnel Procedure Ordinance provides that a penalty of 25 per cent of the amount of the assessment shall be added to said assessments before said parties can redeem said property so sold pursuant to the provisions of said ordinance, and it appearing to the Board of Supervisors that the infliction of said penalties would be an unjust hardship upon said parties by reason

of the facts herein recited, and the said City Attorney does recommend that said penalties be remitted, now, therefore, be it

Resolved, That said penalties of 25 per cent of the amount of said assessments be remitted upon condition that said parties forthwith pay in cash the total amount of their respective assessments.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—16.

**Cleaning and Beautification of Vacant Lots.**

On motion of Supervisor Murdock:  
J. R. No. 1521.

Whereas, It is of the utmost importance that the City of San Francisco present a creditable appearance during the coming year, and that, so far as possible, it shall be beautiful and attractive, and

Whereas, Ordinance No. 1874 makes it imperative that all rubbish and debris on vacant lots be removed by the owner, on thirty days' notice, and the enforcement of the Ordinance is made the duty of the Police Department, therefore be it

Resolved, That the Police Department be requested to begin at once the rigid enforcement of the Ordinance, selecting at first the most untidy and offensive lots in the center of the city, in the vicinity of the Exposition grounds and on the main lines of travel.

Resolved, That all lot owners be requested to co-operate in this purpose by acting at once, in advance of the enforcement of the Ordinance by the Police Department, that the cleared-up lots may be seeded or planted to flowers before the winter rains. That the work may be done economically and uniformly, arrangements have been made with the San Francisco Co-operative Employment Bureau, 335 Main street, to relieve lot owners of all possible trouble. When requested by mail or by telephone (Sutter 2542) a representative will call and arrange for the entire work, giving, if desired, an estimate of the cost involved. As the Bureau has constant applications for work those placing an order will be helping the unemployed in the best possible way.

Resolved, That the offered co-operation of the State Federation of Women's Clubs be thankfully accepted and that the Park Commissioners and Superintendent be asked to take general supervision and to assist them by advice and by any possible contribution of plants and seeds.

Resolved, That the Board of Public

Works be urged to exercise its full power in compelling the repair of defective sidewalks, and in keeping especially clean during the Exposition year the streets of the City.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Power, Suhr, Vogelsang, Walsh—15.

**Municipal Outdoor Christmas Festival.**

On motion of Supervisor Hayden:  
J. R. No. 1522.

Resolved, That his Honor the Mayor is hereby requested to appoint a committee of twenty-five to arrange for and conduct a "Municipal Outdoor Christmas Festival" on Friday, December 25, 1914, without an appropriation.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Power, Suhr, Vogelsang, Walsh—15.

**Perpetuation of Old Oregon and California Trail as a National Highway.**

J. R. No. 1523.

Whereas, Ezra Meeker of the State of Washington is engaged in a laudable, patriotic and educational effort to perpetuate the old Oregon and California trail, and

Whereas, It is but fitting that a national highway to be known as Pioneer Way be constructed along the line of the old Oregon and California trail as a memorial to the men who suffered untold hardships and in many cases even death while blazing civilization's path, therefore

Resolved, That the Board of Supervisors of this City and County does most heartily approve of the project, and pledges earnest support and co-operation in carrying it to successful issue.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—16.

**Repealing Polk and Larkin Street Carnival Permit.**

On motion of Supervisor Hocks:  
J. R. No. 1524.

Whereas, The Polk and Larkin Streets District Association has requested the withdrawal of its petition for a festival carnival permit, therefore be it

Resolved, That Resolution No. 11307 (New Series) be and the same is hereby repealed.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—16.

Accepting Offer of Olga Styche to Sell for \$2500 Certain Land Required for Widening of Fifteenth Street.

On motion of Supervisor McCarthy: Resolution No. 11336 (New Series), as follows:

Resolved, That the offer of Olga Styche, as guardian of the person and estate of Margaret Gattinger, a noncompetent person, to sell to the City and County of San Francisco the following described property:

That certain real estate in Block 8 of the Flint Tract, in the City and County of San Francisco, State of California, bounded and described as follows:

Commencing at a point on the southerly line of Fifteenth street, distant thereon 258.454 feet westerly from the westerly line of Castro street; thence northwesterly and along the northeasterly boundary line of Flint Tract 39.637 feet; thence at right angles southwesterly 41.77 feet; thence deflecting to the left an angle of 136° 30' and running 57.58 feet to the southerly line of Fifteen street and the point of commencement, for the sum of twenty-five hundred (\$2,500) dollars, be and the same is hereby accepted and the City Attorney is hereby requested and directed to make an examination of the title of the above described property.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—16.

Passed for Printing.

The following matters were presented by Supervisor McCarthy and passed for printing by the following vote:

Fixing Sidewalk Widths.

Bill No. 3307, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1061, entitled, "Regulating the width of sidewalks," approved December 18th, 1903, by amending section seventy-eight thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Ordinance No. 1061, entitled, "Regulating the width of sidewalks," approved December 18th, 1903, be and is hereby amended in accordance with the communication of the Board of Public Works, filed in this office November 14, 1914, by amending Section seventy-eight thereof to read as follows:

Section 78. The width of sidewalks on Harrison street, between Steuart street and Fifteenth street, shall be fifteen (15) feet.

The width of sidewalks on Harri-

son street, westerly side of, between Fifteenth street and Sixteenth street, shall be fifteen (15) feet.

The width of sidewalks on Harrison street, easterly side of, between Fifteenth street and Division street, shall be fifteen (15) feet.

The width of sidewalks on Harrison street, easterly side of, between Division street and Sixteenth street, shall be seven (7) feet.

The width of sidewalks on Harrison street, westerly side of, between Sixteenth street and Seventeenth street, shall be fifteen (15) feet.

The width of sidewalks on Harrison street, easterly side of, between Sixteenth street and Seventeenth street, are hereby dispensed with and abolished.

The width of sidewalks on Harrison street, between Seventeenth street and Precita avenue, shall be fifteen (15) feet.

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect and be in force from and after its passage.

Relief for Congested Traffic in Market Street.

Supervisor Power presented:

J. R. No. —.

Whereas, the transportation problem in our city is becoming more acute each day, and

Whereas, something should be done to relieve the congestion and conditions prevailing at present in the matter of transportation service given to our citizens, more especially during the rush hours of the morning and evening, and

Whereas, in order to relieve the conditions prevailing, it is absolutely necessary for our Municipal Railway to reach the center of the business district, preferably by Market street; therefore, be it

Resolved, That the City Engineer be and is hereby instructed to report to this Board a plan whereby, in his judgment, the present conditions relative to transportation can be improved; and be it further

Resolved, That he give due consideration in his plan to the building of additional tracks on Market street from Eleventh to Kearny streets.

referred to Public Utilities Committee.

Discharge of United Railways Employees.

Supervisor Walsh presented:

J. R. No. —.

Resolved, That the Public Utilities Committee be instructed to investigate as to the practice of the United Railroads in dispensing with the

services of one platform man on several of its lines, and to ascertain if the public is properly safeguarded by this practice; whether the same is permitted under the law, and to report the result of its investigation to this Board within two weeks.

*Referred to Public Utilities Committee.*

**ADJOURNMENT.**

There being no further business the Board at the hour of 4:45 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors November 23, 1914.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, J. S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

## Complete Results of Cemetery Removal Election.

The following communication from the Secretary of the Board of Election Commissioners was presented, read and ordered spread at length in the Journal:

San Francisco, November 20th, 1914. To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: Please to take notice that upon the 9th day of November, A. D. 1914, the Board of Election Commissioners of the City and County of San Francisco met pursuant to the provisions of law and on said day and succeeding days officially canvassed the vote cast in the City and County of San Francisco at the General Election held in said City and County upon the 3rd day of November, 1914, in the manner required by law, and thereafter the said Board did on the 20th day of November, 1914, sign and declare the result of said official can-

vass in the manner required by law which result, in writing, remains of record in the office of the said Board of Election Commissioners, and that among other things which appear in the said official result as so declared, it appears of record that question No. 50 upon the General Election ballot of said election of November 3rd, 1914, which was a proposition printed upon the said ballot in the following words and figures, to-wit:

"An ordinance declaring the policy and intention of the City and County of San Francisco to require and cause the exhumation, removal, reinterment, or other lawful disposition of the human remains in certain cemeteries, to-wit: Laurel Hill, Calvary, Masonic and Odd Fellows Cemeteries." was defeated at said election; there having been cast in favor of said proposition 43,405 votes and against said proposition 70,045 votes; all of which matters remain of record in the office of the Board of Election Commissioners and the foregoing is a transcript and abstract of said official result and declaration.

By order of the Board of Election Commissioners of the City and County of San Francisco.

J. H. ZEMANSKY,  
Secretary of said Board.

#### Mayor's Veto.

The following communication from his Honor the Mayor vetoing Resolution No. 11330 (New Series), was presented, read, ordered printed in the Journal and referred to the Police Committee:

November 20th, 1914.

To the Honorable Board of Supervisors of the City and County of San Francisco:

Gentlemen: I return herewith to you, without my approval, Resolution No. 11330, providing for a permit "to hold an outdoor park celebration in Kearny street from California street to Broadway and in the cross streets for one block on each side of Kearny street, between California street and Broadway, from December 8th to December 13th, 1914."

I am impressed with the belief that, if permits are granted for street carnivals, they should be limited to celebrations of a general character, or of a local character of benefit to the whole city, for some physical improvement of a permanent kind, or some industrial development of importance. In other words, the turning over of the streets of any part of the city should always be for a public purpose.

There is another consideration pertinent at this time:

Our citizens are called upon for contributions in the interest of hu-

manity abroad, and charity at home, to an extent beyond that of any recent years. Anything in the nature of carnival exploitation that diverts money from such lofty purposes should be avoided as far as possible.

Another feature that has appeared to me in some of the recent carnivals:

It brings the young together on the streets without sufficient family protection of parents or near relatives, producing an indiscriminate mixing under circumstances that, I feel, are not conducive to the public good.

I therefore return same resolution with my veto of the same.

Respectfully,  
JAMES ROLPH, JR.,  
Mayor of the City and County of San Francisco.

Invitation to Congress to Participate in the Panama-Pacific International Exposition.

*Hon. Julius Kahn*, Member of Congress from the Fourth District, San Francisco, was presented by his Honor the Mayor. He addressed the Board and said that if the proper steps were taken and invitations were sent to the Congress of the United States and to the press galleries of the said Congress that there should be no difficulty in inducing the members to come to San Francisco in March, just before the advent of the President, to participate in the ceremonies of the Exposition. He declared that the personal and intimate knowledge Congress would receive from such a visit should redound greatly to the benefit of the State of California. He believed that no part of this country needed the assistance of the National Government in the development of its marvelous resources so much as the West and he urged that this opportunity to familiarize the National Legislators with its requirements be not allowed to pass.

#### Motion.

*Supervisor Walsh* moved that the Clerk be directed to prepare the necessary resolution of invitation to be presented in due course.

Motion carried.

#### REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Board of Public Works to Divert Traffic From Fourth Street Bridge.

On motion of Supervisor McCarthy:  
J. R. No. 1536.

Whereas, the Board of Public Works did on November 19, 1914, recommend to this Board the closing of the Fourth street bridge to vehicular and street car traffic for the reason that an inspection of said bridge by the Board

of Public Works and the City Engineer reveals the fact that the bridge is in a dangerous condition, and

Whereas, the closing of said bridge would be a great inconvenience to the public;

Resolved, That the Board of Public Works is directed to divert heavily laden vehicles to the Third street bridge and permit the street cars and vehicles carrying a load not to exceed two tons to cross the Fourth street bridge.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

#### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Report of the Public Utilities Committee on Bill Repealing Home Telephone Franchise.

The following report was presented, read and *adopted* by the following vote:

San Francisco, November 23, 1914.  
Board of Supervisors.  
Gentlemen:

The Public Utilities Committee had under consideration an ordinance repealing the Home Telephone franchise, presented by Supervisor Walsh. Inasmuch as the Board has voted to confirm the sale of the Home Telephone properties and to permit the transfer of the franchise to the Pacific Telephone and Telegraph Company, thereby increasing the revenues of the city by approximately \$70,000 a year, the Committee respectfully recommends that the ordinance presented by Supervisor Walsh be indefinitely postponed.

Respectfully submitted,  
ALEXANDER VOGELSANG,  
PAUL BANCROFT,  
J. EMMET HAYDFN,

Public Utilities Committee.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang—16.

No—Supervisor Walsh—1.

Absent—Supervisor Gallagher—1.

#### Adopted.

The following resolutions were introduced under suspension of the rules and adopted:

Accepting Offer of Symon Bros. to Remove Premises No. 30 Collingwood Street in Twin Peaks Tunnel Right of Way.

On motion of Supervisor Deasy:

Resolution No. 11347 (New Series), as follows:

Whereas, There is situated on the Twin Peaks Tunnel right of way in rear of the premises known as No. 30 Collingwood street a portion of a small frame building which it will be necessary to remove to permit of the construction of the Twin Peaks Tunnel; and,

Whereas, The City Attorney advised that the cost of moving said portion of the building will exceed the salvage value to be derived therefrom; and,

Whereas, Symon Bros. have offered to remove said entire building and pay to the City and County twenty-five (\$25) dollars for its interest therein; therefore

Be it Resolved, That said offer of Symon Bros. be and it is hereby accepted and the Board of Public Works is authorized to issue a permit for such removal upon presentation of the Treasurer's receipt for twenty-five (\$25) dollars.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

#### Remitting Twin Peaks Tunnel Penalties.

On motion of Supervisor Deasy:

Resolution No. 11348 (New Series), as follows:

Providing for Postponement of Payment of Installments of Taxes.

On motion of Supervisor McCarthy:

Whereas, Under the present State laws it is imperative that the City and County of San Francisco should collect the first installment of its taxes prior to the last Monday in November and the second installment prior to the last Monday in April, and

Whereas, Said funds so derived are frequently not necessary in San Francisco for many months thereafter, and

Whereas, Such payments are frequently made at great and unnecessary hardships by the taxpayers; therefore be it

Resolved, That this Board of Supervisors hereby petitions the Legislature at its coming session to so amend Section 3746 so that it may be possible for the cities of the first class when in the judgment of its Board of Supervisors it shall be possible and necessary to postpone the payment of said installments for a period not to exceed sixty days.

Referred to Judiciary Committee.

Charter Amendment, Civil Service Employees.

Supervisor McLeran presented the following proposed Charter amendment to Art. XIII.

Section 11. The provisions of this article shall apply to all offices and employments under the City and County, except the following: All elective officers; all appointees of the Mayor, of the City Attorney, and of the District Attorney; the deputies of the Superintendent of Schools; the City Engineer; the City Architect; the Chief of Police; the Chief Engineer of the Fire Department; the Superintendent of Public Works and Grounds; the Superintendent of Playgrounds; the Clerk of the Board of Supervisors; the officers and employees of the Public Library and the San Francisco Law Library; the manager or superintending head of each public utility; all special examiners appointed by the Civil Service Commission; all investigators appointed under section 14 of this article; the attorney for the Auditor and for the Sheriff; all physicians employed by the Board of Health; and all experts hereafter employed under any provisions of this Charter who, in the judgment of the Civil Service Commission, are employed in the performance of duties included in their profession. All appointments to positions not excepted herein not made in accordance with the provisions of this article shall be void. Nothing herein shall be construed as in conflict with

the provisions of Article IX of this Charter relating to the detail of detective sergeants and captains of detectives, nor as affecting the rights of teachers of the public schools of the City and County. Any person who has served in any position in any of the offices or departments which are subject to the provisions of this article for a period of one year continuously next prior to the date of the approval by the Legislature of this amendment and who shall be actually employed in such position at such time is hereby declared to be appointed within the provisions of Article XIII of this Charter to such position, and he shall be then entitled to all the benefits of said article; all persons who have served in any such position for a period of less than one year and for a period of more than six months next prior to such approval of this amendment, shall be deemed probationary appointees, and shall be entitled to all the benefits of said article upon completion of the prescribed probationary period thereafter. Persons employed in the operating service of any public utility acquired by the city at the date of acquisition and who have been so employed continuously for the period of one year next prior thereto and who are otherwise qualified shall be preferred for appointment upon securing standing upon the eligible list in an examination held for the kind of position occupied at the time of such acquisition.

No person occupying any position subject to the provisions of this article shall be removed from such position by reason of any change in the designation of such position or of the duties thereof, or transferred unless such action is approved by the Civil Service Commission after a hearing at which the occupant of such position may appear and be heard. All provisions of this Charter relating to the appointment and tenure of offices and employees in conflict herewith are hereby repealed.

**Adopted.**

The following resolution was introduced under suspension of the rules and adopted:

**Adopting Location of Hetch Hetchy Transportation Road.**

On motion of Supervisor Vogelsang: Resolution No. 11349 (New Series), as follows:

Whereas, For the successful consummation of the policy of the City and County of San Francisco of developing and completing a municipal water supply, with the Hetch Hetchy Valley, Lake Eleanor and the waters

of the Tuolumne River and its tributaries in Tuolumne County, California, as the source for obtaining said water supply, it is necessary that the hereinafter described Transportation Road for conveying materials to Hetch Hetchy Dam, aqueduct lines and appurtenant structures, be fully developed and constructed; therefore,

Resolved, That the hereinafter described location be and the same hereby is adopted by the City and County of San Francisco as the definite location of said Transportation Road and the Mayor of this City and County is hereby authorized to apply to the United States Land Office, the Honorable Secretary of the Interior, the Honorable Secretary of Agriculture and any other department of government on behalf of the City and County, for permission to construct and complete said Transportation Road. Said application is to be made under the Act of Congress approved on the 19th day of December, 1913, entitled: "Granting to the City and County of San Francisco certain rights of way in, over, and through certain public lands, the Yosemite National Park, and Stanislaus National Forest, and certain lands in the Yosemite National Park, the Stanislaus National Forest, and the public lands in the State of California, and for other purposes," and in compliance with Section 2 and sub-section p of Section 9 of said Act, in order that the City and County may obtain the benefits of said Act. The Mayor is further authorized and directed to make on behalf of the City and County, any other applications under said Act of Congress, or under any law before any department of government, which may be necessary for the successful completion of the above described municipal water supply for the City and County of San Francisco.

The City Engineer is authorized and directed to prepare all the necessary surveys, maps and field notes for said application, or for any other applications which it may be necessary to make under said Act of Congress, or under any law, for the successful completion of the above described municipal water supply.

The City Attorney is authorized and directed to appear before the United States Land Office, the Honorable Secretary of the Interior, the Honorable Secretary of Agriculture, or any other departments of government, for and on behalf of the City and County in the matter of this application, or any other proceedings which may be necessary for the successful completion of the above described municipal water supply.

Following is a description of the

definite location of the survey of the center line of a right of way 100 feet wide, 50 feet on each side of said center line of the said City and County's Transportation Road 14 feet in width, above referred to.

Beginning at the initial point which is a station marked H 0+00 and from which the witness corner to Sections 16, 17, 20 and 21 T. 1 N. R. 20 E., M. D. B. & M., as set by U. S. Government Surveyor and described in field notes dated 1880, bears south  $40^{\circ} 16' 32''$  west distant 4497.6 feet, which Station H 0+00 is identical with Station E 315+01.2 on the tangent N.  $32^{\circ} 16' W.$  between Stations 309+47.62 and 316+74.0 on the map filed by the City and County of San Francisco at the Sacramento Land Office, know as Sacramento Serial No. 07599 and approved by the Secretary of the Interior August 20, 1914; and running thence northeasterly and then northwesterly 0.85 miles, with a maximum grade of

10%, to the terminal point which is a station marked H 45+00, and from which the witness corner hereinabove referred to bears south  $33^{\circ} 59' 32''$  west 5666.7 feet.

This application is a continuation of the transportation road as shown in those two prior applications designated as Sacramento Serial Nos. 07492 and 07599, filed at the Sacramento Land Office, California, respectively, on June 10, 1914, and July 28, 1914, and approved, respectively, by the Secretary of the Interior on July 23, 1914, and August 20, 1914.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

### ROLL CALL FOR PETITIONS FROM MEMBERS.

The following matter was presented and read by the Clerk:

Hetch Hetchy Valley Telephone System.

*Communication*—From Board of Public Works, transmitting correspondence relating to proposition of connecting city's telephone system from Hetch Hetchy Valley to Groveland with Pacific Telephone and Telegraph Company's line at latter place; also City Engineer's report that service was unsatisfactory and recommending that contract be not entered into.

Mayor's Veto.

Kearny Street Carnival Permlt.

The following communication from his Honor the Mayor vetoing Resolution No. 11330 (New Series), laid over from last meeting, was taken up: November 20th, 1914.

To the Honorable Board of Supervisors of the City and County of San Francisco:

Gentlemen: I return herewith to you, without my approval, Resolution No. 11330, providing for a permit "to hold an outdoor park celebration in Kearny street from California street to Broadway and in the cross streets for one block on each side of Kearny

street, between California street and Broadway, from December 8th to December 13th, 1914."

I am impressed with the belief that, if permits are granted for street carnivals, they should be limited to celebrations of a general character, or of a local character of benefit to the whole city, for some physical improvement of a permanent kind, or some industrial development of importance. In other words, the turning over of the streets of any part of the city should always be for a public purpose.

There is another consideration pertinent at this time:

Our citizens are called upon for contributions in the interest of humanity abroad, and charity at home, to an extent beyond that of any recent years. Anything in the nature of carnival exploitation that diverts money from such lofty purposes should be avoided as far as possible.

Another feature that has appeared to me in some of the recent carnivals:

It brings the young together on the streets without sufficient family protection of parents or near relatives, producing an indiscriminate mixing under circumstances that, I feel, are not conducive to the public good.

I therefore return same resolution with my veto of the same.

Respectfully,

JAMES ROLPH, JR.,

Mayor of the City and County of San Francisco.

Veto Sustained.

The question being "Shall the resolution pass notwithstanding the objections of his Honor the Mayor?" the roll was called with the following result:

Ayes—None.

Noes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Payot, Power, Suhr, Vogelsang, Walsh—16.

Whereupon, the resolution was declared *lost* and the Mayor's veto sustained.

### PRESENTATION OF PROPOSALS.

*Library Bonds.*

In accordance with notice of sale the following described bonds were of-

ferred and no bids received:

Library bonds, issue of 1904, to the amount of \$550,000, comprising 20 bonds of \$1000 denomination maturing each year from 1923 to 1944 inclusive, and 10 bonds of \$500 denomination maturing each year from 1923 to 1944 inclusive. These bonds are dated July 1, 1904, and bear interest at the rate of 3½ per centum per annum, payable January and July. Their validity has been affirmed by the Supreme Court and by a special provision in the Charter.

Passed for Printing.

Thereupon, the following matters were *passed for printing*:

Library Bonds Placed on Sale at Treasurer's Office.

On motion of Supervisor Jennings: Bill No. 3331, Ordinance No.—(New Series), as follows:

Reciting that certain municipal bonds of the City and County of San Francisco remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County and fixing the price at which said bonds may be sold.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors of the City and County of San Francisco on the 9th day of November, 1914, did adopt a resolution by which the Clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County that on the 30th day of November, 1914, said Board would receive and consider bids for the purchase of library bonds, issue of 1904, to the amount of \$550,000, comprising 20 bonds of \$1000 denomination, maturing each year from 1923 to 1944, inclusive, and 10 bonds of \$500 denomination maturing each year from 1923 to 1944, inclusive. That said notice of sale was duly published as required by the Charter and by said resolution. That on said 30th day of November, 1914, the said Board of Supervisors being in session and ready to consider any bids made for the purchase of said described bonds, no bids therefor or for any portion thereof were received and said bonds, and the whole thereof, remain unbid for and unsold.

Section 2. As provided in Section 10 or Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that all of the bonds advertised for sale and remaining unsold as above described, be placed on sale and offered for sale at the office

of the Treasurer of the City and County of San Francisco, and the Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is at a price that will net the purchaser four and one-half per cent interest, according to the standard table of bond values, together with accrued interest at date of delivery.

#### UNFINISHED BUSINESS.

Action Deferred.

The following resolution, laid over from last meeting, was taken up and on motion of Supervisor Bancroft again laid over one week:

City Attorney to Commence Condemnation Proceedings for Acquisition of Land on Powell Street, Required for Fire Department Purposes.

Resolution No. — (New Series), as follows:

Whereas, An offer was solicited from A. M. Aguirre for the sale to the City

and County of San Francisco of the certain parcel of land hereinafter described, which land is required by the City and County of San Francisco for Fire Department purposes; and

Whereas, The offer received from the above named owner to sell said land to the City and County of San Francisco is deemed unreasonable and in excess of the appraised valuation of said land and property in this vicinity; now, therefore, be it

Resolved, That the City Attorney is hereby authorized and instructed to institute condemnation proceedings against said A. M. Aguirre for acquisition of the following described land by the City and County of San Francisco, to-wit:

Commencing at the easterly line of Powell street distant thereon 91 feet southerly from the southerly line of Broadway, running thence easterly 95 feet; thence at a right angle southerly 5 feet, 10 inches; thence at a right angle easterly 3 feet, 6 inches; thence at a right angle southerly 40 feet, 8 inches; thence at a right angle westerly along the northerly line of Fisher alley, 98 feet, 6 inches to the easterly line of Powell street; thence northerly and along the said easterly line of Powell street, 46 feet, 6 inches to the point of commencement, being a portion of 50 Vara Block, No. 133.

(Supervisor Bancroft requested that City Attorney be requested to report on validity of using budget appropriation for the purposes of the foregoing resolution.)

**Adopted.**

Rerouting Turk and Eddy Street Cars.

The following resolution was introduced by Supervisor Vogelsang and on his motion ordered referred to Public Utilities Committee by hearing:

Resolution No. — (New Series), as follows:

Resolved, That the United Railways of San Francisco be authorized to change the routing of cars on certain of its lines for the period of sixty days, and as an experiment, as follows:

The cars on the line known as the Turk and Eddy line (designated as No. 4) now operated from the Richmond District to Market street and the Embarcadero via Turk and Eddy streets to be routed on Ellis and O'Farrell streets and on Fourth street to the Southern Pacific Depot; the cars on the Parkside-Depot line and on the Ocean-Depot line (designated as Nos. 17 and 20) operated respectively from Twentieth avenue and the Ocean Beach to the Southern Pacific Depot to be routed to Market street and the Embarcadero via Turk and Eddy streets; and the cars on the line known as the Hayes-Market line (designated as No. 21) now operated from Fulton street to Market street via Ellis and O'Farrell streets to be routed to Market street via Turk and Eddy streets.

Transfers heretofore issued by the Turk-Eddy line at points west of Divisadero street as specified in Ordi-

nance No. 581 (New Series), shall be issued at the same points by the Parkside, Ocean and Hayes-Stanyan lines, and transfers heretofore issued by the Parkside, Ocean and Hayes-Stanyan lines west of Divisadero street shall be issued at the same points by the Turk-Eddy line.

None of the cars herein mentioned shall be operated on Market street between Eddy street and the Embarcadero between the hours of 4:30 and 6 o'clock p. m.

Also Resolved, That should the changes herein authorized prove to be unsatisfactory to the public that the routing of said cars be restored to that which now exists.

Municipal Railway in Sunset District.

Supervisor Vogelsang presented:

J. R. No. 1546.

Whereas, The large and growing Sunset District of this City is at present without adequate street railway transportation facilities; and

Whereas, Said district has no direct street railway transportation to the Ferries, nor to the Exposition; and

Whereas, A street railway connecting the Sunset and Richmond Districts midway between Divisadero street and the west end of Golden Gate Park will be of great convenience to the residents of both of said districts; now therefore be it

Resolved, That it is hereby declared to be the policy of this Board to immediately construct said railway from Tenth avenue across Golden Gate Park by the most desirable route to Judah street, and to make further extension to suitable beach terminals whenever it becomes economically desirable and the streets to be traversed have been by property owners placed in proper condition, and be it further

Resolved, That the Board of Public Works be and it is hereby authorized and directed to prepare plans and submit an estimate of costs of the construction of an extension to the Municipal Railway from Tenth avenue and Fulton street across Golden Gate Park by the most feasible route to Judah street in the Sunset District.

Privilege of the Floor.

*Geo. Gerhardt*, representing the Haight and Ashbury District Improvement Club, was granted the privilege of the floor. He requested that the Board consider the advisability of routing the Municipal cars to Sunset District by way of Masonic avenue. He believed such a route to be a much better business proposition by reason of the dense population which such a line would serve.

*N. Prendergast* requested that action be postponed until improvement associations of Sunset District, which

have the matter under consideration, may be able to be present and present their views.

*Assistant City Engineer Ransome* explained the difficulty of laying out a direct route across the Park.

Adopted.

Whereupon the foregoing resolution was adopted by the following vote:

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Payot, Power, Suhr, Vogelsang, Walsh—16.

13997—Fredk. Meyer .....	44.00
14057—Mary McDonald .....	44.00

And Whereas, Said assessments were not paid within the time provided by the Tunnel Procedure Ordinance and the proceedings taken and had thereunder in the matter of the construction of the Twin Peaks ridge tunnel;

And Whereas, Pursuant to said Tunnel Procedure Ordinance said property was sold to the City and County of San Francisco for non-payment of assessments;

And Whereas, It appears that the above named persons, through no fault or neglect of theirs, were not informed of the levying of said assessments and said persons had no knowledge of the levying of said assessments;

And Whereas, Said Tunnel Procedure Ordinance provided that a penalty of 25 per cent of the amount of the assessment shall be added to said assessments before said parties can redeem said property so sold pursuant to the provisions of said ordinance, and it appearing to the Board of Supervisors that the infliction of said penalties will be an unjust hardship upon said parties by reason of the facts herein recited, and the said City Attorney does recommend that said penalties be remitted; now therefore be it

Resolved, That said penalties of 25 per cent of the amount of said assessments be remitted upon condition that said parties forthwith pay in cash the total amount of their respective assessments.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Pavot, Power, Suhr, Vogelsang, Walsh—17.

#### New Caps for Police Department.

Supervisor Deasy presented:

J. R. No. —.

Whereas, The members of the Police Department have been instructed to purchase new caps, and

Whereas, Many of the members of the Police Department have recently purchased new caps and to again purchase new ones would work a hardship on them at this time, and

Whereas, It appears that said caps are to be manufactured in the East, to the detriment of our home industry, therefore be it

Resolved, That we respectfully rec-

ommend to the Board of Police Commissioners and the Chief of Police that the order instructing the members to purchase new caps be held in abeyance at least until after the holidays.

#### Motion.

Supervisor Vogelsang moved reference to Police Committee.

Motion carried by the following vote:

#### Charter Amendments, Appropriations for Celebrations.

Supervisor Hayden presented:

Charter Amendment No. —.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a special election to be held on the . . . . day of . . . . ., 1915, a proposal to amend the Charter of said City and County as follows:

That Subdivision 18, of Section 1, of Chapter II of Article II be amended to read as follows:

18. To allow not to exceed two thousand five hundred dollars in any one year for the celebration of the anniversary of our National Independence, not to exceed five hundred dollars for the observance of Memorial Day and not to exceed five hundred dollars each for the celebration of Admission Day and Columbus Day.

Referred to the Judiciary Committee.

#### Sale of City Land for Widening Fifteenth Street.

On motion of Supervisor McCarthy:

Bill No. 3332, Ordinance No. — (New Series), Providing for the disposal at private sale of certain land belonging to the City and County of San Francisco on the northeasterly line of Fifteenth street between Castro and Beaver streets, in accordance with the provisions of Article II, Chapter II, Section 9 of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following lands owned and held by the City and County of San Francisco situate, lying and being in the said City and County of San Francisco, State of California, and bounded and described as follows, to-wit:

Commencing at a point on the northeasterly line of Fifteenth street, distant thereon 89.604 feet northwesterly from the first angle point westerly

from Castro street, and running thence northwesterly along the said north-easterly line of Fifteenth street 40 feet; thence at right angles north-easterly 50.935 feet; thence deflecting to the right an angle of 39° 32' 24.619 feet; thence deflecting to the right an angle of 96° 58' 35.331 feet; thence deflecting to the right an angle of 43° 30' 44.298 feet to the northeasterly line of Fifteenth street and the point of commencement, containing 2336.5 square feet, more or less.

Section 2. Said land shall be sold in one parcel for cash, in United States gold coin, at private sale.

Section 3. Upon receipt and examination of bids or offers for said lands as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least ninety per cent of the value found by the appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors, with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Section 4. Ordinance No. 2952 (New Series) approved October 14, 1914, is hereby repealed.

Section 5. This Ordinance shall take effect and be in force immediately.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Voglesang, Walsh—17.

Employment of Associate Counsel in Acquisition of Power Site, Poopenaut Valley.

On motion of Supervisor Voglesang: Resolution No. — (New Series), as follows:

Whereas, There has been filed in the Superior Court of Tuolumne County, State of California, by the City and County of San Francisco a proceeding in eminent domain to acquire 80 acres of property located in Poopenaut Valley, Tuolumne County, and belonging to the Yosemite Power Company, defendant in said action; said action being numbered 3106 in the Superior Court records of said Tuolumne County;

And Whereas, The City Attorney has advised this Board that it will be necessary, for the proper prosecution of said action to engage local counsel in Tuolumne County to cooperate with the City Attorney in said matter, and has further advised the engagement of Rowan Hardin, District Attorney of Tuolumne County, upon the basis of a fee of \$500, \$250 to be paid as retainer and the balance of

said fee to be paid at such time as the City finally acquires said property, either because of the final termination of court proceedings therein or of such settlement out of court as may be authorized by this Board;

Now, therefore, be it Resolved, That the City Attorney be and he hereby is authorized to employ Rowan Hardin, District Attorney of Tuolumne County, to be associated with the City Attorney in the conduct of the above proceedings and in accordance with the terms as above described.

Adopted.

The following matters were introduced under suspension of the rules and adopted:

Extension of Time.

On motion of Supervisor McCarthy: Resolution No. 11357 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted the following extensions of time to complete street work, to-wit:

Ninety days' time from and after November 20, 1914, within which to complete contract for improvement of Nye street between Mission and Craut streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that a survey has been ordered for this work, but a diagram has not been issued on account of the adjoining paving having been destroyed by last winter's rain.

Thirty days' time from and after December 1, 1914, within which to complete contract for improving Russia avenue between Mission and Moscow streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor was delayed on account of reconstructing side sewers and sewage pipe.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Voglesang, Walsh—17.

Congress to Re-Establish Life Saving Station at Point Bolinas.

On motion of Supervisor Hilmer: J. R. No. 1548.

Whereas, The steamer "Hanalei" was totally wrecked Monday, November 23, 1914, on the rocks of Duxbury Reef while entering the San Francisco harbor by way of the North Channel and twenty-three lives were lost, and

Whereas, Many, if not all of these persons, could have been saved if ade-

quate life saving facilities had been close at hand, and

Whereas, The United States Government maintained for many years a life saving station in this vicinity, located at Bolinas, which station was destroyed by fire some time ago and never rebuilt; therefore be it

Resolved, That the Board of Supervisors request our United States Senators and Representatives in Congress to use every effort at the coming session of Congress to secure an appropriation for the immediate rebuilding of this station and for the maintenance of a life saving crew and appliances at this point in order to avoid a recurrence of such a dreadful catastrophe.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

Approved by the Board of Supervisors December 7, 1914.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, J. S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

J. S. DUNNIGAN,

Clerk of the Board of Supervisors,  
City and County of San Francisco.

Shelter Station, Seventh Avenue and Lincoln Way.

Supervisor Walsh requested that the Board of Public Works be asked to report on his resolution as to estimate of cost of constructing shelter station at Seventh avenue and Lincoln Way for inmates of Relief Home.

By F. J. Churchill, Secretary.

*Resolution No. 34636, Second Series.*

Whereas, the Board of Supervisors, by Journal Resolution No. 1411, directed the Board of Public Works to prepare plans and specifications for the construction of the Church Street Municipal Railroad, as per outlined plan proposed by the Church Street Railroad Non-Assessment League, known as Plan No. 7, which was presented to the Board of Supervisors on July 13, 1914, by the Church Street Railroad Non-Assessment League, and which proposed the construction of a cable railway transportation system on the steepest portions of Church street, south of Eighteenth or of Dorland street; and

Whereas, the Board of Public Works, in conformity with said Journal Resolution No. 1411 of the Board of Supervisors, directed the City Engineer, by Resolution No. 32927 (Second Series), approved September 16, 1914, to prepare plans and specifications for the construction of the Church street extension of the Municipal Railway in accordance with the plan designated in said Journal Resolution No. 1411;

Resolved, That the Board of Public Works hereby transmits to the Board of Supervisors the plan and specifications prepared and submitted by the City Engineer in conformity with the provisions of Journal Resolution No. 1411, of the Board of Supervisors, for the construction of a cable system extension of the Municipal Railway on Church street, and in so doing respectfully directs the attention of his Honor the Mayor, ex-officio chairman, and the members of the Board of Supervisors to the expensive and probably dangerous character of such cable construction on a street with such heavy grades to surmount as are experienced on Church street, and further calls attention to the fact that in the event of the Board of Supervisors approving such plans and putting them into effect, the Board of Supervisors will act without the approval of this project by the Board of Public Works.

December 7, 1914.

To the Honorable the Board of Public Works of the City and County of San Francisco.

Gentlemen: There are transmitted herewith two (2) copies of Specifications No. 11093, Contract No. 23, Section "B" of the Municipal Railway System, for the construction of the Church street line, auxiliary cable system.

These specifications have been prepared in accordance with the provisions of your Resolution No. 32927 (Second Series), passed September 16, 1914, pursuant to the directions embodied in Journal Resolution No. 1411 of the Board of Supervisors.

As more fully set forth in a letter addressed to the Board of Supervisors on September 10, 1914, the method contemplated in these specifications for overcoming the steep grades on Church street is undesirable from a mechanical standpoint, will be dangerous to passengers on the Church street railroad, and will result in an unwarrantable expense in operating the road.

Should the Board of Supervisors pass an ordinance directing your Board to proceed with the construction of the Church street railroad with a cable auxiliary in accordance with these specifications, arrangements should be made by the Supervisors to secure a suitable lot for the construction of the cable power house. This lot should be approximately 50 feet on Church street by 160 feet deep. Arrangements should also be made with the United Railroads at once for the joint use of their track on Market street and on Church street from Market street to Sixteenth street by the city as indicated in so-called Plan No. 7.

It is estimated that the cost of the work contemplated under these specifications will be in excess of \$300,000. Prospective bidders should be allowed at least ninety (90) days in which to prepare bids for the work and the bond of the contractor should be fixed at not less than \$150,000.

Specifications for the standard double track electric railroad construction from Van Ness avenue and Market street to Church and Dorland streets, and from Twenty-second and Church streets to Thirtieth and Church streets can be prepared during the period of advertisement for bids under these specifications, provided they are approved, and the necessary arrangements are made for the use of the tracks of the United Railroads. Respectfully submitted,

M. M. O'SHAUGHNESSY,  
City Engineer.

Protest of Mission Promotion Association.

Supervisor Jennings presented:

San Francisco, December 7, 1914.

Hon. Thomas Jennings, Supervisor,  
San Francisco.

Dear Mr. Jennings: As one of a committee of the Mission Promotion Association I have been requested to appear before the Board of Supervisors today to protest on behalf of that organization against the construction by the city of a cable railroad on Church street. Being unable to attend, I send you this communication, protesting, not only on behalf of the Mission Promotion Association, but also on behalf of every other friend of municipal ownership of public utilities, against the use of public funds for the construction of the proposed cable road.

When the people voted for a bond issue to meet the expense of building an extensive street railroad system they contemplated the construction of electric lines. They certainly did not intend that the supervisors should expend the bond money to build a cable road along any of the proposed routes laid out by the City Engineer. Being acquainted with all of the members of the Board of Supervisors, I know that most, if not all of them, are always influenced by the best of motives and act with scrupulous regard for the rights of the people in the performance of their official duties. But I cannot conceive how they or others who are sincerely in favor of the operation of public utilities by the city, can in opposition to the recommendations of the City Engineer, vote for the construction of a cable road when an electric road will better serve the purpose intended. I can, of course, readily divine the motives of those who have heretofore consistently opposed municipal ownership and who now clamor for the obsolete, dangerous and expensive cable system. If they had their way the horse car, just one grade inferior to the cable car, would be today running on our city lines.

The Church street road was meant to be a trunk line and not a mere convenience or accommodation for the comparatively few people who live on Church street between Eighteenth and Twenty-second streets, or a few owners of lots in that vicinity. It was intended to extend from the center of the city to its southerly boundary and to provide transportation for the great number of people living in and having business to transact in the outlying districts south of Twenty-second and west of Mission streets. The entire city is interested in its construction and method of operation. The wishes of the great majority of

the people who oppose the cable system should control as against the demands of a few having interests in the section affected.

I have before me City Engineer O'Shaughnessy's report, which shows that the total increased cost of operation due to the substitution of a cable for an electric line between Eighteenth and Twenty-second streets will be \$50,000 per annum, an amount representing one million cash fares, or more than \$136 per day; an amount required to pay the interest yearly on \$1,000,000 of our bonds; \$1,000,000 is more than one-sixth of our entire bonded indebtedness incurred to date to build street railroads.

When constructed the Church street road will be no better than its weakest link. That link, if a section operated by cable, will hamper the operation of the entire road and interfere with timely connection with other transfer lines. The time consumed in operation between Eighteenth and Twenty-second streets of the cable cars will be about five minutes longer than the time required to operate the electric cars between the same points. That fact, and the increased cost of operating the cable line, ought to induce every Supervisor to vote against the cable system. When completed with a cable link the people will not patronize the line in large numbers. They will prefer to take the cars of the United Railroads instead of the expensive, dangerous and slow-moving cars of the Church street line. The road will prove a decided failure and an expensive luxury for the city.

I sincerely hope that you will exercise your influence with your fellow members of the Board to prevent the construction of the proposed cable line and avert a serious blow to municipal ownership.

Yours very truly,

MATT. I. SULLIVAN.

Dec. 7, 1914.

Presented in open Board and read by Clerk.

#### REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Lighting and Rates Committee, by Supervisor Nolan, Chairman.

Police Committee, by Supervisor Hocks, Chairman.

Public Buildings Committee, by Supervisor Bancroft, Chairman.

Health Committee, by Supervisor Walsh, Chairman.

Public Utilities Committee, by Supervisor Vogelsang, Chairman.

Judiciary Committee, by Supervisor Nelson, Chairman.

Supplies Committee, by Supervisor Hilmer, Chairman.

Buildings Committee, by Supervisor Bancroft, Chairman.

Streets Committee, by Supervisor McCarthy, Chairman.

Lands and Tunnels Committee, by Supervisor Deasy, Chairman.

Fire Committee, by Supervisor McLeran, Chairman.

Report of Buildings Committee on Tubercular Hospital.

The following report was presented and read by the Clerk:

San Francisco, December 3, 1914.

To the Board of Supervisors.

Gentlemen: Your Committee on Public Buildings, to which was referred the matter of the erection of a building on the site of the San Francisco Hospital for the treatment of tubercular patients, would respectfully report thereon as follows:

The subject-matter has been discussed in committee upon many occasions, and various protestants were heard in opposition to placing the hospital upon the proposed site, and other citizens were heard in opposition to the possible removal to other locations.

After a careful consideration it appears to your Committee that the protesting residents in the immediate vicinity, objecting to placing the building on the site of the San Francisco Hospital are unnecessarily alarmed regarding the supposed danger to their health that might arise by reason of an institution of this character being installed within the confines of the San Francisco Hospital.

It has been conclusively shown by the very best advice obtainable through the Board of Health, and by its recommendation, that the existence of such a hospital at the location can in no way, when properly conducted and regulated, be baneful to the residents of the neighborhood.

Your Committee would further state that the City Attorney's opinion disqualifies any authority in law to purchase lands for a new site out of the bond issue funds; and there are no other funds available for such purpose, nor is it justifiable in accordance with the opinion and reports of the Board of Health in removing the site to the Bay View or any other district.

The plan as outlined by the Bureau of Architects, and agreed upon by the Board of Health—it having supervision over the institution—that an additional wing to the present group of buildings, comprising the San Francisco Hospital, be constructed and thereupon consigned to the treatment of tubercular patients, seems to be the best solution of the problem.

Your Committee is therefore unanimously in favor of this course of procedure, and respectfully recommends that the Board of Public Works be authorized to proceed with the immediate construction of the building, as suggested, on the site of the San Francisco Hospital, thereby avoiding a further delay in the consummation of a very urgent necessity.

A resolution in consonance with the recommendation is herewith presented for action thereon.

Your Committee does not feel that in arriving at its conclusion the people protesting should be deprived of their right of appeal to the Board of Supervisors from the final decision of this Committee, and consequently it is recommended that the hour of 2 o'clock p. m., this day, Mon-

day, December 7, 1914, be fixed for a final hearing and disposition of the matter by your Honorable Board.

Respectfully submitted,

PAUL BANCROFT,  
RALPH McF<sup>r</sup>AN,  
HENRY PAYOT.

Committee on Public Buildings.

Privilege of the Floor.

Chas. Minert, F. Bergstrom, Wm. Collopy, J. B. Zimdar, representing various improvement associations, and Rev. A. B. Snyder, protested against the placing of the Tubercular Hospital on the San Francisco Hospital site on Potrero avenue.

Walter McArthur, representing the Society for the Prevention of Tuberculosis, also addressed the Board. He said that instead of being a detriment to the neighborhood he believed that experience would show that such a hospital would be a decided benefit.

Jesse Lilienthal said that the tubercular patients were permitted to visit the nickelodeons and other public places, and he did not see how they could be prevented from doing so.

Dr. R. G. Broderick, Health Officer, also addressed the Board. He said that there was no danger to the residents in the vicinity of the proposed hospital and that, although infectious, tuberculosis is not a contagious disease.

Resolution Refused Passage.

Whereupon the following resolution was presented by Supervisor Power and *refused passage* by the following vote:

J. R. No. —.

Resolved, That the Board of Health and the Building Committee of this Board be and are hereby requested to give due consideration to the hospital site for the Tubercular Hospital located in the vicinity of Army street, between Missouri and Mississippi streets.

Ayes—Supervisors Deasy, Gallagher, Kortick, Nelson, Power, Walsh—6.

Noes—Supervisors Bancroft, Hayden, Hilmer, Hocks, Jennings, McCarthy, McLeran, Murdock, Nolan, Payot, Suhr, Vogelsang—12.

Report Adopted and Bill Passed to Print.

Whereupon the foregoing report was *adopted* and the following bill *passed for printing*:

Bill No. 3330, Ordinance No. — (New Series), entitled, "Ordering the construction of the northeasterly wing of the San Francisco Hospital; authorizing and directing the Board of Public Works to enter into contract for said construction; approving plans and specifications therefor, and permitting progressive payments to be made during the progress of said construction."

Ayes—Supervisors Bancroft, Gallagher, Hayden, Hilmer, Hocks, Jennings, McCarthy, McLeran, Murdock, Nolan, Payot, Suhr, Vogelsang—13.

Noes—Supervisors Deasy, Kortick, Nelson, Power, Walsh—5.

Hearing of Appeal, Street Assessment, Miguel, Chenery and Whitney Streets.

Hearing of appeal of Flinn and Treacy from assessment for improving intersection of Miguel, Chenery and Whitney streets, fixed for 3 p. m. this day, was proceeded with.

#### Appeal Sustained.

Whereupon the following resolution was presented by Supervisor McCarthy and adopted:

Resolution No. 11359 (New Series).

Resolved, That the appeal of Flinn & Treacy from the assessment issued by the Board of Public Works on the 17th day of October, 1914, for the improvement of the intersection of Miguel, Chenery and Whitney streets be and the same is hereby sustained;

Further Resolved, That the Board of Public Works is hereby directed to correct the assessment issued on the 17th day of October, 1914, for the improvement of the intersection of Miguel, Chenery and Whitney streets, in accordance with the correction to be made on the official block books of the Assessor, for the reason that a piece of property at the intersection of Chenery and Whitney streets was deeded to the city, and said land has become part of the public street.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

**Library Bonds Placed on Sale at Treasurer's Office.**

Bill No. 3331, Ordinance No. 3028 (New Series), as follows:

Reciting that certain municipal bonds of the City and County of San Francisco remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County and fixing the price at which said bonds may be sold.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors of the City and County of San Francisco on the 9th day of November, 1914, did adopt a resolution by which the Clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County that on the 30th day of

November, 1914, said Board would receive and consider bids for the purchase of library bonds, issue of 1904, to the amount of \$550,000, comprising 20 bonds of \$1000 denomination, maturing each year from 1923 to 1944, inclusive, and 10 bonds of \$500 denomination maturing each year from 1925 to 1944, inclusive. That said notice of sale was duly published as required by the Charter and by said resolution. That on said 30th day of November, 1914, the said Board of Supervisors being in session and ready to consider any bids made for the purchase of said described bonds, no bids therefor or for any portion thereof were received and said bonds, and the whole thereof, remain unbid for and unsold.

Section 2. As provided in Section 10 or Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that all of the bonds advertised for sale and remaining unsold as above described, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is at a price that will net the purchaser four and one-half per cent interest, according to the standard table of bond values, together with accrued interest at date of delivery.

Employment of Associate Counsel in Acquisition of Power Site, Poopenaut Valley.

Resolution No. 11368 (New Series), as follows:

Whereas, There has been filed in the Superior Court of Tuolumne County, State of California, by the City and County of San Francisco, a proceeding in eminent domain to acquire 80 acres of property located in Poopenaut Valley, Tuolumne County, and belonging to the Yosemite Power Company, defendant in said action; said action being numbered 3106 in the Superior Court records of said Tuolumne County;

And Whereas, The City Attorney has advised this Board that it will be necessary, for the proper prosecution of said action to engage local counsel in Tuolumne County to cooperate with the City Attorney in said matter, and has further advised the engagement of Rowan Hardin, District Attorney of Tuolumne County, upon the basis of a fee of \$500, \$250 to be paid as retainer and the balance of said fee to be paid at such time as the City finally acquires said property, either because of the final termination of court proceedings therein or of such settlement out of court as may be authorized by this Board;

Now, therefore, be it Resolved, That the City Attorney be and he hereby is authorized to employ Rowan Hardin, District Attorney of Tuolumne County, to be associated with the City Attorney in the conduct of the above proceedings and in accordance with the terms as above described.

#### NEW BUSINESS.

##### Action Deferred.

The following resolution, laid over from last meeting, was taken up and on motion of Supervisor Bancroft again laid over one week:

City Attorney to Commence Condemnation Proceedings for Acquisition of Land on Powell Street, Required for Fire Department Purposes.

Resolution No. — (New Series), as follows:

Whereas, An offer was solicited from A. M. Aguirre for the sale to the City and County of San Francisco of the certain parcel of land hereinafter described, which land is required by the City and County of San Francisco for Fire Department purposes; and

Whereas, The offer received from the above named owner to sell said land to the City and County of San Francisco is deemed unreasonable and in excess of the appraised valuation of said land and property in this vicinity; now, therefore, be it

Resolved, That the City Attorney is

hereby authorized and instructed to institute condemnation proceedings against said A. M. Aguirre for acquisition of the following described land by the City and County of San Francisco, to-wit:

Commencing at the easterly line of Powell street distant thereon 91 feet southerly from the southerly line of Broadway, running thence easterly 95 feet; thence at a right angle southerly 5 feet, 10 inches; thence at a right angle easterly 3 feet, 6 inches; thence at a right angle southerly 40 feet, 8 inches; thence at a right angle westerly along the northerly line of Fisher alley, 98 feet, 6 inches to the easterly line of Powell street; thence northerly and along the said easterly line of Powell street, 46 feet, 6 inches to the point of commencement, being a portion of 50 Vara Block, No. 133.

**Adopted.**

The following resolutions were adopted:

Extensions of Time, Washington Irving School.

On motion of Supervisor Bancroft: Resolution No. 11370 (New Series), as follows:

Resolved, That the following persons and firms, being contractors for the construction of the Washington Irving School, be and are hereby granted the following extensions of time on their said respective contracts:

Alexander Coleman, 75 days' time from and after December 13, 1914, for plumbing work.

Butte Engineering Co., 75 days' time from and after December 13, 1914, for electrical work.

Herman Lawson, 75 days' time from and after December 13, 1914, for heating and ventilating system.

F. M. Garden & Co., 75 days' time from and after December 13, 1914, for general construction work.

These extensions of time are granted for the reason that the unsettled condition in Mexican waters in the early part of the year cause a re-routing and consequent delay in the transportation of the necessary structural steel.

It is further resolved, That the advertising fee for printing this resolution be remitted as the delay was unavoidable. (Communications from the Board of Public Works filed November 28, 1914.)

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

City Attorney to Dismiss Condemnation Proceedings for the Acquisition of Certain Lands Required for Civic Center Purposes.

## Extensions of Time.

On motion of Supervisor Deasy:  
Resolution No. 11373 (New Series), as follows:

Resolved, That Jacobson-Bode Co., be and is hereby granted an extension of 30 days' time from and after No-

vement 22, 1914, within which to complete its contract for the construction of the Stockton street tunnel.

This extension of time is granted for the reason that the plasterers' strike and certain alterations made in street and sidewalk construction over the tunnel caused delay.

(Communication from Board of Works filed November 12, 1914.)

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hillmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Increasing Awards, Twin Peaks Tunnel.

Also, Resolution No. 11374 (New Series), as follows:

Whereas, the City Attorney and the City Engineer have recommended that to avoid the possibility of damage suits arising out of the construction of a portion of Twin Peaks tunnel lying between Eighteenth street and Clover street, it will be advisable to buy and remove the improvements on the property through which the right of way passes in that block and in addition to obtaining an underground easement in perpetuity, to lease the surface of the land during the period of construction in order that the same may be excavated during said period;

And Whereas, it will be necessary to increase the awards made to the owners of property in said block by reason of the above suggested changes, and

Whereas, the following increases in awards are in accordance with the appraisal made by the city's experts; now, therefore, be it Resolved:

(1) That the award to Johanna Sheehan be increased from \$625 to \$2857 in consideration of said Johanna Sheehan moving the building owned by her on the Twin Peaks right of way off of said right of way, granting a perpetual underground easement to the city, and in addition thereto granting a lease on said property for a period of one year;

(2) That the award to George Bredhorst be increased from \$2244 to \$16,900 in consideration of said George Bredhorst selling to the city the building now situated on said right of way, granting a year's lease to the surface of said right of way through his property, and in addition thereto granting a perpetual underground easement for said Twin Peaks tunnel;

(3) That the award to James Quinn be increased from \$535 to \$5475 in consideration of said James Quinn selling to the city the building now situated on said right of way, granting a year's lease to the surface of said property, and in addition thereto granting a perpetual underground

easement therein for said Twin Peaks tunnel; be it further

Resolved, That the City Attorney is authorized and directed to acquire the foregoing buildings, easements and leases in accordance with the tenor of this resolution, to prepare the necessary conveyances and superintend the payment of consideration.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hillmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Amending Tunnel Procedure Ordinance. Bill No. 3336, Ordinance No. — (New Series), as follows:

Amending Section 18 of "The Tunnel Procedure Ordinance" of the City and County of San Francisco providing for the times when installments of principal shall be made in cases where agreements have been made therefor, and when and how interest on all said installments unpaid shall be paid.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 18 of "The Tunnel Procedure Ordinance" of the City and County of San Francisco, being Ordinance No. 2186 (New Series), approved February 19, 1913, is hereby amended so as to read as follows:

Section 18. The times when installments of principal shall be made in cases where agreements have been made therefor, are hereby fixed as follows:

The first installment shall be paid at the time of the application to the Tax Collector for such agreement.

The second installment shall be paid on or before the last Monday in December in the next fiscal year and subsequent installments shall be paid annually thereafter, one each year on or before said last Monday in December.

Interest on all installments unpaid shall be paid at the rate fixed in the proceedings as follows: At the time of the execution and delivery of the agreement interest shall be paid on the unpaid principal until the first day of July next after.

At the time the second installment of principal is paid, as above provided, interest shall be paid for six months from the first day of July last past to the first day of January ensuing, on the principal remaining unpaid after the last preceding payment.

At the time each subsequent installment of principal is paid as above

provided, interest shall be paid for one year from the first day of January last past to the first day of January ensuing, on the principal remaining unpaid after the last preceding payment.

Provided, that the Board of Supervisors may, by resolution, extend the time for the payment of said second installment of principal for a period of not to exceed ninety (90) days provided no certificates shall have been issued pursuant to the provisions of Section 25 of this ordinance at the time of the passage of said resolution.

Section 2. This ordinance shall take effect immediately.

14135		
14173		
14178		
14187		
14188	} Frank Partaway.....	44.00
14168		

And Whereas, said assessments were not paid within the time provided by the Tunnel Procedure Ordinance and the proceedings taken and had thereunder in the matter of the construction of the Twin Peaks Ridge Tunnel;

And Whereas, pursuant to said Tunnel Procedure Ordinance said property was sold to the City and County of San Francisco for non-payment of assessments;

And Whereas, it appears that the above named persons through no fault or neglect of theirs, were not informed of the levying of said assessments and said persons had no knowledge of the levying of said assessments;

And Whereas, said Tunnel Procedure Ordinance provides that a penalty of 25 per cent of the amount of the assessment shall be added to said assessments before said parties can redeem said property so sold pursuant to the provisions of said ordinance, and it appearing to the Board of Supervisors that the infliction of said penalties would be an unjust hardship upon said parties by reason of the facts herein recited, and the said City Attorney does recommend that said penalties be remitted,

Now Therefore, Be It Resolved, That said penalties of 25 per cent of the amount of said assessments be remitted upon condition that said parties forthwith pay in cash the total amount of their respective assessments.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—18.

Charter Amendment, Civil Service Employees.

Supervisor Vogelsang presented the following and requested that it be put upon the calendar for next week:

Section 11. The provisions of this article shall apply to all offices and employments under the City and County, except the following: All elective officers, all appointees of the Mayor, of the City Attorney and of the District Attorney; the Deputies of the Superintendent of Schools; the City Engineer; the City Architect; the Chief of Police; the Chief Engineer of the Fire Department; the Superintendent of Public Works and Grounds; the Superintendent of Playgrounds; the Clerk of the Board of Supervisors; the officers and employees of the Public Library and the San Francisco Law Library; the manager or superintendent head of each public utility; all special examiners appointed by the Civil Service Com-

mission; all investigators appointed under section 14 of this Article; the attorney for the auditor and for the sheriff; all physicians; and all experts hereafter employed under any provisions of this Charter who, in the judgment of the Civil Service Commission, are employed in the performance of duties included in their profession. All appointments to positions not excepted herein not made in accordance with the provisions of this article shall be void. Nothing herein shall be construed as in conflict with the provisions of Article VIII of this Charter relating to the detail of detective sergeants and captain of detectives, nor as affecting the rights of teachers of the public schools of the City and County.

Any person who has served in any position in any of the offices or departments which are subject to the provisions of this article for a period of one year continuously next prior to the date of the approval by the Legislature of this amendment and who shall be actually employed in such position at such time is hereby declared to be appointed within the provisions of Article XIII of this Charter to such position, and he shall be then entitled to all the benefits of said Article; all persons who have served in any such position for a period of less than one year and for a period of more than six months next prior to such approval of this amendment, shall be deemed probationary appointees, and shall be entitled to all the benefits of said article upon completion of the prescribed probationary period thereafter. Persons employed, at the date of acquisition, in the operating service of any public utility acquired by the city, and who have been so employed continuously for the period of one year next prior thereto shall continue in their positions and be deemed probationary appointees and shall be entitled to all the benefits of this Article upon completion of the prescribed probationary period thereafter; provided, that said persons at the date their appointment becomes final, are citizens of the United States and actually reside in the City and County of San Francisco.

No person occupying any position subject to the provisions of this Article shall be removed from such position by reason of any change in the designation of such position or of the duties thereof, or transferred unless such action is approved by the Civil Service Commission after a hearing at which the occupant of such position may appear and be heard. All provisions of this Charter relating to the appointment and tenure of officers and

employees in conflict herewith are hereby repealed.

Thos. Moran, protestant, was called but failed to answer.

Adopted.

Thereupon, the following resolution was introduced by Supervisor McCarthy and *adopted*:

Objections Overruled.

Resolution No. 11384 (New Series), as follows:

Whereas, this Board, by Resolution No. 11229 (New Series), declared its intention to close and abandon certain streets and portions of streets situated in the City and County of San Francisco, State of California, and in said resolution of intention more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of said streets and portions of said streets was duly given by the Board of Public Works of said City and County by publication and posting in the manner provided by Section 3, Chapter III, Article VI of the Charter of this City and County; and

Whereas, certain persons did make objections to the same within ten (10) days after the expiration of the time of said publication of said notice, which objections were delivered to the Clerk of this Board, who endorsed thereon the date of their reception by him, and at the next meeting of this Board after the expiration

of said ten (10) days, did lay said objections before this Board of Supervisors, who thereupon fixed a time for hearing said objections, viz.: the 14th day of December, 1914, at the hour of 3 o'clock p. m. of said day, which time was not less than one week after said meeting of said Board of Supervisors; and

Whereas, the Clerk of this Board did notify the persons making objections by depositing a notice of said hearing in the Postoffice, postage prepaid, addressed to such objectors; and

Whereas, said matter came on duly for hearing before this Board on this 14th day of December, A. D. 1914, at the hour of 3 o'clock p. m. of the day set for said hearing, and due hearing on said objections having been had, and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said streets and portions of streets in said notice of intention more particularly described; now, therefore, be it

Resolved, That said objections, heretofore filed as aforesaid, and each of them, be and the same are hereby overruled.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hillmer, Hocks, Jennings, Kortick, McCarthy, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

Passed for Printing.

Thereupon, the following resolutions were passed for printing:

#### Closing Streets.

Resolution No. — (New Series), Closing and abandoning portions of Newcomb avenue, La Salle avenue, Kirkwood avenue, Innes avenue, Hudson avenue, Galvez avenue, Fairfax avenue, Davidson avenue, Selby street, Mississippi street, Missouri street, Arkansas street, Wisconsin street, Carolina street, De Haro street, Rhode Island street, Kansas street, Vermont street, Orleans street, Mazzini street, Tulare street, Napoleon street, Texas street, and all of Luck street, all of Bourbon street, all of Biggs street and all of Upton street.

Whereas, this Board has by Resolution No. 11229 (New Series) declared its intention to close and abandon the streets and portions of streets situated in the City and County of San Francisco, State of California, and hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of said streets and portions of said streets was duly given, by the Board of Public Works of said City and County by publication and

posting in the manner provided by Section 3, Chapter III, Article VI of the Charter of this City and County; and

Whereas, certain persons did make objections to the same within ten (10) days after the expiration of the time of said publication of said notice, which objections were delivered to the Clerk of this Board, who endorsed thereon the date of their reception by him, and at the next meeting of this Board after the expiration of said ten (10) days, did lay said objections before this Board of Supervisors, who thereupon fixed a time for hearing said objections, viz.: the 14th day of December, 1914, at the hour of 3 o'clock p. m. of said day, which time was not less than one week after said meeting of said Board of Supervisors; and

Whereas, the Clerk of this Board did notify the persons making objections, by depositing a notice of said hearing in the post office, postage prepaid, addressed to such objectors; and

Whereas, at the time specified for the hearing of said objections this Board of Supervisors did hear the objections urged and did overrule said objections; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said streets and portions of said streets; and

Whereas, in and by said Resolution of Intention, No. 11229 (New Series), this Board did declare that the damages, costs and expenses of closing said streets and portions of said streets are nominal and no assessment district is necessary to be formed, and that said damages, costs and expenses should be paid out of the revenue of the City and County of San Francisco; and

Whereas, the said work is for closing up said streets and portions of said streets, and it appears to this Board that no assessment is necessary therefor;

Now, Therefore, Be It Resolved, that said objections be and the same are hereby overruled.

THAT POTRERO AVENUE be produced and extended southeasterly at a uniform width of ninety (90) feet from the easterly line of Holladay avenue to the westerly line of San Bruno avenue;

THAT NAPOLEON STREET be widened along its present southerly boundary to the full width of seventy (70) feet to its present termination at or near Precita Creek;

THAT NAPOLEON STREET be produced and extended easterly and opened to a uniform width of seventy (70) feet running parallel with Army street, from its present easterly termination at or near Precita Creek to

the proposed extension of Evans avenue, and

IT IS THE INTENTION of the Board of Supervisors of the City and County of San Francisco to order the opening, extending and widening of said streets, or portions of said streets, as part of a general plan.

#### EVANS AVENUE.

That the proposed extension of EVANS AVENUE and the lands deemed necessary to be taken for such proposed extension are situated in the City and County of San Francisco, State of California, and are particularly described as follows, to-wit:

Commencing at the intersection of the easterly line of De Haro street and the southerly line of Army street, and running thence southerly, along said line of De Haro street 14 feet; thence at right angles easterly 38.63 feet; thence on a course deflecting to the right 14 degrees, 170.27 feet; thence on a curve to the right, whose radius is 943 feet, a distance of 362.08 feet to a point; thence on a curve to the right whose radius is 473 feet, a distance of 238.41 feet to a point; thence on a tangent 194.05 feet to a point; thence on a curve to the left, whose radius is 746 feet a distance of 327.24 feet to the point of tangency with the southwesterly line of Evans avenue (formerly Fifth avenue) produced, as said Evans avenue (formerly Fifth avenue) is delineated and designated on the map of the O'Neill and Haley Tracts; thence along said line of Evans avenue, produced, to the right bank of Islais Creek, as said creek is delineated and designated on said map; thence northeasterly along said bank of said Islais Creek to the northeasterly line of Evans avenue; thence northwesterly along the northeasterly line of Evans avenue, produced, to the westerly line of Connecticut street; thence along said northeasterly line of Evans avenue, produced, 36.65 feet; thence on a curve to the right, whose radius is 666 feet, a distance of 292.65 feet to a point; thence at a tangent 194.05 feet to a point; thence on a curve to the left, whose radius is 553 feet, a distance of 279.90 feet to a point; thence on a curve to the left, whose radius is 1023 feet, a distance of 312.61 feet to the southerly line of Army street; thence westerly, along said southerly line of Army street 300.19 feet to the point of commencement.

#### JERROLD AVENUE.

That the proposed extension of JERROLD AVENUE, and the lands deemed necessary to be taken for such proposed extension are situated in the City and County of San Francisco, State of California, and are particularly described as follows, to-wit:

Commencing at a point on the easterly line of San Bruno avenue distant thereon 616.03 feet southerly from the southerly line of Army street; thence southeasterly, at an angle of 36 degrees 13 minutes with said easterly line of San Bruno avenue, and running 460.47 feet to a point; thence on a curve to the left, whose radius is 362 feet, 166.16 feet to the point of tangency of the southwest line of Jerrold avenue, produced, said Jerrold avenue being the same street known as Tenth avenue on the map of the O'Neill and Haley Tracts; thence southeasterly along said line of Jerrold avenue, produced, to a point distant thereon 1478 feet northwesterly from its intersection with the northwesterly line of Selby street; thence easterly to a point on the northeasterly line of Jerrold avenue, distant thereon 1328 feet northwesterly from its intersection with the northwesterly line of Selby street; thence northwesterly along the northeasterly line of Jerrold avenue, produced, to the westerly line of Orleans street; thence northwesterly along said northeasterly line of Jerrold avenue, produced, 96.87 feet to a point; thence on a curve to the right, whose radius is 282 feet, a distance of 129.44 feet to a point; thence at a tangent northwesterly 469.31 feet; thence on a curve to the right, whose radius is 100 feet, a distance of 63.20 feet to a point; thence northerly, tangent to preceding course 53.38 feet; thence around a curve to the left, whose radius is 160 feet, to a point on the easterly line of San Bruno avenue, distant thereon 343.13 feet southerly from the southerly line of Army street; thence southerly, along the easterly line of San Bruno avenue 272.91 feet to the point of commencement.

#### POTRERO AVENUE.

That the proposed extension of Potrero avenue, and the lands deemed necessary to be taken for such proposed extension are situated in the City and County of San Francisco, State of California, and are particularly described as follows, to-wit:

Commencing at a point on the westerly line of San Bruno avenue, distant thereon 454.86 feet southerly from its intersection with the southerly line of Army street; thence northerly and northwesterly by a curve of 100 feet radius 124.12 feet (central angle 71 degrees 07 minutes 40 seconds); thence northwesterly at a tangent to last named course 131.27 feet to a point; thence in a northwesterly direction by a curve to the right of 3190 feet, mean radius, 115.78 feet to a point on the easterly line of Holladay avenue, dis-

tant thereon 358.30 feet northerly from its intersection with the northerly line of Eve street; thence northerly along said easterly line of Holladay avenue 100.20 feet to a point; thence in a southeasterly direction by a curve to the left of 3100 feet, mean radius, 142.80 feet to a point on the westerly line of Adam street, distant thereon 193.96 feet southerly from its point of intersection with the southerly line of Army street; thence southeasterly to a point on the easterly line of Adam street, distant thereon 214.16 feet southerly from its intersection with the southerly line of Army street; thence southeasterly on a course making an angle with Adam street of 71 degrees 07 minutes 40 seconds 129.80 feet to a point; thence southeasterly on a curve to the right of 160 feet, radius 10.26 feet to a point on the westerly line of San Bruno avenue, distant thereon 238.55 feet southerly from its intersection with the southerly line of Army street; thence southerly along said line of San Bruno avenue 166.31 feet to the point of commencement.

#### NAPOLEON STREET.

That the proposed widening of Napoleon street, and the lands deemed necessary to be taken for such proposed widening, are situated in the City and County of San Francisco, State of California, and particularly described as follows, to-wit:

Commencing at the point of intersection of the southerly line of Napoleon street with the northeasterly line of Jerrold avenue, produced northwesterly (as said Napoleon street is delineated and designated upon Gift Map No. 4), and running thence southeasterly and along said northeasterly line of Jerrold avenue produced to a point thereon which is 30 feet perpendicularly south from said southerly line of Napoleon street, and running thence easterly and parallel to said southerly line of Napoleon street to the intersection of said line with Precita Creek, and running thence northerly and along Precita Creek to said southerly line of Napoleon street and thence westerly and along said southerly line of Napoleon street to the point of commencement.

#### NAPOLEON STREET.

That the proposed extension of Napoleon street, and the lands deemed necessary to be taken for such proposed extension are situated in the City and County of San Francisco, State of California, and are particularly described as follows, to-wit:

Commencing at a point on the

southwesterly line of Evans avenue, produced, 866 feet perpendicularly southerly from the southerly line of Army street; running thence westerly and parallel with said line of Army street to the intersection of the northerly line of Napoleon street, produced northeasterly; thence westerly, along said northerly line of Napoleon street produced to its junction with the present northerly line of Napoleon street; thence southeasterly along the present easterly line of Napoleon street to a point 70 feet perpendicularly southerly from the present northerly line of Napoleon street; thence easterly and parallel with said present northerly line of Napoleon street, produced northeasterly, to a point 936 feet perpendicularly southerly from the southerly line of Army street; thence easterly, parallel to said line of Army street to the intersection of the northwesterly line of Toland street, produced; thence northerly to the point of commencement.

Whereas, The damages, costs and expenses of opening and extending said streets and portions of said streets, and the widening thereof are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses of opening and extending said streets, and widening the same, the Board of Supervisors hereby declare and determine that the whole damage, cost and expense of opening and extending said streets and widening the same shall be paid out of the revenue of the City and County of San Francisco.

Said extensions and openings and widening of said streets shall be done in pursuance of Chapter III, Article VI of the Charter of the City and County of San Francisco, and shall be done in the manner, and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of the Charter of the City and County of San Francisco.

Adopted—Board of Supervisors, San Francisco, October 13, 1914.

**Denying Woodworking Shop Permit.**

J. R. No. —

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors permission is hereby denied Steve A. Kordoulis to maintain and operate a mill and fixture shop at 21 Ritch street wherein planers, stickers and jointers are to be used.

**Minority Report, Fire Committee.**

San Francisco, Dec. 14, 1914.

**Board of Supervisors.**

Gentlemen: I do not concur in that part of the Fire Committee report recommending the denial of the application of Steve A. Kordoulis for permission to maintain and operate a mill and fixture shop at 21 Ritch street, wherein planers, stickers and jointers are to be used. Property owners and residents in the vicinity of the proposed site entered protest against granting said permit, but the reasons advanced by them for a denial of the permit did not appeal to me as being sufficient.

It is proposed to erect a brick building for use as a mill; and such structure will not, in my opinion, increase the fire hazard or in any other way damage adjoining property interests.

Under these circumstances I feel that the permit should be granted and so recommend.

Respectfully submitted.

RALPH McLERAN,  
Member of Fire Committee.

Charter Amendment, Civil Service.

The following proposed amendment to Section 11, Article XIII of the Charter, laid over from last week, was taken up:

Section 11. The provisions of this article shall apply to all offices and employments under the City and County, except the following: All elective officers, all appointees of the Mayor, of the City Attorney and of

the District Attorney; the deputies of the Superintendent of Schools; the City Engineer; the City Architect; the Chief of Police; the Chief Engineer of the Fire Department; the Superintendent of Public Works and Grounds; the Superintendent of Playgrounds; the Clerk of the Board of Supervisors; the officers and employees of the Public Library and the San Francisco Law Library; the manager or superintendent head of each public utility; all special examiners appointed by the Civil Service Commission; all investigators appointed under Section 14 of this Article; the attorney for the Auditor and for the Sheriff; all physicians; and all experts hereafter employed under any provisions of this Charter who, in the judgment of the Civil Service Commission, are employed in the performance of duties included in their profession. All appointments to positions not excepted herein not made in accordance with the provisions of this article shall be void. Nothing herein shall be construed as in conflict with the provisions of Article VIII of this Charter relating to the detail of detective sergeants and captain of detectives, nor as affecting the rights of teachers of the public schools of the City and County.

Any person who has served in any position in any of the offices or departments which are subject to the provisions of this article for a period of one year continuously next prior to the date of the approval by the Legislature of this amendment and who shall be actually employed in such position at such time is hereby declared to be appointed within the provisions of Article XIII of this Charter to such position, and he shall be then entitled to all the benefits of said Article; all persons who have served in any such position for a period of less than one year and for a period of more than six months next prior to such approval of this amendment, shall be deemed probationary appointees, and shall be entitled to all the benefits of said article upon completion of the prescribed probationary period thereafter. Persons employed, at the date of acquisition, in the operating service of any public utility acquired by the city, and who have been so employed continuously for the period of one year next prior thereto shall continue in their positions and be deemed probationary appointees and shall be entitled to all the benefits of this Article upon completion of the prescribed probationary period thereafter; provided, that said persons at the date of their appointment becomes final, are citizens of the United

States and actually reside in the City and County of San Francisco.

No person occupying any position subject to the provisions of this Article shall be removed from such position by reason of any change in the designation of such position or of the duties thereof, or transferred unless such action is approved by the Civil Service Commission after a hearing at which the occupant of such position may appear and be heard. All provisions of this Charter relating to the appointment and tenure of officers and employees in conflict herewith are hereby repealed.

#### Privilege of the Floor.

*B. B. Harding*, eligible on waiting list of Civil Service general clerks, was granted the privilege of the floor. He protested against the approval of the foregoing Charter amendment and declared that it would preclude men now on the eligible list from obtaining a position until such time as one of the present employees dies or is discharged. He believed that if amendment was adopted there would be no more use for the Board of Civil Service Commissioners and that Board could be abolished, saving to the taxpayers some \$20,000 per year.

#### Motion.

*Supervisor Power* moved to refer back to the Judiciary Committee and that heads of departments be given an opportunity to be heard.

Motion carried.

#### Announcement.

Supervisor Nelson announced that the Judiciary Committee would meet and consider foregoing on Friday, December 18, 1914, at 2 p. m.

Charter Amendment, Municipal Printing Plant.

Supervisor Walsh presented:

Charter Amendment No. —

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a special election to be held on the 9th day of March, 1915, a proposal to amend the Charter of said City and County as follows:

That a new section be added to Chapter III of Article II to be numbered Section 3a and to read as follows:

Section 3a. In lieu of contracting for all printing in accordance with the provisions of Section 3 hereof, the Board of Supervisors shall establish a Bureau of Municipal Printing and shall provide for the operation of a municipal plant and purchase the necessary machinery, material and supplies therefor. All printing that shall be required by the City and County, by the several officers and departments thereof, shall be done by the municipal printing department, except such as the Board of Supervisors may determine may be more economically obtained by contract.

The Mayor shall appoint a Superintendent of Printing from a list of eligible employees of such department obtained after examination by the Civil Service Commission. The Supervisors shall fix the salaries of the Superintendent and of all employees of said department.

The Superintendent shall be charged with the efficient and economical operation of the municipal printing plant. He shall appoint all necessary employees, subject to the provisions of Article XIII, and may suspend or discharge any employee when the good of the department shall require subject to the provisions of said article.

Requisitions for all supplies required by this bureau shall be approved by the bureau or committee of

supplies established by the Board of Supervisors.

Requisitions for printing to be done at the municipal printing plant shall be issued as provided in Section 2, but need not be signed by the Mayor.

#### ADJOURNMENT.

There being no further business the Board at the hour of 5:05 p. m. adjourned.

J. S. DUNNIGAN,  
Clerk.

TUESDAY EVENING, DECEMBER 15,  
1914, 8:00 O'CLOCK.

In Board of Supervisors, Tuesday evening, December 15, 1914, 8 o'clock.

The Board of Supervisors met in special session for the purpose of considering the City Engineer's report on plan No. 7 for Church street extension of the Municipal Railway.

#### ROLL CALL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, Murdock, Nelson, Nolan, Payot, Power, Suhr, Vogelsang, Walsh—17.

Quorum present.

His Honor Mayor Rolph presiding.

#### Adopted.

A communication containing the approval of his Honor the Mayor to a fifteen day leave of absence for Supervisor Power was presented by Supervisor Vogelsang and read.

Thereupon the following resolution was adopted:

Leave of Absence, Supervisor Jas. E. Power.

On motion of Supervisor Vogelsang:  
J. R. No. 1578.

Resolved, That Supervisor James E. Power be and he is hereby granted a 15 days' leave of absence, with permission to leave the State, commencing Wednesday, December 16, 1914.

Consideration of City Engineer's Report on Plan No. 7, Church Street Municipal Railway Extension.

His Honor the Mayor announced that pursuant to J. Resolution No. 1411, adopted by the Board of Supervisors on September 14, 1914, the

Board of Public Works had, on December 7, 1914, transmitted to the Board of Supervisors its report on the cable scheme for the Church street extension of the Municipal Railway and this this evening had been set aside for the purpose of giving the subject careful and adequate consideration.

The Clerk thereupon, at the request of his Honor the Mayor, read the letter of transmittal and the report of the City Engineer containing his objections to the proposed scheme.

#### Motion.

Whereupon Supervisor McCarthy moved that the Board now proceed to hear those present, that speeches be limited to five minutes and that the audience be requested to refrain from applause.

Motion carried.

#### Privilege of the Floor.

The following were granted the privilege of the floor.

James McSheehy addressed the Board and said in part: On the 14th of September the resolution calling upon the Board of Public Works to prepare plans and specifications for the Church street extension of the Municipal Railway in accordance with plan No. 7 was adopted by the Board by a vote of 13 to 5. This action was taken after the Board had listened to the evidence on both sides for eight solid hours. We proved at that time to the satisfaction of the Board that we were right and that the road that we advocated was the only one that our finances would permit us to build. The City Engineer in rebuttal to our statement claimed that it would cost \$300,000 to build that road and we proved that it would cost only \$116,000. We proved that in detail. We also proved that it would cost the sum of \$13,500 per annum to run the road. The City Engineer, on the other hand, claimed that it would cost \$50,000 per annum.

Last Monday the Board of Public Works presented to this Board plans and specifications for this road in accordance with plan No. 7. These plans and specifications were taken under advisement. A committee of three of the Church Street (Non-Assessment) Municipal Railway Association took a copy of the plans and went over them minutely.

Again last Sunday we spent from 1:30 to 6:30 going over our figures and we then recommended to our League the following resolution which was unanimously adopted:

"Resolved, That the plans and specifications for the construction of the auxiliary cable section of the pro-

posed Church street Municipal Railroad, that were submitted to this Board by the Board of Public Works on December 7, 1914, be and they are hereby approved with the following modifications, to-wit:

That separate proposals be invited for the following items:

1—Power house building. 2—Electric overhead construction and installation, including trolley poles and installation of conduits. 3—Cable powerhouse equipment completed and in working order, cable track work complete and ready for operation, and grip cars with couplings. 4—Magnetic brakes;

That extra feeder line be eliminated;

That the sum of \$5,000 be set aside as a bonus to be paid in equal amounts to the five bidders, if so many there be, who submit the best combined designs, proposals and guarantees for speed and low cost of operation;

That the bidders be required to state the shortest time within which they will complete the required work, not exceeding 180 calendar days from the date of signing the contract, and that the time for submitting proposals be not later than February 17, 1915.

The Board of Public Works is hereby empowered and instructed to invite proposals for performing the work in accordance with the provisions of this resolution."

I wish to call it to your attention that large railroad corporations never call for a combined bid as these plans and specifications do. The bids for the Van Ness avenue line were segregated the same as we request that the Church street line be segregated. The fifth item for an extra feeder cable from Mariposa to Church streets should be entirely eliminated. In reference to the proposition of receiving bids, I wish to say that you will not receive any bids on these plans and specifications as submitted by the City Engineer, because no bidder would think of going to the expense of \$1000 in drawing plans that he could not figure. The City Engineer's and City Architect's offices have never done work in this manner before. I have been a contractor in this city doing municipal work for fourteen years and know something about it.

Mr. McSheehy then read a resolution which he said had been unanimously adopted by the Non-Assessment League denouncing the activity of the employees of the City Engineer's office in working up in the Mission improvement clubs opposition to plan No. 7. He declared that

the Mission Promotion Association was the only club in the Mission that voted against plan No. 7 when our side of the question had been presented to them. Car No. 11, according to Bion J. Arnold, is the most congested line in the city. The only relief is the Church street railway. Your plans and specifications will cost three or four times as much as ours. Ours is the only plan of a railway that our means will allow us to build. He asked that the foregoing resolution which had been unanimously approved by the League be adopted by the Board.

A. E. Roberts, engineer employed by the Church Street (Non-Assessment) Municipal Railway League, also addressed the Board. He said he was engaged professionally by the Church Street (Non-Assessment) League and invited to express his views as an engineer on the feasibility and practicability of the plan they submitted known as plan No. 7 for a railway on Church street. I am the designer of the plans, he said, and I placed my stamp of approval on them. Full consideration was given to elements of safety in operation, as well as to cost to the city or to the property owners affected. I had before me the estimates of cost of the consulting engineers of the city and my own experience of twenty-nine years, and taking the matter up again when reported by the City Engineer and weighing it in all of its phases, considering every angle, I again gave it my approval.

As to safety, Mr. Roberts said there is no place on a similar grade in San Francisco today where more ideal conditions exist, than in the four blocks on Church street, between Dorland and Eighteenth streets. As additional security against accident we have suggested two ½-inch cables, and magnetic brakes in addition to the air brakes. As to cost of the cable road, he said that instead of costing \$300,000, as estimated by the City Engineer, it would only cost \$116,000, and against the City Engineer's estimate of \$50,000 for operation per annum, he figured on \$13,000, plus depreciation and maintenance.

Mr. Roberts declared that he didn't see the logic of asking contributions from citizens to build a municipal street railway.

"The roads in private ownership don't do that." The plan formerly proposed, he said, with the assessment scheme involved a continuous 8 per cent grade with many curves. He declared that the greatest grade on the cable line would be 19 per cent, and that the grade on the Fill-

more hill is 26 per cent. He said the interest on the greater cost of plan No. 4 would be as great as the extra operation cost of the cable plan.

*Kenneth McLeod*, representing the Church Street (Non-Assessment) League, declared that the actual cost of operation on an electric road would be \$13,500 per annum, all of which goes into wages to additional employees. If this road does not pay a more expensive surely will not. The road recommended by the City Engineers will have more to care for in the way of interest on the bonds, redemption of the principal and depreciation. Church street, as a trunk line, he said, is impossible. Market street, which will feed it, is already overcrowded.

*Dorsan Nichols* also addressed the Board. He criticized the Mission Promotion Association for its alleged activity in inducing other improvement clubs to reject the cable plan.

*City Engineer O'Shaughnessy* addressed the Board and stated that the City Engineer's office would recommend one of several plans, but could not recommend the cable plan. He said he did not believe the people of Church street should be made to pay for the new boulevard in connection with plan No. 4 if they did not want it. He explained the advantages of plan No. 4 in affording a boulevard and a railway right of way on an 8 per cent grade, and said that when first presented they were seconded by Mr. McSheehy and recommended by the Street Committee, agreeing that the city should pay one-half the cost of grading.

Being asked to tell why he had not recommended a bond issue large enough to cover the cost of a railway on Church street, he read a paragraph in his report of April, 1913, in which it was stated that the Church street people would have to provide a way of getting over the hill, as other sections were providing tunnels.

*Thomas Ransome*, Assistant City Engineer, addressed the Board. He said that no cable road can be built to haul large cars in a manner at all satisfactory. Accidents will be frequent. Cost will be greater rather than less. He declared the cable plan would cost \$300,000 and \$50,000 per year to operate. San Francisco, he said, cannot afford to experiment with a cable road, the city had had enough of experiments in the Twin Peaks reservoir, which had cost the taxpayers an additional \$100,000, and the incinerator, which would involve a loss to the city of either \$100,000 or \$300,000, the difference depending

on whether the contractor for the latter was forced to make good.

*Timothy Riordan*, President of the Board of Public Works, spoke of the record of his two fellow Commissioners on the Board, D. F. Fraser and Adolph Judell, and their years of experience in matter of practical engineering and declared that they were both strongly against the construction of a cable road.

*Mrs. Margaret Walsh* also addressed the Board. She opposed any assessment whatever on the property owners for the road recommended by the City Engineer and declared that if the Church street road was not built that the residents and voters in that section would see that no other extensions were built in other parts of the city. She believed that it was a scheme of the United Railroads to block the Church street extension, fearing the competition of the Municipal road.

*Fred Bier*, representing the Church Street Municipal Railway (Non-Assessment) League, also addressed the Board, opposing any assessment and favoring plan No. 7.

*Eustace Cullinan*, president of the Mission Promotion Association, said that the association unalterably opposed the cable, but was not in favor of the assessment district plan in road building. He believed that the excessive operating cost of the cable plan would bleed the Municipal Railways to death. "If we cannot afford to build this road right, we certainly can't afford to build it wrong."

*Geo Gerhardt*, representing the Transportation Committee of the Civic League, also addressed the Board in opposition to plan No. 7.

*George Skaller*, representing the North Beach Improvement Association, declared that the Supervisors who favored the cable line, that they did not represent the Church street district alone, but the city at large. He said he had not yet found anyone in the city, outside the roster of the Church Street Non-Assessment League that favored the cable line. The Stockton street people, he said, had paid for a tunnel by assessment, and he thought the Church street people should do likewise.

*The Rev. M. D. Connolly* addressed the Board and said he did not believe his parishioners and others in his district really cared for a cable line, as it was an antiquated form of locomotion, but he was not in favor of an assessment district for the construction of the road. The fact that the people adjacent to Stockton street tunnel were assessed was no reason for assessing those on

Church street. Two wrongs don't make a right.

**Resolution.**

Thereupon, Supervisor Vogelsang presented the following resolution:

J. R. No. —

Whereas, By the railway bond issue of 1913 the sum of \$498,000 was provided for a municipal railway line from Van Ness avenue to Thirtieth street, along Church street, as recommended by the City Engineer on April 5, 1913, of which sum \$172,500 was appropriated for cars and car barn, leaving available for road and overhead construction the sum of \$325,500; and

Whereas, Said report of the City Engineer, so adopted by the Board of Supervisors, contemplated a reasonable grade by the opening of a new street or the construction of a tunnel as the cost of property owners benefited, as provided by law; and

Whereas, No plan has yet been suggested whereby said road can be constructed within the limits of the funds so appropriated and available, and no provision has yet been made, either for the opening of a new street or the construction of a tunnel; and

Whereas, The proposed cable section involves an investment far in excess of the amount voted for the construction of the said Church street line; is most expensive in operation; is dangerous to life and limb; is denounced by the City Engineer, the Board of Public Works, the press, the Building Trades Council, and a large number of our civic organizations; will be difficult and slow of operation; will destroy the value of the road as a trunk line; will be most unprofitable and impossible of maintenance, except at the expense of other sections of the municipal railway; will be an impeachment of the city's ability to construct, maintain and operate her own property, and will discourage and defeat municipal ownership; therefore, be it

Resolved, (1) That the plans and specifications of the Board of Public Works for the auxiliary cable section of the proposed municipal railway, submitted December 7, 1914, be, and they are hereby disapproved;

Resolved (2), That this Board hereby declares that it has no power or right to appropriate, for the Church Street Railway, any sum in excess of the amount provided in the bond issue of 1913, except upon the further mandate of the people of San Francisco.

**Substitute Resolution.**

Supervisor McCarthy moved the adoption of the following resolution as a substitute for the foregoing:

Resolved, That this Board of Supervisors hereby directs the Board of Public Works to prepare a plan for the construction for an extension to the municipal railway on Church street, which will be constructed with the appropriations already voted by this Board; provided, however, that the cost of street work where not already done, shall be paid by the property fronting on Church street and immediately benefited.

**Amendment.**

Supervisor Hayden moved to amend by adding the following:

Resolved, That the plan for the construction of a cable road be returned to the Board of Public Works without approval.

*So ordered.*

**Resolution Segregated.**

Thereupon, on motion of Supervisor Hayden, the foregoing resolution was segregated and the last part voted upon, with the following result:

Ayes—Supervisors Bancroft, Hayden, Hilmer, Hocks, Jennings, Murdock, Payot, Suhr, Vogelsang—9.

Noes—Supervisors Deasy, Gallagher, Kortick, McCarthy, Nelson, Nolan, Power, Walsh—8.

Absent—Supervisor McLeran—1.

**Adopted.**

Whereupon, the question being taken, the resolution was adopted by the following vote:

**Board of Public Works to Prepare Plan for Church Street Municipal Railway Extension Out of Funds Available, Street Work to be Assessed on Property.**

J. R. No. 1579.

Resolved, That this Board of Supervisors hereby directs the Board of Public Works to prepare a plan for the construction for an extension to the Municipal Railway on Church street, which will be constructed with the appropriations already voted by this Board. Provided, however, that the cost of street work where not already done shall be paid by the property fronting on Church street and immediately benefited.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, McCarthy, Murdock, Nelson, Nolan, Payot, Power, Suhr, Walsh—14.

Noes—Supervisors Bancroft, Jennings, Vogelsang—3.

Absent—Supervisor McLeran—1.

**ADJOURNMENT.**

There being no further business, the Board at the hour of 1 a. m., Wednesday, December 16, 1914, adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors December 21, 1914.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, J. S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

Communication From Mayor, Advising of Sale to F. W. Leis for \$2000 of City's Right, Title and Interest to Certain Land in South San Francisco.

The following matter was read by the Clerk and ordered spread in the Journal:

Board of Supervisors,  
San Francisco, Cal.

Gentlemen: In conformity with the authority conferred upon me by ordinance No. 2966 (New Series) of the Board of Supervisors and by Section 9, Chapter II, Article II of the Charter of the City and County of San Francisco, I caused to be published in the official newspaper of the City and County of San Francisco and in one other daily newspaper published in the City and County, to-wit, the Call, for two weeks successively next before the date of sale a notice setting forth that the City and County of San Francisco would sell all of its right, title and interest in and to the real property described in said notice, a copy of which said notice is hereunto attached and by this reference made a part hereof, that on the 14th day of December, 1914, I accepted the bid of F. W. Leis and have sold to him all of the right, title and interest of the City and County of San Francisco in and to the following described real property situate, lying and being in the City and County of San Francisco, to-wit:

Commencing at a point on the northeasterly line of Fifth avenue South, distant thereon four hundred and thirty (430) feet nine (9) inches

northwesterly from the northwesterly line of M street South, which point is also the point of intersection of the line dividing the O'Neil & Haley Tract and the lands formerly of the Central Park Homestead Association with the said northeasterly line of Fifth avenue South; running thence 54 degrees 15 minutes east along said dividing line two hundred and ten (210) feet eight (8) inches, more or less, to the southwesterly line of Fourth avenue South; thence northwesterly along said southwesterly line of Fourth avenue South two hundred and thirty-five (235) feet five (5) inches, more or less, to the southeasterly line of N street South; thence at a right angle southwesterly and along said southeasterly line of N street South two hundred (200) feet to the northeasterly line of Fifth avenue South, and thence at a right angle southeasterly and along said northeasterly line of Fifth avenue South one hundred and sixty-nine (169) feet three (3) inches, more or less, to the point of commencement; being a portion of Tide Lands Block No. 82.

for the sum of two thousand (\$2,000) dollars. Said bid was accompanied by a check in the sum of two hundred (\$200) dollars payable to the order of the Board of Supervisors of the City and County of San Francisco and was the highest, best and only bid made therefor.

JAMES ROLPH, JR.,

Mayor of the City and County of San Francisco.

Report of City Engineer on Status of Work of Boring Wells in Richmond and Sunset Districts.

The following communication was read by the Clerk, referred to the Public Utilities Committee and ordered spread at length in the Journal:

December 18, 1914.

Honorable Board of Supervisors,  
San Francisco.

Gentlemen: Referring to your Journal Resolution No. 1573, dated December 14, 1914, wherein I am requested to advise your honorable Board at its next meeting of the present status of the work of boring wells in the Richmond and Sunset districts as authorized by your Honorable Board, I have pleasure in submitting the following:

By Ordinance No. 2722, Bill No. 3000, the Board of Public Works was directed to prepare specifications and contracts and advertise for bids for boring and testing wells in the Sunset and Richmond districts.

At the recommendation of this office the Board of Public Works was authorized by Resolution No. 10869

(Second Series) to bore test holes in the Richmond and Sunset districts in order to determine the depth of bedrock and the nature of the strata before proceeding with the more costly work of boring and testing wells.

Acting under this authority, test holes have been bored in the Richmond and Sunset districts in the locations and to the depths listed below:

Test Hole No. 1, located on Block No. 339, between Balboa and Cabrillo streets, Forty-second and Forty-third avenues, 299 feet to bedrock.

Test Hole No. 2, located on Block No. 424, between Fulton and Cabrillo streets, Forty-fourth and Forty-fifth avenues, 348 feet to bedrock.

Test Hole No. 3, located on Block No. 716, between Irving and Judah streets, Forty-fourth and Forty-fifth avenues, 244 feet to bedrock.

Test Hole No. 4, located on Block No. 714, between Irving and Judah streets, Forty-second and Forty-third avenues, 176 feet to bedrock.

Test Hole No. 5, located on Block No. 810, between Kirkham and Lawton streets, between Forty-second and Forty-third avenues, 254 feet to bedrock.

Test Hole No. 6, located on Block No. 913, between Noriega and Ortega streets, Forty-fourth and Forty-fifth avenues, 366 feet to bedrock.

Test Hole No. 7, located on Block No. 1140, between Santiago and Taraval streets, Forty-fourth and Forty-fifth avenues, 343 feet to bedrock.

Test Hole No. 8, located on Block No. 1215, between Ulloa and Vicente streets, Forty-second and Forty-third avenues, 482 feet to bedrock.

Test Hole No. 9, located on Block No. 1244, between Vicente and Wawona streets, Forty-fourth and Forty-fifth avenues, 350 feet to bedrock.

Test Hole No. 10, located on Block No. 1276, between Wawona and Yorba streets, Thirty-sixth and Thirty-seventh avenues, 398 feet to bedrock.

By noting the location of these test holes on a map of the city it will be observed that there is apparently a depression in the bedrock extending under Golden Gate Park toward the ocean, that the bedrock rises from Golden Gate Park southerly to a ridge in the vicinity of Irving and Judah streets, and then apparently slopes off toward the Lake Merced Rancho, making another basin in the Sunset District which may be independent of the drainage from Golden Gate Park.

A contract for boring and testing a well adjacent to Test Hole No. 1 was awarded to S. M. Halsted on September 11, 1914, for the sum of \$2,600. For the purpose of identification in

our records this well is known as Well No. 616, and will hereafter be referred to as such. This well was to be 14 inches in diameter and 299 feet deep. After it had been sunk to a depth of 256 feet the contractor found it impossible to drive the 14-inch casing any deeper and was accordingly permitted to install 10-inch casing for the remaining 43 feet, a proper reduction being made in the contract price. The boring of this well has been completed, a pump has been installed, and since the 11th instant the contractor has been engaged in testing and developing the well. If no unforeseen difficulties are encountered he expects to have the contract completed by the first of January, by which time we should be able to have definite knowledge as to the probable capacity of the well and the quality of the water. It is proposed to make bacteriological examinations of the water to determine whether it has been contaminated in any way by the sewage which has been flowing into Golden Gate Park for the last twenty years.

A contract for a well, known as No. 617, adjacent to Test Hole No. 2, was awarded to J. B. Rogers on September 30th for the sum of \$2,040. This well is to be 315 feet in depth and is to be lined with double stove pipe casing 14 inches inside diameter. The contractor has installed double 16-inch casing to a depth of 112 feet, beyond which point he was unable to proceed with this size casing, and 14-inch casing was installed to a depth of 138 feet, when it was found impossible to drive it further and the contractor was given permission to install the remainder of the casing 12 inches in diameter, with the understanding that if he is unable to complete the well to the required depth with casing of this diameter this well will be abandoned and another well sunk in the vicinity. It is as yet too early to state just when this well will be completed.

Specifications for Well No. 620, adjacent to Test Hole No. 6, have been completed and sent to the Board of Public Works with the recommendation that they be advertised for bids. This well is to be 236 feet deep and is to be a gravel filter well with 20-inch outside diameter casing and 14-inch inside diameter casing.

As reported on the 21st of August, permission has been obtained from the Park Commissioners to construct a reservoir in Lincoln Park, and plans and specifications for this reservoir have been completed.

It is hoped that with a satisfactory change in the bond market a sufficient number of the  $4\frac{1}{2}$  per cent Hetch

Hetchy bonds can be disposed of to place at our disposal funds for the installation of pumps and the construction of the proposed reservoir and distribution system without impairing the funds needed to prosecute the work which must be done to adequately protect the city's rights in the Hetch Hetchy Valley.

Respectfully,  
M. M. O'SHAUGHNESSY,  
City Engineer.

#### REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Lighting and Rates Committee, by Supervisor Nolan, Chairman.

Police Committee, by Supervisor Hocks, Chairman.

Public Buildings Committee, by Supervisor Bancroft, Chairman.

Health Committee, by Supervisor Walsh, Chairman.

Judiciary Committee, by Supervisor Nelson, Chairman.

Supplies Committee, by Supervisor Hilmer, Chairman.

Streets Committee, by Supervisor McCarthy, Chairman.

Fire Committee, by Supervisor McLeran, Chairman.

Report of Judiciary Committee, Extension of Merit System.

Supervisor Nelson presented report of Judiciary Committee on proposed "extension of the merit system," which was, on his motion, made a Special Order of Business for 3 p. m. next Monday.

#### SPECIAL ORDER AT 3 P. M.

Lighting Contract, New Asphalt Plant. Consideration of claim of City Electric Company to lighting contract in new asphalt plant at Alameda and Florida streets, fixed for 3 p. m. this day.

Being asked if he would be satisfied to leave the question involved to the decision of the City Attorney, Mr. Hall, representing the City Electric Company, replied in the affirmative.

Whereupon, the subject matter was ordered referred to the City Attorney.

Hearing of Appeal, Street Work. Seventh Avenue, Between Kirkham and Lawton.

The hearing of appeal of Spring Valley Water Company for assessment issued for the cost of improving Seventh avenue, between Kirkham and Lawton streets, fixed for the hour of 3 p. m. this day, proceeded:

Adopted.

Supervisor McCarthy presented the following resolution which was adopted by the following vote:

Assessment Modified.  
Resolution No. 11404 (New Series), as follows:

Resolved, That the assessment against Spring Valley Water Company in Block No. 1852 be modified, and that the Board of Public Works be directed to issue two separate assessments, one of two hundred and forty-five feet, and the other of seventy feet, to be made against property assessed against Spring Valley Water Company, and that with this modification the protest be denied.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Suhr, Vogelsang, Walsh—16.

**Adopted.**

The following resolution was introduced under suspension of the rules and *adopted*:

Mayor to Call Meeting of Those Interested in the Beautification of Cemeteries.

On motion of Supervisor Gallagher: J. R. No. 1580.

Whereas, previous to the referendum election on the ordinance calling for removal of bodies from cemeteries, it was understood that, should the ordinance not carry, that steps might be taken to plan breathing spaces, or that a parking plan might be devised to beautify and make useful for the living those cemeteries within the boundaries of the City and County; therefore, be it

Resolved, That his Honor the Mayor, in conjunction with the Public Welfare Committee of this Board, issue a call for a meeting to be held in the Mayor's office as soon as convenient of all those persons and organizations interested in the beautification and parking of these cemeteries;

Further Resolved, That his Honor the Mayor and the Committee are authorized to appoint committees to cooperate with them along these lines, all committees to submit to this Board their recommendations on the subject.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Suhr, Vogelsang, Walsh—17.

**UNFINISHED BUSINESS.**

**Final Passage.**

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Extension of Time on Underground District No. 8.

Bill No. 3346, Ordinance No. 3056 (New Series), as follows:

Amending Section 1 of Ordinance

**Denying Woodworking Shop Permit.**

The following matters, laid over from last meeting, were taken up:

**J. R. No. —**

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors permission is hereby denied Steve A. Kordoulis to maintain and operate a mill and fixture shop at 21 Ritch street wherein planers, stickers and jointers are to be used.

**Minority Report, Fire Committee.**

San Francisco, Dec. 14, 1914.  
Board of Supervisors.

Gentlemen: I do not concur in that part of the Fire Committee report recommending the denial of the application of Steve A. Kordoulis for permission to maintain and operate a mill and fixture shop at 21 Ritch street, wherein planers, stickers and jointers are to be used. Property owners and residents in the vicinity of the proposed site entered protest against granting said permit, but the reasons advanced by them for a denial of the permit did not appeal to me as being sufficient.

It is proposed to erect a brick building for use as a mill; and such structure will not, in my opinion, increase the fire hazard or in any other way damage adjoining property interests.

Under these circumstances I feel that the permit should be granted and so recommend.

Respectfully submitted,  
RALPH McLERAN,  
Member of Fire Committee.

**Privilege of the Floor.**

*R. M. Reed*, representing *Steve A. Kordoulis*, was granted the privilege of the floor. He said that the owner of this property had already been refused a Chinese laundry permit and now it is recommended that a wood-working shop permit be denied. He wanted to know what the owner could do with his property, inasmuch as he considered it as an industrial district and the property fit for no other purpose. He declared that only four of the protestants were property owners.

*W. Manley*, representing the Chamber of Commerce, also addressed the Board. He said that the Chamber of Commerce was interested in developing and encouraging industries in San Francisco and believed this district to be an industrial district and that the permit should be granted.

*Chris. Schuldt*, representing his aunt, who owns the property adjoining the proposed woodworking shop, said that the granting of the permit will do irreparable damage to her property, which will become untenable from the noise of the planers and saws.

*P. Prost* also maintained that the district was a residential one and that such an enterprise would prevent owners of flats already erected from renting same.

**Minority Report Refused Adoption.**

*Supervisor McLeran* moved the adoption of the minority report.

Remitting Twin Peaks Tunnel Penalties.

On motion of Supervisor Deasy:

Resolution No. 11416 (New Series), as follows:

Whereas, in the matter of the con-

struction of the Twin Peaks Ridge Tunnel, certain assessments were levied on property belonging to persons hereinafter named and for the amounts set opposite their respective names, viz.:

No.	Name.	Amt.
2599	A. Graff, gdn. etc. ....	\$ 22.75
4620	Alice L. Austin. ....	109.62
7260	Howard H. Pierce. ....	105.25
7611	Robt. St. Torrens. ....	52.75
8030-3	G. Fitzmaurice. ....	271.00
10183	Alice G. Wood. ....	67.75
10843	Dora Levinson. ....	90.25
8605	Rosa A. Strain et al. ...	67.75
12097	Mary F. Coon. ....	50.25
12413-16	Ellen Johnson. ....	226.00
13192-5	N. Naulty. ....	176.00
13785	G. M. Perine. ....	44.00

And whereas, said Tunnel Procedure Ordinance provides that a penalty of 25 per cent of the amount of the assessment shall be added to said assessments before said parties can redeem said property so sold pursuant to the provisions of said ordinance, and it appearing to the Board of Supervisors that the infliction of said penalties would be an unjust hardship upon said parties by reason of the facts herein recited, and the said City Attorney does recommend that said penalties be remitted; now, therefore, be it

Resolved, That said penalties of 25 per cent of the amount of said assessments be remitted upon condition that said parties forthwith pay in cash the total amount of their respective assessments.

Award of Contract, Police Patrol.

On motion of Supervisor Hilmer:

Resolution No. 11419 (New Series), as follows:

Resolved, That a contract be and is hereby awarded to the Pacific Kieselkar Branch, for furnishing and delivering one "Federal" Truck Police Patrol for the sum of three thousand one hundred twenty-five (\$3,125.00) dollars, in strict accordance with their offer and specifications dated December 14, 1914, filed with the Board of Supervisors; and be it further

Resolved, That the said Pacific Kieselkar Branch shall furnish a surety bond in the sum of five hundred (\$500.00) dollars for the faithful performance of said contract, the sufficiency of the sureties upon said bond to be subject to the approval of the Mayor.

Ayes—Supervisors Bancroft, Deasy, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Nolan, Payot, Suhr, Vogelsang, Walsh—16.

**Extension of Time.**

On motion of Supervisor McCarthy:

Resolution No. 11420 (New Series), as follows:

Resolved, That Raisch Improvement Company is hereby granted an extension of thirty days' time from and after January 4, 1915, within which to complete the contract for paving the westerly one-half of Van Ness avenue, between Bay and North Point streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the electric light company is working in said street, making it impossible to proceed with the work until the pipe laying is finished. The weather conditions also made it impossible to proceed with the work.

### ROLL CALL FOR PETITIONS FROM MEMBERS.

The following matters were presented and read by the Clerk:

In Memory of Rev. P. W. Riordan, Roman Catholic Archbishop of San Francisco.

On motion of Supervisor William H. McCarthy:

J. R. No. 1588.

Whereas, The death of the Most Reverend Patrick W. Riordan, Archbishop of San Francisco, gives cause for both public and private sorrow, and we all recognize the loss to the City and the State of this kindly, noble, modest prelate, and

Whereas, Outside of his great work as the head of the Roman Catholic Church of California he gave his great talents to many movements for the betterment of civic welfare, and his great influence was always felt for the public good, and

Whereas, The late Archbishop Riordan is honored and mourned by all the people of this City, and he leaves to this community a gracious, enduring memory of one who was an affectionate friend and an able and faithful servant to the City; therefore be it

Resolved, By the Board of Super-

visors of the City and County of San Francisco in meeting assembled that in the death of Archbishop Riordan, in the fulness of a long and fruitful life, San Francisco has suffered the loss of one of its most splendid citizens, and one whose example in private life and public affairs will ever inspire us to nobler thoughts and action.

Further Resolved, That when this Board adjourns it does so out of respect to his memory, and that on Thursday, December 31st, as a further mark of deserved respect, the office of the Board of Supervisors shall be closed at 10 a. m. and remain closed for the day.

December 28, 1914—*Adopted* unani-  
mously by rising vote.

On motion of Supervisor J. Emmet Hayden:

J. R. No. 1589.

Whereas, It has pleased Almighty God to call to Himself the Most Rev. Patrick William Riordan, D. D., Archbishop of San Francisco;

Whereas, Archbishop Riordan has during his long tenure of sacred office in this City of San Francisco ever shown himself, not only a great churchman, but also the highest type of American citizenship, the friend of education and morality, the advocate of every good cause, the father of the orphan and the benefactor of the poor; and

Whereas, By his noble personality he has endeared himself to all our citizens; now, therefore, be it

Resolved, That while we bow in humble submission to Divine Providence we do deplore the death of Archbishop Riordan as a great loss to our City.

Resolved, That when we adjourn we do so out of respect to the memory of Archbishop Riordan, and that a committee of this Board of Supervisors be appointed to attend his funeral.

Resolved, That these resolutions be spread upon the public records of this City to his perpetual remembrance.

December 28, 1914—*Adopted* unani-  
mously by rising vote.

Extension of Leave of Absence, Supervisor Jas. E. Power.

On motion of Supervisor Vogelsang:  
J. R. No. 1590.

Resolved, That in accordance with the request of his Honor the Mayor that the leave of absence heretofore granted to Supervisor James E. Power be and the same is hereby extended 15 days from January 1, 1915.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Payot, Power, Suhr, Vogelsang, Walsh—17.

#### COMMUNICATIONS AND REPORTS FROM CITY AND COUNTY OFFICERS.

The following matters were presented, read and ordered spread in the Journal:

Compromise of Claim of Granfield for Damage to Auto Truck.

*Read by the Clerk.*

Whereupon, the following resolution was adopted:

On motion of Supervisor Gallagher:  
J. R. No. 1594.

Resolved, That the City Attorney be and he is hereby directed to compromise the suit entitled "Granville vs. City and County of San Francisco, No. 54391," for damages to auto truck by the Geary Street Railway car in the month of November, 1914. The City Attorney is hereby directed to accept the offer of Mr. Ryan, attorney for the plaintiff to settle the litigation for the sum of \$4,000 net, and to draw up the necessary papers for a dismissal of the action.

Ayes—Supervisors Bancroft, Deasy, Gallagher, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Nelson, Payot, Power, Suhr, Vogelsang, Walsh—17.

Supplemental Offer, Bay View Park.

*Communication*—From City Attorney, advising that on his request supplemental offers have been received in matter of lands dedicated to city for park purposes at Bay View, transmitting said supplemental offers and stating that it is his opinion that city's interests therein are amply safeguarded.

*Referred to Lands and Tunnels Committee.*

Thereupon, the following resolution was presented and adopted:

Recommendation of Welfare Committee, Acceptance of Land for Park and Boulevard's at Bay View.

On motion of Supervisor Payot:  
J. R. No. 1591.

Whereas, The Crocker Estate Company, Bay View Land Company and Henry A. Crane have offered to dedicate and convey to the City and County of San Francisco certain lands for public park purposes and certain other lands for public road purposes; and

Whereas, The Public Welfare Committee has carefully investigated the conditions of the offer and have visited the site of the proposed park in conjunction with the Lands and Tunnels Committee, the City Engineer, a representative of the City Attorney's office and Mr. John McLaren, Superintendent of Parks; and

Whereas, The City Attorney has secured from the Crocker Estate Company, the Bay View Land Company and Henry A. Crane a supplemental offer to the City and County embodying certain concessions which in the City Attorney's opinion will safeguard the interests of the City; and

Whereas, The Board of Park Commissioners have recommended the adoption of the said offer and favor the location of a public park in the Bay View District; there be it

Resolved, That the Public Welfare Committee approves the acceptance of the said offer, and recommends that the Lands and Tunnels Committee be requested to take the necessary steps in conjunction with the City Attorney's office in the preparation of the necessary deeds and other legal papers looking to the transfer and dedication of this land for public park purposes.

Removal of Fire Commissioners.

December 23, 1914.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: On the 21st day of December, 1914, I, as Mayor of the City and County of San Francisco, filed written charges against C. T. Spader, J. E. Dillon, C. E. Jones and A. J. Martin, respectively, Fire Commissioners and members of the Board of Fire Commissioners of the City and County of San Francisco, charging each and every one of said Commissioners with a violation of the Charter of San Francisco, by voting to, and attempting to, remove Chief Engineer Thomas R. Murphy of the Fire Department of the City and County of San Francisco, on the 16th day of December, 1914, who was then and there duly elected, qualified and acting Chief Engineer of the Fire Department, from the office of Chief Engineer of the Fire Department, without giving any notice to said Murphy, without serving any written charges or written notice on said Murphy, and without giving said Murphy a hearing or trial, as is provided by the Charter and by law; and with attempting to elect Patrick Shaughnessy as Chief Engineer of the Fire Department, in place of said Murphy, whom said Fire Commissioners had attempted to remove, and with, thereafter, abetting and aiding said Shaughnessy in attempting to be Chief Engineer of the said Fire Department, and aiding and abetting said Shaughnessy and assisting him in interfering with the said Murphy in the performance of his duties as Chief Engineer of the said Fire Department and in attempting to ex-

clude said Murphy from the office of Chief Engineer of said Fire Department, and demoralizing the Fire Department of the City of San Francisco by said acts; and fixed the date of the trial of said Fire Commissioners, in writing, for the 23d day of December, 1914, at 2 o'clock p. m., before me, as Mayor, at the office of the Mayor of the City and County of San Francisco, at Room 318, in the new City Hall, in the City and County of San Francisco.

The said written charges, signed by me, and the notice of the time and place of trial of said charges were personally served on each and every one of said Commissioners, at the City and County of San Francisco, on the 21st day of December, 1914; a copy of said charges and of the notice of the time and place of trial are hereby annexed to this communication, marked "Exhibit A," and made a part hereof.

That at the time and place of hearing, named in said notice, said Commissioners personally appeared for trial and evidence was taken as to the charges presented, and, after full hearing, and taking the matter under advisement, I, as Mayor, find:

*Findings:*

That each and every charge contained in said charges against said Commissioners is true.

That said Commissioners, and each and every one of said Commissioners, was guilty of an attempt to remove Chief Engineer Thomas R. Murphy, without trial, and without notice in writing or otherwise, and without a hearing; and that said Commissioners, and each and every one of said Commissioners, attempted to elect and install Patrick Shaughnessy as Chief Engineer of the Fire Department, and aided and abetted said Shaughnessy in an effort to interfere with Chief Engineer Murphy in the discharge of his duties, and in an attempt to remove said Chief Engineer Murphy from the office of Chief Engineer of the Fire Department, and that said Commissioners, and each and every one of said Commissioners, because of said acts, thereby demoralized the Fire Department of the City and County of San Francisco—all in violation of the Charter of the City and County of San Francisco.

I, therefore, hereby remove the said C. T. Spader as Fire Commissioner of the City and County of San Francisco; and

I hereby remove said J. E. Dillon as Fire Commissioner of the City and County of San Francisco; and

I hereby remove A. J. Martin as

Fire Commissioner of the City and County of San Francisco; and

I hereby remove C. E. Jones as Fire Commissioner of the City and County of San Francisco;

and I so inform your Honorable Body that I have so removed said C. T. Spader, J. E. Dillon, A. J. Martin and C. E. Jones as such Fire Commissioners.

Respectfully,

JAMES ROLPH, JR.,

Mayor, City and County of San Francisco.

December 21, 1914.

Mr. C. T. Spader, Fire Commissioner of the City and County of San Francisco, California.

Sir: I hereby charge you with having violated the Charter of the City and County of San Francisco, and having violated the law, and having committed a breach of duty as Fire Commissioner, in that you, on the 16th day of December, 1914, did vote, in conjunction with Fire Commissioners A. J. Martin, C. E. Jones and J. E. Dillon, to remove Thomas R. Murphy as Chief Engineer of the Fire Department of the City and County of San Francisco, he, then and there being the regularly duly elected, qualified and acting Chief of the Fire Department of the City and County of San Francisco, without preferring charges against said Murphy in writing, or without giving said Murphy a hearing as is provided by law, or without giving said Murphy any notice whatever, of said attempted removal; that you did, in conjunction with Fire Commissioners A. J. Martin, C. E. Jones and J. E. Dillon, on said date, without having preferred any written, or other charges against said Murphy, and without giving any trial to said Murphy, whatever, assume to, and attempt to, elect to the vacancy, attempted to be created by you and your associate Commissioners, A. J. Martin, C. E. Jones and J. E. Dillon, to the office of Chief Engineer of the Fire Department of the City and County of San Francisco, one Patrick Shaughnessy, as Chief Engineer of the Fire Department of the City and County of San Francisco.

That, thereafter, you, in conjunction with your said associate commissioners, attempted to install one Patrick Shaughnessy as Chief Engineer of the said Fire Department, and attempted to exclude said Murphy from the performance of his duties as Chief Engineer of the Fire Department of the City and County of San Francisco—all of which was in violation of the Charter of the City and County of San Francisco, and of the

following sections of said Charter, to-wit:

Chapter III, Section I, provides for the appointment of a Chief Engineer of the Fire Department;

Chapter III, Section I, also provides that the said Chief Engineer, when so elected, shall be an officer of said Fire Department;

Chapter II, Section II, provides that no officer of the Fire Department shall be removed without a trial, on written charges and a hearing.

That, upon learning of your action in the aforesaid particulars, I, as Mayor of the City of San Francisco, personally notified you that you were violating the law and disobeying the Charter of San Francisco;

That you, thereupon, in writing, requested the opinion of the City and County Attorney of the City and County of San Francisco, as to the legality of your said acts;

That, on the 19th day of December, 1914, you received a written communication from the City Attorney of the City and County of San Francisco, that your acts were in violation of the Charter and of the law of San Francisco, and that Thomas R. Murphy was Chief Engineer of the Fire Department of San Francisco, and that Patrick Shaughnessy was not Chief Engineer of the Fire Department of San Francisco; and, notwithstanding such opinion from the City Attorney, in violation of the Charter and the law, you have continued to encourage and countenance said Patrick Shaughnessy as Chief Engineer of the Fire Department of the City and County of San Francisco, and to obstruct and hinder and oppose said Murphy in the discharge of his duties as Chief Engineer of the Fire Department of the City and County of San Francisco;

That, on the 16th day of December, 1914, you, in conjunction with your said associate Fire Commissioners, attempted to exclude said Murphy from the office of Chief Engineer of the Fire Department of the City and County of San Francisco, and did attempt to prevent him from discharging his duties as Chief Engineer of the Fire Department of the City and County of San Francisco, and you, in conjunction with your said associate Fire Commissioners, ever since have, and do now, attempt to exclude said Murphy from the office of Chief Engineer of the Fire Department of the City and County of San Francisco, and ever since have attempted and do now attempt to prevent him from discharging his duties as Chief Engi-

neer of the Fire Department of the City and County of San Francisco;

That your conduct, in the aforesaid particulars, is causing the demoralization of the Fire Department; is jeopardizing the lives and interests of the citizens of San Francisco, and is opposed to the law and the public welfare.

I, therefore, hereby notify you that a hearing will be held before me, for the trial of the aforesaid issues, and to determine whether you should be removed from your position as Fire Commissioner; and I hereby instruct and notify you that you shall be tried for said violation of the Charter and the law; and that said issues will be tried on the 23d day of December, 1914, at 2 o'clock p. m., at my office, the office of the Mayor of the City and County of San Francisco, at Room No. 318, in the new City Hall, No. 1231 Market street, in the City and County of San Francisco, and you are hereby summoned and directed to appear before me at said time and place.

You are hereby notified that you are suspended as Fire Commissioner of the City and County of San Francisco pending such hearing and determination thereof.

Respectfully,

(Signed) JAMES ROLPH, JR.,  
Mayor of the City and County of San Francisco.

December 21, 1914.

Mr. J. E. Dillon, Fire Commissioner of the City and County of San Francisco, California.

Sir: I hereby charge you with having violated the Charter of the City and County of San Francisco, and having violated the law, and having committed a breach of duty as Fire Commissioner, in that you, on the 16th day of December, 1914, did vote, in conjunction with Fire Commissioners A. J. Martin, C. T. Spader and C. E. Jones, to remove Thomas R. That, thereafter, you, in conjunction with your said associate commissioners, attempted to install one Patrick Shaughnessy as Chief Engineer of said Fire Department, and attempted to exclude said Murphy from the performance of his duties as Chief Engineer of the Fire Department of the City and County of San Francisco—all of which was in violation of the Charter of the City and County of San Francisco, and of the following sections of said Charter, to-wit:

Chapter III, Section I, provides for the appointment of a Chief Engineer of the Fire Department;

Chapter III, Section I, also provides that the said Chief Engineer, when so elected, shall be an officer of said Fire Department;

Chapter II, Section II, provides that no officer of the Fire Department shall be removed without a trial, on written charges and a hearing.

That, upon learning of your action in the aforesaid particulars, I, as Mayor of the City and County of San Francisco, personally notified you that you were violating the law and disobeying the Charter of San Francisco;

That you, thereupon, in writing, requested the opinion of the City and County Attorney of the City and County of San Francisco, as to the legality of your said acts;

That, on the 19th day of December, 1914, you received a written communi-

cation from the City Attorney of the City and County of San Francisco, that your acts were in violation of the Charter and the law of San Francisco, and that Thomas R. Murphy was Chief Engineer of the Fire Department of San Francisco, and that Patrick Shaughnessy was not Chief Engineer of the Fire Department of San Francisco; and, notwithstanding such opinion from the City Attorney in violation of the Charter and the law, you have continued to encourage and countenance said Patrick Shaughnessy as Chief Engineer of the Fire Department of the City and County of San Francisco, and to obstruct and hinder and oppose said Murphy in the discharge of his duties as Chief Engineer of the Fire Department of the City and County of San Francisco;

That, on the 16th day of December, 1914, you, in conjunction with your said associate Fire Commissioners, attempted to exclude said Murphy from the office of Chief Engineer of the Fire Department of the City and County of San Francisco, and did attempt to prevent him from discharging his duties as Chief Engineer of the Fire Department of the City and County of San Francisco, and you, in conjunction with your associate Fire Commissioners, ever since have, and now do, attempt to exclude said Murphy from the office of Chief Engineer of the Fire Department of the City and County of San Francisco, and ever since have attempted and do now attempt to prevent him from discharging his duties as Chief Engineer of the Fire Department of the City and County of San Francisco;

That your conduct, in the aforesaid particulars, is causing the demoralization of the Fire Department; is jeopardizing the lives and interests of the citizens of San Francisco, and is opposed to the law and the public welfare.

I, therefore, hereby notify you that a hearing will be held before me, for the trial of the aforesaid issues, and to determine whether you should be removed from your position as Fire Commissioner; and I hereby instruct and notify you that you shall be tried for said violation of the Charter and the law; and that said issues will be tried on the 23d day of December, 1914, at 2 o'clock p. m., at the office of the Mayor of the City and County of San Francisco, at Room No. 318, in the new City Hall, No. 1231 Market street, in the City and County of San Francisco, and you are hereby summoned

and directed to appear before me at said time and place.

You are hereby notified that you are suspended as Fire Commissioner of the City and County of San Francisco pending such hearing and determination thereof.

Respectfully,

(Signed) JAMES ROLPH, JR.,  
Mayor of the City and County of San Francisco.

December 21, 1914.

Dr. C. E. Jones, Fire Commissioner of the City and County of San Francisco, California.

Sir: I hereby charge you with having violated the Charter of the City and County of San Francisco, and having violated the law, and having committed a breach of duty as Fire Commissioner, in that you, on the 16th day of December, 1914, did vote, in conjunction with Fire Commissioners A. J. Martin, C. T. Spader and J. E. Dillon, to remove Thomas R. Murphy as Chief Engineer of the Fire Department of the City and County of San Francisco, he, then and there being the regular duly elected, qualified and acting Chief Engineer of the Fire Department of the City and County of San Francisco, without preferring charges against said Murphy in writing, or without giving said Murphy a hearing as is provided by law, or without giving said Murphy any notice whatever, of said attempted removal; that you did, in conjunction with Fire Commissioners A. J. Martin, C. T. Spader and J. E. Dillon, on said date, without having preferred any written, or other charges against said Murphy, and without giving any trial to said Murphy, whatever, assume to, and attempt to, elect to the vacancy attempted to be created by you and your associate Commissioners, A. J. Martin, C. T. Spader and J. E. Dillon, to the office of Chief Engineer of the Fire Department of the City and County of San Francisco, one Patrick Shaughnessy, as Chief Engineer of the Fire Department of the City and County of San Francisco.

That, thereafter, you, in conjunction with your said associate Commissioners, attempted to install one Patrick Shaughnessy as Chief Engineer of the said Fire Department, and attempted to exclude said Murphy from the performance of his duties as Chief Engineer of the Fire Department of the City and County of San Francisco—all of which was in violation of the Charter of the City and County of San Francisco, and of the following sections of said Charter, to-wit:

Chapter III, Section I, provides for

That you, thereupon, in writing, requested the opinion of the City and County Attorney of the City and County of San Francisco, as to the legality of your said acts;

That, on the 19th day of December, 1914, you received a written communication from the City Attorney of the City and County of San Francisco that your acts were in violation of the Charter and the law of San Francisco, and that Thomas R. Murphy was Chief Engineer of the Fire Department of San Francisco, and that Patrick Shaughnessy was not Chief Engineer of the Fire Department of San Francisco; and, notwithstanding such opinion from the City Attorney, in violation of the Charter and the law, you have continued to encourage and countenance said Patrick Shaughnessy as Chief Engineer of the Fire Department of the City and County of San Francisco, and to obstruct and hinder and oppose said Murphy in the discharge of his duties as Chief Engineer of the Fire Department of the City and County of San Francisco;

That, on the 16th day of December, 1914, you, in conjunction with your said associate Fire Commissioners, attempted to exclude said Murphy from the office of Chief Engineer of the Fire Department of the City and County of San Francisco, and did attempt to prevent him from discharging his duties as Chief Engineer of the Fire Department of the City and County of San Francisco, and you, in conjunction with your said associate Fire Commissioners, ever since have, and do now, attempt to exclude said Murphy from the office of Chief Engineer of the Fire Department of the City and County of San Francisco, and ever since have attempted and do now attempt to prevent him from discharging his duties as Chief Engineer of the Fire Department of the City and County of San Francisco;

That your conduct, in the aforesaid particulars, is causing the de-

moralization of the Fire Department; is jeopardizing the lives and interests of the citizens of San Francisco, and is opposed to the law and the public welfare.

I, therefore, hereby notify you that a hearing will be held before me, for the trial of the aforesaid issues, and to determine whether you should be removed from your position as Fire Commissioner; and I hereby instruct and notify you that you shall be tried for said violation of the Charter and the law; and that said issues will be tried on the 23d day of December, 1914, at 2 o'clock p. m., at my office, the office of the Mayor of the City and County of San Francisco, at Room No. 318, in the new City Hall, 1231 Market street, in the City Hall, No. 1231 Market street, in the City and County of San Francisco pending such hearing and determination thereof.

Mr. Frank T. Kennedy, Secretary,  
Board of Fire Commissioners of the City and County of San Francisco, San Francisco, California.

Dear Sir: I beg to hand you herewith a copy of my communication of this date to the Honorable Board of Supervisors, informing them that I have, this day, removed C. T. Spader, J. E. Dillon, A. J. Martin and C. E. Jones from the office of Fire Commis-

sioners of the City and County of San Francisco, and I do hereby so notify you for the records of the Fire Department.

I have taken this action because I have found and decided that each and every charge preferred (copies of which I hand you herewith) against said C. T. Spader, said J. E. Dillon, said A. J. Martin and said C. E. Jones, is true and sustained by evidence, and that said C. T. Spader, said J. E. Dillon, said A. J. Martin and said C. E. Jones are guilty of said charges, and because I have adjudged said C. T. Spader, said J. E. Dillon, said A. J. Martin and said C. E. Jones, guilty of the said charges brought against said C. T. Spader, said J. E. Dillon, said A. J. Martin and said C. E. Jones.

Very truly yours,  
JAMES ROLPH, JR.,

Mayor of the City and County of San Francisco.

December 23, 1914.

To the People of San Francisco:

I have removed the Fire Commissioners for violating the law.

As long as I am Mayor, the Charter shall be obeyed. The people made it and it is their law.

My action, in this instance, does not mean that, if Chief Engineer Murphy, of the Fire Department, has done anything to prove him an incompetent executive, or has done things that would warrant his removal, he shall not be tried therfor.

As far as I have been informed, Chief Murphy is a satisfactory officer, performing his duties with the approval of the public. If he were not, the Charter provides a method by which the Commissioners might have ascertained this fact, and the public also.

The time when a man could be hanged first and tried afterward, long since passed in California.

When men break the law, as did the Commissioners, in the illegal attempt to remove Chief Murphy, they cannot be heard to say that they did this for the public good. Officials cannot plead that they violated the people's law for the benefit of the people.

The public adopts the law for its protection, and it is not optional with public servants whether they will observe the law, created by the whole people.

The Fire Department is created for the protection of life and preservation of property.

The great conflagration that befell our city, the effects of which are still visible, has made of this department

almost a sacred thing in the eyes of our citizens.

Any attempt to divert this institution for political, or other purposes, cannot be tolerated.

While protecting the Fire Department from outside influences, political or otherwise, and supporting its officers in the enforcement of discipline, it has been my object, and shall continue to be such, to better the conditions of the men—the fire fighters—on whom, finally, rests the protection of the city.

Every effort should be made to insure the welfare and comfort, happiness and contentment of the fighting force. This has been a concern of mine since I became Mayor.

I shall continue to personally investigate the condition of the Department to insure these objects. And I shall insist on my new Commissioners making this their special care.

The Fire Department cannot serve two masters: it cannot be a political machine and a successful fire-fighting organization at the same time. But the welfare of the men and the welfare of the city are the same, and this, without relaxing discipline.

It is my duty to see that my new Commissioners act according to these views.

Respectfully,

JAMES ROLPH, JR.,

Mayor of the City and County of San Francisco.

Appointment of New Commissioners.

December 28, 1914.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Opinion of City Attorney on Public Utility Rates.

The City Attorney has rendered the following opinion to the Supervisors in relation to the effect of the re-

cently adopted constitutional amendment in relation to fixing public utility rates:

December 24, 1914.

Subject: Supervisors must fix public utility rates until Legislature makes recent constitutional amendment effective.

Gentlemen:

I am in receipt of your request for an opinion as to the present powers of the Board of Supervisors in the matter of fixing rates in the City and County of San Francisco for water, gas, electricity, heat and telephones for the year 1915, and whether or not your Board should follow its former and regular procedure in such matters until the Legislature shall have made operative the constitutional amendment recently adopted by the people of the State, by which Section 23 of Article XII of the Constitution of the State was amended. The amendment authorizes the Legislature to vest power in the State Railroad Commission to fix rates to be charged by the public utility corporations of this State.

#### OPINION.

Prior to the recent amendment above referred to, Article XII, Section 23, of the Constitution declared certain utilities to be public utilities, "subject to such control and regulation by the Railroad Commission as may be *provided by the Legislature.* \* \* \* The Railroad Commission shall have and exercise such power and jurisdiction to supervise and regulate public utilities, in the State of California, and to fix the rates to be charged for commodities furnished, or services rendered by public utilities *as shall be conferred upon it by the Legislature.* \* \* \* From and after the *passage by the Legislature of laws conferring powers upon the Railroad Commission respecting public utilities,* all powers respecting such public utilities vested in Boards of Supervisors or municipal councils, or the governing bodies of the several counties, cities and counties, cities and towns in this State, or in any commission created by law and existing at the time of the passage of such laws, shall cease so far as such powers shall conflict with the powers so conferred upon the Railroad Commission."

There was, however, included the following proviso in this section of the Constitution:

"Provided, however, that this section shall not affect such powers of control over any public utility vested in any city and county or incorporated city or town as, at an election,

to be held pursuant to laws to be passed hereafter by the Legislature, a majority of the qualified electors voting thereon of such city and county, or incorporated city or town, shall vote to retain, and until such election such powers shall continue unimpaired."

This amendment was adopted by the people of the State on October 10, 1911. At the special session of the Legislature of 1911 there was passed the act known as the "Public Utilities Act," which was approved on December 23, 1911 (Extra Session 1911, page 18). This Act was adopted to make effective the constitutional authorization thus given to the Legislature to vest such powers in the Railroad Commission. The constitutional amendment was not self-executing. The Legislature recognized the inhibition against vesting control in the Commission with reference to utilities over which control had already been given to any city and county or incorporated city or town, unless an election was held in accordance with laws to be thereafter passed by the Legislature, at which election the people of any such city and county or incorporated city or town might determine either to retain such powers or to transfer them to the Railroad Commission. This recognition is seen in Section 82 of the Public Utilities Act, which repeats the exact language of the above proviso of the constitutional amendment with reference to this local self-control. This section has never been amended or repealed by the Legislature.

At a later date in the same extra session of the Legislature, there was approved, on January 2, 1912 (Extra Session 1911, page 168), an Act prescribing the procedure by which the proposition of giving up such local control might be submitted to the voters of any such city and county or incorporated city or town. This Act, after prescribing the procedure by which either the local legislative body, or the voters by petition, might cause such a question to be submitted at an election, provided for the submission at any such election, of ten definite propositions, to-wit, whether the municipal corporation should retain its control over

1. Railroad corporations;
2. Street railroad corporations;
3. Common carriers, other than railroad and street railroad corporations;
4. Gas corporations;
5. Electrical corporations;
6. Telephone corporations;
7. Telegraph corporations;

8. Water corporations;
9. Wharfingers;
10. Warehousemen.

The Act then provides that with reference to such of the above ten public utilities as the people should determine to retain control, that control would be so retained, while in the case of any of these utilities where a majority of the electors determine to relinquish control, that upon a proper certification of the vote being made to the Railroad Commission the Commission would be empowered to act.

There was never submitted to the people of this city and county any proposition to relinquish the authority of the municipality, as so authorized by the State Constitution and Acts of the Legislature. Clearly, then, up to the time of the recent amendment to Section 23 of Article XII of the Constitution all control continued in the Board of Supervisors of this City and County. The only question then is whether the recent amendment to Section 23 of Article XII of the Constitution has changed the situation, and I am clearly of the opinion that until the State Legislature makes effective this constitutional amendment, no rate-making powers are vested in the State Railroad Commission so far as San Francisco is concerned.

The amendment continues the language above quoted and italicized, including the statement that these public utilities are "subject to such control and regulation by the Railroad Commission as *may be provided by the Legislature.*" And also the language to the effect that the Railroad Commission shall have and exercise such power and jurisdiction to supervise and regulate public utilities and to fix the rates to be charged for commodities furnished or services rendered by public utilities "*as shall be conferred upon it by the Legislature.*" Also there is repeated the language that "*from and after the passage by the Legislature of laws conferring powers upon the Railroad Commission respecting public utilities, all powers respecting such public utilities vested in boards of supervisors,*" etc., shall cease to be exercised by the local legislative bodies.

With reference to the above described proviso which secures local control on this subject by cities and counties and incorporated cities and towns until the same is voluntarily relinquished, the amendment consists in depriving such local communities of the opportunity to so vote upon this question except with reference to

local police regulations and powers. This police power is continued until voluntarily relinquished by vote of the people. The proviso now reads as follows:

"Provided, however, that this section shall not affect such powers of control over public utilities as relate to the making and enforcement of local, police, sanitary and other regulations, other than the fixing of rates, vested in any city and county or incorporated city or town as, at an election to be held pursuant to law, a majority of the qualified electors of such city and county or incorporated city or town, voting thereon shall vote to retain, and until such election such powers shall continue unimpaired. But if the vote so taken shall not favor the continuation of such powers they shall thereafter vest in the Railroad Commission as provided by law."

The above portion of the amendment is the only portion in point for the purposes of this opinion. It will be seen that the only change is to strip cities and counties and incorporated cities and towns of their power of election heretofore given by the Constitution and to authorize the Legislature, so far as the fixing of rates is concerned, to pass such legislation as they may desire without first calling upon the voters of the local communities for an expression of their views on the subject. There remains, however, the old language which clearly states that any such regulation by the Railroad Commission must be authorized expressly by the Legislature. There also remains Section 19 of Article XI of the Constitution which authorizes municipal corporations "to regulate the charges" of persons or corporations which supply the inhabitants of such municipalities with "light, water, power, heat, transportation, telephone service or other means of communication." Inasmuch as the Legislature has not yet given any authorization under the amended section of Section 23 of Article XII, and since the people of our city and county have never consented to the relinquishment of such control under the old law, you are advised that your Board should follow its former and regular procedure in the matters referred to in your communication until the Legislature shall have made operative the constitutional amendment.

Respectfully,

PERCY V. LONG,  
City Attorney.

**SPECIAL ORDER—3 P. M.**

The following matter, made a Special Order for 3 p. m., was taken up: Report of Judiciary Committee on Extension of Merit System.

San Francisco, December 21, 1914.  
Board of Supervisors—

Gentlemen:

A majority of your Committee on Judiciary reports as follows:

Without recommendation, the proposed amendment to Section 11, Article XIII, of the Charter, commonly designated "Extension of the Merit System."

At a hearing on the amendment held by the Committee December 18, 1914, at 2 o'clock p. m., many of the city officials were present and expressed opinions for and against the amendment.

Treasurer John E. McDougald was opposed to the amendment as applied to the Treasurer's office, and with the consent of the proponents the following positions in the Treasurer's office were exempted from the provision of the amendment: Cashier, Chief Deputy, Bond Deputy, Clerk and Stenographer.

Timothy A. Reardon, President of the Board of Public Works Commissioners, approved of the amendment, as did John Ginty, Assessor and Edward F. Bryant, Tax Collector. Edmund Godchaux, Recorder, opposed the amendment, on the principle that all elected officers should have the appointing of their chief deputies, thus providing for one person in each office who would represent the officer's administration. He expressed his approval of civil service as applied to all subordinate employees.

The officers present at the hearing expressed themselves as fully satisfied with the chief deputies and cashiers now in office, but would not say that such officials would be satisfactory to any officer hereafter elected.

William E. Kelly, representing the present detective sergeants, asked that they should not be excluded from the blanket provisions of the amendment.

Respectfully,

CHAS. A. NELSON.

ALEXANDER T. VOGELSANG.

Majority Judiciary Committee.

Privilege of the Floor.

John McDougald, Treasurer, being asked to express his views, stated that he had nothing to add to what he had said before the Judiciary Committee, that is, that he wanted to appoint his own deputies and cashier.

John Nourse, attorney representing

Municipal Employees' Association, advocated the adoption of the committee's report, saying that it proposed to blanket in under civil service between 500 and 600 employes now working for the city. He believed it to be a measure in the best interests of the city and one that should meet with the approval of the full Board.

**Amendment.**

Supervisor Murdock moved to amend by inserting after the words "Superintendent of Public Parks and Grounds" the words: "Chief Deputy of each elective officer and the secretary of each Municipal Board and Commission provided for in the Charter."

Amendment carried by the following vote:

Ayes—Supervisors Bancroft, Hayden, Hilmer, Hocks, Jennings, Kortick, McLeran, Murdock, Payot, Suhr, Vogelsang—11.

Noes—Supervisors Deasy, Gallagher, McCarthy, Nelson, Nolan, Power, Walsh—7.

**Adopted.**

Whereupon, the question being taken on the proposed Charter amendment, as amended, the same was ordered submitted to the electors, to-wit:

**Charter Amendment No. —.**

Section 11. The provisions of this article shall apply to all offices and employments under the City and County, except the following: All elective officers, all appointees of the Mayor, of the City Attorney and of the District Attorney; the Deputies of the Superintendent of Schools, the City Engineer, the City Architect, the Chief of Police, the Chief Engineer of the Fire Department, the Superintendent of Public Parks and Grounds, the Chief Deputy of each elective officer, and the Secretary of each municipal board or commission provided for in the Charter; the Cashier, Bank and Bond Deputy, Coupon Clerk and one Clerk of the City Treasurer, the Clerk of the Board of Supervisors, the officers and employees of the Public Library and the San Francisco Law Library, the manager or superintendent head of each public utility, all special examiners appointed by the Civil Service Commission, all investigators appointed under Section 14 of this article, the Attorney for the Auditor and for the Sheriff, all physicians employed in the performance of duties included in their profession and whose positions are not now subject to this article, and all experts hereafter employed under any pro-

vision of this Charter who, in the judgment of the Civil Service Commission, are employed in the performance of duties included in their profession and requiring high technical skill. All appointments to positions not excepted herein not made in accordance with the provisions of this article shall be void. Nothing herein shall be construed as in conflict with the provisions of Article XIII of this Charter relating to the details of a captain of detectives, detective sergeants and other members of the Police Department, nor as affecting the rights of teachers of the public schools of the City and County.

Any person who has served in any position in any of the offices or departments which are subject to the provisions of this article for a period of one year continuously next prior to the date of the approval by the Legislature of this amendment, and who shall be actually employed in such position at such time is hereby declared to be appointed within the provisions of Article XIII of this Charter to such position, and he shall be then entitled to all the benefits of said article; all persons so employed who have served in any such position for a period of less than one year and for a period of more than six months next prior to such approval of this amendment, shall be deemed probationary appointees, and shall be entitled to all the benefits of said article upon completion of the prescribed probationary period thereafter. Persons employed, at the date of acquisition, in the operating service of any public utility acquired by the city, and who have been so employed continuously for the period of one year next prior thereto shall continue in their positions and be deemed probationary appointees and shall be entitled to all the benefits of this article upon completion of the prescribed probationary period thereafter; provided, that said persons at the date their appointment becomes final, are citizens of the United States and actually reside in the City and County of San Francisco.

No person occupying any position subject to the provisions of this article shall be removed from such position by reason of any change in the designation of such position or of the duties thereof, or transferred unless such action is approved by the Civil Service Commission after a hearing at which the occupant of such position may appear and be heard. All provisions of this Charter relating to the appointment and tenure of officers and employees in conflict herewith are hereby repealed.

Ayes—Supervisors Bancroft, Hayden, Hilmer, Hocks, Jennings, Kortick, McCarthy, McLeran, Murdock, Payot, Suhr, Vogelsang—12.

Noes—Supervisors Deasy, Gallagher, Nelson, Nolan, Power, Walsh—6.

Dedication of City Land for Widening of or Corbett Avenue.

Resolution No. 11428 (New Series), as follows:

Resolution authorizing execution of deed by the Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco.

Whereas, this Board on Monday, the 11th day of May, 1914 (after proceedings theretofore had pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 10875 (New Series), closing and abandoning a portion of Corbett avenue as in said resolution described, and

Whereas, on the 16th day of May, 1914, said resolution was duly approved by the Mayor of the City and County of San Francisco, and

Whereas, the Residential Development Company of San Francisco, a corporation, owns a portion of the real property affected by the said clos-

ing and abandoning of said portion of Corbett avenue, more particularly described in said resolution, being a portion of the real property affected by the opening of the new street hereinafter referred to, and

Whereas, the Residential Development Company of San Francisco, a corporation, has made, executed and delivered to the City Attorney of the City and County of San Francisco its certain deed, conveying all its right, title and interest in and to portions of the property particularly described in Ordinance No. 2935 (New Series), passed by the Board of Supervisors of said City and County on the 28th day of September, 1914, and approved by the Mayor of said City and County on the 1st day of October, 1914, for the uses and purposes of a public street in the City and County of San Francisco, and

Whereas, said new street so laid out and dedicated to the City and County, as aforesaid, will and does constitute ample compensation to said City and County for its deed to the portions of said Corbett avenue, closing and abandoning, as aforesaid, which are not included in the property particularly described in said Ordinance No. 2935 (New Series) and will be of much greater practical value, both to the City and County of San Francisco and to the general public,

Now, therefore, the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco, in the name of said City and County, are hereby authorized and directed to execute a deed conveying all the right, title and interest of said City and County in and to the lot, piece or parcel of land hereinafter more particularly described, formerly portions of Corbett avenue, closed and abandoned as aforesaid, which portions are not included in the property more particularly described in Ordinance No. 2935 (New Series), to the Residential Development Company of San Francisco, a corporation. The deed authorized to be executed by the Mayor and the Clerk of the Board of Supervisors of this City and County is not to be delivered and recorded until after the recordation of the deed from the Residential Development Company of San Francisco, a corporation, to the City and County of San Francisco.

The property to be described in the deed herein authorized to be executed is situate, lying and being in the City and County of San Francisco, State of California, and particularly described as follows, to-wit:

Exchange of Lands in Civic Center.

On motion of Supervisor Bancroft: Bill No. 3367, Ordinance No. — (New Series), as follows:

Authorizing the Mayor to execute deed to the State of California for certain city property adjacent to the Civic Center in exchange for property owned by the State and located within the Civic Center.

Whereas, in accordance with authorization given by ordinance of this Board of Supervisors, No. 2894 (New Series), regularly approved on the 15th day of September, 1914, the Mayor of this City and County did execute and deliver on behalf of the City and County of San Francisco a deed to the State of California of certain property adjacent to the Civic Center in exchange for property owned by the State and located within the Civic Center, and

Whereas, there was submitted to the people of the State of California at

the last general election in November, 1914, a proposed bond issue in the amount of \$1,000,000 for the authorization of the issuance of bonds in said amount for the construction of a State building in San Francisco in which shall be located the offices of the State which are in the City and County of San Francisco (Statutes of California, 1913, at page 920), and

Whereas, one of the conditions of the aforesaid deed to the State was that in the event of the people of the State approving the aforesaid bond issue that the City would convey to the State, in fee simple absolute, the property hereinafter described, and

Whereas, the people of the State of California did, at said election in November, 1914, approve of said proposed bond issue; now, therefore,

Be it ordained that the Mayor of this City and County be and he hereby is authorized, on behalf of the City and County to duly execute and deliver to the State of California a deed for that entire block of land located in the City and County of San Francisco, State of California, bounded on the south by the northerly line of McAllister street, on the west by the easterly line of Polk street, on the north by the southerly line of Redwood street (formerly Locust avenue) and on the east by the westerly line of Larkin street, being a portion of Western Addition Block No. 5; provided, however, that in the event of any legal proceedings being had attacking the validity of the above bonds that then, if on the final determination thereof the said bond issue shall be held invalid, that portion of the above described entire block, which portion is hereinafter set forth, shall not be considered as conveyed to the State of California, that is that portion other than the lot located on the northeasterly corner of Polk and McAllister streets and running thence northerly along the easterly line of Polk street 120 feet and of a uniform depth of 100 feet.

Adopting Locations of Reservoir Site, Dam and Canal Tunnel Sites, Hetch Hetchy Water Supply.

On motion of Supervisor Vogelsang: Resolution No. — (New Series), as follows:

Whereas, for the successful consummation of the policy of the City and County of San Francisco of developing and completing a municipal water supply, with the Hetch Hetchy Valley, Lake Eleanor and the waters of the Tuolumne River and its tributaries in Tuolumne County, California, as the source for obtaining said water supply,

it is necessary that the hereinafter described reservoir site and dam site, and the hereinafter described canal tunnel or aqueduct be fully developed; therefore,

Resolved, That the hereinafter described locations be and the same are hereby adopted by the City and County of San Francisco as the definite locations respectively of the amended location of said reservoir and dam site, and as the definite location of the center line of a right of way 100 feet wide, 50 feet on each side of said center line of the said City and County's canal tunnel, or aqueduct, 10 feet in diameter. And the Mayor of the City and County is hereby authorized to apply to the United States Land Office, the Honorable Secretary of the Interior, the Honorable Secretary of Agriculture, and any other departments of government on behalf of the City for permission to construct and complete said reservoir and dam site and said canal tunnel or aqueduct. Said applications are to be made under the Act of Congress approved December 19th, 1913, entitled "An Act granting to the City and County of San Francisco certain rights of way in, over and through certain public lands, the Yosemite National Park, and Stanislaus National Forest, and certain lands in the Yosemite National Park, the Stanislaus National Forest and the public lands of the State of California, and for other purposes," in order that the City may obtain the benefits of said Act, and in compliance with Section 2 of said Act.

The Mayor is further authorized and directed to make on behalf of the City, any other application under said Act of Congress or under any law to any departments of government which may be necessary for the successful completion of the above described municipal water supply for San Francisco.

The City Engineer is authorized and directed to prepare all the necessary surveys, maps and field notes for said application or for any other application which it may be necessary to make under said Act of Congress or under any law for the successful completion of the above described municipal water supply.

The City Attorney is authorized and directed to appear before the United States Land Office, the Secretary of the Interior, the Secretary of Agriculture, or any other departments of government for and on behalf of the City in the matter of this application, or any other proceedings which may be necessary for the successful comple-

tion of the above described municipal water supply.

Following is a description of the amended definite location of the reservoir site and dam site above referred to, and the definite location of the canal tunnel, or aqueduct, above referred to:

1: Lake Eleanor Reservoir Site, located in Tuolumne County, California, beginning at Station A of the reservoir traverse, a point N. 44° 58' 15" E. 1036.58 feet distant from the  $\frac{1}{4}$  section corner common to sections 3 and 4, T. 1 N., R. 19 E., M. D. B. & M.; thence following a contour 200 feet in elevation above the ordinary low water surface of Lake Eleanor around the valley containing Lake Eleanor, a distance of 8 miles more or less to the place of beginning, and containing 1516.3 acres, more or less.

2: Lake Eleanor Dam Site, Tuolumne County, California, beginning again at a point, corner No. 1 of dam site N. 1° 04' W. 1770.0 feet distant from the  $\frac{1}{4}$  section corner common to sections 3 and 4, T. 1 N., R. 19 E., M. D. B. & M.; thence N. 88° 56' E. 2878 feet; thence S. 1° 04' E. 2500 feet; thence S. 88° 56' W. 2878 feet; thence N. 1° 04' W. 2500 feet to the place of beginning.

#### Charter Amendment, Playgrounds.

Supervisor Hayden presented the following proposed Charter amendments, which were referred to the *Judiciary Committee*:

Charter Amendment No. —, Amending Section 2 of Article XIVa of the Charter of the City and County of San Francisco relating to Playground Commissioners, and the manner of their appointment, and their respective terms and duties, and providing for the maintenance, preservation and improvement of children's playgrounds.

Sec. 2. The Commissioners shall be seven in number, five of whom shall be appointed by the Mayor for a term of four years. Three of the members appointed by the Mayor shall be men

and two of them shall be women. They shall so classify themselves by lot that one of them shall go out of office at the end of one year, one at the end of two years, one at the end of three years and two at the end of four years. The President of the Board of Education shall be ex-officio the sixth member of the Commission, and either the President of the Park Commissioners or the Superintendent of Golden Gate Park, as the Commissioners in writing shall so appoint, shall be ex-officio the seventh member. The Park Commissioners may at any time, by resolution served upon the Playground Commissioners, change their ex-officio member of said Commission, provided said ex-officio member be always either their president or said superintendent. None of the said Commissioners shall receive any compensation for his or her services.

Charter Amendment No. —, Amending Article XIVa of the Charter of the City and County of San Francisco, relating to Playground Commissioners, the manner of their appointment and their respective terms and duties, and providing for the maintenance, preservation and improvement of children's playgrounds, by adding thereto a section to be known as Section 11.

Sec. 11. The Supervisors shall provide all necessary moneys for the acquisition, maintenance, preservation and improvement of children's playgrounds and public recreation centers, and to that end shall annually levy a tax on all property in the City and County not exempt from taxation, which shall not be less than two cents upon each one hundred dollars assessed valuation of said property.

Charter Amendment —, Amending Section 5, Article XIVa, of the Charter of the City and County of San Francisco relating to Playgrounds Commissioners, the manner of their appointment, and their respective terms and duties, and providing for the maintenance, preservation and improvement of Children's playgrounds.

Section 5. The Commissioners shall have complete and exclusive control, management and direction of the aforesaid playgrounds and recreation centers, and the exclusive right to erect and superintend the erection of buildings and structures thereon, and to that end they may employ superintendents, surveyors, engineers, laborers and other employees and assistants and prescribe and fix their duties, authority and compensation. They shall have the exclusive management and disbursement of all funds legally appropriated or received from any source for the support and equipment of aforesaid playgrounds and recreation

centers, *provided* that such management of any real or personal property or moneys acquired by loan, gift, devise or bequest, is not inconsistent with the terms and conditions of the loan, gift, devise or bequest. The Commissioners may purchase in the name of the City and County of San Francisco lands to be used as children's playgrounds and recreation centers, with any moneys legally appropriated for such purpose or acquired by gift, legacy or bequest for such purpose.

In the event that at the election to be held by said city and county at which this charter amendment shall be submitted to the voters thereof for adoption or rejection, the proposed amendment to said Charter making applicable to the positions held under the Playground Commission and to certain of its employees the civil service provisions of said charter shall be adopted and the same shall thereafter be approved by the Legislature of this State, then and in that event the Commissioners shall have power and they are hereby given the exclusive authority, whenever necessary, to hold examinations to be taken by the applicants for the positions of Playground Directors, and to determine and fix the scope of such examinations. Said examinations shall be conducted by one or more of said Commissioners, and said Commissioners shall pass upon said examinations and determine the results thereof. Notice of the holding of said examinations shall be given and said examinations shall be held as provided by Article XIII of Chapter III of said Charter, excepting as herein otherwise designated. From the examinations so held by said Commissioners, said Commissioners shall prepare a register for said positions of Playground Directors, of the persons whose general average standing upon such examinations is not less than as prescribed by the rules of said Commissioners, who are hereby authorized to enact rules relating thereto, and who are otherwise eligible. The applicants for said positions shall take rank upon the said register as candidates therefor, in the order of their relative excellence as determined by said examinations, without reference to the priority or order of examinations. In making appointments to said positions of Playground Directors, the said Commissioners shall appoint one of the three candidates having the highest rating on the register.

Announcement, Stockton Street Tunnel Celebration.

Supervisor Hayden announced that

he had been requested by the officials of the North Beach Promotion Association to remind the Board of its invitation to participate this evening in the exercises celebrating the completion of the Stockton street tunnel.

**Consideration of Transportation Problems.**

*Supervisor Gallagher* suggested that the Public Utilities Committee set aside at least one day each month for the sole consideration of the transportation problem of this city which, he said, next to the water problem, was the most important question before the Board.

He requested that the Clerk be directed to obtain a list of the activities of the claims agent with the idea

of saving the expense of this department.

*So ordered.*

**Information Wanted on Franchises of United Railroads.**

*Supervisor Gallagher* requested that the Clerk be directed to obtain from His Honor the Mayor a report on the franchises of the United Railroads that have lapsed and should be forfeited or the conditions of those in effect which have not been lived up to as required by J. R. No. 1237.

*So ordered.*

**ADJOURNMENT.**

There being no further business the Board at the hour of 4 p. m. adjourned.

J. S. DUNNIGAN,  
Clerk.

Approved by the Board of Supervisors January 4, 1915.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, J. S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

J. S. DUNNIGAN,

Clerk of the Board of Supervisors,  
City and County of San Francisco.
